

**BELIEF**

“Everything starts with a belief. There needs to be a material aspect of the sign.”  
 “What are you doing for work?”  
 “I am doing a lot of shit. I am doing things that I do not want to do.”  
 “I know what has to be done. I do what I need to do. I get others to buy a place.”  
 “When do you stop, and when does the movement begin?”  
 “You obviously had a terrible education. Let us move into the dark closet. What clothes are in there.”  
 “He finally has an audience.”  
 “We have been talking about that.”  
 “If he had a better understanding of the economic system, we would listen.”  
 “I need to make this work.”  
 “Do not try to destroy me.”  
 “I am not going to let this affect me.”  
 “What can you do?”  
 “What is to be done.”  
 “Where is this going to end up?”  
 “You can lecture me at nine in the morning.”  
 “Thank you for your help.”  
 “I can count that on ten fingers.”  
 “Thank you for making my job better.”  
 “That is my skill.”  
 “Talk softly to me.”  
 “Where is the highway out of here?”  
 “I have been waiting all week for a car part.”  
 “Why can’t you make it yourself?”  
 “That was the beginning of the story. I work in car parts factory.”  
 “He still has an audience.”  
 “Is he your father?”  
 “No, he is our supervisor.”  
 “Does he establish the quotas?”  
 “I could find some used parts.”  
 “I am going to wander around the junkyard looking for something unique.”  
 “Keep talking.”  
 “I will.”  
 “The door is open.”  
 “You could hang out somewhere else.”  
 “You could practice silence.”  
 “I will get to it later.”  
 “How did you become part of this?”  
 “There was nowhere else to hide.”  
 “There are too many frequencies.”

“They are canceling things out.”  
“This is a marriage born in hell.”  
“There is something about burning.”  
“Where did I lose the trail?”  
“Can I borrow your tent?”  
“Are we arguing?”  
“Where did this get started?”  
“You asked me to a picnic. I thought that you were going to have everything to eat.”  
“This is a code.”  
“Tell me when I can breathe.”  
“There are too many for a sports team.”  
“I can lob the ball to you.”  
“Whose birthday is it?”  
“This is a complete list of my vocabulary words.”  
“I can add a few more.”  
“I think that we are dealing with the same list.”  
“I can work with skin and bone.”  
“Where is this headed?”  
“We were talking about shadows.”  
“Is there another way to describe this?”  
“I am engaged in prayer.”  
“I learn from the preacher.”  
“That seems like a terrible way to think about belief.”  
“Some things, you do not see on your own.”  
“Why will I feel better in the morning?”  
“Everything that I believed, everything that mattered seems like a whole lot of nothing.”  
“There is an operating room in the basement.”  
“Who built it that way?”  
“It has its own generator.”  
“That is too much to think about on my own.”  
“What was there in the beginning?”  
“What can you deal with?”  
“The animal in the room.”  
“There are no animals allowed in the operating room.”  
“I have someone helping me.”  
“I have someone working with me.”  
“The words are working me.”  
“I need you to clean those stains in the carport.”  
“I am collecting bones.”  
“Chicken bones?”  
“Do these things have mythic powers?”  
“I already received enough.”  
“How can you do that?”

“I am living the book.”  
“The good book.”  
“Is there any other?”  
“What was today’s sermon?”  
“This was amazing. I didn’t think that I would value silence this much.”  
“Who is paying you?”  
“These connections are ambiguous.”  
“You had a job. Who is doing the the paying?”  
“I am not sure if I have done this to anyone’s satisfaction.”  
“I am a memory restorer. Like an art restorer.”  
“I can only deal with so much domination.”  
“The leaf crushed me.”  
“This is the only way that I can make anything of my present.”  
“We are not finished.”  
“Do you have a will?”  
“Do you have an estate?”  
“Who is protecting the things?”  
“Who is protecting the children?”  
“This is too much to worry about.”  
“Conrad did a dance.”  
“That is all that matters.”  
“I am doing an authoritative history of illness.”  
“There is too much useless information.”  
“We work to live.”  
“Of course. Have fun.”  
“You told her to have fun. What were you really saying?”  
“He gave me a motorcycle, and he told me to take it for a spin.”  
“How did that go?”  
“I called Willy.”  
“I called Conrad.”  
“I called Aaron.”  
“This is a story of origins.”  
“I want to give you a blessing.”  
“They are all naked.”  
“Stripped to the bone.”  
“You are talking about the buzzards in friendly ways.”  
“Let me jump on that.”  
“Everyone is late.”  
“That will work. It is still early.”  
“There is time for revelation.”  
“See what you want to.”  
“That will work.”  
“Don’t go crying on me.”

