

ASSISTANCE

“I have taken him on as a project. He doesn’t really think like I do. But I do not mind having him around. He’s sort of cute.”

“He is not a puppy.”

“Do I look that deep?”

“Do not sell yourself short.”

“What are the big issues in my life? I want to have fun. I want to be around people who get what I am about. Don’t think that there is anything else!”

“I am not sure if I am explaining this right to you.”

“I am so good at this. I want others to understand what I am worth.”

“This could be a lot worse for all of us.”

“And they all listen.”

“They have been giving so much of their talent.”

“What will work for you?”

“Whatever works works.”

“I have a body.”

“Make noise.”

“Be the noise.”

“You do not get it.”

“You did.”

“That works so well.”

“It will only take a few hundred dollars to do this.”

“I need to get some money to buy flowers.”

“Do you eat them.”

“I cannot follow along.”

“And they are going to take your shit from you.”

“Look at me.”

“Do not say anything.”

“What does it stay?”

“I have my own version of creativity.”

“Should I quit.”

“You take care of me.”

“You are entertaining.”

“Like on of those shows.”

“You are a new version.”

“We need to work together.”

“Or stop.”

“I have a script.”

“Then I got really bored. He isn’t defending much that is important.”

“Are you mocking my way of life?”

“I am treading water.”

“What is going on in there?”

“I couldn’t stand listening to much more of this.”
 “That is why we love ourselves.”
 “Sign your name here.”
 “I did.”
 “There is a lot more to it.”
 “More posing space.”
 “You are all over.”
 “Tell me why you love me.”
 “He already has claim.”
 “Do you see how this works?”
 “What is your name?”
 “We like to pretend.”
 “I can do pretty much what I please.”
 “I do not want to interfere.”
 “I need to be a little more distinctive.”
 “The world is going to do it for me.”
 “We are deep in the shit.”
 “We are fighting for what we need.”
 “We have already been through this.”
 “And that meant something.”
 “It could help us through the day.”
 “How did you get away with it?”
 “Self-hatred.”
 “Look me in the eye.”
 “The spell shit.”
 “Wait until I get you home.”
 “No one wants to hear your shit.”
 “I can’t keep waiting for something that is not going to result in any kind of self-realization.”
 “They told me that my food was on the way.”
 “That is all that seems to make a difference to you.”
 “It is coming upon me.”
 “What are you eating?”
 “The spoils of yesterday.”
 “It is pretty simple to explain. I show up for work. And I look as if I know what is going on. I am hoping for something that is never going to come my way.”
 “You have been spending a lot of time planning this”
 “Are you clean?”
 “We are all clean?”
 “This is personal inspiration.”
 “What does it come from?”
 “Playing the lottery.”
 “I want to believe that there is more here.”

“That is what I told her.”

“We sat across from each other. And I was so bored. I didn’t know what to say. I hated to think that I was wasting my time. But this was doing absolutely nothing for me.”

“I like it when you can be so revealing about your situation.”

“I realized that there was something important ahead,”

“I need enough acknowledgment to keep this moving.”

“This is not going to take a book.”

“I spent a lot of time explaining this.”

“Here we are back in the playpen.”

“And I get rejected from my life.”

“Be cool.”

“Add a little at time.”

“This is what it would be if my aspirations were a lot more than this.”

“I will head off somewhere else.”

“If you want me, you are going to have to find me.”

“What do you have in there?”

“How long have you been doing this?”

“Since people have had their eyes on me.”

“Some of this stuff seems worthwhile.”

“We are building to the big moment.”

“What is the honest-to-goodness motivation?”

“Something that is supposed to last. But it goes nowhere.”

“Where is this headed?”

“You think that I am going to fall for this shit.”

“The bus is coming to take me back to the facility.”

“We need more clients.”

“That works for me.”

“That was how we did it.”

“You cannot understand.”

“There are principles.”

“And there are statistics.”

“Are you kidding?”

“We made this.”

“I am going to create history.”

“I get hit by a meteor.”

“I need to add some stuff to get me off.”

“You are in the corner trying to find the vein.”

“And you care.”

“Where is the mobile critic?”

“We have not even started.”

“What got you here?”

“And that is good?”

“That makes me want to puke.”

“What is the big thrill?”
“I pay so much for this shit. It must be important.”
“It goes beyond that?”
“What are you wearing?”
“Do not ask me that.”
“You can finish this conflict within yourself.”
“That is hideous.”
“We went along.”
“I will give a little if you look back at me and smile.”
“You make me want to puke.”
“Take this to redeem.”
“What is that?”
“Green gold. It is so good.”
“There is only one other thing that you can do.”
“Take this.”
“That makes me jumpy.”
“I felt that I had perfected the look.”
“I am going to wait a lifetime for you to come over.”
“I slam the door.”
“I cleaned up the blood.”
“What is more shocking?”
“You can drag out your decay over days.”
“Is this fashion for you?”
“Stop me before I say something wrong.”
“I am so wrong.”
“I lost my memory.”
“Here, put this in.”
“Where is that guy?”
“In a special home.”
“I never had that chance to use it.”
“Use it for what it is.”
“I will wake up alive.”
“I spent my whole paycheck on this shit.”
“Now, they love you.”
“Are you okay?”
“I am motivated.”
“He is feeding me lines from a script.”
“That is my relationship.”
“What is the alternative?”
“Putting up with this shit.”
“There are so many variations.”
“I pushed it to the edge.”
“Just give me a runway shot.”

