

THE LONG MARCH

“I make enough.”
“I am failing at what I am trying to do.”
“Not a good look.”
“Where are we?”
“You tell me.”
“I wish that I could give you what you need.”
“A better world.”
“We are making plans for a new world.”
“Keep on.”
“Are you a team?”
“This will be brilliant.”
“LOOK ME IN THE EYE.”
“You are trying to destroy me.”
“That is all that I could ever want.”
“I am waiting in the bathroom line.”
“What is going on in there?”
“The unemployment line.”
“My agent got me an audition.”
“Read the lines with me.”
“What kind of world is this?”
“You have bones and a heartbeat.”
“I am going in for a check up.”
“Why don’t you do something about this?”
“I could use a personal nurse.”
“What is that about?”
“It is too early to figure it out.”
“It is not like I think it is.”
“Where do these ideas come from?”
“That could have been the perfect moment.”
“Do not try to steal from me.”
“How does this work for you?”
“I am zeroing in on what I am all about.”
“You need to act quickly.”
“There are other places to go.”
“The holy of holies.”
“The inner sanctuary.”
“I want to manifest.”
“Manifest.”
“I was given this body.”
“Give it all to me.”
“You are brilliant at this.”

“Show me some venom.”
 “What should I be angry about?”
 “There are two factors.”
 “Love and work.”
 “And what are you doing?”
 “This is not a smart idea.”
 “Teach it to me.”
 “Count with your heart.”
 “That is what we all do.”
 “That is how I want it to be.”
 “The spirit took me over.”
 “Someone else did it better.”
 “Are you a believer?”
 “The character’s name is Vincenza.”
 “What do I need to do?”
 “Explain why you need this job.”

RESTAURANT WORK: “I started off amazed that I could earn all this money. It gave me freedom. I was able to move out from my parents. I had a roommate. I bought a car. The car isn’t in very good shape anymore.”

“I keep thinking if I work harder that I can make more sense of my life. I could save to buy a house. Maybe have my own place.”

“Are you realizing your plans?”
 “The bosses know how to fuck with me.”
 “And this is your life.”
 “I do not know how to get far enough ahead.”
 “You could work two jobs.”
 “That is how they do it.”
 “No one is going to give you anything.”
 “More exploitation.”
 “I do not see it that way.”
 “Maybe if your wages could meet your expenses.”
 “You are living beyond your means.”
 “I am working in a closet.”
 “Someone is doing this.”
 “What about education?”
 “Teach me how to make more.”
 “What about the system?”
 “It is fair.”
 “I do the dance, and I forget.”
 “I work in an office.”
 “You are getting too close to me.”

OFFICE WORK: “What is this shit that he is asking me to do?”

“Do a little extra, and you get paid more. Then you can save more.”

“That is not how it is working for me.”
“Who is doing this for me?”
“This does not do it for me.”
“More nonsense.”
“I did not realize.”
“Now, let us do this.”
“I thought that more was going on.”
“It was.”
“Who is waiting for you?”
“He says that he is coming.”
“My boss is messing with my mind.”
“Be nice.”
“Show leadership.”
“I believe that this will improve.”
“Anyone would feel lucky to have what you have. Do not complain!”
“I am trying harder.”
“They are dropping like flies around me.”
“Why is the world like this?”
“The powerless thinking that they are getting close to power by playing power games.”
“The game will not get you anywhere.”
“Are you really enjoying this?”
“Tell him to stuff it.”
“I am afraid that they will not love me.”
“They all love you.”
“How did I get here?”
“The mind takes us here.”
“I got everything that I wanted.”
“And they escaped to an island paradise.”
“None of this connects to what really goes on in my life.”
“There is still time.”
“Do you understand?”
“I am trying to assist you with the knowledge, which could help you move forward.”
“I have been watching this.”
“I understand all too well.”
“What did I eat?”
“What does that mean?”
“Respect.”
“You need to need to make the move.”
“I did.”
“One more hour before you check in.”
“What is the job?”
“You are do good at this.”
“I have just what I need.”

“Why do you see yourself as different?”
“Do you think that you are someone special?”
“You are going to need more skills.”
“And you want to make it.”
“This has been like this a long time ago.”
“What is the source?”
“Do not criticize me.”
“Do you have a complaint?”
“You realize that everything that you believe will betray you.”
“What else is there to figure out?”
“Change the windows.”
“I need to protect myself.”
“Is this love?”
“What is that?”
“You make promises.”
“My bosses are not delivering on the promises.”
“This becomes very desperate.”
“I celebrate, then I am right back in the shit.”
“What should the words say.”
“I have a few minutes.”
“So many layers of protection.”
“I would have to explain what I do during the daytime.”
“They call this a proof.”
“This is way too much to think about it.”
“I have been looking for this all my life.”
“Do not ask questions about the economics.”
“Are you kidding?”
“The market determines that.”
“And you making a killing selling knick knacks.”
“I want one of those devices.”
“He sold hangars.”
“What do they call that?”
“A coat of many colors.”
“I will be rescued.”
“The religion says as much.”
“There is a pyramid scheme.”
“Get in early.”
“Every generation has its own version of bullshit.”
“The tech boom.”
“Learn to sweep the floor harder.”
“What are you saving?”
“You do not understand basic principles of communication.”
“Where does this come from?”

