

VARIETY

“I have the story that is going to change the world.”
 “I start hating myself.”
 “How many variations of shit can I go through?”
 “And you are being flattered by some asshole?”
 “It is like fine wine. It get better with time.”
 “Now, I am truly fucked.”
 “I am a great chemist.”
 “What does this do?”
 “Fun all the time.”
 “A variation of self-hate.”
 “I am easily fooled.”
 “Where were you when I truly needed you.”
 “I need to cheat.”
 “They will all come to you.”
 “Where does that stop and end?”
 “I need to make my life better.”
 “How do you do that?”
 “You love snacks.”
 “Hold on.”
 “Eat this.”
 “That is all beyond me.”
 “I got thrown out of a car.”
 “All this stunt shit.”
 “I am looking out for you.”
 “I will be your teddy bear.”
 “My life has already reached that point.”
 “This shit rolls in.”
 “More ways to hate myself.”
 “And I am going to keep being this way.”
 “That feeling can undergo a total transformation.”
 “Where does that work?”
 “The look.”
 “He says that I look great.”
 “What does he say about what I see?”
 “I am planning ahead.”
 “Give me a few extra days.”
 “Just five.”
 “And I am there.”
 “Do not quit while there is still a story.”
 “How can I attain a personality if I am like this all the time?”
 “I want this.”

“I love the jacket.”
 “I got it from a loony actor.”
 “There is the impossibility of politics.”
 “I need to quit the bad feelings about myself.”
 “Do I reflect the world?”
 “Make something terrible happen.”
 “I can make you love me.”
 “I need this.”
 “I live off this.”
 “There is one person that put all the pieces in place.”
 “This is a shell corporation.”
 “She needs to find ways to make things happen.”
 “Such as.”
 “I know Ariadne.”
 “She stitched together the universe.”
 “This will not be the final presentation.”
 “What is your name?”
 “You know my name.”
 “Andromeda.”
 “Shit.”
 “It is you.”
 “What is that about?”
 “I am already part of something exciting.”
 “I am not going to leave your side.”
 “There have been times that I have been so fucked up that I was unable to describe what was actually happening in my life.”
 “You attest to the cult.”
 “They tried to recruit me.”
 “These are different ways to abandon class consciousness.”
 “What are you all about?”
 “Who is protecting you?”
 “I am not protected. This is total vulnerability.”
 “Like the stars.”
 “I didn’t think that you would intervene at a moment like this.”
 “I cannot move.”
 “This covers nothing.”
 “I have one goal.”
 “I get stronger.”
 “What is next?”
 “You had a chance.”
 “You had one chance to capture me.”
 “Andromeda knows how far this goes.”
 “I can enumerate all the stars in the sky.”

“Then it is all like sludge.”
“I am a different kind of believer.”
“You need to surrender to the scripture.”
“I need you to understand.”
“Then I stop.”
“I get all that I would ever get.”
“You have no idea what I am really doing.”
“In the beginning.”
“I am not standing for much.”
“It is pretty much the same.”
“Toss me in the back of the truck.”
“Do you get it.”
“You ask such leading questions.”
“I am waiting until I understand the world better.”
“We are concentrating on particular stars.”
“I watched them burn out.”
“I could put them all back in the sky.”
“This is totally wild.”
“Andromeda knows things.”
“You need to teach me.”
“We need to deal with political questions.”
“He was nice to me.”
“That is all part of the cult behavior.”
“Are you going to give me voice that I do not have?”
“How do we put the body together?”
“What works for you?”
“Should I even think about it.”
“That makes zero sense.”
“I cannot help.”
“How do they put the stars in the sky?”
“Andromeda, do you have program?”
“What would that mean?”
“There have been guys who fucked with me in a bad way.”
“I can change things.”
“Butterfly transformations.”
“How is that?”
“What are the other changes?”
“What is deeper than deep?”
“Let it go.”
“I enjoy being who I am.”
“Not here.”
“I look back on who I was. And I hated that.”
“We will get to it later.”

