

MR. SMITH

“Mr. Smith, do you mind if I interfere with your life?”

“What gives you the right?”

“Carnal knowledge.”

“What are you talking about?”

“How are you going to end up?”

“Left for dead.”

“I wouldn’t assume that about anyone.”

“You assume it about me.”

“Yes, you do.”

“I could meet you at the train station.”

“I don’t mind you lying about me. Just don’t lie about yourself.”

“I am glad that you did not waste your time.”

“I am not filling up time the same way.”

“You could waste my time.”

“You have changed in a way that I do not know.”

“There is no compatibility.”

“What are we looking at?”

“I have prepared for this.”

“What do we share?”

“Do I actually bother?”

“I lost my focus.”

“What happens after that kind of exposure?”

“We are investigating what is involved.”

“I know where this is headed.”

“That is what we all say.”

“Nothing much changes here.”

“I am glad that feels right to you.”

“There are other people.”

“Other lives.”

“Mr. Smith, you are at the limit.”

“Are you being honest with me? What kind of growth is occurring from this relationship?”

“This is a test. And I am really fucking up.”

“You haven’t grown intellectually. You are constantly performing. But it is all pretty much the same.”

“And you are going to tell me that this is a good marriage.”

“I cannot stomach this Lancer. I can’t stomach your family. I can’t stomach your interference. I do not think that you can help me.:

“I am thinking about a different history.”

“They prepared you for exams.”

“I knew what that meant for a little while.”

“That works for me.”

“That does work for me.”

“Maybe, I exaggerated.”

“You did.”

“And you think that has affected me.”

“If you were here, I would listen.”

“Can I ask you a question?”

“Stay with it. This is the level of accommodation that people deal with. And it destroys them.”

“What do you really think that you are doing with this book? What kind of understanding are you providing that is inherently different than anyone else’s?”

“Let us take a look at the world. You have people, whose way of life takes products from the rest of the world. But they are unwilling to form an understanding of the world. The wall is so big.”

“That is not what is happening here.”

“You can fly in, and you can fly out.”

“We hated you from the beginning.”

“How big is the wall?”

“The world is coming for us. We have done bad things.”

“I think that the close connection just fell apart.”

“We are falling by the wayside.”

“We are falling together.”

“I want to describe the fabric.”

“I have never seen the world dissipate so quickly. Is this part of your destruction plan?”

“This is my destruction plan.”

“You bring the people.”

“And you are there to save the world.”

“I am breaking up with you.”

“What are you talking about, Mr, Smith?”

“I am your world.”

“What are you telling me?”

“I have come back.”

“There is so much of my intention that has been robbed from me.”

“We are all pretty much the same way.”

“Let it be what it is.”

“You are creating a risk.”

“Look at yourself.”

“You can’t say whatever you want without expecting consequences.”

“Nothing is moving.”

“There is too much noise.”

“That is my life.”

“That would work for me.”

“That would all work.”

“I am filling in things that are missing.”
 “How do I make complete contact with the world?”
 “How did they take things away from you?”
 “How did I fail here?”
 “You have been ignoring me.”
 “Is this all going to fall apart?”
 “Do not blame me!”
 “You said that you had me covered.”
 “I give in. The world takes over.”
 “Mr. Smith, we have real obligations to the world.”
 “I have lost myself.”
 “They kept us going.”
 “They kept us employed.”
 “I am trying to figure out two important things.”
 “This is not something that I worry about.”
 “It is all that you worry about. And you pretend that it is different.”
 “What can I do to change my situation?”
 “You need to find health.”
 “Get a glass of water.”
 “Are you thinking about me?”
 “That didn’t work for me.”
 “One of these options need to work.”
 “When did you fail to make the mark?”
 “I would think that a complete confession would be exhaustive.”
 “Fill in with your heart.”
 “Send me cookies.”
 “I was going to send rice.”
 “This is your now moment.”
 “You could have a double.”
 “Someone with vitality.”
 “That is not going to do anything for me.”
 “What is in the chicken?”
 “Why is this an important question for the development of the world? I spend a lot of time telling people what is in the chicken.”
 “Carbon.”
 “The bone.”
 “I am trying to figure out how to make this feeling last.”
 “I could explain all that to you.”
 “You have arrived.”
 “This is a moment when i know what the chicken is all about.”
 “We are trying to talk about a political question.”
 “I am trying to be nice.”
 “This is the closest that I can come to complete undertanding.”

