

THE REAL THING

“Are we both wearing the same dress?”

“Are we drinking the same drink?”

“There is more to ask.”

“I want to revise my personality.”

“There was a moment of genius.”

“Just call it a game.”

If I could describe my goals in a nutshell, I could satisfy them now, and the story would be over.

“You can truly do it for me.”

“And it ends just like that.”

“This is the aftermath of the aftermath.”

“Am I part of the story?”

“Is there a story?”

“Turn off the bright lights.”

“We aere living our lives.”

“Stand up straight.”

“And that does it.”

“It better.”

“Is there a competition?”

“I want you to stop me dead in my tracks.”

“This is the census.”

“What are the questions?”

“Am I alive?”

“Where do I live?”

“Who is with me?”

“Who is going to interrupt me.”

“I do not want to wait any longer.”

“They told me that you are the writer.”

“Obviously.”

“No, the resident writer. The writer for this place.”

“Are you back?”

“I have lost my critical abilities.”:

“These guys are all gone.”

“A new group.”

“A new set of beliefs.”

“Someone with an active pen.”

“Tried on the bathroom wall.”

“You are not going to give me a fair trial.”

“Who else should be here?”

“There is so much crowding out.”

“Do what needs to get done.”

“Where are we headed tomorrow?”
 “Promise me anything.”
 “I cannot explain it.”
 “Are there doubts?”
 “There are only doubts.”
 “He writes great songs.”
 “Say what needs to be said.”
 “This guy is really brutal.”
 “They all are.”
 “Will it ever bear fruit.”
 “I need to talk.”
 “I need to be silent.”
 “I need a solution.”
 “I am dying here.”
 “Do not leave the house.”
 “Pay for my meal.”
 “I became someone else, so much socially adept.”
 “This guys is trying too hard.”
 “This guy is not trying at all.”
 “I spent such an effort becoming me.”
 “Four levels of terrible.”
 “What do you want to know?”
 “I do not want to know anything.”
 “What is that worth?”
 “I am watching out for her.”
 “Make the move now.”
 “Take more time.”
 “And that has mde all the difference.”
 “What about Vittorio’s rule?”
 “That was discredited.”
 “That was all that I needed to get ahead.”
 “Which mean that I got nowhere.”
 “That is not that.”
 “I am going to die from my own shit.”
 “Floating in the sauce.”
 “We are all one. In the ocean.”
 “What is any of that about?”
 “There is a balance.”
 “I do not like where this is going.”
 “This is a stop along the way.”

I had ample opportunity to teach people. And they seemed to benefit from these lessons. Then it just ended.

“It is amazing how things end, and they all come back to the same thing.”

“This is a life in itself.”
“What do I need to do?”
I had a personal emergency.
“Does the book just stop?”
“Who are you directing?”
“My theater group.”
“There is something much bigger at stake.”
You needed to be nicer to me and to my friends. We gave you a chance.
“Did you give the world a chance?”
“This is more than a little amazing.”
“The world gives itself to you.”
This was supposed to be a story of great sacrifice.
“I am not a martyr.”
“There are new codes.”
“Invisibility.”
“Not in a good way.”
“I do not want to be hated.”
“You never joined in.”
“What were the greater risks to your personality?”
“Just take this over.”
“Blow out the candles.”
“What are your aspirations?”
“Did anyone notice?”
“Notice.”
“A certain kind of notice.”
“OUT, CREEP, OUT!”
“Someone will understand completely.”
“Wake me in a couple of hours.”
“Some people do not have that kind of time.”
“I am desperate.”
“There is a penalty.”
“I can get it all ready for you.”
“You can handle this scene.”
“Where is the director?”
“All power to the soviets.”
“What is that about?”
“The football game.”
“I am gone.”
“I was never here.”
“I have seen him before.”
“Not someone that that I want to remember.”
“I have another version.”
“What is the selections process?”

“Super creep.”

“You could have saved the place for me.”

“You are in my shit.”

“Someone is buying me drinks.”

“You are not that confident.”

“I want to get zonked.”

“What do you want to forget?”

“The last time.”

“These are a bunch of pretend movements. They mimic the imperatives of social change. It is another form of dress up.”

“People like to play roles.”

“The one main role is the end of bad roles.”

“How does that function?”

“Hit the note.”

“I am here.”

“What about the factory?”

“This became some kind of factory.”

“You might as well have tied me up in the basement. You showed no respect for me as a person.”

“Where is this coming from?”

