

**COMING DOWN**

“What are you hiding there?”  
“Don’t hate me for doing you wrong.”  
“They are both here together.”  
“I do not understand this endurance for bull shit.”  
“How did you get this way that there is nothing more in your life?”  
“You were like this.”  
“I changed the script.”  
“I can count the numbers quickly.”  
“I need to leave.”  
“I do not want to see some kind of confrontation.”  
“Even that pains me.”  
“Move around.”  
“Who gets it? And who gets it badly?”  
“Dusk, you hav no idea how bad this is.”  
“I need to strike quickly.”  
“Do you an idea?”  
“A sound stage.”  
“There are steps.”  
“Do not fall going up.”  
“They are looking for us.”  
“He was a lot more concerned.”  
“What is burning?”  
“The money in my pocket.”  
“Dusk explain this to all of them.”  
“She does not understand this stage of economic decay.”  
“They head for the hills.”  
“The enemy of my enemy is my friend.”  
“FRIEND.”  
“She is much too eager.”  
“I can make it right at home.”  
“Actually, you cannot.”  
“I like numbers.”  
“I never made that mistake.”  
“Do what you will.”  
“Sorry.”  
“He understood the paradox.”  
“Time in equals time out.”  
“Do not ask.”  
“You know what I am doing.”  
“Roselaine was almost there.”  
“She needs to work on her performance.”

“You could have planned it differently.”  
“I did.”  
“Something got in the way.”  
“The bell is going to ring.”  
“What are you doing?”  
“If you have to ask me, you will never know.”  
“This is going to be even better.”  
“I have been hired to write a story.”  
“Whose story?”  
“Someone not you.”  
“You could pose.”  
“Give me what I want.”  
“I know this story.”  
“I changed my hair.”  
“That makes no difference.”  
“I could add to that story.”  
“This is worse than I know.”  
“Do you deal with uncertainty?”  
“Personal doubt.”  
“You do not have a chance.”  
“Be patient.”  
“Where this means nothing, and this means everything.”  
“Why do you keep on?”  
“I am very good.”  
“Why do you not want to know?”  
“I already know.”  
“Will this matter?”  
“Do you want what I want?”  
“I can wait for another day.”  
“Wait.”  
“Bide your time.”  
“I can close my eyes, and it all happens in the back of my mind.”  
“I want it that way.”  
“I can watch the tapes at home.”  
“We have been in this place before.”  
“I already have enough to do. I only need to sort it out.”  
“Roselaine understands what is at stake.”  
“We are beyond that. This is all about the social consequences of bull shit.”  
“I appreciate that.”  
“You are too hopped up.”  
“That is very depressing.”  
“What do you mean?”  
“He knew me.”

“I get it.”  
“Why does that world have nothing to do with the world?”  
“He has the extermination contract.”  
“Is this a discussion?”  
“Recruit that girl.”  
“What does that mean?”  
“I get it right at home.”  
“I have clients.”  
“Real estate.”  
“Mutual funds.”  
“You had your chance.”  
“I am going to win.”  
“Win.”  
“What do you want to know?”  
“Please, do not sit down.”  
“They wanted this place. Then they did not want the scrutiny.”  
“This could be the end of everything.”  
“THE END.”  
“I only need a drink.”  
“There is another way to describe the story.”  
“THE END.”  
“Put away your shit.”  
“Complete it, and get it away from me.”  
“The dogs are wild.”  
“They are protecting the place.”  
“You go to their strong side. And you destroy them.”  
“They are making us this way.”  
“Are you ready for the competition?”  
“That is all that you get.”  
“You took it up a notch.”  
“You could contribute.”  
“Toss the trash away.”  
“There is so much more going on.”  
“Please give.”  
“We can end early.”  
“Please do.”  
“That seems like nothing.”  
“Nothing.”  
“Take a chance.”  
“Do you understand?”  
“Most people do!”  
“What is upstairs?”  
“More stairs.”

“How do they twist?”  
“This is where things get really messed up.”  
“You are hitting the ceiling quicker than you know.”  
“I get a second chance.”  
“Not in this game.”  
“And you will never be in any other game.”  
“Do you want to be interviewed?”  
“Huh?”  
“I only have a few questions.”  
“Standing up.”  
“Am I saying the wrong thing.”  
“We could go at it from another point of view.”  
“I like to work.”  
“Do you really think that there is a sweepstake win?”  
“I need to give it to her.”  
“She messed up.”  
“You gave her a chance.”  
“Edit it tightly.”  
“How do you do that?”  
“Get the kids interested.”  
“I was there.”  
“In a sweater.”  
“When did it happen?”  
“I am hanging on.”  
“I do not have what I need complete my life.”  
“This is all pseudo-beat.”  
“And you cannot be pure.”  
“Get down to the bone.”  
“I am back at the house.”  
“I forgot your name.”  
“I am a part of this.”  
“This is where the let down occurs.”  
“We could do better at this.”  
“Tell me that you love me.”  
“Hate me.”  
“That is so incredibly bad.”  
“You are not even involved in your own way.”  
“I will pretend.”  
“Do the interview.”  
“Realize none of this matters.”  
“Violet, do you see how she is the worst? She is making people think that she is contributing?”  
“My life ended before my eyes. I was at home as if nothing had happened.”