“I am becoming dust.”
 “What does that say?”
 “Leave no stone unturned.”
 “Let the snakes touch you.”
 “You are easily affected by bull shit. You have all yourself. That is what the world is looking for. Total personal exposure.”
 “And you could do it.”
 “You could do it for anyone.”
 “I am not going to dignify this with a comment.”
 “You never stopped.”
 “Are you kidding?”
 “Are you kidding?”
 “I am trying to describe something very important. But I do not have the word.”
 “What is missing?”
 “You will be able to continue this.”
 “And that will mean something for me.”
 “Stuff that I know.”
 “Stuff that I stuff.”
 “There is something about a real commitment.”
 “More rabbits.”
 “You wake up in the morning, and you are doing it.”
 “What are you working on?”
 “We could trace the movement of grain.”
 “Wheat, rice, corn.”
 “There are more grains.”
 “Barley, rye.”
 “Vodka.”
 “What is this about?”
 “Too many things to interfere with my constant focus.”
 “I want to know.”
 “I gave you the cue.”
 “That is not going to work for me.”
 “Can I do another?”
 “Can I do another?”
 “They all left. They left you.”
 “Lancer has total control of the world.”
 “And that works for you.”
 “That is all that works.”
 “I jumped in where you left off.”
 “I can explain everything about my life. I can explain how all these things contribute to a bigger understanding of the world.”
 “This is not going to do it for me.”
 “I will take what I need.”

“Total concentration.”

“You need to back off.”

“Why is there pain?”

“You are being told something.”

“Do not run on that leg.”

“And I will be better.”

“You will probably be better.”

“I missed the chance.”

“You need to make things happen in a clearer manner.”

“This worked for all of us.”

“And how are you going to do it.”

“There is only one solution.”

“We are not going back.”

“I need to signal you.”

“You are not going to get back.”

“Are you willing to risk more?”

“I don’t have much.”

“You use these subtle techniques to control people’s behavior. This probably works with your child. You mother did it to you. And you have been directed by superiors, who are accustomed to doing this to other.”

“I wouldn’t be here if I did not get money.”

“That excited me.”

“Your story excites me. This is my book. What makes you show up? What do you think about during the day. How do you get over your shit?”

“What happens when none of this leads anywhere.”:

“Collect all the cards.”

“I have them. I have all the hold cards.”

“You understand the anthropological argument.”

“That is not helping me.”

“I know what you are looking for.”

“Total immunity.”

“I can do a follow spot.”

“They are going to turn off the power.”

“In a deep sense, we want different things in life. You have a greater allegiance to money and the meritocracy. You cannot see the fissures in the social structure.”

“What are you talking about? What are you talking about? What are you talking about?”

“You are so negative.”

“I am waiting for the revelation.”

“It was almost there.”

“NEXT TIME.”

“I could be wrong.”

“You are wrong.”

“This is not subtle.”

