

THE DESCENT

“How can you learn without becoming immersed in a destructive situation? Do you have to experience these negative consequences before you can acquire a stable identity?”

“Who else are we talking about?”

“What is your name?”

“Do you feel stable?”

“I have been going through a lot of shit.”

“If there are toxic people here, can you identify them?”

“They are starting to hate me for interfering.”

“What is your name?”

“We are leaving so that you do not need to know.”

“What are you claiming?”

“What did you go through?”

“That has little bearing on my testimony?”

“That is the purpose of the inquiry.”

“Is there money here?”

“I want it to add up.”

“Get this right.”

“This is on you.”

“Get me what I need and deserve.”

“Who killed the dragon?”

“Not that guy.”

“Whose honor are you defending?”

“There is not much honor here.”

“That is how people get killed.”

“Not everyone comes back.”

“Explain that remark.”

“Gwen has a lot to say.”

“I felt that she could put it in perspective.”

“It is all a matter of being very assertive.”

“I was on time.”

“Do not speak.”

“Everyone has so much to say.”

“I lived it. I know it.”

“That is what I am afraid of.”

“Can you describe the characters?”

“They all act pretty much the same way.”

“I had no idea that it was you.”

“It was me.”

“Is this what you do after you have loved someone?”

“Gwenm, is that a funamental lesson.”

“I feel as if I am part of the team.”

“We are working it out.”

“I do not think that I am more than I am.”

“Is this going anywhere?”

“Are you mocking me?”

“When will he realize that this is all over?”

“No one realizes anything. That is the lesson. There are some people who you need to stay away from.”

“But you have already become part of their shit.”

“That goes back to the original question. Do I need to destroy myself to know?”

“That could work in the contrary way. I could learn something after the fact.”

“Gwen, you like this shit. You seem to get caught all the time. Then you ask why.”

“I am the only person here who gets it. I can call out all the fuck boys in operation.”

“There is so much vindictiveness.”

“Tell me, do you want to destroy me.”

“And that is all there is to consider.”

“The total exaggeration.”

“You have ruined it.”

“This is all that I care about.”

“I am perfect.”

“I have the perfect idea.”

“This is a venue.”

“There is low hanging fruit.”

“A lot of people are destroying themselves.”

“What is really happening.”

“You are confusing me.”

“I knew that I would be more than confused.”

“I was so close.”

“You had genius points.”

“And you are working on your own.” “Some important stuff.”

“Gwen seem to be taking this all in.”

“If you had a better understanding of the situation, you would be dangerous.”

“Is Gwen calling me out?”

“Gwen knows so much.”

“None of this is going to help.”

“How will this end up?”

“I will think about it.”

“Who are you working with?”

“I want to be sympathetic.”

“Gwen, what do you notice?”

“You need to switch lives.”

“This all pisses me off.”

“We need direction.”

“I need more than that.”

“There are a lot more important things going on in my life.”

“But you were here.”

“That is important. I believed the culture. I believed that music could create a supportive social environment.”

“Music also supports fascism. It can result in blind obedience to a point of view.”

“What were you hoping for?”

“Gwen has ideas.”

“What are you going to tell the world?”

“I no longer recognize myself.”

“There is that point when I feel beyond myself. Maybe, I should return to the origin.”

“Have you found happiness?”

“It is short term, I count down the seconds.”

“Do not be so afraid. Gwen can help.”

“I almost found what I needed.”

“You would not accept the answer if it was right in front of you.”

“That is all there is to your life.”

“You go back to your pet rat.”

“They have no understanding.”

“Go back to the farm.”

“What does Gwen truly understand?”

“She thinks that she can go along with the flow.”

“What is the guy’s name?”

“I lost my way.”

“I lost the beat.”

“Gwen will fix it up in post.”

“What happened to you when you were younger?”

“Bad shit.”

“And this is your way of getting over it.”

“Where else would this take you?”

“I could convince others.”

“Bliss, this is your life. All your expectations from your past are being realized from this moment.”

“This has nothing to do with a bad time.”

“Gwen, will make sure that none of this is habit-forming.”

“You could subtract yourself from this kind of situation. And there would be expectations for a better life.”

“Don’t you run with a motorcycle gang.”

“What is that about?”

“At a certain point, you are too deep in the shit.”

“You are numb to it all.”

“We could take it from a different point of view.”

“We would be somewhere else.”

