

I NEED TO GO

“You are a believer.”
 “I have your back.”
 “I have your vehicle.”
 “Time to leave.”
 “Do you need to ask?”
 “You only ask what you already know.”
 “I do not want to be mean.”
 “What am I doing?”
 “I want to be doing so much more.”
 “I don’t have time.”
 “I know who you are.”
 “I have one thing in mind.”
 “It is like this contagion. They respect you.”
 “There is no science.”
 “Are you going to get angry?”
 “He is so good at pushing his garbage.”
 “Part of the garbage world.”
 “I am breathing so much better.”
 “Who really cares?”
 “Your parents.”
 “Maybe, they don’t care.”
 “I am not sure that I can last.”
 “You are not in my head.”
 “What if I was?”
 Ivan spoke, “I can give you something better than anyone else.”
 “I cannot sort through all these numbers.”
 “Ivan has an assistant.”
 “Ivan is this guy’s assistant.”
 “It will all be easier tomorrow.”
 “This is tomorrow.”
 “This is wonderful.”
 “It will never happen.”
 “It almost did.”
 “I am channeling you.”
 “Was this a good day?”
 “This was a wonderful day.”
 “That is elegant.”
 “You lost money.”
 “I will get it back.”
 “We can wait until the next episode.”
 “None of this is easy.”

“The easiest thing would be to put this in the machine. Then you can compare.”
“That is what was are going to do.”
“I will be good.”
“I do not read.”
“I like to have fun.”
“I do not reflect.”
“It is all good.”
“What are you telling me?”
“I need to go.”
“She is right behind me.”
“Why are you any different?”
“He has all the bases covered.”
“These people get up early and work.”
“This is their world. This is their life. This is all that they can do.”
“I can hook you up.”
“I am going to have to work extra hard.”
“And what is the result?”
“I want to watch.”
“This is like a bridge to get me out of here.”
“It is hanging on.”
“Bad people.”
“Bad lives.”
“Bad things.”
“You needed to ask someone.”
“Simple answers.”
“I see where this is coming from.”
“Follow this along.”
“That seems like too much effort.”
“They are back.”
“That is worse than bad.”
“The same thing.”
“Ivan makes you feel as if you are alone. You have no one.”
“I will not object.”
“Does that make sense?”
“It does to him.”
“And there is a difference in substance.”
“There is a difference in degree.”
“Why did you back?”
“This gets good.”
“And you are telling me that these people are good?”
“We have a code.”
“I have your back.”
“After you fuck the world over.”

“What is Ivan about?”
“I want to finish this.”
“I never understood that.”
“I do understand.”
“I really got distracted.”
“You need a list.”
“You need guidance.”
“And you are listening to this guy.”
“It is all going that way.”
“And that was his style.”
“A style.”
“They all do it.”
“I really broke down.”
“Who are you working for?”
“This was the organization.”
“What is it now?”
“You tell me.”
“I will tell you.”
“That goes nowhere.”
“I get one more play.”
“It is all slipping out me.”
“The ceremony is over.”
“YOU ASSUME THAT WE ARE TALKING ABOUT THE SAME THING.”
“HOURS.”
“You are going to need a place.”
“I have car and some cash. What else do I need?”
“That still is not going to cut it.”
“Where are we going?”
“The hospital.”
“I do not want to say that.”
“Say that.”
“You can blame one person.”
“This could be a reckoning.”
“I have been separated from anything that could remotely be called happiness.”
“Did I see that?”
“More than that.”
“He is helping.”
“I can fill in.”
“What is really there?”
“You have a sense of understanding.”
“We will not all be friends.”
“That is the trial separation.”
“How long can you keep pretending?”

“I am trying not to let it affect me.”
“What happened in the next reel?”
“We enjoy ourselves.”
“I cannot do this again.”
“I am making adjustments to the body.”
“That would be such an easy decision.”
“I am dying here.”
“And you made a mistake.”
“Lack of sufficient information.”
“That is what people call it.”
“This will never give you what you want.”
“You do not have a soul. Do not pretend.”
“Leave me alone.”
“This all of me.”
“I can never tell anyone.”
“Everyone wants to know.”
“You are wonderful.”
“How do I escape?”
“He makes it seem as if he has everything under control.”
“We are from different teams.”
“Ways of thinking.”
“You believe that you are closer to success.”
“We are trying to observe the systematic application of technology to social problems.”
“The Robin Hood method.”
“Steal from the poor and give to the rich.”
“Don’t hate me.”
“Why not?”
“It is not going anywhere.”
“That is a lot to think about.”
“The machine could help.”
“I have one more question.”
“What is that one?”
“Did he have to kill the appeals of the flesh?”
“This is not an Ivan question.”
“This is way beyond Ivan.”
“You could end it here.”
“I need some solutions.”
“You need some mints.”
“That is the only answer for tonight.”
“He needs more happiness.”
“That does not do it for me right now.”
“History distracted me.”
“We are parts of different teams.”

