

**THE PROGRAM**

“What things will work to hold it all together?”  
“The food.”  
“The love.”  
“The belief.”  
“The job.”  
“The program.”  
“I need some kind of pain killer.”  
“These are all pain killers.”  
“I need to get ahead of the game.”  
“I will tell you what is possible.”  
“You come in that door.”  
“You give me that look.”  
“You listen to that joke.”  
“I would like to interrupt.”  
“Rels is supposed to take it to the next phase.”  
“Or it could be Astrid.”  
“She likes that joke.”  
“This is a different show than last night.”  
“I only want one simple thing,”  
“Does that do it for you?”  
“I do not want to pretend.”  
“Can you take me for a trip?”  
“This is not big deal.”  
“I will blow you away.”  
“What happens after that?”  
“Genius.”  
“That is my story.”  
“That is supposed to be everything for me.”  
“I knew that, but I forgot.”  
“They are doing everything that they can to show me up.”  
“Do you see?”  
“He does not even see.”  
“We are going to do an anatomy lesson.”  
“Then it all crashed.”  
“I forgot.”  
“Come to my house.”  
“How did you get that so perfect?”  
“She could ask.”  
“Here, take a script.”  
“There is so much more involved.”  
“He explained it.”

“And that is supposed to complete the circle.”

“That does not turn me on.”

“What good is that?”

“Did you lose her?”

“I have a new claim.”

“You are blocking the view.”

“This is not your view.”

“There are possibilities.”

“You better rush home.”

“I can take my time.”

“The bed is near.”

“They do not understand.”

“A different art movement.”

“I am part of the show.”

“I did it in five days.”

“You need to move.”

“Love it.”

“I love it.”

“We worked on it.”

“Then it all explodes in my hand.”

“You have no idea.”

“That is a lot crazy shit.”

“We dig this.”

“I do not want to hurt anymore.”

“Who is in the room?”

“Who is in the room?”

“What do I care about?”

“This is like a tidal wave.”

“I am trying to catch my breath.”

“Does it hurt?”

“I was there.”

“Do not laugh.”

“They know that you are hiding.”

“What are you hiding?”

“Eat that. It is great.”

“I was so involved.”

“Did you read my letter?”

“I need a helper.”

“She is almost here.”

“I am so finished.”

“This is where your head is.”

“I got left on the street.”

“What did they give you?”

“I love you.”

“I love what you do.”

“Genius shit.”

“I am spinning around in my shit.”

“Have you arrived?”

“I got picked out.”

“Astrid.”

“She is way off.”

“Get a little closer.”

“Astrid can never go any further.”

“Who else is there?”

“Lancer is going to send someone over.”

“Does she even care?”

“I am so deep in this.”

“There is another way to do this.”

“Dive down.”

“What did you hear?”

“I was in the final zone.”

“Did they tell you?”

“I know all of it.”

“And you believe your own shit. That is the ultimate in brainwashing. You start to do it to yourself.”

“What is happening in the world?”

“The science.”

“You are going to have to use your brain.”

“She likes to obey.”

“Who is the boss?”

“No one really gets close to the Director.”

“Except the Director.”

“He lives off people thinking that they are a lot closer than they are.”

“We are all in this assembly thinking that Jesus is working for all of us.”

“What about the non-believers?”

“What else is there?”

“Conversion is a thing in itself.”

“What else matters.”

“She is still here.”

“She gave her resignation.”

“What did she walk away with?”

“They set her up. She thought that it was important stuff.”

“What else is going on here?”

“Stop this.”

“That is more than impossible.”

“What does Astrid do?”

“Can I ask?”

“That is more than I can deal with.”

“Someone who would be perfect.”

“She is perfect.”

“Wild shit.”

“I saw the sparkle in her eyes.”

“Great meal.”

“We have what we have always wanted.”

“That will work.”

“I need to ask.”

“Ask away.”

“That should make a difference.”

“You need to take a risk.”

“What does that mean?”

“I hire someone to write for me.”

“So this is Lancer’s story.”

They made her think that it was so much more than her life. There were successive levels. And each was more important than the last.

“How did you get here?”

“I could ride you in my limo.”

“And he is not suspicious.”

“He believes that he can buy the world.”

“This is what the Director seems to teach.”

The teaching would not convince anyone.

“This is all part of the American educational system.”

“She wants to be an educator.”