“Then I will fall asleep.”  
“You said that you are waking the dead.”  
“I am trying to take care of the living.”  
“Do whatever.”  
“They are waiting for me.”  
“Do they pay you for waiting?”  
“I am trying to turn it into a kind of prayer.”  
“You pray by breathing.”  
“What else is there?”  
“Face recognition.”  
“What am I supposed to recognize?”  
“I need to shut down.”  
“That is cruel.”  
“What do you notice?”  
“You are trying to do too much.”  
“Everything promises so much to so many.”  
“Is there a theology to go along with it.”  
“There was a moment when it was new. Then someone made a mistake.”  
“You are never going to have the resources to describe things as they are.”  
“There is a lot of retrospective.”  
“What is at the bottom of the ocean?”  
“We are not even close to that point.”  
“I can head home now.”  
“That is so relaxing.”  
“The crazy feeling has passed.”  
“There is a hospital bed available.”  
“I like your revisions.”  
“We are excellent historians.”  
“I do not want to be good at this.”  
“Respect.”  
“Where are you leading me?”  
“The wild goose chase.”  
“How many geese does it take to make a chase?”  
“What are you missing?”  
“A purpose and a place to to.”  
“It is still early.”  
“Can you turn desire into acquisition?”  
“That is a fundamental question.”  
“They have taken away all my tools.”  
“You do not need tools. This is about being”  
“How did being get spearated from some actual being?”  
“I am fighting for my survivial  
“I am willing to help with that if you desire.”

“What? Are you going to throw me a chicken bone?”  
“I am going to throw you a chicken.”  
“That is not the sort of thing that I want to think about.”  
“These are different thologies.”  
“Your meal is waiting.”  
“I am getting confused.”  
“I am not sure of the day.”  
“Providence will touch at an unexptected time.”  
“Different people react in different ways.”  
“That calms me down.”  
“That jacks me up.”  
“Baby is going crazy.”  
“I coould do that.”  
“She did that.”  
“She is waiting.”  
“Could you manage a soliloquy?”  
“She is working on her speech.”  
“She needs to work on her life.”  
“She has a lot of support.”  
“I want to understand.”  
“We all want to get better.”  
“We want to be noticed.”  
“Notice me.”  
“I am so beyond myself.”  
“Make the move. There is some kind of vacuum here.”  
“Let the world know what you have.”  
“We are in critis managenent.”  
“What are you working with?”  
“An appearance.”  
“Everything is so desperate.”  
“There will be no other variations”  
“We can complete what must be done.”  
“I felt very strong.”  
“Put your arms around me.”  
“I am an island.”  
“I am a raft.”  
“We are moving toward another combination.”  
“Does he have your attention?”  
“There is a shared future.”  
“All these chicken bones.”  
“Do you collect them?”  
“When did you have total control.”  
“She makes a move.”

