

## HIDING

“I would like you to take a look at my memoir. It describes my journey to gain control of personal environment, so that I could overcome my personal trauma.”

“Although the imprint of the circumstances on the individual can be severe and can also be the basis for psychological paralysis. A focus on individual vulnerability can ignore the systematic character of oppression. This systematic awareness should recognize the ongoing actions of these mechanisms. It should not be based on a simple historical identification of these forces.”

“What are you talking about? I want you to appreciate the appeals of my memoir.”

“When does your personal story obscure the actual causes of you alienation?”

“What are you asking me?”

“Get with the program.”

“Be the program!”

“All that time at work starts to offer opportunities.”

“Are we addressing the actual challenges for the society?”

“What are you talking about?”

“The loss of hope.”

“I see my definition of hope.”

“You are my definition of hope.”

“He gives us hope.”

“Where else can you hide?”

“You have become too comfortable.”

“Would you like to see my memoir?”

“The system gives me a limited reward.”

“What system?”

“This would work for me.”

“I can pretend.”

“What are we pretending?”

“If I am good at this, I can good at other things.”

“Are you going to read the memoir?”

“This is an anatomy lesson. It exposes my challenges. It lets you see my bones.”

“Where are we headed?”

“We are going to surrender.”

“We are going to get our rewards.”

“There are so many things that I want todo.”

“Where is any of this headed?”

“Regret about my life.”

“We are not at that point.”

“What could I have done?”

“You could have learned new ways to express your creativity.”

“My memoir told me that I was a writer. It reminded me that there wqas important things to do in my life.”

“What is the connection between your memoir and a fantasy book?”

“I realized the deep powers within. I was part of a spiritual awareness which expressed itself in my being. It demonstrated my overall place in the world. I think that fantasy offers the opportunity to describe the hidden powers within the individual. I wanted to be a part of these experiences. It spoke to my triumphant nature.”

“How do these characters work?”

“Each character represents an individual power.”

“You have to pay for this.”

“Does that relate to my personality?”

“How can you make something happen for me?”

“You need to work at it.”

“Where do you want to hide?”

“The one character wears masks.”

“What kind of masks?”

“You missed the revelation.”

“Where is this headed?”

“The hall of mirrors.”

“Are you prepared for that?”

“Everything in fantasy is regulated.”

“I need a different role.”

“There are changelings.”

“I wish that was another way to expressd my infinite potential.”

“It starts with little things.”

“I am going to eat your food.”

“This is all about transcendence.”

“The transfiguration.”

“Do you develop wings?”

“You know where this ends up. You take all the bones out, and you become a chicken sandwich.”

“I want medicine.”

“What is that part of your story?”

“I was offered the opportunity to perform my pain.”

“How mean can they be to you?”

“There is a lot of cruelty.”

“Where is this headed?”

“Someone is going to knock on the door.”

“I am going to become a lot nicer.”

“Make it work that way.”

“Does Tempest have a memoir?”

“She has felt pain.”

“Keep talking.”

“She does not think that way.”

“She has quotas”

“Do not ask anyone. It will be used against you.”:

“What is your hope?”

“I need to be more active about this.”

“Tomorrow is the day.”

“You have graduated.”

“My memoir is published.”

“Where does that take you?”

“Others will share in my pain.”

“What does that mean?”

“Describe your involvement.”

“The publishing house liked my book. She invited me to write another book. She liked my character.”

“You cannot use your relationships to work through your personal problems.”

“I am trying to understand that.”

“I need to be myself.”

“You have opted for the fantasy option.”

“I do not want to burden you.”

“That is perfect for me.”

“When will you deal with your wown suffering?”

“Name your torturer.”

“It is a long history of oppression.”

“Where are the cuts?”

“Are you doing these things to yourself?”

“I feel like a filet.”

“You should have worked for sometihng else.”

“A chocolate shake.”

“Something with a deeper social commitment.”

“The words are not doing the trick.”