“Who is she teaching?”

“Her son.”

“It is way more than that.”

“What is it really?”

“Now, all that makes sense.”

“How does that work?”

“You tell me.”

“That is so different.”

“Make it different.”

They picked up her garbage. And they spent some time going through it. They really thought that they would find something inside of it.

“What is in there?”

“We caught some guy going through our shit.”

“That was a racoon.”

“You say that now.”

“Is your shit important?”

“You never know what is that important?”

“What is important?”  
“I lost my way.”  
“Something very important happened today.”  
“What was it?”  
“There was something even more important.”  
“What difference would it make going through the garbage?”  
“We can make it into something real.”  
“What could that be?”  
“The math shit.”  
“I know what I’m talking about.”  
“If you don’t get it, you don’t get it.”  
“What happened?”  
“I missed my calling.”  
“Call in.”  
“This is very important.”  
“Do you want me to be some kind of god?”  
“Not some kind. The real God.”  
“That would require a lot more.”  
“And I would end up messing up.”  
“Do you appreciate that?”  
“No one really does.”  
“We all do.”  
“I go home and work on my stuff.”  
“That is better than I can know.”  
“Ask me.”  
“There is so much more here.”  
“I do not want to participate.”  
“We will return to this later.”  
“She is in it. But not really in it.”  
“You need to figure it out.”  
“This is the beginning.”  
“What about the revisit?”  
“Knock on any door.”  
“That door.”  
“The echo.”  
“The long echo.”  
“I want to explain it to friends.”  
“That works massively for me.”  
“Is it a gimmick?”  
“I am deep in it.”  
“Where will it take you?”  
“It only gets better.”  
“I need some assistance.”

“I need an assistant.”  
“Call 9-1-1.”  
“Please let it be more than that.”  
“Please.”  
“I am so much better than that.”  
“What am I waiting for?”  
“Keep waiting.”  
“Join in.”  
“Then you make the last play.”  
“You are forced to hang on.”  
“You want each day to mean something. You want it to be special.”  
“Tell me that I am creative.”  
“What more do I need to do?”  
“That is everything.”  
“Now, listen to this, and it will all fall into place.”  
“You have one chance.”  
“That is perfect.”  
“Do you think that I will love that.”  
“You could show some things to me.”  
“He has a style.”  
“I could use that.”  
“I only need some noise.”  
“I could use some garbage.”  
“It destroys me as I sit here.”  
“Sit here.”  
“I could do it all for you.”  
“What tools do you need?”  
“Bite down.”  
“That is not enough.”  
“Are you hiding somewhere?”  
“Come to the light.”  
“Dusk?”  
“Dawn?”  
“The opposition does not hold.”  
“Get her moving.”  
“He got what he was asking for.”  
“Why am I asking in this place?”  
“I still have not recovered.”  
“Who else is involved?”  
“Perhaps, you could show me some one thing.”  
“That is all that matters to me.”  
“I got turned on.”  
“I am staring at the wall.”

“You did so much in so little time.”  
“I listened to that again.”  
“And I understood.”  
“We need to go there.”  
“What makes a difference for now?”  
“You would have to quit being yourself.”  
“Bang on a drum.”  
“I am glad that I took a chance.”  
“I heard it all.”  
“I did not get any of it”  
“Who really understands?”  
“He cares.”  
“That is all that there is.”  
“I did it for you.”  
“I did it for more than you.”  
“I am looking for a savior.”  
“I am looking for candy.”  
“None of that will work.”  
“This is where temptation takes over. :”  
“You have waht I do not have.”  
“Did that click.”  
“That clicked.”  
“You should not have looked.”  
“And you looked.”  
“And you got the job that you were looking for.”  
“We will finish this.”  
“There is something that I see that I want.”  
“What put you in this position?”  
“The body.”  
“The belief system.”  
“The body combined with the belief system.”  
“You took the step.”  
“You are gambling on so much.”  
“You are blocking the view.”  
“There is so much garbage here.”  
“I am feeling shitty.”  
“Give me one last look. :”  
“Another time of year.”  
“Another life.”  
“That hit the spot.”  
“I need to be another place.”  
“This is a Chinese box puzzle.”  
“What is the solution?”

