

REFRESHMENT

“We have had all those conversations, and none of it leads anywhere.”
 “Follow the electron flow.”
 “What else is going on?”
 “The resolution of human consciousness.”
 “What it is not.”
 “The stones all move together.”
 “I like it like that.”
 “There is another principle of organization.”
 “Show me what that is.”
 “The boundary.”
 “The twist.”
 “It is a bigger planet.”
 “Heavenly bodies.”
 “I have my doubts.”
 “Do all that you can.”
 “What would the monkey say?”
 “Hand me a pencil. I cannot speak the words.”
 “You are healed.”
 “It is not enough to ask.”
 “I want to ask.”
 “Crazy shit.”
 “Gravitational pull.”
 “I am running this.”
 “I am afraid that I am going to lose momentum.”
 “When do I make my payment?”
 “Is this your money?”
 “All of it. Every last bill.”
 “Come along.”
 “You have what you need.”
 “I sure do.”
 “Ask me.”
 “The liberation through touch.”
 “I move through these stages.”
 “I am so sure waht I do .”
 “And you are not.”
 “He will tell me to quit.”
 “There is too much explanation.”
 “I WANT IT TO BE EVERYTHING.”
 “Have another piece.”
 “I am afraid that I am going to be very ill.”
 “I cannot even watch.”

“What is the story?”
 “You tell me.”
 “I still have a chance to change.”
 “Do it.”
 “How will you celebrate when you are chosen?”
 “It will not be a time to celebrate. I will need to mute my emotions, so that I can prepare
 for the task ahead.”
 “There are many ways to see this.”
 “Such as?”
 “There is no idea of the sacred.”
 “What is serious?”
 “Critical care.”
 “Damn. I want to leave this place.”
 “You did not warn us.”
 “I need to get this down.”
 “Here is a pen.”
 “What are you trying to tell me?”
 “You were once everything.”
 “I am everything.”
 “The truth.”
 “What about the seminar?”
 “I am trying to teach you some one thing.”
 “I have it figured out.”
 “Go figure.”
 “This is completely the opposite way of seeing things.”
 “We get the confession.”
 “Another version of the confessor.”
 “I know who he is.”
 “Will we ever find out?”
 “Another version of the model.”
 “That means something else.”
 “I obey the order of the golden calf.”
 “I will save you.”
 “You need to hold your breath.”
 “I am waiting for another revolution of the planet.”
 “There are different roads to the same destination.”
 “Find somewhere else to hide.”
 “A laundromat.”
 “They dropped off the cash in a laundry bag.”
 “Is that important?”
 “Is that sign or a symbol?”
 “There is real money. But it may not be enough.”
 “What about the costume?”

“I have got you.”
 “This is functional.”
 “What are the functions?”
 “This is transformative.”
 “It is deep in the soul.”
 “Am I not important anymore?”
 “You are part of the script.”
 “Are we going to fuck someone up?”
 “Do not think about it that way.”
 “I am looking for solutions.”
 “I am glad that worked for you.”
 “I did not take a chance.”
 “Back to the barn.”
 “What species?”
 “Why did you come back here?”
 “I am not looking back.”
 “THAT IS NOT GOOD FOR MY HEALTH.”
 “I want one more thing.”
 “Transportation.”
 “What do you know?”
 “The real thing.”
 “How is that?”
 “This is not the sacred.”
 “And that is the end.”
 “THE END!”
 “Knock on my door.”

“We are making every effort to discover the caring universe. The most inert objects will not yield to this concern. So we wonder what is available to us. We lose our understanding of the world around us. We give in to our feelings of estrangement. For some, it is too overwhelming. They can never discover the necessary balance.”

“They hide from the world. It is impossible to influence their actions. They resist any kind of intervention. They remain lost in their own darkness. Why is it not possible to pull them out of their melancholy. There is nothing poetic about this experience. It lasts without any hope for rescue.”

“That can be disheartening. The purpose of this narrative to provide a hopeful way of seeing things. This hope continues even in accepting a reconciliation with personal demise. Here is a greater salvation that awaits coming to terms with the universe.”

How do you relate to such challenges for the rest of your days? Are there times when you would prefer to think about something else. Maybe, you are drawn to the appeals of pleasure. That could be your long-lasting hope. But it could also be the reaction to seeing so much pain.”

“I can only ask for so much from you.”
 “What does that mean?”
 “What moves in your heart of hearts?”

