

BOREDOM

“You are fucking in my brain.”

“THEY ARE ALREADY DESTROYING YOU!”

“Why will that make a difference? You are a fucking loser.”

“Be nice.”

“VINCE GREEN!”

“And this means something.”

“And this does not mean anything.”

“It is a number game.”

“Cut me in.”

“I started doing this crypto thing. And I got good at it. And the government was going to mess with us. After all, I had tried so hard trying to do something with my life. And the government was going to take it from me.”

“I learned some programming.”

“I used to teach.”

“This was all for our liberation.”

“How much are you willing to invest?”

“Waht is the inevitable return.”

“And that makes a difference for you.”

“You could break from pack.”

“I am the pack.”

“They are using mind control on me.”

“Admit your crimes.”

“I could start again.”

“You are deep in it.”

“I was supposed to save you.”

“You drowned.”

“The sparkle of the water was devastating.”

“Who will understand that?”

“That is what happens to us.”

“Do you want to come into the cave with me.”

“I am sinking.”

“You are around the sinking ones.”

“Get rid of your trash.”

“I am part of your life.”

“History starts.”

“I need a rule.”

“He has this down.”

“What are you looking for?”

“You deserted me for a bad idea.”

“Was I in the shot?”

“You were in the shot.”

“This is where it gets fascinating.”
“I cannot care.”
“I need to make this work.”
“I am brilliant.”
“Someone will break from the pack.”
“It could be suicidal.”
“Vince is messing with the vibe.”
“There is the standard uniform.”
“This is what you wanted.”
“You can save me.”
“I cannot swim.”
“I know what his obsession is.”
“Another helping.”
“Another non-helping.”
“Vince is not part of this story.”
“He and his minions.”
“The empire.”
“The cult of mediocrity.”
“Someone needs to know.”
“Someone can help.”
“I have it.”
“Who was that?”
“I needed to move.”
“I wanted to participate.”
“The imperial dick.”
“We are all part of it.”
“Who is the rep?”
“This is not repped.”
“Fuck.”
“I fell.”
“Help me up.”
“You were disqualified.”
“Have I arrived?”
“Idealized projection.”
“There is so much behind this investment.”
“He will never know.”
“I wish that I could be more sympa.”
“Do not worry?”
“Dodo, dada.”
“Think about it.”
“I am thinking about myself.”
“You do this to yourself.”
“The rips in my character.”

“I take advantage of that.”
“You know the best.”
“It is not what you think it is.”
“I can take you to the promised land.”
“That is how the spell works.”
“There is no immortality.”
“You do not get days.”
“He made a lot of cash.”
“What am I supposed to do?”
“Divest.”
“I can’t help if I am good at what I do.”
“I need you to intervene.”
“You destroy yourself.”
“That is the theme for the week.”
“Who do we blame?”
“The ideology.”
“The dance.”
“I am getting good at this.”
“I will be along for the soliloquy.”
“The betrayal.”
“This history works.”
“I am going to make a really silly mistake.”
“I am going to give away the bank account numbers.”
“There is nothing in the accounts.”
“The codes for the process.”
“I want you to help me out.”
“There was another side.”
“We were hurting.”
“We slammed doors.”
“And then we got jobs.”
“We got property.”
“We bought and sold property.”
“There were processes.”
“New machines.”
“Implementations.”
“Ideas.”
“Where should I look?”
“At the top of the stairs.”
“He is hypnotic.”
“That is as close as we get.”
“The light bath.”
“Make sure that you get the frequency right.”
“How do you get results?”

