

AFTER THE FACT

“How could I ever know?”

“I am waiting this out?”

“A total power grab.”

“You know the ethics of this.”

“And I spend my time in a cell for something that I thought was right.”

“There was enough case law against you.”

“I am stuck.”

“Is this an interview?”

“You are talking this all too seriously.”

“I do not want to limit your options.”

“What is really happening?”

“You have tapped into productivity, and you try to generalize on that.”

“How do you spend your time?”

“I am not allowed to take a break.”

“How can you make money offering status?”

“What is the real complaint?”

“Nothing that I care about.”

“They are going to buy us out.”

“What is going on over there?”

“I am tapped in.”

“And what is the connection.”

“Give me everything that you have.”

“He left the city.”

“What is left?”

“I am not that flexible.”

“I am so far out there.”

“Why does that mean anything for you?”

“Bubbling over.”

“What kind of value is this?”

“I am coming out of myself.”

“This is worth next to nothing.”

“I can make you a deal.”

“Where am I taking this.”

“This is all that I have.”

“I got shut down.”

“What is really going on?”

“I am running out of words.”

“You are trying to corner me.”

“I have moved up.”

“Everyone moves up.”

“And you cannot restrict the developers.”

“And that is your goal.”
“We are all taking about one thing.”:
“That is the one thing that makes any difference.”
“I cannot follow all these words.”
“Catch the drift.”
“How should I use this word?”
“Put it in a box.”
“Practice silence.”
“I am not awake.”
“What does it mean to be clued in?”
“I have a request.”
“What does that ever mean?”
“That makes sense.”
“It does make sense.”
“We did a revision.”
“He would not shut up.”
“He is an angry guy.:
“And he now another angry guy.”:
“You are not touching anything.”
“Why does it all make sense for you?”
“I went back in time.”
“I am a spectator in my own life.”
“How does that function?”
“Follow me.”
“I am not looking for a leader.”
“That would be so simple.”
“I am drifting around.”
“Why is that worth listening to ?”
“This is the perfect reference.”
“You could have stopped this.”
“That is really what you are trying to explain.”
“Your crush.”
“That will destroy you.”
“Surely.”
“It achieves total coherence.”
“You are drifting.”
“It happnes to all of us.”
“That is self-destructive.”
“I need you to briefly come out of character.”
“Should I love this?”
“Why?”
“How are they working self-governance.”
“I pretend that there is more to it.”

“So much more.”

“He thinks that he has something that he doesn’t.”

“They all do.”

“Is that all it takes to shut you down?”

“I have already left.”

“I do not bless this.”

“I am doing so much worse than he is.”

“That is your show.”

You claimed that you did not have the attention span to follow the presentation. But you spent so much time listening to their argument wind its way around the inevitable twists. And you just went with it as if this was some kind of obligation. What were you ever thinking, and how did you get caught in total agreement?

“I smiled for my public.”

“I felt pain.”

“I got caught.”

“How did you make it in?”

“Total mind control.”

“And you complain about your mind being controlled.”

“And we all find what we want.”

“I would have to be daft to give in to this.”

“What was the trick?”

“Nothing original.”

“A lot of money spent for cheap shit.”

“And a theme song.”

“Are you listening closely?”

“I have a box of candy.”

“Where will that get you?”

“In the front door.”

“That is fortunate.”

“I will take that.”

“He will too.”

“I see something there.”

“I have a goal in mind, and I am totally distracted.”

“What else is going on?”

“A lot of preparation.”

“I am going to mess with him.”

“I will finalize.”

“What is in the bag?”

“I brought you the treasure.”

“And it turned into a horror movie.”

“Who killed the monster?”

“All my life is worth this much attention.”

“A nice home.”