“That is brilliant.”
 “And that means something.”
 “That is why I am the way that I am.”
 “You can deal with each other.”
 “I am trying not to be mean.”
 “I am trying not to be mean.”
 “I am glad that you are enjoying that. Did a dig grave!”
 “Is this directed at me?”
 “I am trying to be nice.”
 “This could be anthropological.”
 “We all have bad moments.”
 “I am going to be more vigilant.”
 “I could only wish.”
 “Rewrite it all to fit your ideology.”
 “This is a narrative totally slanted to the opposite point of view.”
 “I never thought that I was like that.”
 “See how they run.”
 “That is not going to make you work any better. It is only going to let you tolerate lesser work.”
 “I am facing the mirror.”
 “I am facing the wall.”
 “Who is working together?”
 “I need to tell you what happened to me.”
 “You are doing that all the time.”
 “What did the doctor say?”
 “Come in for a checkout.”
 “You have arrived.”
 “You have an art.”
 “I work at this.”
 “I am trying to be tolerant.”
 “My director makes me do things.”
 “That is all that matters.”
 “I am looking for my savior.”
 “He will probably be in a clown costume.”
 “Where is that ending up?”
 “BACK WHERE WE STARTED.”
 “I have great dreams.”
 “I still have great dreams.”
 “I made it.”
 “I am not going to share it.”
 “I am not there to interfere.”
 “You are part of the interference show.”
 “What does that mean?”

“We are going to need some designers.”
 “This has to be something more time-based.”
 “A narrative.”
 “A marketing plan.”
 “You have a different level of focus.”
 “I feel as if this will finally be over.”
 “I am very good at this.”
 “You do not know what to make of me.”
 “The organization has all this covered.”
 “I think that you have it all covered.”
 “You are going to need a book to sort this out.”
 “What does that mean?”
 “An organizing principle.”
 “I know what the only organizing principle is.”
 “Food.”
 “Human gesture.”
 “You need to get better at this.”
 “I have a trainer.”
 “I can call it for what it is. But I still want to play.”
 “There is a principle.”
 “Cici, can you explain it.”
 “I am distracted by something else.”
 “She is not going to come to a realization at this moment.”
 “You were not doing so well.”
 “There are levels of giving in the the force. It gets us at different points in our development. It can really fuck with you if you are not careful.”
 “You can deal with a lot worse shit.”
 “We are all coming to the same point.”
 “We will serve canned peaches.”
 “What do you have to lose?”
 “This stopped making a difference to me.”
 “There is coherent force that holds it all together.”
 “There is an entirely different show.”
 “This could have been a kind of knowing. But it became a kind of being.”
 “Is that good for anyone?”
 “It is good for me.”
 “It is all good for me.”
 “I did not even think about it.”
 “I was tempted it.”
 “It went beyond that.”
 “We could use different tools.”
 “Spoons.”
 “That says something completely different.”

“I am committed.”
“Understand the spoons.”
“I failed.”
“We had a plan.”
“That is too devoted to the now.”
“What kind of future do I have?”
“This is too deep for me.”
“You can carry the weight.”
“Then I will face fear.”
“I am angry.”
“I never quit you.”
“Why are you intimidated?”
“WHY ARE YOU SO INTIMIDATED?”
“I found what I needed.”
“A cereal box.”
“That will work for me.”
“There is a place in prison for you. They are not going to play.”
“Let us play.”
“This more that funny.”
“Where are you?”
“On the ceiling.”
“I am close to something.”
“So is she.”
“There are enemies.”
“Where does that come from?”
“I do not have time to fill in.”
“I can see this story ss not working.”
“Why are you sweating? Are you on some kind of shit.”
“I could say that none of this went anywhere.”
“You have one chance to do your soliloquy.”
“Can I piss in your trash can?”
“This was brilliant.”
“Take that.”
“Take that.”
“I am waiting for someone.”
“I am going to give you what you need.”
“That is not going to work for anyone.”
“Fill in all the empty places.”
“I am not going to bother arguing with you.”
“Thanks for your expert advice.”
“Thanks for your expert advice.”
“I WANT TO LOVE THE WORLD.”
“Just be brilliant in your own way.”

