

THE SEER

“Have you seen that girl that you were making out with?”
“Why are you asking me? I have been here all night. It’s not as if I’ve gone anywhere.”
“She took you somewhere.”
“None of this makes sense.”
“I asked someone to watch my purse. And she is nowhere to be seen.”
“Let us all agree that we are fucked.”
“What if I had hopped in the car with you guys?”
“This car has to go. Do you really know him?”
“He is going to help me with my exam.”
“What do you know? What do you know that no one else knows?”
“I have no idea what I know.”
“And we are back in the middle of the action.”
“I am traveling.”
“What do you want to know?”
“Where am I? Do you love me?”
“Is there anything else to ask?”
“Where did we start off?”
“We start off right here.”
“The inner child.”
“The animal attacked me.”
“My stomach has not settled down.”
“What would be a good alternative?”
“Take one of these.”
“I can tell by the shoes.”
“What can you tell?”
“You do not diverge, but you want to pretend that you are different.”
“I want someone to keep everyone in place.”
“Listen to the other side. Do you hear w they are saying?”
“What are they really afraid hatof?”
“The killers.”
“You are one.”
“Let me go.”
“Is this going to be the whole night?”
“Is that all that it takes to get you started?”
“I have thought about this a great deal.”
“How have things changed in your favor?”
“I want to understand.”
“Math class.”
“More than that.”
“They are all revved up.”
“Bringing the war home.”

“We are protecting you.”
“Wait until you really get in the shit.”
“They only want a place to park their cars.”
“Do you have any idea what is going on?”
“We have you in our sights.”
“This is way beyond this.”
“I cannot call on any other sources.”
“That should amount for something.”
“I have spent a long time on this.”
“If you want to monetize this, go ahead.”
“I will tell you what I need. But I have nothing to give in return.”
“I can give love.”
“That will be everything for me.”
“We all close our eyes”
“But there is real work here.”
“What is the value of a dollar?”
“I can think about this.”
“Do you know what kind of bag this is?”
“This is what I show the world.”
“This is what I hide.”
“I am looking the manifest true.”
“The Manifest Destiny.”
“Where is this headed?”
“I know.”
“What else is happenintg?”
“I am representing.”
“I wish that I could do better at this.”
“Who is going to tell you what you need to hear?”
“I asked her that.”
“You can fulfill me back at my place.”
“I need to find my jacket.”
“I was there.”
“I am there all the time.”
“My body is a real estate deal.”
“I need to figure out both representations.”
“Do this quickly.”
“What did I miss?”
“Concentrate.”
“What if the market failed?”
“We have two sides.”
“Three sides.”
“Now, I see what you are protecting.”
“The children.”

“The non-children.”
 “And you exist in this buffer zone. You are dying in time.”
 “What will your get back.”
 “What is this going to come down to?”
 “We are sitting across from each other.”
 “You tell me.”
 “Can you explain the politics?”
 “Some people value their work more. It is all some kind of merit thing. It is not that good.”
 “I guarantee my work with my life.”
 “We can leave now.”
 “Does the whole team leave at once.”
 “Is that what you are waiting for?”
 “I will lead you to the mountain.”
 “Where is this going to end?”
 “We have our friends.”
 “Your friends are in the way.”
 “The team left.”
 “Who remains.”
 “What is your fear?”
 “We could be friends.”
 “That could have been mine.”
 “Know when to ask.”
 “That could work forever.”
 “You wake up one day, and you ask what even got you doing the same thing over and over and over again.”
 “Some biological imperative.”
 “He is trying to work off his sins.”
 “Are you an agent?”
 “Let me get you a drink.”
 “I have that little extra.”
 “Not tonight.”
 “Tonight.”
 “I am following along.”
 “Do it.”
 “What happens to your definition of self in a four-hour period?”
 “Maybe five hours.”
 “Are you being interrogated?”
 “I am not part of this.”
 “This is going to get a little crazy.”
 “Were you invited?”
 “We all were.”
 “Make a decision.”

“Are you making it happen?”

“I am down in the shit.”

“What about work?”

“This is awful.”

“I am a disruptor of the disruption.”

“You do not have this.”

I wanted to provide an authoritative portrait of what was going on.

“This all goes to a database.”

“There are so many other attractions.”

“Wait until a little later.”

“Lord, save me.”

“I see what I need to see.”

“What is that?”

“Love and awareness.”

“Where is this headed?”

“A different kind of belief system.”

“I need to complete this drill.”

“No one wants to hear what is coming.”

“This is the buzz word for dealing with the actual neglect in the society.”

“How can you get anyone to go along?”