“I have a skill.”  
 “Are you here?”  
 “You cannot escape.”  
 “I know it is you.”  
 “Skeleton one will never rescue you.”  
 “What is that about?”  
 “Total realization of the self.”  
 “Against what I see, they will never understand.”  
 “Submit.”  
 “It turns me on.”  
 “I have touched the force.”  
 “What is that about?”  
 “You are twisting my arm.”  
 “Do you have any idea?”  
 “The world descends into darkness.”  
 “I am on the right side.”  
 “Look at these guys.”  
 “We still have the dollars and our assets.”  
 “It is going to boomerang.”  
 “Do you know what is coming?”  
 “I do not expect you to get it.”  
 “The Uber is here.”  
 “It always is.”  
 “That is another level of totally fucked up for life.”  
 “The programs is there for you.”  
 “So many sad souls.”  
 “The program.”  
 “Shit.”  
 “Do you want to show that side of yourself?”  
 “It is going to be difficult.”  
 “Laundry.”  
 “Clean the house.”  
 “They cannot be cleaned.”  
 “Are we working on this together?”  
 “You have the lobbyist, and you have Roselaine. What else is there? How can we steer events in a favorable direction?”  
 “They are getting stuck.”  
 “The pain will fade.”  
 “And you think that you can do something.”  
 “We are beyond that.”  
 “You need to feel it in your soul.”  
 “Was it worth it?”  
 “They love you.”

“I give away so much of myself.”  
“And what do you get in return.”  
“I found this guy.”  
“I did not find this guy.”  
“This will be genius when we figure it out.”  
“Watch my shit.”  
“Want to hear the shit?”  
“Tell me!”  
“We are not getting to the launching pad.”  
“All these electrons with insufficient charge.”  
“Does your heart beat?”  
“Brilliant.”  
“Where does the energy come from?”  
“I will find it.”  
“There is money in this.”  
“Money in destruction.”  
“Skim off the assets.”  
“That is all that matters.”  
“I am back at the house.”  
“All the time.”  
“Watching it all on television.”  
“Change the channel.”  
“What go it started?”  
“Belief.”  
“The middle game.”  
“The endgame.”  
“I want to understand more of a pattern.”  
“We are eager.”  
“The time and the heart beat.”  
“That is not really worth it.”  
“Are you strong?”  
“Stronger than you know.”  
“Princess spilled a drink.”  
“I took what I wanted.”  
“That made my life.”  
“The triumph and the triumph.”  
“I do not want to give it away.”  
“Will that work?”  
“It is going to take more than a drink to perk me up.”  
“Do you like my show? Demonstrate.”  
“No one cares.”  
“They do care.”  
“Understand our time together.”

“I am learning a deep lesson about friendship.”  
“Now, we are back in the competition.”  
“That means that nothing is worth much of anything.”  
“The screams of the nursery.”  
“Is this a thriller?”  
“I do not want to interrupt.”  
“I had a volatile childhood.”  
“So much more to worry about.”  
“Where are you taking them?”  
“Where I was taken.”  
“It all makes sense.”  
“Someone is directing this.”  
“The reaction to the cult is itself a cult.”  
“I can sleep safe and sound.”  
“Can everybody?”  
“The problem keeps on.”  
“I need millions.”  
“You took that.”  
“There was genius.”  
“What else I left?”  
“These knowing moves.”  
“This guy is really fucked.”  
“More than that.”  
“A deep way of knowing.”  
“Of forgetting.”  
“When you start to strip away layers of history, you are facing so much shit.”  
“Then you escape the shit once and for all.”  
“This is all too easy.”  
“The cult.”  
“Believe.”  
“I need to quit.”  
“The program.”  
“What do you want to see?”  
“Impress me.”  
“You are taken in by shit.”  
“How does the lobby work?”  
“I am selling pencils on the street.”  
“Magic pencils.”  
“Rewriting history.”  
“How does that work?”  
“Who considers that an asset?”  
“Four or five people who pretend that they are doing much of anything.”  
“He really has lost the thread.”