“We need to experiment.”
 “This is a pure mental connection.”
 “I have waited for this.”
 “I am on a different light wavelength.”
 “Yes, Andromeda.”
 “Someone wants to ask you a question.”
 “The question that you want to ask is related to the questions that the universe feeds you.”
 : “We are all loveable.”
 “Cosmological determinism.”
 “We were dealing with people, who were trying to control our behavior.”
 “A good influence can be good.”
 “None of that is very profound.”
 “Will you operate?”
 “I am afraid of blood.”
 “I hurt.”
 “I suffer for the world.”
 “Andromeda, do you feel slighted?”
 “The plants could be nicer to each other.”
 “What is missing?”
 “I am preparing for a great event.”
 “The writer lacks real empathy for people facing actual problems in their lives. It could start with something simple. Like difficulty dealing with paying for car repairs.”
 “Are you getting trivial?”
 “I am looking at the number.”
 “I can’t bother.”
 “You are so good.”
 “We are not some kind of contest.”
 “We hung out together.”
 “I ate all your sushi.”
 “Was that a delicacy for you.”
 “We all have stories.”
 “Where are you going to take it?”
 “To the off-shore account.”
 “I have my own island.”
 “When are we going to get to them?”
 “Through economies of scale.”
 “There are no symbols here. Nothing means anything.”
 “You are going along with the shit, and this is taking me down.”
 “I have some stocks for you.”
 “Where does this start?”
 “On the shop room floor.”
 “Was that good for you?”
 “Excellent.”

“Rush back to the house.”
“I need to fold that shell corporation.
“I need an analyst.”
“Financial analyst.”
“I am walking on egg shells.”
“Do this for me.”
“We have time.”
“Do not associate me with those people.”
“Andromeda will sort it all out.”
“What is your hope?”
“I can do whatever I want.”
“Can you can you improve your mathematical acumen. Can you take down the system?”
“Why does that make change?”
“I lied.”
“That is what I think.”
“Where is the magic happening?”
“In the city.”
“Andromeda cannot do all this.”
“Another terrible soliloquy.”
“Sound the alarm.”
“I recognize that this is a political crisis. How can we maximize our awareness?”
“What is going to happen?”
“I am back on the line.”
“There is a bounce.”
“Do not pretend.”
“You have to die to rise from the dead.”
“There could be a different sequence of events.”
“You can break it down to a whole lot of nothing.”
“I can move so quickly.”
“I need Rels.”
“She is not coming.”
“He is going to try to destroy you.”
“He thinks that he is some kind of expert.”
“Have you paid your taxes?”
“Did you do the yearly report to the stockholders?”
“There is going to be a rebellion.”
“I cannot save anyone.”
“They are going to kill each other.”
“What about the movement of history?”
“Why are you threatening me?”
“I have all my money in my purse.”
“Are you doing money-laundering.”
“You are not serious.”

“What are you working on?”
“The revelation.”
“What kind of revelation would this be?”
“He was not able to destroy his enemy.”
“There is a brilliance.”
“I have watched your act.”
“I am much better than that.”
“I was not looking for a critic.”
“No weapons.”
“Total exercise of the will.”
“Back to the accounts.”
“Andromeda, what do you think?”
“Put it all in real estate.”
“Put it all in poverty.”
“You are definitely small fry.”
“I have nothing to fry.”
“What would Sebastian say?”
“Hands off the small fry.”
“What the fuck is he up to?”
“Sebastian is a patriot.”
“He really has a limited understanding of history.”
“That is all that he needs.”
“He is special.”
“I have done wonderful things for you.”
“Down in the basement.”
“This is not a horror movie.”
“I like the earrings.”
“We are learning about different forms of revenge.”
“You do not need to feel bored.”
“These gifts become a form of revenge.”
“I do not have that much emotion. I need to work in the morning.”
“I need to work tonight.”
“Do not mock me.”
“I am so done.”
“I can make things happen with food.”
“And architecture.”
“I am looking.”
“Looking for a place to stay.”
“Back to real estate.”
“Less value for more.”
“It always retains value.”
“Until the world talks back.”
“Andromeda, you know the map.”

“Places where I could live.”
“We are going back to the bad dreams.”
“We build over ancient cities.”
“There is not enough energy to give us memory.”
“What do we eat to get ideas?”
“A fish sandwich.”
“Who is the lead engineer?”
“This place is built to fall down.”
“Respect what I do.”
“She gave me fifty dollars.”
“That guy was selling crack rock.”
“He called it something else.”
“There are always nutritional supplements.”
“I want to hide from the world.”
“You found me.”
“I know where your mind is.”
“Buildings.”
“I am where I need to be.”
“Why are you so bitter?”
“They spiked my bottle.”
“All these bad memories.”
“I want to see God’s face.”
“How will that work?”
“Different rhythms.”
“The drummer.”
“The drums of war.”
“How does that affect me?”
“The big connection.”
“Eat up!”
“Communion.”
“Why does that even work?”
“Too close for discomfort.”
“You can explain it.”
“Protect the truth.”
“Whatever that is.”
“The ingredients.”
“It is up to you.”
“I am doing this to show how bad you have it.”
“You do not understand the pantomime.”
“What are you imitating?”
“Is this enough for you?”
“I know what we are up for.”
“Rels.”

