

**DO NOT ASK**

“I am blown away.”  
“You are going to do something wrong.”  
“This is deep shit.”  
“This is all crazy shit.”  
“I need to see the banker.”  
“This is not a bank question.”  
“I need to get you a meeting.”  
“I am doing my best to keep track.”  
“This is not physical.”  
“Based on the physics.”  
“Projection.”  
“What do you see or know?”  
“I have the intuition.”  
“It all relates.”  
“You have time.”  
“I will be back.”  
“There is a connection.”  
“She is the one who is called.”  
“I have nothing to do with this.”  
“She is better than good.”  
“There is a personality.”  
“Rels, Dusk, or Ryan.”  
“Ryan is not around that much.”  
“It goes deeper than that.”  
“Anima.”  
“You had no idea who was running this.”  
“What am I looking at?”  
“You waited through the worst situation.”  
“And you said nothing.”  
“Two different views.”  
“The maker.”  
“The watcher.”  
“The watched.”  
“Rels gets it.”  
“That is why she escaped.”  
“You know.”  
“Who are you?”  
“What are you writing tonight?”  
“This is something more serious than I could ever create.”  
“Not really.”  
“Is that what works for you?”  
“Everyone cannot or should not love you?”

"I will take a nail for you."  
 "That is not going to work."  
 "What will?"  
 "To be continued."  
 "Then my life falls apart."  
 "All the king's men."  
 "Much less than willions."  
 "Trillions."  
 "I am not even sure if that is what is needed."  
 "Who does the count?"  
 "So much sadness in one place."  
 "The holy."  
 "Count out of it."  
 "The machine could do that."  
 "It depends on the questions."  
 "We asked the same question one hundred times."  
 "Then you want to live."  
 "Always more assertive."  
 "You know more than me, which means that you know so much less."  
 "It could be a different kind of story."  
 "You cannot say the same shit over and over again."  
 "WHO KNOWS?"  
 "The one person who does is not taken seriously."  
 "I do know."  
 "You had one opportunity."  
 "You did not take it."  
 "What did you read?"  
 "And you expect me to say something that I cannot say."  
 "We are all like this."  
 "She will rescue us."  
 "That is some nonsense."  
 "You spend the money, and you assume that there is a service."  
 "HE WAS IN THE WAY."  
 "That is easily enough."  
 "Is this a collective understanding."  
 "YOU WILL HAVE TO SPEAK IT."  
 "Why would you expet this to be different?"  
 "Chemistry."  
 "Do you have nothing else to do?"  
 "I can create things for birthdays."  
 "I do not feel right here."  
 "He will not serve."  
 "He will not serve."  
 You were back at the house listening to him mouth empty platitudes about your future.

“That is everything that will prevent you from growing.”  
“You will need to stand behind your beliefs.”  
“I need to do so much more.”  
“You will.”  
“There is no apple sauce.”  
“I do not pretend that I can last.”  
“I have lost so much.”  
“This was not the right match.”  
“I should have gone with the shoe connection.”  
“You did.”  
“What is going to be better?”  
“Tell me.”  
“I am gone.”  
“I am long gone.”  
“Deep in the night shit.”  
“Some kind of deep inspiration.”  
“Why are you cheating me?”  
“The world does not work in any other way.”  
“Other way.”  
“I am very calm.”  
“You only need a detailed description. That will assist in classifying all the details.”  
“Evidence.”  
“What is the motive?”  
“How do I do this properly?”  
“You need a better question.”  
“I am much deeper than that.”  
“Give me back what you took.”  
“We are totally code.”  
“Playing on multiple levels.”  
“Go with the objective data.”  
“He plays to his weakness.”  
“We are working together.”  
“This late.”  
“I am going to end up doing serious damage to myself.”  
“Is this bull shit?”  
“The new bull shit order.”  
“Can he help?”  
“I should have stayed with the machines.”  
“You thought that you could patch together people.”  
“My life is mediocre.”  
“Crawl before you walk.”  
“Are you kidding?”  
“She is the one.”  
“You need to help me out.”