“Are we doing an anatomy of the soul?”
 “What do you want to ask me?”
 “I am afraid.”
 “Where does this start?”
 “He has head full of steam.”
 “Is that wellness.”
 “Lover, we are here for you.”
 “There is a line around the block.”
 “What are they getting for waiting?”
 “An education.”
 “An explanation for bad things that have happened.”
 “What can be so bad?”
 “Someone talked to me who I didn’t know.”
 “Someone talked to me who I did know.”
 “That is a little too much energy to deal with.”
 “How do we start the explanation?”
 “We could start with work.”
 “We could start with the baby before language.”
 “This is dropped baby syndrome.”
 “The system is organized as a set of gestures.”
 “I only wish that he was a little better at what he did.”
 “Keep complaining.”
 “Where will it lead?”
 “Much closer to some kind of resolution.”
 “What do you want to know?”
 “Why does this matter?”
 “And this is your guy?”
 “Why should I bother?”
 “This is a punchline.”
 “We really share nothing in common.”
 “You ate kidding.”

“Another one of the bitter ones. And when the bitter ones get a little power, they are dangerous. They have no sense of class consciousness. They want to do nothing to enrich common resources.”

“Public execution kind of thing.”
 “You ain’t kidding.”
 “And you use that stuff on yourself.”
 “It’s a skin cream.”
 “Topical anesthetic.”
 “It is absorbed deep.”
 “I am fighting to get a step ahead.”
 “Then the foundation is going to crumble.”
 “They knocked down foundation wall.”

“What are you talking about.”

“I feel like a decoration.”

“You are always trying to perform, and it is not going much of anywhere.”

“Can I get closer?”

“He works too.”

“He saves his shit.”

“They both are bitter.”

“Where does this go?”

“Make sure that you have got the number right.”

“I need you to do something for me.”

“Give me your heart.”

“Honestly, what do you want me for. We are not going to dance. You are going to need to talk.”

“I am really tired of people wasting my time. What do you have for me?”

“The show is out of control.”

“Hope without any return.”

“Confess to the world.”

“He will never be honest.”

“That hardly matters to me.”

“Who told you to come here?”

“I had an appointment with a professional.”

“What are you going to start with?”

“Don’t pretend that you know what you are doing?”

“Find a place, and do you thing.”

“I found that place.”

“We need to get away from you, then you become the head of trhe association.”

“Don’t pretend that you know.”

“He knows her.”

“I am asleep at home.”

“That is what my analyst tells me.”

“Will you ever get it.”

“I worked just enough for it to make sense.”

“More lost souls.”

“Tell me how your method works.”

“We put something in the food.”

“You are close.”

“N one wil listen to what you’re after.”

“I had a bad night”

“Look me in the eyes.”

“How does that work?”

“There are stagees of acquiescing.”

“About ten signs of neglect.”

“He shows up.”

“I like the geometry.”
“You’re laundry is done.”
“I liked the vibration.”
“I am back in high school.”
“My homework is due.”
“That is classy.”
“What would your mother here?”
“She is meeting with me tomorrow.”
“I needd to get my allowance.”
“This is serious suff.”
“Dance for me.”
“I thought that the therapy would be more incisive.”
“What am I waiting for?”
“And you’re here with the big babies.”
“I am more than little creative.”
“You have to sort out the alternative poses.”
“Such as.”
“Tell me about the rabbits.”
“They like lettuce.”
“What are you running for?”
“I am working on that with my analyst.”
“What is the snack?”
“Something that goes with lettuce.”
“The whole system is going to shut down.”
“How did you get that shit in me.”
“How many people are here?”
“What is capactiy?”
“Whatever will fit.”
“It was a rough birth.”
“I am never going to get out of here.”
“You were supposed to talk to the counselor.”
“I went to the photo booth.”
“I have arrived.”
“Homeostasis.”
“Do you want some chocolate mushrooms?”
“I like my state of mind.”
“That will do.”
“The truly wild.”
“I have been claimed.”
“What do you get in return?”
“Nothing is going to change here.”
“Come back the place. I have it all wired for sound.”
“Electric shock.”

“We do not do that anymore.”
“That is too close for comfort.”
“Do you have a problem with people?”
“People who want something that I cannot give.”
“The humanity.”
“Take it over.”
“I like to have fun.”
“Don’t count cards.”
“What is that supposed to mean?”
“What are you doing for me?”
“That does it for me.”
“I am facing a crisis.”
“You should not have put it all into crypto.”
“I am good at this.”
“He said he cared for me.”
“I am very bad person.”
“I am back at the same job.”
“I am trying to help you train.”
“I want to learn how to cross the road.”
“Are you working with a chicken?”
“None of this makes an iota of a difference.”
“That is the alarm bell.”
“A different kind of instruction.”
“You are way too far gone.”
“Just too many parts missing”
“Do we ever admit to that.”
“We will admit to nothing.”
“I need to do a little more work.”
“She told me to work another job.”
“I need to change the tire.”
“I can do this with my eyes closed.”
“She is teaching me about caring.”
“I am on the move.”:
“They will find me.”
“I am looking for the rip in time.”
“The machine needs other parts.”
“He has a joke.”
“That was not asked for.”
“He sits home and watches the markets.”
“What dose he see.”
“More money.”
“More love.”
“Give of yourself.”