“Where are you? How much will I give?”
 “I could just stop.”
 “Stop.”
 “That is all that we know.”
 “The chorus.”
 “The killing.”
 “And that results in some kind of transcendent awareness.”
 “Come out of character.”
 “I already have.”
 “We have all given too much.”
 “What would too much be?”
 “Take one part, and put it somewhere else.”
 “Are you good with memory?”
 “I am trying to do a thorough historical analysis.”

“Will they know what is going on?”
 “They will get help.”
 “Are you an expert?”
 “The island metaphor.”
 “I will be back.”
 “I am a good person.”
 “That doesn’t amount for much.”
 “I have a mission. I am here to give you emotional support.”
 “Are you watching me?”
 “Get out before I look back.”
 “We all turn to salt.”
 “Dusk was ready to reveal.”
 “What do you know that no one else knows?”
 “I came out of myself.”
 “Should I even be here?”
 “How will you close up?”
 “I will pay what I owe.”
 “Only in human psychology can your problems be turned into assets.”
 “Write in what you want to.”
 “You are not a great accountant.”
 “Where does this end up?”
 “Clean out all the accounts.”
 “I am printing my own money.”
 “I am more than a little frustrated.”
 “There is a joke here.”
 “You have been eating my food.”
 “This is revelation time. This is...”

“We can help!”

“Women come here for validation and compensation.”

“You’ll dig,
and find that there is nothing here...”

“Not in any respect...”

“We need to stop!”

“I don’t like men anymore.”

create insecurities
put them on everyone

“You are not here. If you are burning it down to the elements, then you are not completing the process here.”

“I may have to remain here for a long time.”

“What do you see?”

“Something that he missed. He was frustrated, and he abandoned the field of battle.”

“This is happening to a lot of people here.”

“You could organize it in a different way.”

“That’s Dusk’s intention. Everything feels better with being better.”

“Where does that come from?”

“I need to be more perfect doing what I do.”

“We could ask Nola. She wants to add her observations. She could use a soliloquy. She has spent time preparing for this moment. Where did it go?”

“On your knees.”

“In adoration.”

“No one wants to know.”

“You think that you have a grasp on this.”

“Now, I understand.”

“As long as there is Dusk, no one will take Nola’s arguments seriously.”

“She looks so classy.”

“Four minute mile.”

“I want to join in.”

“We have some toys for you.”

“They know.”

“There are a lot of people who know. But there is so much more here.”

“This is what I do. I am not looking for critics.”

“Flatlining.

“When were you not flatlining? I do not see a pulse.”

“Why did the story fall off?”

“It becomes next to impossible to overcome the influences of work. You keep at it. Then you collapse under your own weight. You can delay the inevitable. Then it hits.”

“I cannot explain the calculations on page four.”

“This is simple economics.”

“We do not reach that point.”

“That is why we do not reach that point.”

“We suffer in silence.”

“Or we suffer in disbelief.”

“Someone will save us.”

“There is always someone here.”

“What is the real story?”

“I need to do my job.”

“Sure, you do. What else you do?”

“Do we flip through the manual?”

“You should know it by heart.”

“I feel more than a little desperate.

“This is the fight.”

“Watch it all from on high.”

“We do not expect something.”

“Here is a toast to those who have a better life. I want to see what it is.”

“This could be better than anything.”

“And what is the alternative.”

“People searching for something more.”

“And Nola thinks that there is a story here.”

“Not today, next week.”

“That is the mantra.”

“What if you really were out there in space?”

“He has the wounds to prove it.”

“We could view it from another direction.”

“We could.”

“You need to know that was the end.”

“I need to forget so I can remember.”

“This is a Sunday, and we are deep in the shit.”

“I did what I needed to do.”

“We will go over all that once more time.”

“Can you explain that to me?”

“You have this pain all the time.”

“What about the knowing? Can you ever attain the knowing?”

“Where did she go?”

“Where did she go?”

“Where did she go?”

“I feel as if I have never been part of any of this.”

“The puppies.”

“They speak.”

“What do you want to hear?”

“Basic thing.”

“Unconditional love. And the inability to achieve any kind of accountability to win back the conditional love.”

“I am not looking at a human thing.”

“You are hungry.”

“You sare angry.”

“There is not a cesire to know the actual history. You cannot describe the world if you have only seen the world from Nebraska.”

“I can see the stars.”

“I am trying to grasp this.”

“There are the fallen stars.”

“And the falling angels.”

“That all took so long.”

“That could not be better.”

“We all have a condition.”

“I only need one person to figure it out.”

“What do you want to see?”

“Nothing.”

“These are causes.”

“It is not going to matter tonight.”

“Is this a preview?”

“This is how we live.”

“You cannot improve the original.”

“We get a deal.”

“Life is...

burning it down to the elements...

gun to the head.”