“What else is going on here?”

“Get in my head.”

“Where are you going to be?”

“I do not know how you can get a full performance out of this.”

“You can’t do that.”

“You want a servant.”

“What is wrong with that?”

“I could explain load of things.”

“I DOMINATE THIS CREW.”

“I want to get close to him.”

“Where is that going?”

“Out the door.”

“I want answers.”

“Answer away.”

“Where have you been?”

“At the shoe store.”

“Did you spend your paycheck for a year?”

“I bought a Mercedes.”

“Pour me a good drink.”

“Is that all you care about it?”

“These are matching bodies.”

“With matching coffins.”

“This is not swan song.”

“What are the swans doing together?”

“Run ahead.”

“This was supposed to mean something.”

“It is a fad.”

“How would you have done it?”

“We could finish if we kept on.”

“Keep on keeping on.”

“And you believe that you can adopt any role to support your point of view. What does that make you? You are totally vulnerable. You don’t really stand for anything. Sure, you perceive a world that is not welcoming. But you cannot attain any lasting certainty.”

“You are still caught up in the infallibility of your culture.”

“Not at all. This is a cultural critique. But there is no other way to view going along with the deprecations of those in power. You have no kind of systematic understanding. That prevents you from making real steps for change. Everything is about personal efforts. That is the basis for ongoing frustration. Individuals have hopes for dramatic social changes. This could be the direct result of the steps that they achieve in their own lives. But it often stops at that point. Little else seems possible.”

“You are designing a model for lasting change.”

“I don’t know. What are you doing? You reflect what is around you, and you make every attempt to move to the top of the social ladder.”

“Why are you talking about me like this?”
 “This could be me. This could be someone else.”
 “I wanted this to be so simple.”
 “There is so much frustration.”
 “There is so much personal involvement.”
 “She could explain it.”
 “I could explain.”
 “You could, but you are not going to be able. You cannot take the necessary steps.”
 “I know what is wrong. I do not know what is right.”
 “You are right.”
 “I copy your method.”
 “This is more than brilliant.”
 “You are marvelous.”
 “I want this to be more than dictation. I am committed to raising questions that can interrupt the discourse.”
 “I have friends in high places.”
 “Are you a political person?”
 “I am a person who knows people.”
 “How have things degenerated?”
 “How have I degenerated?”
 “She is coming for me.”
 “This is the season.”
 “There are assassins all around.”
 “You do not even know how to find the shit.”
 “I value your interest.”
 “Do you know these guys?”
 “They are friends.”
 “There is no sense of deeper connection. There is no manifesto.”
 “We hang out together.”
 “And that will say everything.”
 “I never worked that hard.”
 “I think about it all the time.”
 “We never liked that kind of thought.”
 “You are making people think that this is not fair.”
 “This could be the fairest thing ever.”
 “This could be total nothing.”
 “How did this happen?”
 “The total power of the word.”
 “But the word cannot do it on its own.”
 “Where is your place in the order?”
 “Give me the basketball.”
 “If I stay, I will score a goal.”
 “He did.”

“What did he do?”
“He went along.”
“He got pulled along.”
“I am teaching rules how to win the game.”
“What more is there?”
“She could tell us.”
“She could describe what she does not want in her vicinity.”
“That could be a program in itself.”
“That is more than enough for me.”
“I am juiced for what will follow.”
“This started with a very complex plan.”
“Exercise your rights.”
“Do something.”
“There is humor.”
“Will E. Last.”
“Not funny.”
“They would rather destroy the world than admit that they are wrong.”
“There are ideologies.”
“Why would you show up? Why would you do any work?”
“Here is the costume?”
“She is the exemplar of this way for life.”
“And another.”
“What else is involved?”
“Healing.”
“We started with caring.”
“Everything will continue on to perpetuity.”
“All will flow.”
“I am leaking.”
“What does the organization know?”
“I need to somewhere else to completely understand what is going on.”
“The vantage point.”
“Top of the world.”
“Total love and devotion.”
“All abstractions.”
“I was there. I grew up in house 1234.”
“Who are you?”
“Are you back?”
“I have nowhere else to go.”
“I have something more to share.”
“I need you to intervene.”
“We will do our best.”
“I need an address.”
“I need love.”