“I thought that we were doing worse.”  
“She gave me her journal to look at.”  
“Are you ready to sell?”  
“I am waiting for the business to build up equity.”  
“Where do you slip up?”  
“The body. Why did they give me this body?”  
“You have not been working on performance.”  
“I have made notes towards the soliloquy.”  
“I do not even know who has the role.”  
“Does that make you feel good?”  
“I have a big apartment.”  
“We are going to need a bigger one.”  
“What is going on with you people?”  
“What would the soliloquy do?”  
“It would provide a clearer connection between my job and the development of the society.”  
“Is it that deep? I need to earn money.”  
“What do you do?”  
“I give my time to a blood-sucking system.”  
“Is that a signal to change things? What do you bring to the show?”  
“A more refined sense of pleasure.”  
“What do you do at home?”  
“I smoke up and I eat.”  
“The Vince Green method.”  
“What are you talking about?”  
“Do you have a plan?”  
“I want the world to love me. I want to be loved in a special way.”  
“That sounds perfectly workable. But you are going to need to apply your skills.”  
“This is where my life goes off the rails.”  
“I want to be loved and understood.”  
“We need to leave traces.”  
“Where did you last walk?”  
“Tell me what you need to finish.”  
“One hundred and fifty thousand.”  
“What are your ideas worth?”  
“I am feeling all dirty.”  
“Your wishes are getting ahead of your dishes.”  
“Who is working with you?”  
“The cream of the crop.”  
“Your desires are getting in the way of your ideas.”  
“That gives me an idea.”  
“I am not guilty.”  
“No one ever is.”

“How do I clean up?”  
“This is going to be some deep shit.”  
“I need to change the world before it changes me.”  
“This is some multi-level shit.”  
“How do you manage it?”  
“Total fascination.”  
“I am submerging.”  
“We all do.”  
“I want to be nice to you.”  
“You want to be on the top.”  
“We all want to control.”  
“Familiarity breeds contempt.”  
“Contempt breeds resentment.”  
“Work it out.”  
“We need results.”  
“That doesn’t mean that much to you.”  
“There is way more risk.”  
“Get the pizza.”  
“Is this a food journal?”  
“This volume is different.”  
“What is the intent?”  
“New body shit.”  
“The rivalry is going to the next level.”  
“Does either wing have any actual connection to the incipient justic age?”  
“What would that be?”  
“How we live in the house.”  
“What is going on in the house?”  
“We are dividing the honey rations.”  
“Someone is coming down on me.”  
“I am sitting pretty.”  
“Who loves you?”  
“Who can get close?”  
“Reveal where you heard this.”  
“And that is supposed to be funny.”  
“I am getting nowhere.”  
“Just move forward, and declare victory.”  
“VICTORY!”  
“You keep talking about that stupid movie.”  
“The dog found a target.”  
“I could go to the other ends of the earth.”  
“Take this.”  
“Take that.”  
“This will make you feel wonderful.”

“What is any of this about?”  
“You get some of the cash.”  
“How long will this last?”  
“You will need a system.”  
“This is getting to rare.”  
“You need a permit.”  
“You will need to pay.”  
“I am not thinking about anything.”  
“Do not respond.”  
“They can tell if you thinking.”  
“This is more than I need.”  
“Who is tracking?”  
“That is all that matter.”  
“I want to look.”  
“There is nothing to see.”  
“Who filled the car with gas.”  
“This is another way of seeing myself.”  
“I can get whatever I want.”  
“There is something that I am missing.”  
“Look at the spreadsheets.”  
“They do not live like we do.”  
“They have private coffins.”  
“Better than a mass grave.”  
“What is all that about?”  
“Another way of seeing.”  
“That is an illusion.”  
“Are you doubting me?”  
“I am doubting myself.”  
“What will be left?”  
“I do not have a plan.”  
“You need to stay undercover.”  
“What are they planning?”  
“Total destruction of the world.”  
“That will not be hard.”  
“They do not want to get blamed.”  
“That will not be hard.”  
“Disposition of forces.”  
“She does not want to discuss it.”  
“Do not discuss it.”  
“These are different views about rhythm.”  
“What is biological?”  
“Stress.”  
“Relaxation.”