“You are going to destroy me,”
“That is a fucking risk that I need to take.”
“Take it.”
“I am going to melt.”
“You are not going to play anymore.”
“Are you kidding?”
“Are you kidding?”
“Are you kidding?”
“That little extra that I do not have.”
“You have all of that.”
“I am going to have to shut you out for a while.”
“This is impossible.”
“I am about to take the next step.”
“This will all be cleared out.”
“That is all that matters.”
“I have this licked.”
“What does that mean?”
“I can make things work.”
“Shit!”
“How is that?”
“This is a terrible relationship.”
“It has a lot more going for it than you know.”
“Do not call me out.”
“We are not rivals.”
“A clearer map would make sense of all this.”
“What do you want to know?”
“There are these intersecting points that need to be explained.”
“You appreciate me in a very deep way.”
“THIS CANNOT BE ME.”
“I think that I know.”
“This is sophistication.”
“This is guilt.”
“I think that I understand.”
“There is a place that makes total sense to me.”
“You know how to snarl.”
“That makes sense to me.”
“ASK ME!”
“I need you to be more supportie.”
“Do not get in the way.”
“You are not going to save the world.”
“I already have.”
“This is a different scripture.”
“She has arrived”

“What planet are you on?”
“The bad one.”
“I cannot explain the sacred.”
“Is this about human sacrifice?”
“What kind of life is this?”
“They make excuses for this kind of thing.”
“They have learned how to explain to poor people how to make money.”
“There might be a genius in this.”
“And it could be backwards.”
“You are backwards.”
“I am finding a different way to deal with the world.”
“Collecting old fish cans.”
“That does not lead to anything positive.”
“What is something positive?”
“An education.”
“What are you protecting?”
“You could ask.”
“No one could give me an answer.”
“You would go buy some ice cream.”
“I will be back.”
“I am back.”
“Stay back.”
“I can bend steal.”
“The steel needs to be thicker.”
“It was you.”
“I cannot explain it to you.”
“The money flows.”
“Of course, it does.”
“And you need water.”
“We need electricity.”
“You cannot give me anything else.”
“Where is this supposed to end?”
“What does it taste like?”
“Thanks.”
“I have been here all this time.”
“Honey, I need a few minutes by myself.”
“That is not working.”
“There is some crazy shit going on.”
“That has nothing to do with us.”
“There is a reason.”
“I need to explain it to you.”
“I am not sure.”
“You can complete the sentence.”

“Complete it.”
“I cannot ask for what I want.”
“It is not admiration.”
“I have found the bustance.”
“I did not want to listen to any of that.”
“I could pick you out.”
“I am teaching a ballerina.”
“What does that mean?”
“Do you fly in your dreams?”
“This is your moment.”
“Take the pen.”
“The sword.”
“This is going to hurt you.”
“Why didn’t you say something?”
“I wanted a Coke.”
“How did this get satarted?”
“I needed to talk to my dentist.”
“I needed to confess.”
“Take this. IT will work.”
“I needd an expert.”
“I need an adviser.”
“That only goes one way.”
“Do it right.”
“Who was playing what?”
“Did you get ready to be like this? Or did chaos get a hold of you.”
“I am not looking.”
“This is all coming to a climax.”
“That is all that I need.”
“Fill in the sound spectrum.”
“Listen to the waves of activity.”
“This is all to abstract for me.”
“You do not understand.”
“I want an explanation.”
“We are dealing with people who never get an explanation.”
“It is about performance.”
“I will be gone.”
“And what do you do?”
“I am trying to turn you.”
“Who is running this?”
“I cannot be a million places at once.”
“I can.”
“That is all good.”
“I will be somewhere else.”

