

FORGET IT

“I need you to remember. I am having some memory problems.”

“Is he really telling you things that you do not know?”

“We will use subtle techniques.”

“This is another look.”

“Do we need to wait for the planets to spin out?”

“We have reached that point.”

Each night, there was a throne. And someone waited to claim the throne.

“What would it take to get the world to accept your version of history?”

“I did not mean to be bad.”

Each night someone did something terrible, and it earned him the honor to be personally escorted out of here.

“This guy is accepted. He keeps saying the same thing over and over again.”

“Rambling on.”

“Why do you think that someone wants you here?”

“I am not even trying.”

“There is honor.”

“The ripple of the psychology.”

“What can you know?”

“What kind of career is this?”

“Does any of this matter?”

“She knows.”

“Do you know?”

“You like that song.”

“You are crying about the world.”

“We donot want to see.”

“It is all exploding before my eyes.”

“When did he show himself?”

“Are you serious?”

“He was my ally.”

“What am I missing?”

“The shared vision.”

“You need a snack.”

“What will do it for you?”

“I am looking for the best liar in creation.”

“Does he needs assets?”

“They are coming for our assets.”

“Who will object?”

“I am not even trying to figure it out.”

“Figure it.”

“He worked to get himself to this place.”

“He has what we all want.”

“Tell me.”
“How can you explain this?”
“You are going to bring meaning to my life.”
“What are some things that you are good at.”
“Getting revenge on my exes.”
“This is getting nasty.”
“What takes you to that place?”
“Holding your breath.”
“Practicing denial.”
“Are you part of the organization?”
“I understand.”
“The world is spinning around you.”
“Death and destruction.”
“He cannot organize it.”
“Not a cult.”
“The program lacks any kind of organization.”
“He gets it done.”
“Back to human sacrifice.”
“Do you like the job?”
“I need to make sense of this.”
“The world is lighting you up.”
“I do not want to be part of this.”
“I ran all the way home.”
“There is nothing that dramatic.”
“There is a torture chamber.”
“I am experiencing enough torture.”
“Who is with me?”
“Wait one more weekend.”
“There are other planets.”
“Which ones?”
“You are getting no smarter.”
“This is the moment.”
“Quit.”
“I want that.”
“What makes you think that you have that kind of privilege?”
“How long will this last?”
“They take away what you have.”
“Show some discipline.”
“All these strains come together.”
“You will explain.”
“Is tonight the night?”
“Bones on bones.”
“I did not mind disturbing.”

“Livette is here with her friend.”
“She can tell us what it means to live in the moment.”
“A deep allegiance to the next moment.”
“An important even.”
“We have not moved very far ahead.”
“We can close the book.”
“What resources do we need?”
“I got turned on.”
“What is the power of four?”
“They will find me.”
“I will find you.”
“He was saying all this shit to me.”
“Do you want to go along?”
“A simple deal.”
“A book deal.”
“They all have them.”
“Just one.”
“Who is the editor?”
“The chief censor.”
“Did you get a good look?”
“You don’t need to be perfect.”
“What are some other options.”
“He will not do it.”
“Live in the world.”
“This is really sad.”
“I am going to fall apart.”
“And you can check me.”
“Catch me.”
“You have spent all the cash.”
“Why is today so good for that?”
I wondered why this had been that difficult.
“She will tell us.”
“He will not.”
“What kind of bad thing have been happening to me?”
“You have given too much of your life away.”
“I have no grasp.”
“You will understand this performance completely. Then you will forget.”
“We are all reacting to the exaggeration.”
“I cannot wait any longer.”
“I cannot escape.”
“Escape.”
“Did you give him back his shit?”
“That could be me.”

“How could it be you?”
“Different books.”
“Different representations of the self.”
“Will anyone try to help?”
“Help me”
“I had no idea.”

“Are you her dresser?”
“That cannot be real.”
“That is too real.”
“Do you appreciate this?”
“You assimilate your enemies, and you become them.”
“This is the friend part.”
“Not really.”
“You made it into something worthwhile.”
“I need to ask.”
“There comes a point that do not even want to know.”
“But you do ask.”
“Am I in line?”
“Is that real?”
“Too good to be.”
“What else do you do?”
“Proof against proof.”
“This shows awareness.”
“Now that I have conquered that part of the world.”
“What comes next?”
“Did someone tell you to stop?”
“We all have hearts.”
“Count them.”
“I need to reset the beat.”
“I want to participate.”
“Give more of yourself.”
“That does not help.”
“There is nothing else to the story.”
“What does nature have to do with belief?”
“What do cats dream?”
“What do cats hallucinate?”
“Take this shit!”
“This is how I see the world.”
“No one be that good.”
“Pretend for me.”
“I am back at the house.”
“You will rescue me and put me in the house.”