“Everything is too over the top.”  
“I need to come down.”  
“This is too much information for a short period of time.”  
“Interrupt me.”  
“Something else is going on.”  
“I thought that someone would have helped me to escape.”  
“My daytime plan is interrupting my nighttime.”  
“That is not good.”  
“What parts are needed?”  
“The timebones.”  
“What do you have there?”  
“The exact same thing that you have.”  
“I need you to be more direct.”  
“That is exciting.”  
“I want to learn the method.”  
“You could go to cooking school.”  
“I could go to electrician school.”  
“Be prepared.”  
“Where are you going?”  
“We are going to the lab.”  
“Someone else is a good reasearcher.”  
“We are doing blood work.”  
“These are things that I do not know.”  
“You have got it.”  
“This is a digital signature.”  
“Let us take care of that another day.”  
“Today is that other day.”  
“How long did you take to get this together?”  
“You are going to have to do a lot more.”  
“We all will.”  
“What will be the result?”  
“I want to see this in a different way.”  
“What is that?”  
“This can attract more interest.”  
“What is missing?”  
“We were on the verge of describing an alternative scripture.”  
“You need doctrine and ritual.”  
“That is a little too close.”  
“How did that work?”  
“I bought shares.”  
“This will be the only deal that matters.”  
“The second coming.”  
“Something like that.”

“We are developing a better understanding of scripture.”  
“There needs to be some great events.”  
“You have no more plays.”  
“I got played.”  
“You were absorbed into the current.”  
“Is that you?”  
“I need to remember.”  
“Even if I did, would I care?”  
“Would I care?”  
“There needs to be someone, who can appreciate this.”  
“How does that work?”  
“You need flattery to complete the show.”  
“I am so far off my game.”  
“I am counting cards.”  
“Where did you lose your place?”  
“I am waiting for you to come back.”  
“I cannot move.”  
“I found the source of my belief.”  
“I only have so much time.”  
“This might take a little longer.”  
“This is going to take a couple of months.”  
“I do not have that time.”  
“This is class in therapy.”  
“I am active.”  
“None of this is working.”  
“Submerge.”  
“I was almost taking all this home.”  
“Eat it while you have it.”  
“And that works for you?”  
“Of course, it does.”  
“I want to participate.”  
“You are active.”  
“What is the activity?”  
“I need to improve my memory.”  
“I am reverting.”  
“I will revert too.”  
“I wish that I could explain it.”  
“How does that go?”  
“I try to be provocative.”  
“And you are good at that?”  
“I am the show.”  
“Explain that.”  
“You need to watch.”

“I will do a song and dance.”  
“I will draw a picture.”  
“I was so close.”  
“One person knows.”  
“This is getting very messy.”  
“One person knows.”  
“Quit playing mouse and mouse.”  
“This is a competition for the cheese.”  
“Where dose the cheese stand?”  
“The cheese is in its own reality.”  
“Do not look!”  
“I am not.”  
“Do not quit until you cant quit anymore.”  
“Sick! Sick!”  
“What techniques do you use?”  
“Breating, mental control, and total physical concentration.”  
“What does any of that mean?”  
“That has been too captivating for me.”  
“I want it easy.”  
“You don’t have to go to school for this.”  
“You are way beyond me in the realm of dissipation.”  
“I get myself together, and that seems to create an order for the world that I see,”  
“I go to regulation school.”  
“You feel remorse.”  
“I am clean.”  
“That is all that you want.”  
“I am getting rid of things.”  
“You are way out there but not that far.”  
“Should I go searching?”  
“Watch the door.”  
“Are you here?”  
“I am inside you.”  
“Schmuck life.”  
“You need to be more circumspect. Why are we the way that we are?”  
“I need to concentrate.”  
“I am just as good as anyone, and I am really fucked.”  
“Let me explain to you.”  
“How many times have you explained? It is some kind of litany.”  
“I am trying to keep track of all these people,”  
“You are going to need another drink?”  
“I need to get by you.”  
“You have no idea how far you have progressed.”  
“I was there.”

“I cannot even take the time.”

“Take the time.”

“I am not noticing enough.”

“That is the most ghastly thing that I have ever heard.”

“Just say anything.”

“I need oxygen.”

“That will pass.”

“What is the replacement?”

“Pure belief.”

“Art.”

“Is this a tax shelter?”

“What are you protecting?”

“I am here all the time,.”

“Where is this headed?”

“To the refinery.”