“That is the only trick worth following.”

“I was doing these jobs that I hated.”

“What skills do you have?”

“I am good with accounting.”

“When is anyone going to address real social problems?”

“Education and transportation.”

“The system makes money by failing to satisfy its problems.”

“I fix air conditioners.”

“I am an electrician.”

“And you suppose that these electrical grids can call on unlimited energy supply. That the delivery of energy does not jeopardize the primary resources. This not a self-generating system.”

“We can only worry about our little part. I was excluded from the grid.”

“I do not have enough energy inside.”

“Some people like that.”

“Some need that validation.”  
“The system is running.”  
“I need to keep my electrical toothbrush running.”  
“That is what I love.”  
“There is nothing else to say.”  
“The lights all went off.”  
“I feel great.”  
“You made my night.”  
“I am not perfume.”  
“I need to take care of this now.”  
“I need to be industrious.”  
“Expand the grid.”  
“You need to get good at this.”  
“Someone is up early in the morning thinking about this.”  
“I got a job selling clothes.”  
“We are going one on one.”  
“I am looking for a minister.”  
“You look like you know a lot of things.”  
“I am getting lost in idle pursuits.”  
“What is the memoir about?”  
“I could do that.”  
“I am drinking at home by myself on a Sunday morning.”  
“That is when you started writing.”  
“I am writing quickly.”  
“Deal with it as it is.”  
“They are all going to come to you.”  
“They want to solve the energy problems.”  
“They all want to give a fantasy flavor to their memoirs.”  
“This is about jurisdiction.”  
“That will work.”  
“That is all that is going to work.”  
“I need to do this when I head back home.”  
“Simple is good.”  
“It will not be like that forever.”  
“Do you want to distract from this portrayal?”  
“I need to get over this.”  
“That is why I started the memoir.”  
“Do you get caught up in crazy situations so that you can have something to talk about?”  
“I want my life to be drama-free.”  
“It hasn’t been.”  
“Life is torturing me.”  
“I am trying to understand.”  
“Don’t think about this shit. Live in the moment.”

“I have plans for my life. I want to get away from the shitheads.”  
 “You are attracting them.”  
 “That could be my story of recovery.”  
 “What is the difference between a story of recovery and real recovery.”  
 “A couple of hundred pages.”  
 “That will work for me too’  
 “I need those extra pages.”  
 “There is nothing else that matters.”  
 “I can give you infinite money.”  
 “I got lost at the boneless chicken.”  
 “You lose the spell.”  
 “Your life is cooking in lard.”  
 “Eggs and flour.”  
 “I am getting good at this.”  
 “I never have to come down.”  
 “I collapsed in a dumpster.  
 “Someone is going to rescue me.”  
 “Where does this lead?”  
 “Is the oven hot.”  
 “Are you making perfect sandwiches.”  
 “That could be my business model.”  
 “What about the product?”  
 “I have the perfect sauce.”  
 “And that is going to help you realize your dream.”  
 “This is not about my hopes for the future. I am learning how to live in the now.”  
 “You play video games all day.”  
 “I am working on my memoir.”  
 “Your exploit book.”  
 “I have been trying to find true love.”  
 “You are reliving the same fifteen days in your life.”:  
 “We all escaped at the same time.”  
 “Do you want to know.”  
 “We cannot know.”  
 “No one can.  
 “I hear a different drummer.”  
 “I am taking drum lessons.”  
 “Pounce.”  
 “Things have really fucked up.”  
 “I learned the lesson.”  
 “They took shots at me.”  
 “Is this also part of the memoir?”  
 “I got my reward.”  
 “Do the two go hand in hand?”