“This was once important.”

“I have prepped for this.”

“I want to be with someone who understands everything that I am going through.”

“I could create a digital business card.”

“This is the soul. Not business. You are going to have to figure out how to come to a resolution.”

“I am starting to ask the right questions.”

“What does that involve?”

“How far away are you from work?”

“Does he have a grasp?”

“What really happened?”

“I need to look at another resume.”

“Who else is here?”

“Who do you want to be here?”

“The next one.”

“The savior.”

“We are going to need a prophet.”

“What else happens?”

“A long night.”

“A longer life.”

“Happiness incorporated.”

“The time between one kiss and another.”

“He will never understand.”

“What do you call that?”
“I cannot explain that.”
“That works for all of us.”
“Where do you want to be?”
“Where does she want you to be?”
“I can give of myself.”
“And that is the end.”
“Can you express how you feel?”
“These are new feelings.”
“Break from the pack.”
“Get thrown back into the lake.”
“What do you want from me?”
“WHAT DO YOU WANT FROM ME?”
“Cenza. She knows it all.”
“That is what I want to believe for now.”
“This is not some kind of performance.”
“You pass out before you can explain much of anything.”
“I do the math.”
“This is another kind of creation.”
“I wish that was my life.”
“Cenza, put on my jacket.”
“I want more heart.”
“That is too much heart.”
“A perfect life gives me everything that I need.”
“You have no idea.”
“It could be you.”
“Take the chance.”
“You need to define yourself.”
“That is the key to your existence.”
“Here, take this.”
“Now, she is going to ask for some real shit.”
“This is not about education.”
“This is about forgetting.”
“You believe that total concentration will result in growth.”
“Who can answer for your sins?”
“What is a sin?”
“Are we going ethical, or are we going moral?”
“Do you know what we are in for?”
“She does.”
“The life was beyond me, and I was not going to catch up.”
“What gives you that pretense?”
“There needs to be a simpler way.”
“It is all about seeing things.”

“What is being seen?”
“The rest of the night.”
“Shared perfection.”
“Cenza can do it.”
“How?”
“That is the trick.”
“She is my girl.”
“We all want that.”
“This has lasted for a while.”
“It could be a life.”
“They call that a religion.”
“How does that work?”
“You expect things that never happen.”
“Then it all happens.”
“Does there need to be some form of material presence?”
“Will your emotions do?”
“How did we get out of the caves?”
“We have lost that ability.”
“I am going to fuck you up.”
“Who is the runner.”
“What does that mean?”
“Who is your partner?”
“I drew a straight line on the page.”
“What is really going on?”
“You are trying to write history from your own point of view.”
“It gets really daffy.”
“You changes your story.”
“There goes the prosecution.”
“Can I trust this system?”
“I trust the jewels.”
“The exchange for my work.”
“And the real estate.”
“The meek are in the wings.”
“The meek are not armed.”
“We are going to need some divine intervention.”
“Cenza got wiped out.”
“She cannot continue this episode.”
“Are you really, child?”
“Your psychosis will not hold.”
“We run this place.”
“And we get back to the roost.”
“I am a million places at once.”
“What good will that do me?”

“I am here to contest the will.”
“The trust controls all this shit.”
“Who controls the trust?”
“We start to get into more complex situations.”
“Then we’re crawling on a rug and drooling.”
“This is just a bad day.”
“I need one honest person to see me through.”
“I saw that.”
“The good and the bad rolled into one.”
“Is that erotic?”
“More neurotic.”
“This could be you.”
“This is a competition.”
“Give me a follow spot.”
“The fantasy.”
“Then I crash.”
“Do it in good time.”
“I have another arrangement.”
“What is in the bag?”
“What is this place?”
“I am waiting for the visitation.”
“Like some kind of alien shit.”
“You only have to work a few more days to get the credits.”
“He has fifty dollars.”
“That is usually not much.”
“But this is so much more to you.”
“You take yourself seriously. But if you were really serious, you would have a larger revenue edge.”
“Is this you?”
“This is what it means to be shipwrecked in a place without an ocean.”
“The ark.”
“What does that mean?”
“A new beginning for society.”
“So much talk and so little to say.”
“We are deep in the shit.”
“And you still cannot be honest.”
“You cannot see things from the opposite point of view.”
“You are your own worst enemy.”
“I only need the dialogue to play in my head.”
“Get me all the cash.”
“There is so much more involved.”
“Take it.”
“Cenza, you can take me anywhere.”

“I am asleep.”

“Could you do this better than Rels?”

“Rels is the best, but she has become this hypothetical.”

“Take it for what it is.”

