

NO SHOW

“We peeled back all these layers.”
“What remains?”
“Belief.”
“I need more than that.”
“Cenza deserves more.”
“There are other things that we do.”
“I took lessons.”
“I want some serious gifting.”
“Cheap shit.”
“Who else can explain?”
“Who did you meet?”
“He is so boring.”
“You could explain.”
“Turn the camera on me.”
“Let me touch.”
“You took me to that other place.”
“The Rels place.”
“It does not exist.”
“It is all there.”
“Peppermint.”
“That means nothing.”
“Someone can sort it all out.”
“That does not work on anything.”
“And how do you do this?”
“That was supposed to be me.”
“It was not,”
“We all return.”
“What is left?”
“Pure, unadorned fun.”
“I am not getting back to anything worth returning to.”
“I want to win the stuffed animal.”
“Squeeze tighter.”
“The animal is here.”
“You gave me something that is not not here.”
“This is how we begin.”
“You have this totally under control.”
“I do.”
“I cannot get back to the home planet.”
“I am supposed to work with that.”
“I am going off the high dive.”
“There is no water in there.”

“That is a state of my consciousness.”
“I understand better than anyone.”
“I can lead you to a cure.”
“You have no idea where I was.”
“That guy is worse than obnoxious.”
”Is there a cure available?”
“There is total genius.”
“When will you find it?”
“Total concentration.”
“Forgetting.”
“There was a program that could put it all together.”
“There is nothing but illness here.”
“Come with me.”
“Where are we going?”
“Down in the catacombs.”
“The cats are divine.”
“You can ask.”
“We need something refreshing.”
“Will that work?”
“Should history be that wild.”
“What do I need to put together.”
“You need love and truth.”
“Are you kidding?”
“These are words.”
“There are performances.”
“And we arrange them, and they become something real.”
“Do not expect something from me.”
“I am late for my own performance.”
“The audience does not care.”
“I only want a kiss.”
“This gets confusing.”
“I should be home.”
“Everything is there to be observed.”
“We are going to have to switch things to make it all a go.”
“He is riding the wave.”
“The wave was built for riding.”
“Ask the question.”
“This is a special place.”
“Do not ruin it for me.”
“We are almost out of here.”
“What do you really think?”
“I cannot adjust to this world.”
“That is your level.”

“When will we get to other room?”
“You distracted me.”
“It will be more fun that that.”
“Perform for the now.”
“What would you do?”
“Make it a now.”
“Take one of these.”
“They love you.”
“Where am I supposed to go?”
“I left work for this.”
“I need to do more work to get results.”
“Take it out of the head to get in the head.”
“It could be all her.”
“Wow!”
“Do not let it affect me.”
“Affect me.”
“Where does that go for me?”
“If she had the skill, she would put it all in place.”
“She has a book to explain it all.”
“You need to go off the script.”
“What did I miss?”
“I show a side of myself that the world does want to see.”
“Is that what I am supposed to love?”
“That is how we are put together.”
“More bones.”
“You have your own explanation.”
“I could do this for all of you.”
“Where is she?”
“Karina?”
“We have found Cenza. Has she found us?”
“It could not be better.”
“That is so delicate.”
“My heart is delicate.”
“Why does that work?”
“Better than any perfume.”
“Do not be nice to him.”
“What is your complaint?”
“What are you taking from us?”
“I have lost my place.”
“You won the world.”
“Why is that?”
“I am off on an expedition.”
“This needs to end well.”

“We want more than we can take.”
“Continue to believe.”
“We have the heartbeat.”
“Where do you want this to end?”
“In my mind.”
“In the flesh.”
“I need to breathe.”
“I need to stretch this.”
“I am not interfering.”
“Watch out for me.”
“What is in the box?”
“I do not want to interfere.”
“I found the target.”
“Walk away.”
“I am crawling.”
“I am so out of energy.”
“I am not here to interfere.”
“Be a creature of habit.”
“You make it habit”
“It needs to be by intention.”
“I have this.”
“We can proceed further.”
“There is the moment that we turn the corner.”
“I have a good memory.”
“I am being protected.”
“How can you stretch things that far?”
“I am learning?”
“Are there signs?”
“You cannot stretch anymore.”
“This is what I like.”
“The flavor is bitter.”
“I could learn to love it.”
“I am more than a flavor.”
“I have other things to do.”
“More than you ever know.”
“Know!”
“I need more sleep.”
“Take one of these.”
“There needs to be more of this.”
“THIS.”
“You gave me that freaky look.”
“Cenza is not like that.”
“Who do you think I am?”