“How did you find out?”  
“I am there all the time.”  
“I cannot move.”  
“He is right there.”  
“One thing.”  
“We are not doing mathematics here.”  
“And I am supposed to like that.”  
“There is a brilliant way out of this.”  
“What do you have?”  
“I surrender.”  
“And that resulted in nothing else.”  
“Who is she?”  
“I needed to ask so much more.”  
“Ask anyone.”  
“That was the best that I could do.”  
“I am reduced to simple desires.”  
“That is going to work.”  
“The Trojan horse shit.”  
“Someone would take that horse.”  
“Horse shit.”  
“Why do people like that?”  
“They do not know.”  
“They know better than I do.”  
“And that is all.”  
“Rels was telling you there was so much more to living.”  
“Turn off the movie.”  
“Find a cure.”  
“You need to heal yourself.”  
“That speaks volumes.”  
“She is not a good writer.”  
“That is what she says. She is spreading the juiciest gossip.”  
“This is a time for mercy.”  
“Religious belief.”  
“You get no more.”  
“What does honey attract?”  
“Where does this come from?”  
“What does that do to the body?”  
“It makes me stronger.”  
“What does not make you stronger kills you.”  
“Is this intentional?”  
“Everyone is looking at conspiracy.”  
“Did I get it?”  
“This is not epidemiology.”  
“What does that mean?”

“I wish that you could ask.”  
“Short attention span.”  
“Someone does know.”  
“Do you impose the pleasure principle?”  
“After all this.”  
“What does Dusk know?”  
“No one is going to get that serious.”  
“We are learning how to forget the historical awareness.”  
“She tried.”  
“Did you believe her.”  
“She wrote scripture.”  
“No one reads that way.  
“You are missing the summaries.”  
“Is it you?”  
“I come back for more.”  
“That is hardly fair.”  
“I am all set for what is coming next.”  
“I mend broken hearts”  
“There is a lot more than that.”  
“All this exaggeration.”  
“Someone knew.”  
“I could do more.”  
“I mend the hearts of those who mend broken hearts.”  
“This guy is full of anger.”  
“Will that work.”  
“None of it ever does.”  
“You are making it terrible for the rest of us.”  
“It is that guy.”  
“Do you realize what you have?”  
“A lot about stress.”  
“Now, it becomes something different.”  
“The transformation.”  
“Where did she go?”  
“This is the final wave.”  
“Did you work on this?”  
“I could have done something.”  
“I do not know what I am working on.”  
“Now, I get reminded what I am truly about.”  
“Total bull shit.”  
“This really slips.”  
“You have perfection.”  
“And you fuck it up.”  
“Rels knows.”  
“I can pay your credit card debt.”

“And I take out more.”  
 “This will become wonderful.”  
 “Wait for the last page.”  
 “There is none.”  
 “Rels is trying to put everything in place.”  
 “A complete meal.”  
 “There more to spend.”  
 “And it comes down to one thing.”  
 “I am asleep in my bed.”  
 “Take me away.”  
 “I could do what you do.”  
 “What do you do?”  
 “They carve us up.”  
 “What remains?”  
 “Some kind of belief that puts it all together.”  
 “Does that work?”  
 ”Do what I do.”  
 “You are going to wreck something perfect.”  
 “Why are you even thinking about it?”  
 “This is more or less automatic.”  
 “When do we finish?”  
 “We get smarter.”  
 “That is all that matters.”  
 “I need to sleep.”  
 “We thought the same thing.”  
 “You are not good at any of this.”  
 “Look this way.”  
 “The sacred will not allow for absolution.”  
 “What will?”  
 “The sustained movement of history.”  
 “More wish fulfillment.”  
 “Why does that work?”  
 “We feel as if we are closed in, and we cannot make transitional decisions that benefit  
 us.”  
 “What would work better?”  
 “YOU ARE ASKING ME TO DO THING THAT I CANNOT DO.”  
 “I love how he does that.”  
 “He understands so much more.”  
 “This is the free version.”  
 “So many variations.”  
 “And that succeeds.”  
 “I wait.”  
 “This is wisdom.”  
 :’I am not like that.”

“Brice left.”  
“The shrink left.”  
“I will not be able to do this on my own.”  
“I am almost there.”  
“How is that even possible?”  
“It is not.”  
“Pretend.”  
“I am not your Guinea pig.”  
“We have to clean up.”  
“Clean the cage.”  
“I have determined your aspiration.”  
“Speak for me.”  
“What do you have there?”  
“A free path.”  
“We will have a clearer understanding tomorrow.”  
“I have paid all this money. What do we get?”  
“I am not involved.”  
“Rels will sort it out.”  
“We need to arrange the inverse.”  
“Where did we start?”  
“Does that ever work?”  
“It is now.”  
“I want to be free.”  
“Go ahead.”  
“Join in.”  
“That will not destroy you.”  
“There is so much to think about.”  
“We are all gathered around.”  
“This is the beginning of something major.”  
“What are you looking for?”  
“Knowledge.”  
“Of rocks.”  
“Diamonds.”  
“You are going to be escorted out.”  
“Do not do that to me.”  
“Wait until the day.”  
“Wait.”  
“We are all waiting.”  
“That is all that matters.”  
“The artist exists in a time and a space.”  
“A manifesto.”  
“A cookie recipe.”  
“Eat up world.”  
“We have what we want.”