“Pick up a book.”
“The spell book. I am getting closer to the end.”
“Vince is not part of this story.”
“None of this is pretty.”
“Don’t you work in a hospital?”
“We have been supplanted.”
“And what is the inevitable?”
“Better drugs.”
“Get me some percocet.”
“Is that going to work?”
“Of course not. But I want an explanation.”
“That makes no sense.”
“That is worse than embarrassing.”
“You need to stop.”
“I am getting a history lesson from someone who does not know anything about history.”
“That always is the best kind.”
“He is good with the associations.”
“I can eat my ideas.”
“I am well-prepared for what comes next.”
“I am not laughing.”
“Ask me.”
“What is what?”
“I cannot stop this.”
“Some care.”
“Some used to care.”
“I need to be at home.”
“Do you feel it?”
“I cannot imagine thinking about it.”
“We are thinking about it.”
“Keep thinking.”
“I have got this.”
“Are we pure?”
“Does not matter?”
“Matters.”
“We joined in.”
“That was how we marketed.”
“I felt like a dummy.”
“What did that mean?”
“This is not good.”
“I have one of those.”
“I was hacked.”
“And you got out.”
“This is the only way.”

“I lost my place.”
“I need a jolt.”
“The end.”
“This is America. That is how things work.”
“These are the values that we fought for.”
“Will anyone know?”
“We don’t have to do anything.”
“This is where it gets tough to explain.”
“You expect something that is something that you expect.”
“He has the cards.”
“The kidnaping.”
“That takes place later.”
“Be prepared.”
“It is serious of gestures.”
“And she likes it like that.”
“Listen to this.”
“You can try to learn this.”
“I was not that good at describing what happened.”
“Who makes this happen?”
“Do you see where we are now?”
“He loves me.”
“I made a big mistake.”
“I need to do this differently.”
“You are tone deaf.”
“I am trying to deal with your problems.”
“And you are trying to do me away?”
“Do you know anymore?”
“You really voodooed me.”
“They locked you out.”:
“I want to give you a chance.”
“Who did the makeup?”
“No one serious.”
“And I am frozen in time.”
“I needed to reach out.”
“And you came back.”
“What is the snack?”
“Blueberry pancakes.”
“I am trying to emerge from my shit.”
“My life is my politics.”
“How does that make anything any difference?.”
“He is in a candy store.”
“The decay is going to the brain.”
“Brad has this under control.”

“Every character does.”
“They all love me.”
“I give credibility to the lies.”
“Come to the dacha.”
“Did I get that right?”
“You are so wrong.”
“We are going to freeze in our intention.”
“I tried to help.”
“It is all in proportion.”
“It is happening too fast.”
“All in proportion.”
“You are going to need to go deep.”
“He will never understand.”
“I am in the daying phase.”
“Rebirth is coming.”
“Way better than before.”
“Take it to the limit.”
“What is in the bag?”
“The love potion.”
“I puked.”
“What was the result?”
“They do not love me.”
“I am so far beyond.”
“You needed to tell me something.”
“In another world, you would be the one.”
“Then we get to the political crisis.”
“You buy more crypto.”
“That started the problem.”
“He did not hedge.”
“Then there are no hedges.”
“This is what they protect.”
“The core.”
“And you cannot hedge the core.”
“It is in the brain.”
“He only has one thing on his side.”
“Does that work fore you?”
“I need to borrow soemthing from you.”
“This is a sport thing.”
“They are betting on it.”
“They are betting on their relationships.”
“This is five steps away.”
“This is nowhere away.”
“I am so involved.”

“How long does this go on for?”
“Where does this start?”
“And we all accept.”
“And the people who know cannot do anything.”
“What is the core?”
“You were perfect at it before.”
“Is this deliberate?”
“This is getting worse.”
“Are you the spectator?”
“Shoot the three.”
“That does not work here.”
“We are all over.”
“Do not think that you are being gratified.”
“Not in this room.”
“And they pull you out by your ear.”
“I am a leader.”
“I am fucked.”
“Take this to the bank.”
“They will close the bank when you show up.”
“I fought for my money.”
“It never works that way.”
“I have solved an equation.”
“I do not take a stand.”
“You really have no power.”
“Why would I want that?”
“I learn to deal.”
“I am really clueless.”
“You are fighting for it.”
“I paid the ducats.”
“More things that never happen.”
“This is the overlay.”
“Shit.”
“I hurt myself doing construction.”
“Now you run the money.”
“I run the body.”
“She loves me for it.”
“Sing on.”
“Tone deaf.”
“About life.”
“That is funny.”
“These are different moods.”
“Not where I am at.”
“It is what they expect.”