“A loving man.”
“I need you to get me there.”
“I want to hang around.”
“I am right there.”
“She thought about this.”
“IF I DON’T GET A SURE REWARD, I AM FUCKED.”:
“You are part of a system.”
“The system is betraying me.”
“That is all that is important.”
“That is all.”
“The old in and out.”
“What am I supposed to look at?”
“My introduction video.”
“Love.”
“Love and hate.”
“Drink this.”
“I will take it.”
“Honey, you need to get up for work.”
“You stopped me dead in my tracks.”
“This is a way of life.”
“I can fill in.”
“How does that matter?”
“What does intelligence matter?”
“I have no idea what I am doing.”
“Do what the rabbit tells you.”
“How do I listen to the rabbit?”
“I have heard this before.”
“They bought me on line.”
“She has everything that she needs.”
“She has a vehicle.”
“I am so sorry.”
“What is really in there?”
“I had an accident.”
“And what did that do?”
“Do it all for me.”
“You are the early shift.”
“I am going to sleep through my life.”
“That would be perfect for me.”
“And I rush back to love.”
“We all do.”
“You quit before you started.”
“You made contact.”
“What kind of animal?”

“A seahorse.”
“Some kind of sturgeon.”
“Do you even care?”
“I don’t want to be disturbed.”
“What is the world doing to me?”
“That shows how much I have missed.”
“That is the end.”
“What was the replacement?”
“This is for the eavesdroppers.”
“What have they figured out now?”
“That they are not listening to what needs to be heard.”
“I have seen you before.”
“And we add up every glance.”
“We are in heaven.”
“We are deep in hell.”
“We make a claim.”
“We find love.”
“I love that.”
“What are you selling?”
“Persecution.”
“I got nothing that I wanted.”
“Do not be so fussy.”
“Stare me in the eyes.”
“And you paid money to feel like that.”
“Wait here for the doctor.”
“This is going to take so much longer than that.”
“What is your cat doing?”
“There is something that I am missing here.”
“Total concentration.”
“I did not even look up.”
“It just happened.”
“And again.”
“Run, run home.”
“I am home.”
“I assumed that this was part of the show.”
“I should be somewhere worth being.”
“Nothing will change.”
“Nothing is meant to change.”
“It is an amusement park.”
“I am falling off the top of the world.”
“Do you know that?”
“They all do.”
“It mattered at the time.”

“Can I join in?”
“He really didn’t get it.”
“He was not meant to.”
“Rescue me.”
“Can you do this for me?”
“Do it for me.”
“He got shot on the corner.”
“Television shit.”
“Real shit.”
“A bad forty.”
“Where did this come from?”
“You have arrived.”
“I didn’t know that I was waiting.”
“How could this be a religious celebration?”
“This is my life.”
“And you are my homework.”
“Is that all it took to love you?”
“I grasp the issues.”
“I drove all day just to get here.”
“We are here.”
“Why does no one listen?”
“That was the reason.”
“Why should I stay here?”
“This is part of the trap.”
“We are all trapped.”
“That is part of the plan.”
“Dinner is served.”
“That will not do it.”
“We have ice.”
“What will that pay for?”
“I am gambling.”
“They are oblivious.”
“They will be called back home.”
“THE MONEY CANNOT BE EXCHANGED FOR ANYTHING OF VALUE.”
“How did that work?”
“Get the wheelbarrows.”
“You are so far out of touch.”
“My friends are next door.”
“This guy will never understand.”
“There are other things to get fixed.”
“That does it for now.”
“And I am out of cards.”
“You never had enough to work with.”

“Will you share?”
“This worked for what was needed.”
“There was so much more.”
“None of it is worth it.”
“Imagine.”
“And that is worthwhile for you.”
“I want to get a little closer.”
“Do not think about it.”
“Do not try.”
“We are different places.”
“And I realize that I have really been tricked.”
“This was supposed to be an art show.”
“No one cares.”
“You could be more tolerant.”
“Rels can return and fix it all up.”
“Worry is not going to result in anything worthwhile.”
“We are going to need a little more.”
I was so sorry that I could not explain it in the time that I had.
“I had time in. He had time in, and that created a family.”
“This is horrendous.”
“Do you realize that you are part of the horrendous.”
”I needed this review.”
“I need to plan and I need to resolve.”
“Why did you stay?”
“To save for what is coming.”
“Doughnuts.”
“Lead me to the promised land.”
“What does that mean? You are fucking up so many things.”
“You are really a boring person.”
“I cannot explain that to you.”
“Why does anyone love you?”
“I have fans.”
“I am so done.”
“What does the performance involve?”
“How do you make it big?”
“I enlarge.”
“How does that work?”
“Lenses. Optics.”
“Can you really do anything?”
“Why should I believe you?”
“Who developed the theory?”
“The person with the machine.”
“What kind of machine is that?”