“This is way beyond me.”  
“It all comes down to the same thing.”  
“A lot of self-hatred.”  
“Where is this going to end up?”  
“The same powder formation.”  
“That is not far enough advance.”  
“You drag me on concrete.”  
“The dog lost its shit.”  
“No one cares. No one minds.”  
“And we end up chasing the same shit.”  
“You can collect the strays.”  
“Has the memoir assisted in a better understanding of the self?”  
“It has reminded me what I can’t do.”  
“I am at the top of my game.”  
“You admitted all the things that you cannot do.”  
“Like what?”  
“True love.”  
“Get to the bottom of my shit.”  
“Kill the messenger.”  
“You are a good messenger.”  
“They want to kill me more.”  
“People are seriously afraid of information.”  
“You have been called.”  
“That is what makes me deathly afraid.”  
“What is in there?”  
“Liquid fun.”  
“And you do understand something special?”  
“I make something of myself. I create my own destiny.”  
“There are so many destinies that you cannot explore.”  
“Finish this off for me.”  
“This is going to blow.”  
“He figured out how that was supposed to go.”  
“That was not his hope.”  
“I can help you to work on your motivation.”  
“I am already deep into myself.”  
“I worked on getting this all together.”  
“Then the revelation.”  
“Different mind, different time.”  
“What is different?”  
“A different time.”  
“They beat us to the punch.”  
“Who are you trying to impress?”  
“He has a house.”

“And he wants you to clean it. And he engages you with the most boring conversations.”

“We are on the ground.”

“I am home doing something serious.”

“Serious.”

“It is coming my way.”

“That is a better pretense.”

“How does the memoir work?”

“I look at the things that interfered with my growth.”

“I interfered badly.”

“Why is that an idea?”

“I stopped having serious questions.”

“The bride question.”

“This has to be worth something.”

“Am I going to have to help you off the floor?”

“It is slippery.”

“No one will get it done on the weekend.”

“I need car repairs.”

“I am involved in serious shit”

“Really, you have no management skills.”

“They have fucked up with my life.”

“That is not going to work.”

“It dried.”

“I hope for a better understanding.”

“You only need an electrical connection.”

“I am running down.”

“You need to include the salacious stuff.”

“I do not want to talk about my terrible relationship.”

“What is in the memoir? Bad relationships.”

“Who needs this?”

“My brain is melting.”

“There is something important that I need to tell you.”

“Accept no more challenges.”

“I am denying the inevitable.”

“You seem moody.”

“I am going back to the basics.”

“Your lack of success.”

“I only need a pulse.”

“I need you to give me a jolt.”

“Is that finally finished?”

“There will be nothing else.”

“I needed to take more risks.”

“Has she found the connection?”

“She is the connection.”

“I found a life that was not giving me what I needed.”  
“And that is good for you.”  
“I filled in for a basic need.”  
“What else can you do?”  
“I could tell you about the house.”  
“And that would be enough.”  
“I am at work, and I am drained. This is the moment.”  
“Back the house.”  
“My parents house.”  
“I am working on the math.”  
“This is your moment to explain.”  
“I am back at my shit.”  
“I did not find enough of an audience.”  
“You could add to the trauma.”  
“Should I describe things that are not true?”  
“You have your scripture.”  
“What else would work?”  
“Better memory.”  
“Worse memory.”  
“My bad memories are preventing me from concentrating.”  
“That is not going to help me.”  
“Do you want to know?”  
“The book could amount to more.”  
“The two ships are passing.”  
“I can make more happen.”  
“What else is there?”  
“More than serving.”  
“Why were you so quick?”  
“Will that work?”  
“What are the parts of the memoir?”  
“He is explaining his role as a critic.”  
“This is my real life.”  
“Keep talking.”  
“It is some kind of distraction from the actual caper.”  
“Do I have to think about this forever.”  
“You want reminders.”  
“I want basic guidance.”  
“Show up at work tomorrow.”  
“What do the great novels say?”  
“I am over the novelty.”  
“We are going to have to do some deep surgery.”  
“That will not work for either of us.”  
“He is waddling.”