“They are good.”
“They are the opposite of the opposite.”
“You need to understand.”
“Do you want me to feel bad about how I feel?”
“There are so many layers.”
“Combine the elements.”
“Then there is nothing.”
“It hardly matters.”
“Are you like me?”
“I do not eat.”
“Come with me to the castle.”
“This is a shit hole.”
“You gave me nothing.”
“Who are you doing this for?”
“I have waited for this.”
“You are not that innovative. Maybe, there is no innovation.”
“We could monitor your behaviors.”
“This was a colossal waste of time.”
“Will Rels be any different?”
“You are amazing.”
“I could observe.”
“This is sloppy.”
“Nothing is learned.”
“Everything is understood.”
“It becomes less likely that anything will come from this.”
“The swan song.”
“Half of him is dead, and he does not even know.”
“The perfect moment.”
“The liturgy.”
“How do you start?”
“The cleaning of the soul.”
“Is any of this fair?”
“I thought that you were back.”
“This is a really terrible situation.”
“Who gets the credit?”
“Everyone lies.”
“Everyone makes money.”
“A bad person.”
“Where else does this go?”
“Are you taking me to the gym?”
“We are going to work first.”
“I feel totally controlled by the machine.”
“I am struck sightless.”

“You have arrived.”
“All this would be a paradise.”
“And you take it.”
“This could not be worse.”
“It is worse.”
“He was bad news.”
“I work on myself.”
“I live in my integrity.”
“And I come apart.”
“Your life amounts to nothing now.”
“It takes a lot to get to this point.”
“This is what we fought for.”
“He is not all there.”
“He never will be.”
“Take me back to my place.”
“Tuck him in.”
“Someone is after him.”
“I knew that you would like this.”
“We all get together.”
“You did a number on me.”
“He saw it differently.”
“And he has no emotion.”
“Who is working with him?”
“Did you care?”
“I almost got what I needed.”
“I needed to figure it out.”
“Cannot be figured out.”
“I need to hold it together.”
“And it is all filled in.”
“Find me.”
“We fill up time.”
“Look out for me.”
“So wonderful, but so nothing.”
“Damn!”
“I need to explain this.”
“What I can do.”
“Up to date.”
“She would figure it out.”
“He cannot come back.”
“I will not respond.”
“Be nicer.”
“Nothing moves.”
“We did not think that it would.”

“I have a house.”
 “I have houses.”
 “I got kicked out of my house.”
 “I got another.”
 “There will be nowhere else.”
 “Show me that you care.”
 “Do not make fun of me.”
 “What is Janelle’s reflection?”
 “Someone who is here, but who is not here.”
 “Let’s get out of here.”
 “Janelle went deep.”
 “They skimmed the surface.”
 “What will you learn?”
 “I failed.”
 “You hate me.”
 “What is the soundtrack.”
 “You sing it.”
 “Take the ax to this stuff.”
 “They left.”
 “They are still here.”
 “Which variation is this?”
 “A Nola who is loved.”
 “She cannot break to find out.”
 “Are all the variations covered?”
 “If I break from the pack, I am back with the pack.”
 “He has this taken care of.”
 “I am not going to try to explain.”
 “Do not be angry.”
 “Run.”
 “You scared me.”
 “That all happened on the porch.”
 “He fired a gun.”
 “He was testing out shit.”
 “Not my shit.”:
 “And he screamed.”
 “You need to understand what I know.”
 “I felt that you undertood me. You all understood me. Now, I cannot even understand myself.”
 “Someone needs to hear this.”
 “No one will.”
 “I need to touch.”
 “Rels knows that.”
 “And you go home and live a lost era.”

“Norma Desmond wants a close up.”

“The Norma Desmond Club.”

“All the Norma Desmonds.”

“Call Desmond.”

“D-E-S-M-O-N-D.”

“You can be her.”

“You can be here.”

“Irony.”

“Do you need another drink?”

“I need more attention than this.”

“Sly would have seeded the field.”

“That is not good.”

“We need to go shopping.”

“What do we get?”