“Lisa is a genius.”
“The game has changed.”
“I feel terrible.”
“This is not part of the show.”
“This is not a sociological observation. This is a distraction, which is trying to get us not to examine what is happening in our lives.”
“Get abstract.”
“Lisa could take this.”
“Is that her name?”
“You are getting too complex on us now.”
“Do you want to know?”
“What do you want to know?”
“Tell me.”
“The police did not show up at the trial.”
“I can tell you what you need to know.”
“We are going to need a different cast.”
“Where does this end?”
“Now, I get it.”
“NOW!”
“This is going to blow me away.”
“What just hit me?”
“Some kind of intergalactic shit.”
“Take the shot.”
“You are going to need to do it now.”
“I cannot even ask.”
“That ties it all together.”
“I cannot last much longer.”
“They left a long time ago.”
“You are going to ask me.”
“I have a question.”
“Who are you?”
“Who are you?”
“I get it?”
“Tell me what you want to hear.”
“I am going to bleed you on camera.”
“What is that about?”
“We just say things.”
“Image production.”
“What is that about?”
“I have been through some real shit.”
“I cannot care.”
“Care.”
“Who are you working with?”

“The fucking organization.”

“Does Lancer have anything left?”

“She could impale her enemies.”

“What would that do?”

“Nothing good.”

“Good for you.”

“You could be even better.”

“I need a better method.”

“A trainer.”

“That is what Lancer does. She is not willing to come up with answers for herself.”

“I am not bitter.”

“What are you?”

“I can analyze this.”

“Where is it?”

“I do not know where to look.”

“This will follow you.”

“Follow spot.”

“Ivan has really got under your skin.”

“It is not all worthwhile.”

“I waited until I had the courage to ask.”

“Then I just left.”

“We are dealing with two contradictions. The writer assumes a harmony that does not exist in the world. There may be an existing conflict that cannot be resolved, and the author wants to imply the possibility of a smooth resolution. At the same time, the social milieu assumes a successful resolution of the contradictions existing in the society. This is not possible under the circumstances. This hoped-for resolution is not possible. But people are living as if they have overcome this immense threat to their wellbeing.”

“I love my world. I love my job. I can exclude these threats from my life.”

“You are only advocating for a revolution for pretty people.”

“I do not want us to get caught up in silly pursuits. Find a commitment to what you are doing. Do not worry about your enemies.”

“Who are my enemies?”

“Do you realize what that is?”

“You are not going to be able to help me.”

“You are going to need to clean this up before you leave.”

“What do I need to do now?”

“Do the clean up?”

“We already love you.”

“I want to be loved by more exciting people.”

“That is the risk faced by all of us.”

“Face it for what it is.”

“You have this ideal in your head. It goes along with nothing in the world.”

“What did you start with?”

“Good taste.”
“I have been defined.”
“I know where I am.”
“I can do this on my own.”
“That is where things get tricky.”
“There are rocks in every box.”
“I can take care of this for you.”
“You have more important concerns.”
“We need to stand behind our words.”
“You went too far.”
“I keep going too far.”
“I lost something.”
“He was here.”
“Where did you hide him?”
“There is a method here.”
“We get better at what we are doing.”
“Are you kidding?”
“Do not attempt to destroy me.”
“These are things that I am saying.”
“You are lovely.”
“What are you trying for?”
“Something more.”
“Something that you already have.”
“I do not want to be mean.”
“Where is this going?”
“I do not want to get lost in silliness.”
“Do you really love this?”
“You do not want to further back. You do not want to see the future.”
“I want create my future.”
“Don’t worry.”
“Don’t blame me for something that I did not do.”
“You know what we share. You understand our psychology.”
“That is an allergy.”
“I have a medical expert here.”
“And that is so fun.”
“It is about the money.”
“That is why things become so difficult.”
“I was born.”
“Listen to what I say. Learn what I am asking you.”
“I am showing all that I can.”
“That is good.”
“Appreciate what I am.”
“You won, but you also lost.”