“We will be talking about that for days.”
“Some people want that more.”
“We need him in place soon.”
“I said the wrong thing.”
“I am really losing my place.”
“Place that.”
“You are burning me.”
“I saw you from a distance.”
“Why did he get like this.”
“To show that he had a real power.”
“Did he?”
“That is more than acceptable.”
“I cannot follow the thread along.”
“I have lost my way.”
“I could used another variation.”
“The slow one.”
“The minor one.”
“The story is so boring.”
“I cannot put it all together.”
“She threw her shit at me.”
“I have my own identity.”
“All this shape-shifting.”
“They are going to blame me.”
“Should I expect more?”
“Say what the fuck.”
“You really have this.”
“The European invasion.”
“Why should you blame us?”
“I am so glad that he gets it.”
“Why does that do it for you?”
“Watch my rodent?”
“What are you really asking me?”
“I want to ask question that you have no answer for.”
“Do you respect me?”
“That will not do it.”:
“Rookie.”
“Rookie.”
“Rookie.”
“Make it all that.”
“All that.”
“I can do that.”
“I need a medium shot.”
“Move back.”

“Everyone wants some kind of distraction.”
“Instructions.”
“Why tomorrow?”
“Make it mean what it is.”
“Poetry.”
“What is that? Rambling language.”
“You settle down, and you realize something important.”
“I do not say anything.”
“The world speaks to me and through me.”
“There is too much here ever to mean anything for me.”
“Can I hope for something more?”
“You had everything that you wanted.”
“She did not realize this.”
“I hit the street.”
“Not time.”
“I can make you right.”
“Respond.”
“There is money.”
“There is more money.”
“What else?”
“What is in there?”
“Did you ever buy it for yourself?”
“It used to work.”
“What is that about?”
“I need to practice.”
“That will become habit-forming.”
“I cannot grasp a thing.”
“End it here.”
“What awaits.”
“A bad way to go.”
“There is too much frightening shit in you vicinity.”
“Bad spells.”
“That really becomes your life. You cannot even tell him to leave.”
“These characters are becoming notorious.”
“I am going to roll over and become part of this.”
“What are the alternatives?”
“That is calculated.”
“I do not really think that forgiveness is ever possible. Not after such offenses.”
“I cannot attain that momentum.”
“We could pretend together.”
“You will never attain that level of craft.”
“What are you attending to?”
“We all can do it.”

“You really have to fail.”
“You cannot make any sense of this.”
“She walked away.”
“That is not even serious.”
“Seriously.”
“Should I have seen that.”
“Where did it start?”
“You have been banned.”
“How is that?”
“Human ashes.”
“The sacrifice game.”
“He seems so serious.”
“Two wrongs trying to make a right.”
“This will work.”
“I need to accept it for what it is.”
“This only gets more hellish.”
“I own the house.”
“How did you manage that?”
“Some kind of tax shelter.”
“You need to understand the law.”
“Do not try to understand it.”
“Who else is involved?”
“I have a partner.”
“Silent.”
“The silence is hideous.”
“This is what you wished for.”
“You are banned permanently.”
“What does that say?”
“He paid.”
“Drain him.”
“We do not spend much time planning it.”
“This is so good.”
“More silence.”
“Learn the lines.”
“Repeat after me.”
“What got you going?”
“You worry more about your life that you don’t live it.”
“If you can’t go with it, then you are not going with it.”
“There is really nothing here.”
“I am lost in the the dreamscape.”
“I stayed too long.”
“I never want to stop.”
“This is not a story.”