“I need delivery.”
“There is s strike going on.”
“This is all mental.”
“We have committed ouselves completely.”
“We have a new delivery of cookies.”
“I will do what you do for less.”
“My eyes missed that.”
“My yes missed that.”
“I am toally somewhere else.”
“I am waiting for you to peak.”
“Take this.”
“We are all so fucked.”
“But we have purpose.”
“Everyone here has purpose. We can understand the various levels of purpose.”
“I need to move to the flank.”
“This is not doing it for any of us.”
“I can break it down better than anyone else.”
“I am recruiting.”
“There is the blood initiation.”
“I need a beating heart.”
“Everyone cannot be transformed.”
“I have take you this far. It is going to be next to impossible from here on in.”
“This is collective.”
“Where do we start?”
“What is your job?”
“I knew that this was headed in the wrong way.”
“Thanks for joining in.”
“I am doing my best to describe the ideology.”
“That is how the machine works.”
“It will not stop.”
“This is a forever.”
“Are you crowding me in?”
“This gives you the feeling that you are more than you are.”
“You are weird.”
“I will give you a list of ideas to help sort it out.”
“This is freedom. This is performance.”
“How do you deal with failure?”
“We do not fail.”
“Why are you trying to drain me of my blood?”
“There are other ways to constitute existence.”
“How does that help you deal with your job?”
“I am anti.”
“I so went off the rails.”

“We are getting back.”
“That means something.”
“You make up for these failures.”
“I am overwhelmed.”
“I am dealing with the impossible.”
“Where is that list?”
“These are the things that you must do to complete the job.”
“Are you fixed up?”
“I am the fixer.”
“Who else is helping?”
“You need to meet this guy.”
“This is all haphazard.”
“There are no mistakes.”
“That is more than impossible.”
“I was not thinking about this.”
“I am trying to follow the right path.”
“Follow a path.”
“And the list.”
“Are you writing down what I am saying?”
“Who are you? What are you saying.”
“There is a fork in the road.”
“I want to be paid a little more.”
“We cannot afford you.”
“I want to run the organization.”
“It is my organization.”
“Is this being done for the best of all of us?”
“You ask me home. Then you ask me to get in your coffin.”
“Someone has a grasp.”
“What are you doing?”
“I am collecting all these interviews.”
“You are not copying down what I am saying.”
“I am staring in your eyes.”
“Are you back?”
“I can help with a business plan.”:
“Why are you here?”
“Do you share the same concern?”
“Where do you interrupt profits?”
“Does this excite you?”
“I will give you a little more excitement.”
“Look what I can share with you.”
“Let me get in.”
“I can transfer all the affection to you.”
“Press the button.”

“She told me to risk everything.”
“She told me to risk everything.”
“She told me to risk everything.”
“What do you have to give me?”
“More pretense.”
“More bull shit.”
“I am moving in my chair nervousl.”
“Will anyone care after that?”
“We are only in the middle of the exposition.”
“What more do you need?”
“I need to come down.”
“I need to turn down.”
“I need to run away.”
“You are blocking me from what I want to see.”
“I am sure that will matter to me.”
“Can there be something more?”
“Take this smile, and generalize it into a social program.”
“You have no idea what I am talking about.”
“I wish that you could do it.”
“I can help you to change the world.”
“Is he coming?”
“What more do you want to know?”
“What else do you know about history?”
“This is the key. And I keep doing the same thing.”
“That is magnificent.”
“I fill in my life. I have the inspiration.”
“Can I play?”
“What got me to thispoint.”
“We need to take it apart.”
“What is in the body?”
“This is the bone and blood version.”
“She need to go home.”
“I have not even prepared.”
“That real amounts to nothing.”
“This is genius.”
“I want to tell the world.”
“Someone will know the origin of the concept.”
“This starts with self-consciousness.”
“Or a lack of conscience.”
“He took one look at me.”
“You have the face of a killer.”
“That is not what I want to hear.”
“Where did you get that skirt?”

“Where did you get those shoes?”
“Where did you get that body?”
“Basic blood and bone work.”
“What makes you this way?”
“Who made me?”
“You took on a task.”
“I am going to kill myself sitting here.”
“What is in the game?”
“Revealing stuff.”
“Did you like him too?”
“Did you go back to his place?”
“Just the fact that we spend so much of our lives doing this bull shit only contributes to a terrible situation.”
“Are you nervous?”
“I cannot believe that this is going on.”
“You need to close the deal.”
“This is not a deal. This is my life.”
“I do not want another costume. I want an idea.”
“Row, row, row your boat.”
“Why would that help?”
“What more would you need?”
“I have it all.”
“We are going so far back in time.”
“Sticks and stones.”
“What are you doing?”
“Developing a coherent argument and taking it apart.”
“Go now.”
“He is taking me back to the crib.”
“I will have to wear baby clothes.”
“I have no idea who I am.”
“Where have you been hiding?”
“I am even more convinced that you have idea.”
“Who are you working with? Who are you working for? What is your work about?”
“The missions.”
“How does that work?”
“You have what you want, but do you have what you want?”