“This is going to be excellent.”

“Who will see this.”

“This means one thing to one person.”

“What if it was someone else?”

“Did he have it all?”

“Did they have it all?”

“We are way beyond what we hope for.”

“This could be for a dream.”

“We were bitter. We lost our discipline. Do not let it happen again.”

“It is always the same.”

“Are you a competitor?”

“I have a future.”

“They will hate you for not giving your all.”

“I understand my role.”

“I am glad that I did not interfere.”

“There are things beyond your control.”

“It could not have started better.”

“It could not have started worse.”

“The real question is if desire originates in our short-comings. It provides us with an understanding that we lack.”

“I know your type.”

“I would never be that.”

“You are that all the time.”

“We have just seen two examples. She has a great deal to share, but she assumes that this guy is zealous. He is giving himself to the overall advancement of society. She knows that she has it, but she has already given in. There is not much else here. That is why we are here. And there is a second example. What of it? She is full of excitement. She has a surplus of excitement. She wants to express herself.”

“I am a powerhouse of excitement. I am already ahead of the game.”

“I see where this is headed.”

“We are doing our best to be wonderful.”

“We are wonderful.”

“I am losing what I have.”

“What are you fighting for?”

“What do any of us know?”

“I used to be important.”

“We all did.”

“Who cares?”

“We all do.”

“Pose for a picture.”

“What worries you?”

“I cannot love something that is not real for me.”

“Love your life.”

“I am so beyond this.”
“The love returns.”
“What else is there?”
“Love and hate.”
“What does that even mean?”
“Ask yourself. You are becoming preoccupied with silly things.”
“That does not work for any of us.”
“You do not feel any of this.”
“I made something out of what I had.”
“And what did you know?”
“I knew the streets.”
“How may years?”
“I am protected.”
“Do this for me.”
“Are you kidding?”
“I can embrace silence.”
“You need to embrace silence in order to hear what is going on around you.”
“What is going on?”
“You tell me.”
“You love me.”
“I was so much better at this.”
“I am going to lose all this.”
“I am dealing with people who have limited abilities.”
“I can do this on my own.”
“This is the worst.”
“Almost the worst.”
“We waited for this.”
“Where did that come from?”
“Brilliant aim.”
“Another selection.”
“What else can you talk about?”
“Natural selection.”
“Give me a chance to be me.”
“Be me.”
“Where do you want to go?”
“Go there.”
“We will go together.”
“Keep your eyes on me.”
“This is brilliant.”
“It should be!”
“Guaranteed: we cannot be friends.”
“Give me a chance.”
“I will give you more than a chance.”

“I have seen things.”
“I don’t care what you have seen.”
“You do have hatred.”
“We all do.”
“Where is this going?”
“Do what you can for me?”
“My father loves me.”
“Indeed, he does.”
“I’ve done some blow in the day, but not like you monsters.”
“I will be saved.”
“What do you get?”
“Meaning for my life.”
“I am going to sleep in my car tonight. They are looking for me.”
“I can give you the needed guidance.”
“Breathe deeply.”
“That’s the law.”
“I can’t stand up straight.”
“Help me out!”
“Quit following me around.”
“We are heading for the same destination.”
“Save it.”
“I remember you.”
“I am next.”
“They all say that.”
“Take some roses.”
“What would work?”
“I’ve got my eyes open. I don’t know if it makes any difference.”
“Take pictures, and refer to them later.”
“Are you going to take me though this again?”
“Should I move to another city?”
“Would it really make a difference?”
“I am taking a political stand.”
“Is that appropriate for this place?”
“I want something. I need something more.”
“This is more than wonderful.”
“I need to get turned on.”
“I can explain my emotions.”
“You do not want to hear about history.”
“Whose history?”
“Is that supposed to be important for me.”
“We come here for the intellectual discussions.”
“What is this place called?”
“He used to work there.”

“I am doing everything and more.”

“Movies.”

“I am doing some animation on my computer.”

“Keep it in the family.”

“Things messed up.”

“Power moves.”

“Are they coming?”

“I have mad skills.”

“We have a team of writers.”

“I can do song and dance.”

“You really don’t want to talk about history.”

“And that is all that remains.”

“You are too far gone for help.”

“You have no idea.”

“I have agreed to take the cure.”

“You get a few months of clarity. Then you lose your mind.”

“We are going to explain it.”

“What follows from that?”

“It is not worth talking about.”

“You are still around.”

“Make me a sandwich.”