“It all came down to the same thing.”

“Help.”

“I can do that.”

“Then do it.”

“Who is running this?”

“I almost left.”

“Tell me what to ask for.”

“Total devotion.”

“Join my show.”

“Where have you been?”

“I am writing about it.”

“I have a cat suit.”

“There needs to be more question.”

“We show up.”

“And that is supposed to be good.”

“I could show up for you.”

We entered the healing phase.

“We are not going to talk about the battle anymore. What were you even fighting for? A song. These are people who get excited about something that is hardly exciting.”

“Brilliant.”

“Do not leave on me.”

“What are the four levels of smart shit?”

“This could be your chance to explain it.”

“There is some one person who believes in the pwoer of music to change lives.”

“There is some one person who believes in the power of power to change lives.”

“I am looking good.”

“Another level.”

“I can make it on my own.”

“What is the meaning?”

“Where is this headed?”

“I am among greatness.”

“There is an exit.”

“I am gone.”

“I only arrived.”

Honestly, you could chronicle our greatness.

“There is something moving.”

“What would that be?”

“We have almost arrived.”

“And you loved me.”

“And you hated me.”

“I could turn you into a wonderful show.”

That would be the theme of the chapter. I could teach you new things.

“What do you know?”

“I never expected this to go on for so long.”

She wanted me to create a story for me. What would that involve? Why would that be any better for me?

These little changes are not going to transform the world in a significant way.

“For the moment, that was the most delightful thing that could happen.”

“Give me a name.”

“This is a revolution of detructive personal habits. If I can beat myself, I can beat the world.”

“We go from bad to worse.”

“Look at the eye makeup.”

“That shook me to the core.”

“We went to the core before.”

“How long is this supposed to last. ’

“Three more hours.”

“Do I go looking for her?”

Was I supposed to go looking for myself?

“How could I balance this story?”

The eye makeup would make me the main character.

“I do not want to interfere.”

“And that is supposed to work.”

“Anything works.”

“There was one moment when it could have been something different. We had worked at home. We brought our playfulness.”

“Will that count for anything more?”
“You are going to have to pick me off the floor.”
“I am trying for something else.”
“This is not a love ting.”
“How many drinks?”
“How much soap?”
“You do not have cause.”
“You have cried too much for yourself.”
“She is very much unique.”
“It is not the body. It is the projection.”
“How does that work?”
“I am trying to explain the physics, but it is all exploding in my face.”
“You see what I see.”
“There may be another form of expertise.”
“We need to rescue people.”
“I try to do it now.”
“Who is running this?”
“We are all working at it together.”
“I need one thing to complete my being.”
“Completion.”
“What was that?”
“A picture.”
“What am I missing?”
“I please to aim.”
“Shit.”
“Explode.”
“None of that works.”
“Be true.”
“There is not enough life to know.”
“I need a guide.”
“That could be everything.”
“I am so over.”
“Are you kidding?”
“I cannot contribute.”
“What did I say wrong.”
“I did it.”
“There is nothing else.”
“Eye-to-eye.”
“Mouth-to-mouth.”
“He did what I needed.”
“Do not love me.”
“Do not leave me.”
“He is running me.”

“I need to find some kind of independence.”
“We could do this all night long.”
“What are you bringing here?”
“Quit pretending that this is doing anything for you.”
“Rate this.”
“No one is getting out of here. These are different kinds of dreams. You can buy into one and pretend.”
“I do not want to give up or give in.”
“What is the choice.”
“The man behind the camera is in front of the camera.”
“Keep waiting.”
“This will kill you.”
“How long will this last?”
“Until the end of time.”
“Do not interrupt.”
“I am going to eat your shit.”
“Are you the assassin.”
“The vandal.”
“The thief.”
“Souls.”
“The dealers all take credit.”
“My life is now on credit.”
“He blesses me.”
“What did you get to enjoy what you have?”
“What are you saying?”
“I need to give good advice.”
“Love yourself.”
“Which part?”
“That is too difficult to figure out.”
“You always say that when it is about me”
“Hang on.”
“I could live in some other shit hole.”
“I am trying to find the person who gives me everything that I need.”
“The person who can get my fucked up.”
“I lost my goals.”
“Interrupt me.”
“I do not really like that.”
“Where is my food?”
“Where is this headed?”
“Say what you want.”
“This is a story for the ages.”
“I can tell you so much more.”
“Do not hurt me by showing up all the time and trying to make fun of me.”

“Stop dragging my heart around.”