“What do you have in there?”
“You are going to keep me in the dungeon.”
“Really?”
“Do you need salvation?”
“He works currency.”
“I am doing terrible at this.”
“I could be your financial adviser.”
“Finish me off.”
“Did it take all that time?”
“What happens when I cannot do this anymore?”
“I need to wash my hands.”
“I spent my disposable income.”
“Burn it all.”
“Never pay your rent.”
“They will ax me.”
“We see it differently.”
“I need to get out of here.”
“I want to understand you better.”
“What did you expect that he was going to do?”
“I am going to remain in the dream work for a while.”
“I have been recruited.”
“Do I know you?”
“What kind of therapy do you practice?”
“It is just an exercise.”
“And what does he add.”
“It’s just an exercise.”
“That is grotesque.”
“I do not want to see this.”
“Watch.”
“NO!”
“I am screaming to get out.”
“Did I ignore you?”
“You are mean?”
“Where did you get what you wanted?”
“I thought that you were someone else.”
“That stuff never works.”
“What is a better therapy?”
“I am not into this positive shit. But sometimes, you need to move things forward. You need to get rid of things that do not contribute to a balanced perspective.”
“This is not the place to do therapy.”
“She got out before I could say hello.”
“What is she really about?”
“Healing.”

“The body is attacking itself.”
“There is an overload.”
“I am being destroyed.”
“What is the source?”
“None of that stuff is right?”:
“He is so overconfident.”
“He is not going through any kind of process.”
“Why does that work for you?”
“I do not like to take risks.”
“Why are you going to swoop in and take all the profits?”
“That is what I am good at.”
“All failures.”
“Draw the line.”
“We thought that you would be better at counseling.”
“This is a bad night.”
“What do you want to know?”
“That would be interesting.”
“You can leave now.”
“It is already advanced.”
“What is your sense of responsibility?”
“You have never done the real work? You’re in some unqualified corner of the earth, and you are judging the rest of society.”
“Do you have an answer?”
“Keep posting to social media. Then you will definitely be miles ahead of anything that you learn in school.”
“Give all the money to the investors.”
“What methods do you know?”
“I cannot look.”
“We are trying not to go down the hate route.”
“How does that work?”
“Do we hate each other?”
“Where do I look?”
“Someone has this down.”
“There was a brief moment.”
“What if we focus on what is happening before our eyes?”
“This is so brilliant.”
“That could be me.”
“It is not.”
“What does she say when she gets home?”
“She gets lost in this conversation with herself.”
“You can’t show off anymore.”
“That destroys my belief in humanity.”
“Why are you so radical?”

“That will take me far enough.”
 “And then there is nothing left.”
 “I lost my ability to concentrate/
 “That is a good way to tell it.”
 “Come to me, and I will put it all in place.”
 “The dream work is not working for me.”
 “I need a map.”
 “I need to go.”
 “Only a few days to total liberation.”
 “I might strike gold.”
 “Think back on what once worked for you.”
 “So much has happened since then.”
 “That will be brilliant.”
 “What did we get in its place?”
 “Where will this end?”
 “I passed out in my bathroom.”
 “Do you know anything about this?”
 “The negative of a negative is a positive?”
 “There is so much unresolved anger.”
 “We have a winner.”
 “What have you done since then?”
 “I have been in a program.”
 “That is not pleasant.”
 “I gave of myself.”
 “What is the result?”
 “What have you done to yourself?”
 “Be honest.”
 “What do we truly in.” S
 “The inner child gets out.”
 “This is hideous.”
 “A horror movie.”
 “Can I quote you on that?”
 “Go ahead.”
 “I can’t feel it.”
 “You got replaced.”
 “I feel really bad about that.”
 “That is too close.”
 “You need to quit that.”
 “I understand it.”
 “But you do not. And you do not want to go any further.”
 “Shit.”
 “What is this about?”
 “We are everywhere.”

“Actually, you are not.”
“I am going to make it clear for you.”
“Sit down with the gang.”
“What is really happening here?”
“I need to be honest with you.”
“What are you going through?”
“We were great friends.”
“It does not work like that anymore.”
“What else is in there?”
“We can do this for you.”
“It is going to require more work.”
“We need a schedule.”
“I am not going there.”
“You need to leave. I need to establish more coherence.”
“He will complete it for me.”
“Is that all that you have?”
“He appreciates my shit.”
“Stand up straight.”
“Why are you so nervous?”
“It’s not the drugs.”
“Tell me why?”
“Are you laughing at me?”
“Laugh away.”
