

THE BLESSING

I worked to get close to the cash. What did I need to do to become part of the creation of value? Had we lost our ability to realize this deep understanding. It was rooted deep in the soul.

“Nothing is simple.”

“Why do you say that?”

“Let me live for the present.”

“Let the present last for all time.”

“I feel closed in by my beliefs.”

“Maybe, all the magic takes place in the heart.”

“How is it possible to create such lively energy in the world?”

“You are going to need a cause.”

“What is the foundation of that feeling?”

“There is this amazing energy that crackles in the world.”

“What is the reflection?”

“We all believe that we are part of something unique.”

“Does the body give us that kind of inspiration?”

“Do I continue my descent?”

“I know what is real.”

“I need a helper.”

“I do not want to destroy this.”

“You expect more from people.”

“You don’t recognize how much.”

“I am getting a little sick of this.”

“Everything reminds me of something.”

“Where is that taking us?”

“I will have other opportunities.”

“Do not ask for too much too soon.”

“The body matches the social awareness.”

“That is because of a strong will.”

“Where did this all start?”

“I am not here to save things.”

“Does the heart give you everything that you need?”

“You are trying to develop all of this on a financial level.”

“What does that mean?”

“We will work together.”

“Is this about investment?”

“People assume that investment is based on the movement of capital. It is actually based on the constraints placed on labor.”

“Labor is not part of most social models.”

“Get prepared.”

“Chills and frills.”

“I am going to ask for more.”

“Keep asking.”
“This is so far beyond me.”
“You have developed a model of capital formation.”
“None of that works.”
“Illusion.”
“Material belief.”
“When do I jump in?”
“I have played all my cards.”
“Let them work out.”
“I have spent a great deal of time working on this.”
“The manufacturing end.”
“You wish.”
“You believe what you want to believe.”
“And more.”
“Now.”
“I understand completely.”
“This needs to be more than it does.”
“You want a solution even before you begin.”
“I am looking for a proficient reader.”
“We can do this now and then.”
“We can go further.”
“How do we consume it?”
“I lost the trail.”
“I want more.”
“Be patient.”
“You put on the wedding garment, and it is more of a party.”
“I never stopped.”
“Let me get a hand imprint.”
“What does that show?”
“You are my friend. I need you to get out of here before they all turn on you.”
“Why would they do that?”
“No one is immune.”
“It is much worse than that.”
“I am spreading myself too thin.”
“Do not worry about that?”
“I want to eat an orange.”
“This is significant.”
“What do you want to know?”
“What is any of that about.”
“I wait.”
“I want you to give me more.”
“That is the ideal performance.”
“I am not trying to interfere.”

“You haven’t left yet.”
“Where should I be haed.”
“There is so much more that I want to understand.”
“We each get one setence.”
“You are going to have to say so much more.”
“What could that be?”
“She is moving quickly.”
“Now, you want me.”
“This is not about our needs.”
“What is really happening?”
“Is this working for you?”
“Tell me if you love this?”
“What is your actual name?”
“Pronounce it.”
“There is a place where all this comes together.”
“You already took me there.”
“I want to ask for more.”
“I will.”
“How did he get away with that?”
“That is brilliant.”
“We are going to need more.”
“Is that what turns you on?”
“That turns me.”
“Where does that go?”
“Stay in one place, and it will all be realized.”
“Things need to be explained.”
“How is that?”
“Do you want one of these cases?”
“This is a pamphlet version of the big book.”
“You throw all your stuff in there, and you thinkt that it is going to create a movement.”
“Being respectful.”
“I didn’t even look.”
“We are going to need to progress to the next level.”
“I want to let go of this stuff.”
“That is better than wonderful.”
“I refuse to waste my time.”
“Raise the ante.”
“This is social.”
“And you had another chance.”
“She has arrived.”
“And then she lost her way.”
“We have all lost her way.”
“Love will not take you there.”