“It never works like that.”

“Another level of schmuck.”

“I lost you.”

“I lost you.”

“I lost you.”

“I am not part of this story.”

“I felt as if my life was not my own,”

“I am worried.”

“We do what we can.”

“Then you arrive.”

“You never arrive the right way.”

“I have different hair.”

“Same vibe.”

“I am becoming something that I hate.”

“I am having a lot of trouble focusing.”

“What will work for now?”

“Your dreams have something to do with work.”

“It starts at work.”

At work, you learn the tools to transform the world in a sustained manner. But you are prevented from realizing that understanding.

“I knew that I would get lost in a primordial soup.”

“I am losing my sense of self.”

“Are you coming back?”

“I only need a few dollars.”

“I do not have a lot of faith in the now.”

“I can help.”

“She is he knower.”

“What is that?”

“We are going to need something spiritual.”

“This is a super freak show.”

“I know that there is a another discourse that would be more fruitful at revealing our motives. But most people avoid this understanding.”

“There were the two readers.”

“The confessors.”

“Where did they go?”

“Everyone wants a new jacket.”

“I am burning up.”

“There are so many clowns promising redemption in a night.”

“And that works.”

“And that does not work.”

“Why were you kissing that guy?”

“There is no motive. Things happen.”

“Why are you trying to generalize about morality?”
“I have the order.”
“I can control this.”
“We are working on this together.”
“I am part of a seminar.”
“Who is presenting?”
“We are here to criticize.”
“You need to understand it first.”
“Where have you been?”
“There are some things that we cannot do together.”
“Fishing.”
“I have baited the hook.”
“We are after different things.”
“I am not of this earth.”
“Why do you want to play?”
“He told me that I was great.”
“Is he great?”
“I am wearing ear plugs, and you think that I am listening to your crack ass dialogue.”
“What are you listening to?”
“The rhythm of the universe.”
“Cut the shit.”
“That is all that matters for you.”
“This is where some real exaggeration begins.”
“I am not preparing for anything that important.”
“I have all that I need.”
“Do you still love me?”
“I want to be part of that.”
“Whiplash.”
“And it is done.”
“We start again.”
“The necessary reset of our lives.”
“There are deeper questions to ask.”
“Who dropped the money?”
“If I find it, you are not getting it back.”
“Why does everyone hate each other?”
“Why do you love me?”
I did not have much time to sort it all out. I had given too much of faith to a false belief.
“You can take this over.”
“I play to win.”
“I love to win.”
“We can all be tempted by our bull shit.”
“Where were you when you last realized that you were so off?”
“Now, we enter endgame.”

“I will solve this.”
“I have something to take care of.”
“My heart.”
“Do not destroy this for me.”
“There is too much hate.”
“Not this way.”
“That.”
“I need to save you from drowning.”
“I am in the tub.”
“This is more than I can ever take.”
“I am on for some big stuff.”
“This is going to be over before it has began.”
“I have destroyed myself.”
“I do not want to leave.”
“Words are not enough to describe what is really happening.”
“I went home and changed.”
“I changed as I went home.”
“Is that the word that will do it?”
“Mother.”
“There are some deadlines.”
“I did not need anything from you.”
“I needed it all.”
“Take it.”
“If I hit the stratosphere, will I know?”
“You are drifting off into nothing,”
“I can tell it all to you.”
“Dusk, Ariadne, Marchesa.”
“It is still the disease.”
“Of knowing.”
“You know the most when you can do nothing.”
“Not knowing.”
“Then you hit me.”
“I am dying.”
“Do not be so mean.”
“You are brutal.”
“Do not take me to brutality.”
“They closed the hospital.”
“I did not have insurance.”
“We see how this goes. You will destroy people who have it better than you.”
“Where is the spirituality?”
“Each day has its royalty.”
“Someone loses her head.”
“For what.”

“What is this game?”

“HEADS.”

“Losing them all.”

“I do it for the team.”

“We can collect them all in a basket.”

“At the end of the night, we reattach the heads.”

“I do not feel like myself.”

“What got us to this point.”

“We leave.”

“Le corps morcelé,”

“He does not even care about people.”

“He says that he is a therapist, but he might as well be a pornographer.”

“I see what I like.”

“So does everyone else.”

“How do I escape?”

“Don’t hate yourself.”

“Don’t be so strident about your beliefs.”

“They are beliefs.”

“Some things do matter.”

“What can we do?”

“Look wonderful.”

“Be wonderful.”