“This was never your consideration.”
“We have all forgotten.”
“Now, she is getting loud.”
“I have been told.”
“I got a better job.”
“You could be different.”
“Gwen said that she is going to follow an obvious pattern of behavior.”
“Are you listening to me?”
“I do not even listen to myself.”
“Go to that level.”
“No one knows.”
“Everyone knows.”
“You step into space.”
“We could start with the same influences.”
“I guess that I blew you away.”
“You did not obey orders.”
“How is the real estate going?”
“We react.”
“And the bigger problems.”
“What do you have left?”
“Bite it.”
“You better rush home.”
“Do you want more?”
“There is more for us somewhere.”
“Gwen knows what he is going to say.”
“There is no variation.”
“I did not realize this until after I had been with him for a while.”
“I have been through so much shit.”
“Can we take your warnings to heart? You keep going through the same shit.”
“I am not doing that badly.”
“That is what everyone says.”
“What about the children?”
“I can never make this work for me.”
“We all do things that we do not mean to do.”
“You tell me.”
“I will.”
“Did you get that drink?”
“That is not going to fix your conscience.”
“What do I need to do?”
“Do what everyone else does.”
“Fill in all the boxes.”
“You took my breath away.”
“Gwen said that you should not be here.”

“Is she my house monitor?”
“What are you asking?”
“Do you have a sponsor?”
“Everything was moving.”
“There was a slowdown.”
“Where did it all go?”
“You cannot control your own behavior.”
“Can anyone? There are triggers, and there are impulses.”
“Be honest with me. You have a filing system.”
“Why did you take something that was not yours?”
“What else do you want me to do?”
“Where is this headed?”
“Always in the mind.”
“It’s the chemicals.”
“You need to better control yourself.”
“How am I going to do that?”
“Gwen has a method.”
“This is made for me.”
“I don’t want to lose all my money on this.”
“I love the jacket.”
“I am slip-sliding my way home.”
“Who do you trust?”
“I never want to stop.”
“Sing along.”
“This is all for you.”
“I love the smile.”
“The precious.”
“Your characteristic traits are going to be your downfall.”
“Why is that?”
“You don’t have a policy. Nothing means much of anything.”
“What is good for you?”
“You keep nurturing your identity. And it will eventually destroy.”
“What are you after?”
“I want to get a little more for time.”
“How will you work that?”
“No one is doing much of anything.”
“They are moving the papers.”
“Funny shit.”
“That is weird shit.”
“I need to hold my breath.”
“Someone is knocking on the door.”
“I am protecting myself.”
“I am not looking at a break in.”

“How do you manage that?”
“How will that make everything a go?”
“What do you have there?”
“A way out.”
“A large closet.”
“I am trying to put all this into place.”
“I had friends.”
“I got free.”
“I am upset.”
“The overthrow.”
“What have we been protecting?”
“Where do they load out?”
“Are you uncertain?”
“Are you kidding?”
“There is a different way to understand this.”
“You have what you want.”
“I am trying to do a closeup.”
“Gwen knows how to respond in a negative manner.”
“That is a good substitute.”
“Why do you need?”
“Something made of cream.”
“That is impossible.”
“I can’t do this all on my own.”
“Where did you get the shirt?”
“The same site where you got yours.”
“I am committed.”
“Who did you hurt to get what you have?”
“And the conspiracy continues.”
“What is the objection?”
“He is all places at once.”
“When will that end?”
“It is not supposed to end.”
“Have you worked on this?”
“Bring the flowers.”
“Where do I deliver them?”
“Keep them in the truck for a while.”
“People make emotional commitments all the time.”
“Where is this headed?”
“Think about your childhood. What is doing to you now?”
“Career moves.”
“Look at me.”
“Where is this going to end up?”
“Not in a good place.”

“I can add to th show.”
 “But you need to come back, and you need to revise. Every night is a new start. No traces from the past. Then you wonder what happened to your history.”
 “Gwen is trying to write the story.”
 “Nothing but shit.”
 “Tell me about your mother.”
 “There were moments.”
 “There will be moments.”
 “I am an expert at this.”
 “Are you trying to bring me down.”
 “I still have some gas in the tank.”
 “What kind of gas.”
 “Diesel engine.”
 “Your engine is smoking.”
 “New bones.”
 “And you take me back to this shitty trauma.”
 “An expert in his own way.”
 “I don’t need advice.”
 “What good am I?”
 “He is up for the good times.”
 “Gwen, what do you really know?”
 “If all your knowledge is retrospective, what good is it? Will anyone ever listen to you?”
 “No one will listen to herself.”
 “This should be easy”
 “The clock is running.”
 “I can resolve this.”
 “Are you real?”
 “Are you desperate?”
 “No one is doing that badly.”
 “You have an ooprotunity.”
 “I can make you famous”
 “There is the possibility of fame.”
 “Do you feel shame?”
 “What is the point?”
 “Do you believe?”
 “In a monster in the sky.”
 “Please ask!”
 “I could ask.”
 “I need to pull it all together.”
 “Gwen says that is a sign.”
 “A time to make big changes.”
 “I do not want to mess with you.”
 “I already did.”