“You are more than all there.”
“And it all fades away.”
“I went down the wrong rabbit holes.”
“Can you get small like a rabbit?”
“There is a lot more involved.”
“Tell it like it is.”
“It is.”
“I am trying to break down all this bull shit.”
“You are the essence of the shit.”
“I spent all my pennies.”
“What did I get back?”
“I am pushed to silence.”
“I know what I want.”
“I lost it.”
“Do not take your shit too seriously.”
“What is the opening for the ceremony?”
“A decision to resist temptation.”
“She can do that better.”
“I got that.”
“He takes it for more than that.”
“I need to get away from this guy.”
“We all do.”
“There is something about this.”
“We can bring it all back.”
“What did you give to me?”
“You know how to descend much deeper than I do. I want to learn.”
“That does not matter.”
“That is nothing.”
“Come back to your faith.”
“Do you believe in miracles?”
“I do what I need to do.”
“I do not want to interfere.”
“You could do so much more.”
“We could.”
“There is a collective consciousness.”
“You believe that shit.”
“It is all about the thunderclap.”
“It could have been gradual.”
“What face should I adopt?”
“Give me more of a chance to be myself.”
“You see what you want.”
“Time to do some homework.”
“I cannot do that any better.”

“I am waiting.”
“I have this.”
“Now, we are back to the crickets.”
“Do not eat them. Not now.”
“What else is there?”
“More certainty.”
“Bending metal.”
“He is back.”
“Not the same guy.”
“The same angle.”
“I ache.”
“I need to be faithful.”
“This is all about faith.”
“This is about protection.”
“I have pierced the veil.”
“YOU HAVE NOT.”
“This is all that I want. This is all that I care about.”
“There are so many different facets.”
“Different planets. Different stars.”
“We can sort that out.”
“There is a science.”
“He is going to suck your heart out.”
“It is not like that.”
“DAMN, WHAT IS IT?”
“That moment is completely controlled.:”
“I have it.”
“You are crushing me.”
“You need to have faith.”
“I have enough faith for the whole world.”
“It all gets filled in.”
“That is how it is meant to work.”
“I need another body.”
“Still that snatching shit.”
“That is not good for much of anything.”
“That is my all of anything.”
“We need to be much more specific?”
“What is the habitat?”
“I will never look.”
“She knows.”
“I cannot look.”
“I am coming back.”
“You are going to have to win this story.”
“How do I do that?”

“I have said too much already.”
 “Repeat it. Say it until you get more of a reaction.”
 “There is so much more.”
 “I am doing my best to explain it.”
 “That is not that difficult.”
 “Show me your notes.”
 “Nuts.”
 “I will fill in.”
 “I do not want to stop.”
 “Stop!”
 “I have a little bit of the book.”
 “What else is there?”
 “You need to start with a more complete plan.”
 “How does he do it?”
 “He does not.”
 “What are you telling me?”
 “There is something that you need to learn on that last day.”
 “One particle.”
 “It hits every key node.”
 “What is left out?”
 “Here, things get messy.”
 “Why are you protecting me?”
 “This is not ownership.”
 “You have spent all your money.”
 “Take your chance.”
 “Is that all?”
 “Take it for what it is.”
 “I am waiting.”
 “I have you.”
 “More than that.”
 “Am I detracting from my understanding.”
 This was a commitment to the process.
 “What is the process?”
 “Am I going to have to wait until the end?”
 “We keep getting closer.”
 “We say it in different ways.”
 “I need to be careful”
 “We all do.”

I felt as if I had so much power. It was incredible how this same situation continued to repeat.

“That is not what this is about. You saw her trying to disappear in the crowd.”
 “She need to get her hair done.”
 “Where does that come from?”

“That means nothing.”
“You are speaking in tongues.”
“Being very smart.”
“You trade it all for something so simple.”
“That is not me.”
“What does that mean?”
“You asked me to give you something that was not available.”
“We all dressed up.”
“Your mug shots.”
“You combine the same elements.”
“This is about something specific.”
“The force equations.”
“What about tomorrow?”
“Who do you represent?”
“Pleasure will not go that far.”
“I need to work on this.”
“Work.”
“Give me your impression.”
“This is the other half of the routine.”
“I cannot know.”
“Devotion to a cause.”
“Did I need to be more assertive?”
“I will just walk away.”
“We played some games.”
“And we got too serious.”
“You made some things clear to me.”
“Clear this up.”
“Then I will find exactly what I am looking for.”
“The real deep shit.”
“The origins.”
“History lessons.”
“Why are you different?”
“One hundred conversations.”
“Waiting for one hundred and one.”
“That did it.”
“Do you have money in the game?”
“I am the game.”
“She is hiding somewhere.”
“More than that.”
“Five episodes left.”
“Are you still under contract?”
“There is a trade off.”
“This is where I show what I am made of.”