“I need a better script for my damnation.”  
“You are gone.”  
“I have revised my memoir.”  
“I worked on my memoir.”  
“I am going to adde about some shitty things in my life.”  
“I cannot measure m successes on the basis of the expectations of others.”  
“That is all that you ever do.”  
“That will not explain eanything.”  
“I do not want to look.”  
“I am in the operating room.”  
“I gave you everything that I had. You were controlling my emotions.”  
“That is the story.”  
“The memoir.”  
“I am getting no resolution by describing my life.”  
“What do you control?”  
“He had control of my money.”  
“You were a controlled person.”  
“What kind of deal was that?”  
“I need to ask.”  
“Did you sign a pre-nup?”  
“What am I working with”  
“Is that a complete show?”  
“You mocked everything about me, You reduced me to nothing.”  
“This is your turn. What would sometehing be?”  
“It would be more than this.”  
“There is something that is preventing me from being myself.”  
“A love of chicken sandwiches.”  
“My own recipes.”  
“And that is going to give you some kind of emotional equilibrium.”  
“What are you plans for public relations?”  
“I need to talk to my cousin.”  
“People need to understand what I am about.”  
“Hang out, and you will understand.”  
“This is a memoir. There is not a lot of culture.”  
“It is all culture.”  
“They call it regret culture.”  
“What does that mean?”  
“Sticker shock.”  
“Going nowhere fast.”  
“I need an explanation.”  
“That will work.”  
“Do you want to know?”  
“You could have stopped this before it happened.”

“That is the basis of my memoir. I could never achieve the emotional momentum.”  
 “Then it stops.”  
 “There is all the screaming back at my place.”  
 “And the crazy security safeguards.”  
 “We are all escaping.”  
 “We are getting good at shopping lists.”  
 “We need to retreat well.”  
 “This is not an oddity.”  
 “This is child’s play.”  
 “There is so much more involved.”  
 “The words do the screaming for me.”  
 “I thought that you did not know each other.”  
 “That is part of the mystery.”  
 “I do not know how you can keep it up.”  
 “I finance it.”  
 “What do yo do when his promise turns out to be all under water?”  
 “I take what I can get.”  
 “I hire a financial planner.”  
 “And that works?”  
 “I am so close.”  
 “I have someone interfering with my interference.”  
 “You should have stayed with the PR campaign.”  
 “I do not have that time to waste.”  
 “I am wasting myself.”  
 “The memoir is supposed to make me right.”  
 “You are so far not right.”  
 “Wow!”  
 “The bacon burgers are ready.”  
 “I made all this effort, and this is all that I get.”  
 “This is all.”  
 “I want you to be a little more perceptive.”  
 “This is going to take a lot more work.”  
 “Talk to mother.”  
 “What is that about?”  
 “I need to do some extra prep.”  
 “Where does that take place?”  
 “Is that the kind of stuff thqat appeals to you?”  
 “These are champions.”  
 “I will think about this.”  
 “I AM NOT PERFECT.”  
 “Revise the memoir.”  
 “Are you telling me change my life?”  
 “That might have worked.?

“It stopped too soon.”  
“Get with your editor.”  
“Cool the family angle.”  
“No one wants it to be like that.”  
“It is like that.”  
“Shit.”  
“They are working together.”:  
“I do not want to share.”  
“You can have what you want.”  
“There was a moment.”  
“We had a moment.”  
“In the kitchen.”  
“Cook with gas.”  
“That will not help.”  
“Some people like what others hate.”  
“Funny!”  
“That makes me cry.”  
“We will make it okay at home.”  
“I have my own recipe.”  
“I know.”  
“Make it extra crispy.”  
“How does that relate with your personal experience.”  
“I am among evil people.”  
“Where did she go?”  
“To heaven.”  
“More family shit.”  
“Have you ever done a memoir before.”  
“I will give you a little more.”  
“I will give you a little less.”  
“Bingo!”  
“That means something.”  
“We are going for a race.”  
“I am done.”  
“So done!”