“Do we have an infinite number of boxes.”  
“We have your character?”  
“Who made me?”  
“This guy.”  
“Shit.”  
“This is beyond cult shit.”  
“I can escape.”  
“There is a limo.”  
“Have you been looking?”  
“I have been filling in.”  
“My name is Limina?”  
“What is that about?”  
“It could be so much more than that.”  
“He tries.”  
“I worked too hard to listen to your shit.”  
“I wa here.”  
“I am back.”  
“That could not be more perfect for me.”  
“I do not have control over my behavior,;”  
“You are lucky that you live in a world with more of an order.”  
“We are not that original in what we ask for.”  
“That is brilliant.”  
“I am slammed, and I want the world to love me.”  
“Hammered is the next stage.”  
“Loved is the next stage.”  
“Hated is the next stage.”  
“Look me in the eye.:"  
“I have heard him trying to tell jokes.”  
“She seems to like it.”  
“The face.”  
“The root.”  
“There is a close resemblance.”  
“I was there before.”  
“He is a metal worker.”  
“I work corporate.”  
“Do not lose yourself.”  
“I am present in the now.”  
“I know that I need something.”  
“I can do it.”  
“You may not believe me.”  
“I wish that I could explain it.’  
“I can fill it in.”  
“That is more than perfect.”

“Limina will stand in for Res.”  
“There is a perfect fit.”  
“Everything seems as if it is a lie.”  
I couldn’t even maintain my commitment to honesty.  
“That is saying things as you think that they should be.”  
“As you want them to be.”  
“What more is there?”  
“I would take all that and more.”  
“Someone understands.”  
“There would not be a story if someone did not understand.”  
“I am in such a different place.”  
“Will you take the time.”  
“Give me some time.”  
“Limina has so much more to offer.”  
“I feel unstable.”  
“We have been here before.”  
“Do the two performances coincide?”  
“What do you have missing?”  
“I lack a personal commitment.”  
“We are back.”  
“We saved for you.”  
“What does any of that mean?”  
“What is the other half?”  
“He will ask?”  
“And where will that go?”  
“You can have my food.”  
“I thought that you would buy me a meal.”  
“I remember.”  
“I am looking for something more.”  
“I will get something more.”  
“You are impure.”  
“You need to let me be myself.”  
“That is what it is all about.”  
“That is going to be wild.”  
“Do something.”  
“That is everything to me.”  
“THAT IS EVERYTHING.”  
“That becomes a big nothing.”  
“I cannot fix it.”  
“I have a machine that can work it all.”  
“What does it do?”  
“This is not any kind of resolution.”  
“I have options.”

“Do we have psychology?”  
“Or was explain things after the fact.”  
“The appetites.”  
“The truth.”  
“Perfect.”  
“How long did you work on that?”  
“So much more than that.”  
“I could use some help.”  
“I want to know. I want to hear.”  
“Some things are not going well.”  
“And some are.”  
“What more can I give?”  
“Yourself.”  
“There was another option.”  
“You could have more of a personality. More of an ability to respond to different situations.”  
“This is what you really like.”  
“And you like that.”  
“They have an answer to everything.”  
“Mostly their emotions.”  
“I cannot help.”  
“Help me.”  
“Different levels of freak.”  
“Do not leave.”  
“There is more to come.”  
“Some performance art.”  
“And something that I love.”  
“Are you prepared for this role?”  
“They do not know.”  
“Who would?”  
“We all could?”  
“Listen closely.”  
“You need to learn the game.”  
“Should I count the cards.”  
“We should understand.”  
“There has to be more to the story.”  
“We were valued.”  
“This was what was important.”  
“He works hard.”  
“But he is an emotional vacuum.”  
“Do not forget the most important thing.”  
“The garbage.”  
“You are making me feel as if I am way less than I am.”

“Are you resentful?”  
“No at all.”  
“I am missing the best vantage point.”  
“She wants to share.”  
“She will share.”  
“She has this under control.”  
“And what is the price.”  
“Why am I different?”  
“Why are you different?”  
“We will get bored.”  
“That will finalize everything.”  
“You could teach me.”  
“A heart should not be devastated in that way.”  
“I need to see.”  
“How close to the soul?”  
“A river of tears.”  
“The sea.”  
“Swim out there.”  
“What is left?”  
“Will you reach that point?”  
“I need to ask.”  
“Keep wondering.”  
“You can get it started.”:  
“There is no resolution.”  
“Kiss me crazy.”  
“You are making me say things.”