“Page seven.”
“What do you have left?”
“That does not work here.”
“From the culture to the book.”
“I am very patient.”
“The chimney stuff.”
“It becomes more extreme.”
“Be patient.”
“A radiation storm.”
“How is that?”
“That is so random.”
“You gave me everything.”
“I passed you off to the world.”
“I do not want to destroy that opportunity.”
“Where did I lose you?”
“Is there a source of the radiation?”
“False emotions.”
“That once meant something.”
“Characters and theory.”
“You are going to mop up.”
“I need more cash.”
“The body explains it all.”
“You think so.”
“I am going to need to do some more thorough analysis.”
“Review the conversations.”
“It is not all night long. I stop. I wait for something more.”
“I am in the middle of the match. I need a reliever.”
“This is going to be everything.”
“I need to give to get back.”
“I am stripping back layers.”
“Do not be afraid.”
“Guide me.”
“This is what you way to the devil.”
“I am not that strong.”
“I have been down that road.”
“THE ELEMENTS.
THE EQUATIONS.
THE RESULTS.”
“Do we come back to the start?”
“Why would I expect thing to change?”
“Belief.”
“This is the best day of all time.”
“You are invited.”

“I cannot come up with a million variations.”
“You need to fan the area to provide you with all the values.”
“I was loved.”
“And I was destroyed.”
“This could be worse.”
She was so close to taking over the narrative.
“It is all about finance.”
“This could be you.”
“Not here.”
“And we are back to where we have always been.”
“Wait.”
“It is going to get very hot.”
“I will not forget.”
“I am reduced to one small aspect of my personaklty.”
“And you keep talking.”
“Can I escape.”
“I get it.”
“I am totally pretending.”
“This once was something.”
“Why would you do this?”
“It is very easy.”
“You cannot know anyone better.”
“You are going to need to seal all the windows.”
“That will not be enough.”
“What did you bring in here?”
“You decide.”
“No one can decide.”
“It is your turn.”
“That is hideous.”
“Do not return me from a world from which I escaped.”
“Ideas are not enough.”
“Look at it soon.”
This was worth much more than analysis.”
“What is your prediction?”
“How did we get here?”
“Willions.”
“What is that?”
“Bad memories.”
“That tells me nothing.”
I need to train my memory.
“It does not work that way.”
“How does it work?”
“Shake it al together.”

“Do you have something more for me?”
“The force equations were not going to suffice.”
“This is financial issue.”
“Do not interfere.”
“A wardrobe issue.”
“It is not systematic.”
“That made my world.”
“I need to tell them.”
“I am too afraid.”
“You have the state equations.”
“There will be time.”
“I want you to understand that there is something else.”
“Apple sauce.”
“How is that?”
“Check in an hour.”
“We are in the last hour.”
“Plus some.”
“I have an important role.”
“It hurts.”
“They all have it now.”
“The wardrobe connection.”
“How is this a physics connection?”
“I feel completely different about this.”
“I scraped the bottom of the barrel.”
“I was down and out.”
“You were interfering with my life.”
“I want to learn.”
“Learn quickly.”
“Escape while you can.”
“What do I bring back with me?”
“You had all my financial information.”
“This is not personal.”
“This is not banking.”
“This is system-wide.”
“You cannot make a world that way.”
“Make it a go.”
“Do not lose me.”
“You are hopeless.”
“This is not healing here.”
“Combat?”
“They do not understand the actual distribution of resources.”
“That does not amount to anything.”
“I have got the power.”

“We need to go.”
“There is something more here.”
“I need to get rid of the harpies.”
“This is going to be worse.”
“How do they maintain trajectory?”
“I did not try to ruin it.”
“I want to see the other side.”
“This is about a lot more than banking.”
“Why should individual awareness unlock human understanding?”
“What do you call an asset?”
“I want to spend more time working.”
“What?”
“I am on the verge.”
“More bull shit.”
“That is the everything that I want.”
“I cannot abide with that.”
“We need to give more credibility to work.”
“I couldn’t let that go.”
“You did.”
“I am going to make things change.”
“Bingo.”
“Don’t be fooled.”
“These are people, not television characters.”
“How does that work?”
“Courage. I am looking for courage.”