“I will be somewhere else before this matters.”
 “I cannot leave myself.”
 “I am not going to chase.”
 “None of this matters in the least. It is not effective. It is not mean to be.”
 “I am a camera.”
 “The door is closed.”
 “We have reflections.”
 “You have been well-served,;’
 “There is tomorrow.”
 “And there is serious tomorrow.”
 “How does that happen?”
 “That is much more interesting to me.”
 “Keep me in touch.”
 “Why do you still dress like that.”
 “Everyone has a pet.”
 “Where is this headed?”
 “This all works?”
 “Give me an A.”
 “Give me a C.”
 “I lose completely.”
 “I get to have a snack.:’
 “What is that about?”
 “I am getting ready for the meting.”
 “We are all getting ready.”
 “What will be the prelude?”
 “I am competing for a lot more.”
 “Why do you not like me?”
 “Bring me a snack.”
 “I am melting.”
 “What would Bath say?”
 “I am going to get to it.”
 “There is a system.
 “I have this.”
 “It only takes one step.”
 “Are you tamed?”
 “I have enough money in my account,.”
 “None of that means anything to me”
 “Now, it all makes sense.”
 “It cannot.”
 “I have been to your house.”
 “Are you going to keep this going?”
 “We could end the Jacob story.”
 “It is not much of a story.”

“Then you reveal everything.”
 “How did you come through it?”
 “Who else is involved.”
 “The King of Persia.”
 “Where does that come from?”
 “How do we explain succession rituals?”
 “That is not going to be enough to carry through this narrative.””
 “I will not get very far.”
 “You will not get very far.”
 “We have the claim deed and the contract and the plans for the house.”
 “I think that I get it.”
 “No one noticed.”
 “Slam the door.”
 “I need to run away.”
 “We could add to Jacob’s story.”
 “Who else is involved?”
 “I am only getting so much.”
 “That is too much to notice.”
 “There is real work going on.”
 “And there is real work going on here.”
 “Are you questioning me?”
 “I know how to live in the heat.”
 “That is too noisy.”
 “This is not my show.”
 “I do not want to touch anything.”
 “They are getting the job done.”
 “That would be everything to me.”
 “Sure, it would.”
 “Get rid of your enemies.”
 “Do not be mean?”
 “Who is following this?”
 “This is a different version of the same thing.”
 “It is not going where you think.”
 “That is not going to do it for you. What has the mind figured out?”
 “Is it time?”
 “Figure it out.”
 “That hurts a lot more than I know.”
 “This is all talk.”
 “These two forces are going to intersect in the worst ways.”
 “And what will fowlllo?”
 “That is how I am put together.”
 “We were special friends.”
 “Why are you going to attend?”

“This is doing a wonderful job for me.”
 “I think that you know all too well.”
 “I do.”
 “And that is going to do it for you.”
 “It did it.”
 “It is not just some one thing. It is some one thing that has been said.”
 “I want to go somewhere that thiw matters a great deal.”
 “Put it all together for yourself.”
 “I am really trying.”
 “We can add variations.”
 “That wil not help.”
 “There is something marvelous here.”
 “Hypnotism.”
 “Blind obedience.”
 “What does that even mean?”
 “How else should I do this?”
 “I feel as if I am on the verege of putting together the full picture.”
 “The Lancer stuff?”
 “I need to see something substantial. What is the evidence?”
 “We are friends.”
 “And that is doing you right?”
 “That more than does me right.”
 “Are the bones right?”
 “We are going to need a bone man.”
 “And that works?”
 “And that works?”
 “And that works?”
 “And that works?”
 “There is too much concentration.”
 “Do not interfere.”
 “This could have been perfect.”
 “What is that to you.”
 “Consciousness measured against consciousness.”
 “I need something concrete.”
 “Then you are back in you shit.”
 “I can observe.”
 “You are being watched.”
 “You cannot come in”
 “You have no idea who you have brought in your house.
 “I do not want to go off.”
 “Go off!”ou.”
 “You are safe.”
 “I will be back.?
 “You are many places.”

“I do not trust you.”

“You are not that good.”

“I need to skim that place.”

“What does that mean?”

“Watch me.”

“This is a prelude to some crazy shit.”

“Use my special pen.”

“THIS IS ALL VISUAL.”

“I am going deep into myself.”

“Who let you loose on the world?”