“There is enough giving so that you don’t have to give any more.”
“Do not go freak on me.”
“Nothing is supposed to mean anything.”
“Not at this point.”
“You are squeezing too tightly.”
“How can I exist in this different place.”
“What else is here?”
“Do not interfere.”
“Who told you that?”
“I need someone else to help me plan.”
”That is so totally wrong.”
“Wrong on all accounts.”
“Is he really good at anything?”
“It is that same thing.”
“I can offer you something that no one will ever give you.”
“Now, it all makes sense.”
“I cannot complete much of anything.”
“I found out who was behind it all.”
“Go one more round.”
“This guy has loads of money.”
“What will he promise?”
“Do you have anywhere to go?”
“I need to unplug a sink.”
“It is more than that.”
“What movie is this?”
“I need to be in the final scene.”
“Someone has to kill the dragon.”
“The dragon is nothing to worry about.”
“What are the threats to the operation?”
“People like you.”
“Like who?”
“Like Steven.”
“My name.”
“Steven is a valuable resource.”
“Is this professional?”
“This is a different idea of night and day.”
“I can’t see the screen.”
“Am I up there?”
“This is more than life.”
“What else is involved?”
“You tell me.”
“There is only one of me.”
“And the night is long.”

“I tried to stretch.”
 “Things broke.”
 “I am going to a special event.”
 “Does that mean that we are not special?”
 “You can leave when you need to.”
 “I am already out the door.”
 “I can tell you what is involved.”
 “We gave them the money.”
 “We shut it down.”
 “We chose the leaders.”
 “You are even more stellar.”
 “Turn on the lights.”
 “I have been here before.”
 “We don’t need that much to fight.”
 “Just a place to settle down and eat.”
 “Eat.”
 “You needed to realize that it was never going to happen.”
 “What did Rels say?”
 “Who else offered?”
 “It was a party.”
 “I only want to understand.”
 “You do not.”
 “He faced a test of wills.”
 “And you succeeded.”
 “Something else that is great.”
 “Cenza would understand.”
 “They would too.”
 “Not really. They have been doing economics all along. This is the foundation of their education.”
 “They speculate, but they do not speculate.”
 “So here.”
 “Who is listening?”
 “Will anyone ever listen again?”
 “It is up to you to make it again.”
 “Fresh.”
 “They are all fresh.”
 “They value me.”
 “Where will be tomorrow.”
 “What does any of it mean?”
 “Honey, what does any of it mean?”
 “I need to leave.”
 “She could have a show.”
 “THE FACE.”

“Cenza would know about that.”
“Let us take that again.”
“You gamble for more.”
“I do not want it really to be a gamble.”
“Then it’s either a party or no party at all.”
“I woke up.”
“I had nothing to do.”
“I am looking for greatness.”
“I serve a need.”
“And there are so many needs that you can never serve.”
“How did you in on this?”
“What next?”
“They let me in the big room.”
“The discussion of tariffs.”
“We are protecting.”
“You are not protecting us. Not really.”
“What do you see here?”
“How does this work?”
“We think that we see something that we do not.”
“But we do.”
“We do so much.”
“So much more than we know.”
“I take the risk.”
“This is more than excitement.”
“You are going to run it.”
“Why do you believe that this will work?”
“We are running this.”
“I wish that it was set in stone.”
“It is set in stone.”
“Ring the bell.”
“Clean up your messes.”
“I am trying.”
“How should it be?”
“How do you want it to be?”
“Nobody really does now. Even when they think of now.”
“I am dealing with way too much of myself.”
“You would do.”
“Anyone would do until you needed a more insistent heartbeat.”
“You try it.”
“We are looking at different solutions.”
“She is a solution.”
“They are all solutions.”
“The plane is flying high above us.”

“What did you give us?”