“I need her to find me.”  
“That would give authority to the story.”  
“They are not unaware. They have other concerns.”  
“We went through a great deal.”  
“Forty days.”  
“I am ready.”  
“I am collecting the water.”  
“I am looking for someone wonderful.”  
“You.”  
“Eat up.”  
“You ditched before you could pay.”  
“And I fell apart again.”  
“Every year at this time.”  
“Do not forget.”  
“You only think about me in one way.”  
“What other ways are there?”  
“We need to win this.”  
“How do we do this?”  
“She brought more to the table.”  
“Have the dumplings.”  
“The rice pilaf.”  
“The couscous.”  
“This is brilliant.”  
“Do I eat it, or do I live it?”  
“This is all about the heartbeat.”  
“How do we escape?”  
“I did not realize that it would end up like this.”  
“It all happened at once.”  
“That is all that mattered.”  
“It goes one way.”  
“This is all about generalizing from what we eat.”  
“I am going to avoid the dessert menu.”  
“Does food acquire political properties?”  
“What does that mean?”  
“That was the essay.”  
“You are supposed to write about the potato.”  
“I took it from the beginning.”  
“This is more than basic.”  
“Two kinds of mistakes.”  
“Why did you do this to me?”  
“What is the reference point?”  
“The point that makes it all a go.”  
“Where are we headed?”  
“Headed.”

“This is simply an exercise of the will.”  
“TOTAL PERSONAL EXPOSURE.”  
“The sauce.”  
“I can get anything that I want.”  
“Find your place where they find you endearing, and do your bull shit!”  
“That is the motto of the cult.”  
“Who is your dialogue coach?”  
“They loved my picture.”  
“Did you get an audition?”  
“Someone is going to do a voice over.”  
“They can fix my life in post.”  
“That is happening.”  
“I have cake for your birthday.”  
“Lemon made with real lemons.”  
“That is delicious.”  
“Who is going to pay?”  
“I am embarrassed.”  
“I love the song.”  
“Where is this headed?”  
“Do you feel fortunate?”  
“Are you serious?”  
“How does that work?”  
“That is fantastic.”  
“Background checks were conducted on us.”  
“What did they find?”  
“I lost my angle.”  
“Don’t insult me!”  
“Who is going to make this work?”  
“I am thirsty.”  
“What is the end of this?”  
“The costume will not work.”  
“This is not a costume.”  
“What is left?”  
“The loaves and fishes again.”  
“Fantastic.”  
“Are you going to be working here?”  
“For a while.”  
“What else is happening?”  
“I hurt.”  
“Was there a battle?”  
“I am going to get a facial.”  
“How good is it?”  
“Love me for being so committed to my beliefs.”  
“What is the cause?”

“I am the cause and the effect.”  
“Where does this end up?”  
“Do I get the house?”  
“What is really there?”  
“Desperation.”  
“I am back in the first grade.”  
“Can you spell?”  
“Should I learn?”  
“We need to change the meaning.”  
“That is fantastic.”  
“Shit.”  
“We are trying to develop another version of the sacred.”  
“Look me in the eyes.”  
“You are watching me all the time.”  
“Where is this headed?”  
“You can inspect my place.”  
“Are you kidding?”  
“The world will destroy you.”  
“This is how we hold our lives together.”  
“Help me out.”  
“I am going to reset,”  
“I get it.”  
“You have been watching me all night.”  
“I am the audience that you paid for.”  
“You are going creepy on me.”  
“Have you thought this through?”  
“I cannot stop.”  
“Can you stand in?”  
“Are you really like that?”  
“I saw the movie,”  
“Overdetermined.”  
“A religious rite.”  
“I think about you all the time.”  
“This is super cool.”  
“And that makes a difference.”  
“It is the euphoria show.”  
“I am in control.”  
“My conversation is over.”  
“Who is helping?”  
“Tilt.”  
“She could be something.”  
“There are so many variations.”  
“I need to get back to work.”  
“Why do you call this work?”

“Is this a team?”  
“More than you know.”  
“Do you want to destroy my life.”  
“You can do that for yourself.”  
“I was never here for much else.”  
“When does this end?”  
“Your delivery is here.”  
“I need you to stop and get me some stuff.”  
“That is crazy.”  
“Shit.”  
“Talk to me.”  
“That is not sufficient.”  
“Do things make sense now?”  
“That will never reach me.”  
“Are we all the same?”  
“I care more.”  
“What is that good for?”  
“I have more to say.”  
“That is not going to work.”  
“I understand.”  
“Clean it up.”