“She took it for so much more than it is.”

“What is his name?”

“You are going to need to say something to get it all moving.”

“I need four solid hours of forgetting.”

“This is your therapy method.”

“You need to drown to rise to the top.”

“What is that about?”

“All the oxygen is out of my lungs.”

“I washed ashore.”

“I am not getting the physics right.”

“Do it all again.”

“I was very good with the science.”

“He would talk to me.”

“Check one last time.”

“We are presentable.”

“I AM THE GOOD GUY.”

“How could I be? There is so much exaggeration that it is not going to work when I get back to lab.”

“Why are you being so clinical about love?”

“I need to get that one last look.”

“What are you working on?”

“Scientific research.”

“A novel based on scientific research.”

“Things were so good when we were at home.”

“Stay here.”

“They will find us.”

“I am going to be honest. You are nothing like the guy that I want to meet. And I am going to deal with your shit. For a night. For a year. Then I am going to realize that this is not going anywhere.”

“How can you make things go for yourself?”

“Soda pop.”

“What kind of explanation?”

“The carbonation explains it all.”

“There is no explanation.”

“I was not born for an explanation.”

“You need to fail to succeed.”

“That used to be something for me.”

“I only need a heartbeat.”

“How did you get that close?”

“I know what deep means for you.”
“We are going to need to get out of this before we can get into this.”
“Cenaz would understand.”
“This guy is going through the motions.”
“I do not know how to ask the right questions.”
“Let me tell you what I think.”
“I do not have the ideas that you are looking for.”
“We could blow up the world.”
“Then we could not control what we destroyed.”
“Where is there this other thing?”
“They came back.”
“They all returned.”
“This is shorthand for the real shit.”
“There is so much fallibility.”
“We have only forgotten a little.”
“I am not part of this.”
“Why do you think that you would enjoy this?”
“I cannot take the next step on my own.”
“I am trying to be good.”
“What are you really about?”
“What brought you back?”
“Cenza is not here.”
“You pushed too far.”
“Give me a few minutes.”
“That is going to work for you.”
“That is going to work for no one.”
“Another body.”
“The cooling fan.”
“Shit.”
“I am going to pass out.”
“Who built this system?”
“This guy.”
“I had it down.”
“He did too.”
“Interrupt me.”
“I will care for you. You will not have to deal with the shit anymore.”
“You waited until I passed out to tell me this.”
“Are your fangs sharpened.”
“You cannot read this.”
“He is holding on.”
“I will never realize my dreams.”
“That is all that matters.”
“Take a chance.”

“I am listening closely.”
“Make the move.”
“Give me a few minutes to calibrate.”
“I do not want to do the same thing.”
“What comes after real estate?”
“Everything already crashed.”
“You can find a better resolution.”
“I am so sorry.”
“Why do we repeat the same shit again and again.?”
“I am going to power you up.”
“That is the meaning of being an adult.”
“This is not going to be good.”
“I need to break out of the dungeon.”
“Cenza, you will sleep it off.”
“I need to make the move.”
“Make it.”
“Who understands?”
“That is more than I can explain.”
“Everyone is overdetermined.”
“And underproductive.”
“I can change all that.”
“Always be breaking down.”
“Are you serious?”
“I need to trade up.”
“I do not want to go to that place again.”
“The world is taking you down that road.”
“I have all the stuff that I need at this house.”
“You are too intense.”
“Is this a match?”
“It is mostly now.”
“Where is this headed?”
“I have everything that I need at home.”
“What is the book?”
“I am looking for a title.”
“When did this start?”
“I realized that I needed to do more cooking for myself.”
“Someone is looking out for me.”
“MY WEAKNESSES ARE MY MOST APPEALING TRAIT.”
“Are you a leader?”
“A born leader?”
“I do not want to get out of bed.”
“Get one more dream, and put it all in place.”
“You are reliving all that terrible shit from last night.”

“Work with me on this.”
“I want to to run the place.”
“The good boss.”
“The property makes the money.”
“How is that really possible?”
“Do you really believe this?”
“Someone is holding the cash and charging everyone else to play.”
“That is an inconvenience.”
“I am not promising that you are not going to have to work. But you can work less.”
“How does that happen?”
“Devaluation.”
“Devastation!”
“We are going to have to learn about agriculture.”
“That is not the antidote.”
“What do I do?”
“Use your body as equity.”
“How does that really work?”
“This is a crazy world.”
“I was waiting for Cenza to sort it out.”
“We are so deep in this crazy shit. No one is going go to have the ability.”
“You are back at work.”
“Take one of these.”
“I am working so much more efficiently.”