“I do not trust the world.”
“I found you.”
“Good job.”
“Your bad history found you.”
“This is going to take a while.”
“I think about all the bad places that I have been.”
“Who will you lie to?”
“They are calling to you.”
“It never works out.”
“Work it out for me.”
“Get that glance.”
“I am a million places at once.”
“Can I have some exclusive time?”
“Gwen can tell you what that is worth?”
“Another bad relationship.”
“This is belief.”
“What do I need to do to sustain this faith?”
“You need to be alive.”
“You need to take a greater risk.”
“I have fucking been doing this. That is all that people do.”
“It has been so bad.”
“And it will be so good.”
“No one believes it.”
“Even Gwen can’t get it right.”
“It is not supposed to be right.”
“How do you get that.”
“I am in the power position.”
“Who are you working with?”
“Someone named Gwen.”
“Does she tell herself the truth?”
“She can name all the pratfalls.”
“She has a method to overcome them.”
“You have gone down so deep that there is nothing else to lift you up from the
doldrums.”
“I did something that is so right.”
“I needed to react quicker.”
“This could be the most wonderful thing.”
“Who are you working for?”
“You know where their money is going.”
“There is a gap in your experience.”
“I need to ask your permission.”
“We are not just talking about the crimes of passion.”
“What have done that we never should have done?”

“We have assumed things.”
“Who is going to tell the truth.”
“The truth comes at a price.”
“Please don’t.”
“Thank you for saving me.”
“That is not going to do anything.”
“What are you eating?”
“The bones.”
“Where did it start?”
“That is the pure bull shit moment.”
“I can describe my exploits.”
“I know what will destroy you.”
“I do not trust you.”
“One level to your play.”
“Roulette.”
“I have a system.”
“I only want you to provide me with greater clarity.”
“Do you have any idea where we are?”
“No one completes the drill.”
“Does any of that make a difference?”
“I can’t even think about it.”
“You want them to love you.”
“I cannot give you any time.”
“I have to think about it.”
“Think about it.”
“It.”
“I really want to make fun of you.”
“Do it.”
“This is ruining my night.”
“This is ruining my life.”
“Why do you need to do it this way?”
“He pushed it all the way.”
“What are you expecting?”
“Wait until you realize that is all that you have.”
“He does not understand the movement of information.”
“The winners and the losers.”
“We are going to need to makes some moves.”
“Or do nothing.”
“More fuck boys.”
“Should I trust anyone.”
“This is what passes for cultural growth and development.”
“Think how you would like to be.”
“Bring the noise.”

“We could be closer.”
 “You want to get this done.”
 “You push to the end.”
 “That is still not the end.”
 “Gwen, I am trying to be respectful.”
 “Your desires will destroy you.”
 “Are you closing?”
 “How does that work?”
 “What do you have in your favor?”
 “There is one moment when I seem to have it together. I work to develop my mind. I
 better my educational opportunities.”
 “It is the law.”
 “There will be no law. They use it to manipulate it.”
 “This will be my world.”?
 “Are we going to need an endgame.”
 “That could be appropriate.”
 “I was sure that we were done.”
 “This is all that you have going for yourself.”
 “Gwen?”
 “You have nothing going for you.”
 “Where will this go?”
 “Where the money goes.”
 “Where the geese goes.”
 “Gwen will not be able to sort this out.”
 “These are all accusations after the fact.”
 “The evil prospers.”
 “Gwen, what about the children.”
 “You fuck with it, and you want a reward.”
 “You are not honest.”
 “And it ends the way that it began.”
 “You could think about it differently.”
 “Everyone is a cop.”
 “How did it work out that way?”
 “Who is getting what she wants?”
 “Gwen?”
 “I am way beyond that.”
 “Don’t even try.”
 “A falling away.”
 “I feel happy feeling sad.”
 “Give me a lemon tart.”
 “This is really beyond me.”
 “Nice sentiment.”
 “I am getting beat at my own game.”

“I would love it to be way more than that.”
“Gwen?”
“Gwen left.”
“She found someone who could repeat what she has always been waiting to hear.”
“You are free.”
“I need something else.”
“And you think that is good for you.”
“That is what you discovered hours later.”
“I gave too much credibility to the moment.”
“They will always love it.”
“Did I feel it?”
“I am not that cranked.”
“This will all happen on your own.”
“I see something that looks familiar.”
“And you actually spent all kind of time listening to this.”
“This is what makes me real.”
“Gwen, help me out.”
“He cannot be helped.”
“How do I escape?”
“Eat this.”
“Follow this along.”
“We are professionals.”
“Is that the risk? Permanent heartache.”
“And you think that helps.”
“I am new to this business.”
“Wait for the punchline.”
“This is your life.”
“Can I get it to happen?”
“I am the one.”
“There are rumors.”
“Develop this.”
“These are lies about me.”
“That is how it goes.”