“Let it happen.”
“It all comes to nothing.”
“I have some basic skills.”
“This memoir idea is not that appealing.”
“You are going to have to hurt some people to have your own history.”
“That is what they taught you at state.”
“Two views.”
“I am trying to make the world do what I want.”
“I could tossed along like a leaf.”
“This will not affect you.”
“There ia a lot of money to be made.”
“Make it clear to people.
“Walk quickly.”
“I do not have this beef.”
“Pretend.”
“Are you into each other?”
“Let it go.”
“It is part of my character.”
“I cannot sort through any of this.”
“Who is watching the gate?”
“The hens.”
“I wish that I could make sense of this. I could take dictation.”
“That still does not describe it.”
“How can you figure it out?”
“We need to breathe.”
“Get in the hole.”
“Turn on the gas.”
“This could not be more terrible.”
“I am not available in that way.”
“Burn more rubber.”
“Slow down.”
“I am trying to relate to the conditions.”
“What is the condition?”
“The untouchables.”
“Some kind of breakdown of the physiology.”
“I think that I cannot understand.”
“I am trying to simplify this.”
“Help with this.”
“I am.”
“This is where is gets strange.”
“Flashback to the worst experiences in my life.”
“I did this for you.”
“It did nothing positive.”

“Why do you see yourself as different.”
“Awareness.”
“I do not even react.”
“React.”
“They are going to quit.”
“That was something that I loved.”
“And love proceeded from disdain.”
“I do not hate.”
“I do not mind.”
“Let me hear the rest.”
“I cannot rest.”
“I need to know.”
“You already know.”
“Why stop?”
“I need to find the door.”
“There is no door.”
“Do the window.”
“They locked me inside.”
“Horror.”
“This is where I am going to end up.”
“Who escaped?”
“We are figuring that out?”
“Creation has a nice tax shelter.”
“Look at her boots. That says it all.”
“You are not the only one to see this.”
“There is really nothing that can be done.”
“That blew up in my hands.”
“That is it for the art.”
“Total will.”
“We are going to have to rearrange the details.”
“Are you talking about Emily?”
“Are you telling me what you are looking at?”
“Saints.”
“How does that work?”
“I know what I am doing.”
“I see what I am doing to myself.”
“What else does that mean to the world?”
“You are going to have to tell me.”
“I can take it.”
“How were you prepared?”
“Something that I put into my soda.”
“I am waiting.”
“Nothing will change.”

“This will be a special kind of aftermath.”

“I am waiting on something else.”

“This is my date.”

“What does that mean?”

“If only Emily.”

“How is that a contrast to Julie?”

“We start where we need to start?”

“In the popcorn line.”

“Go, girl.”

“Emily is touched.”

“Am I touched?”

“This the next kind of blessing.”

“What is that?”

“Who likes this?”

“This is murder music.”

“That got Dusk dancing.”

“And that is the end of the story.”

“Why is that?”

“There is no effort to create a new music. It is stamping your foot to whatever is going on at the moment. The goose step to the supreme sovereign.”

“What is the claim here?”

“The look is imperial. You want to be a queen.”

“How did this ever work?”

“She depended on the efforts of her ministers.”

“If there was a disagreement.”

“She felt that the expansion of the empire depended on restricting the opposition at home.”

“You understand where this was going.”

“They all feared for their holy necks.”

“The chicken survives.”

“Why would anyone allow this?”

“Nothing is being protected.”

“We have really hit rock bottom.”

“He does not know the difference.”

“The head clown.”

“How did this happen?”

“More cutting.”

“Where are we?”

“Check in.”

“This will be your turn.”

“And nothing matters.”

“I just got off work.”

“Total obliteration.”

“You make me feel as if I am someone who I am not.”

“Where does Emily come in?”

“As a counterpart to Julie. She shows the magnificence of the natural order.”

“This is where Dusk assumes her pose. She recognizes the power of desire in helping to define the self.”

“Emily represents total determination by the individual.”

“The will as will, whether free or not.”

“The incredible power of the will.”

“Feeling invincible.”

“His philosophy could never explain that.”

“Should I ask?”

“It is not all that brilliant.”

“Dusk is not part of the seminar.”

“She had some other homework.”

“Arts and science.”

“What is the other side?”

“Who is on the other side?”

“So much to explain.”

“I am not here at all.”

“I didn’t even get any of the outcomes that I expected.”:

“Do not worry about it.”

“There still is a story.”

“You can be who you want to be.”

“You can be who I want you to be.”

“You never thought that I could be like this.”

“I could.”

“Do you see this?”

“What is essential?:”

“I was there.”

“I banged the gong.”