“The one that works on its own.”
“Perpetual motion.”
“Long enough for us to care. Long enough for us to get involved.”
“I will come back.”
“I come back.”
“And it is done.”
“I have my own version of that.”
“Take it for what it is.”
“You need to move now.”
“No one will help you.”
“This is where I want to end up.”
“Stop here.”
“That is fantastic.”
“Do we really care?”
“What were you waiting for?”
“I will tell you.”
“Educate without education.”
“Happiness without happiness.”
“Thought without thoughts.”
“Words without words.”
“The paradise.”
“The here and now.”
“The hell.”
“You are my hell.”
“The caring universe.”
“Who wants to know and understand?”
“Those who do not care and understand.”
“That is more my style.”
“What have you been saving for?”
“I am finally here.”
“I am scary.”
“There is not enough information to create a solid emotion.”
“You were talking about art.”
“All splatters.”
“This is how I want to be seen.”
“And all these people are hanging off me.”
“This was supposed to be a wonderful moment.”
“Tricky as shit.”
“And that did a lot of good.”
“I know what this is about.”
“That is hilarious.”
“He has a pulse like me.”
“He can work a machine.”

“And that is going to be valuable for you.”
“It is the same pattern the same pain.”
“Do we feel it?”
“Should we feel it?”
“Is it worth waiting in line for this?”
“There is free food.”
“We missed another life.”
“She is so fantastic.”
“And you drift into this.”
”I cannot explain.”
“He puts no pressure on me.”
“That become my life. The affective life. The alienated life.”
“The productive life.”
“The surveillance life.”
“What are my neighbors doing?”
“Until you have no neighbors.”
“I am not even sure if I want to go through this.”
“Does anyone care or bother?”
“I am using all my power.”
“Where does he describe the problems?”
“You need to define all the terms.”
“Why does he look as if he will never know.”
“He never will.”
“You all need to leave.”
“Let me get rid of the offending object.”
“We need to plan.”
“I am clean.”
“For how long?”
“I have hit the heights.”
“I do poetry.”
“This is not poetry.”
“He has me all mapped out.”
“I need to train.”
“We are all training together.”
“How will this be different?”
“Finish up.”
“Do your job.”
“I just set it and forget it.”
“You will need to plan more.”
“What am I planning for?”
“This is a simple solution.”
“And a more complex solution.”
“Where should I look?”

“I need you to explain this.”

“I could tell it was happening.”

This was why people hated you. They believed that the world was their oyster. And they were on the verge of lasting success. You were an affront to this vision. They did not realize the deep chasm between their dreams and actual success.

“Why did you turn me into a criminal?”

“Do you recognize the difference?”

“I stopped developing.”

“Remain here.”

“Wait in line.”

“I have seen that before.”

“I have seen that before.”

“That tell me nothing.”

“You will do.”

“Hardly.”

“I am taking a hit.”

“Come along with me.”

“How long do I need to wait?”

“We have a plan.”

“Why are you any different?”

“Will you get this?”

“That is everything to me.”

“Too much time spent in anticipation.”

“So you keep trying to end before you have begun.”

“You show me.”

“You show me.”

“I am doing a map.”

“Come along with me.”

“I am in and out.”

“This is not for you.”

“I am going to get sick in public.”

“What is going on?”

“This is so much fun.”

“I am going to need to get blood from a stone.”

“You really think that anyone will care.”:

“Just someone.”

“I do not have to do the same thing every time.”

“I got hit in the gut.”

“You are still alive.”

“I am very happy.”

“Things to worry about.”

“Providence.”

“The door is locked.”

“Knock, and he will answer.”
“There are no answers here.”
“There are answers here.”
“What else?”
“Devotion.”
“We are where we want to be.”
“We went through the faith thing again.”
“And we lost our way.”
“This guy has it going on.”
“I will learn.”
“I knew that he was hiding somewhere.”
“This will last a season.”
“Afterwards.”
“The fans.”
“Come to the party.”
“Make it by the end.”
“What is this week.”
“That is keepig me in stitches.”
“Damn.”
“The explosion value.”
“There is no art.”
“Sitting pretty.”
“The sewer system is overflowing.”
“You want me to accept that.”
“I will accept.”
“I answer for a bunch of other people.”