“Really nothing.”

“The damage is already done.”

“And you are trying so hard to maintain the ideology. You know what you are going to have to do.”

“They are all competing to go off a building.”

“And it doesn’t mean a thing.”

“Did you succeed.”

“You brought me love.”

“We too love.”

“I need to accept it for what it is.”

“You were at the center of the story.”

“Cenza does not need a publicity team.”

“You are hired.”

“What else is there?”

“What do you need?”

“What do these words mean?”

“They have historical significance.”

“You were the first.”

“And you do revisionist history.”

“And it loses its resonance.”

“And you pretend drinking a glass of water is this profound political act.”

“I am so much deeper than that.”

“I am deeper than that.”

“I am in the middle.”

“Why did you not go down that road?”

“I did not want to go down.”

“When you breathe, it is everything.”

“For everyone.”

“For you.”

“You don’t deserve to be right.”

“I thought that everyone was a little touched with the magic.”

“And the magic changed.”

“He could do another job.”

“Another life.”

“Another life.”

“Your life.”

“Do not take that from me.”

“This is not the same.”

“Do you think that it is not simply a matter of spurring memory?”

“I have it all a go.”

“There are deeper things.”

“Make it happen.”

“He could make it happen for what it is.”
“And those who think that it makes a difference.”
“I can confusing the cause and the effect.”
“This is deep stuff.”
“This is way over your head.”
“Why do you think that it is the same thing?”
“We are starting from the beginning.”
“That is hopeless.”
“I do not want to be mean, but this is awful.”
“That is why we are here.”
“We are here.”
“Check in the memory.”
“We were almost there.”
“Be very careful.”
“That is another time and another space.”
“We have an explanation.”
“Someone is looking me all over.”
“Are they going to cut?”
“We cannot improve perfection.”
“Do we care?”
“Do we care?”
“You turn.”
“This is the second verse.”
“The final verse.”
“The only verse worth saving.”
“We could make this work.”
“We could make it all crash down.”
“I do not like it like that.”
“Get this guy.”
“This is pleasure.”
“To you.”
“You were not there.”
“We are all there.”
“And we think that time is changing.”
“It is changing for some.”
“I do not mean that.”
“March 9, 2024.”
“A long time to wait.”
“What do you own?”
“”You could do this.”
“Do it.”
“We filled in all the space.”
“Do you get it?”

“Get it for what it is.”

“I was good at this.”

“I could not slow down.”

“I could not speed up.”

“I WAS SUPPOSED TO BE THE BEST IN YOUR STORY. WHEN I REALIZED THAT I WAS NOT, THERE WAS NO STORY TO GO.”

“Do you really think that I cannot do any better.”

“You cannot do any better.”

“We will consult.”

“Consult.”

“Take care of this.”

“I am back at the beginning.”

“This is how they make it work.”

“Did you cheat?”

“This is too complex to think about.”

“They are the same.”

“We all have that performance waiting.”

“That makes me excited.”

“Where are you taking this?”

“You need to consult on this.”

“I cannot just do the same thing.”

“Do the same thing.”

“I am back at the beginning.”

“Why did this happen?”

“This is my fault.”

“I have seen it.”

“Throw in the towel.”

“There is a lot of cleaning up to do.”

“Two challenges to do.”

“Then the feeling dries up.”

“This is your life.”

“The book does not make sense.”

“That is the definition of sense.”

“You do not worry about it.”

“An hour or so.”

“Keep the chatter going.”

“It was a revolutionary gesture.”

“I gave my heart.”

“Now, I see it all.”

“I see it.”

“You could have told me.”

“And I dig that.”

“Did someone else make history happen.”

“It is a constant time line.”
“Does that turn you on.”
“Graciously.”
“I am getting turned on.”
“One sick fuck.”
“He was buried in that knowledge.”
“I cannot make sense of it.”
“But you do it.”
“I do it.”
“I explode.”
“The world is over.”
“This is an attack on my person.”
“We need to do this.”
“There is not much story left.”
“This big shit is coming.”
“We all sit around and think that we have clout.”
“And the message echoes.”
“Stop this hurt.”
“Stop the body.”
“What does this mean?”
“This means what you need it to mean.”