“We can help him with his book.”  
“There is nothing to admit.”  
“Which side are you on?”  
“The government side.”  
“My government.”  
“Bring me in from the cold.”  
“You are on so many lists.”  
“Do not fly.”  
“Fly me.”  
“We need to talk to you.”  
“Next flight.”  
“I am havin fun.”  
“This is America.”  
“That stuff with a pencil and a piece of paper.”  
“He is a soldier.”  
“You need to leave.”  
“What is the combat?”  
“Messing with civilians.”  
“He made his amends.”  
“I only know what happens at home.”  
“Can you cover the work for me?”  
“There are other options.”  
“Flowers in my hair.”  
“Do you understand that?”  
“The boys are betting on basketball.”  
“When did you lose track of your shit?”  
“I change my hair.”  
“What more do you need to do?”  
“I am feeling it in my soul.”  
“Take this.”  
“This only works for a short period of time.”  
“I went to this place, and they all loved me.”  
“I ate my way through history.”  
“This is spring.”  
“Where is this headed?”  
“A soft pitch.”  
“I see so many people. Why are your investment plans so unique?”  
“I thought that you were supposed to sell me.”  
“This is the desperation point.”  
“It is the same when it’s a million degrees.”  
“We are selling energy.”  
“The machine.”  
“It bends the world.”

“I am loaded with coils.”  
“We are going to reshape our lives.”  
“And you need to live with that.”  
“I am fighting for my freedom.”  
“I do not think that I am wrong.”  
“She is very wrong.”  
“Does she have a sister?”  
“She is her own sister.”  
“We need to turn it all around.”  
“And you live with your totally mediocrity.”  
“Cart her out of here.”  
“Pretend to be something that you never can be.”  
“The world is being rude.”  
“Do not pretend.”  
“This is the moment that I feel that we are not going to attain any kind of understanding.”  
“What about her political ambitions?”  
“Have you read your contract?”  
“I do not have to perform in public.”  
“You might as well.”  
“She asked twice.”  
“You do not even know what to do with this.”  
“This is gold.”  
“It is over when you start.”  
“If anyone asks, say it is nothing.”  
“It is nothing.”  
“You are not holding out for anything.”  
“That is more than a little brilliant.”  
“I can pretend.”  
“You are not the star.”  
“Roselaine realizes what she is fighting for.”  
“Even she needs these clueless fans.”  
“The schmucks do not know.”  
“No one does here.”  
“This is the bull shit hour.”  
“Go, Danny boy.”  
“What do the boys have?”  
“Do you even see?”  
“He needs a nicer suit.”  
“That was last year’s game.”  
“We have really stuffed it.”  
“I am back to the same thing.”  
“What did you do?”  
“You screwed with my schedule.”

“I am going to have to be brilliant.”  
“That is hopeless.”  
“I am not going to ask.”  
“That is not my goal.”  
“Maybe Rels fell for her own bullshit.”  
“I only need a beating heart.”  
“That could be your downfall.”  
“I could do this on my own.”  
“Do it in the clear.”  
“What are you waiting for?”  
“None of this is on the books.”  
“You are taking too long to get this done.”  
“Keep your wits about you.”  
“Do not puke on yourself.”  
“That is a piece of history.”  
“Looks psychotic to me.”  
“I have an act.”  
“And you will feel sorry for your offenses on Sunday morning?”  
“Absolution comes at a heavy price.”  
“It is all pretty obvious.”  
“Take revenge.”  
“She finally realized that her best interests were not represented by being here.”  
“What kind of assets does she have?”  
“Some airplanes?”  
“Hulls.”  
“We are going to the same destination.”  
“These people narrate their lives.”  
“A man takes a piss.”  
“This is horrendous.”  
“I am dealing with it in the present.”  
“Take the temperature.”  
“Of the world?”  
“A 102°.”  
“I cannot explain it.”  
“What do they have to say to us?”  
“That touch.”  
“Immortality.”  
“I own the world now.”  
“Brilliant.”  
“How did she get it done.”  
“She moved the money to different accounts.”  
“That couldn’t be better.”  
“They all hate you.”

“You will be redeemed.”  
“How does it work?”  
“We are good at what we do.”  
“This is my jam.”  
“I want a finger.”  
“What are you talking about?”  
“I will give you a hundred thousand more. But I need to take a finger.”  
“He is the garbage that gives garbage a bad name.”  
“She is sad.”  
“I feel as if I have lost my right hand.”  
“What did you get in its place?”  
“A phantom limb.”  
“What am I waiting for?”  
“Do not even try.”  
“We are so close.”  
“Fuck.”  
“Chicken fingers.”  
“She fell for it.”  
“This never ends.”  
“Butter fingers.”  
“We succeed by destroying ourselves.”  
“It is all going down.”  
“I will ride it.”  
“She will.”  
“She can never admit to it.”  
“Should I care?”