“You ask me to save.”
“This is your boring life.”
“We have a house.”
“Here is a wrench.”
“Pinocchio.”
“My beliefs can make me real.”
“What follows?”
“More bull shit.”
“Longer hours.”
“What are you expecting?”
“Total belief.”
“I only need some kind of stimulus.”
“What gets it started?”
“Anyone can do it.”
“What are your aspirations?”
“I know when it will happen.”
“That will do.”
“Put the knick knacks in a box.”
“And that is the end.”
“I have to deliver this shit.”
“I pretend that it could be my life.”
“More boxes.”
“Where is it all going?”
“I had a little moment.”
“I could have more than that.”
“I could go crazy.”
“I could.”
“Off the chain.”
“Jane, it is your turn.”
“I do not want to go to work tomorrow.”
“I am reaching for the sky.”
“I am the sky.”
“I have arrived.”
“One more chance.”
“That is perfect for me.”
“That is tricky.”
“A timekeeper.”
“I am no longer afraid to be alone.”
“I need you to come through.”
“Do not let me down.”
“We are building from the ground up.”
“Look me in the eye.”
“We roll back, and we see,”

“We see.”
 “We want less.”
 “We want more.”
 “Do you understand where this is going?”
 “Now, we see.”
 “If you think that this is not going to get fucked up, then you are not listening.”
 “They are all working together.”
 “There is a system.”
 “There are internal states, and a method for interpretation, and ways to interpret these developments.”
 “Why does it have to be that way?”
 “That could be Stanza.”
 “We are casting for Stanza, Cenza, and Rosalind.”
 “What is the motivation?”
 “You are going through some wild shit?”
 “What is your hope?”
 “That we can share something between us.”
 “A view of the world.”
 “My internal emotional states are accurate at describing the world.”
 “I am working in advertising.”
 “DO YOU THINK THAT YOU CAN SELL COLA?”
 “Give me a chance to be myself.”
 “Would you buy the cola?”
 “I am not a cola fan.”
 “Ideas buy more ideas.”
 “I would go all the way with this.”
 “Some deep personality shifts.”
 “Who thinks that she knows?”
 “You are excellent at this.”
 “I know.”
 “Better than that.”
 “The going away look.”
 “I win.”
 “A situation that we can understand.”
 “I pass the test.”
 “Do not interrupt.”
 “You are the avenue to change.”
 “The messiah.”
 “Physical pain.”
 “No.”
 “Take this.”
 “I can do it on my own.”
 “The show just changed.”

“The really terrible memories.”
“This hold together personality.”
“I am losing my edge.”
“I apply myself.”
“But not that way.”
“I could go for it.”
“We are all involved.”
“It is so easy to turn me on.”
“Push this.”
“Shit.”
“What happens after what happens?”
“That is what worries me.”
“She is going to ask.”
“It could be a more difficult game.”
“I am seeing where I can bust it wide open.”
“Your emotions say it all.”
“We changed all that.”
“This is a stronghold.”
“They will be coming for you.”
“Read the signs.”
“They listen to him.”
“He turns them all on.”
“And he does nothing.”
“He does it all.”
“FEAR WILL E. LAST!”
“There is a lot more to be worried away.”
“The Cenza.”
“And these other variations.”
“Get me out of chair.”
“Do you have the words to make a difference?”
“That is what you love.”
“More than that.”
“We have this under control.”
“You obviously do not.”
“What does she know?”
“Tell me, dear.”
“There are other ways to see this.”
“You do like simple answers.”
“A cash advance.”
“And you are always running ahead of yourself.”
“What did you figure out?”
“Someone can make this happen.”
“This guy never will.”

“We better leave while we can.”

“That has me going for a while.”

“We got new blender.”

“What else is here?”

“She has thought about it.”

“That is not all.”

“Have you been thinking about thinking about it?”

“So much going on at once.”

“Where can I do this?”

“There is a place waiting for you.”

“This is the really deep stuff.”

“Creating a map.”

“Filling in all the regions.”

“This is how we live.”

“I would work out the equations.”

“Are you hot?”

“I am burning like a furnace.”

“How does that work.”

“In simple ways.”

“I have just enough time to make a life with you. We need to spend time increasing our heart rate.”

“What is messing up here?”

“Take one of these.”

“I did.”

“That is delicious.”

“That is devious.”

“Who else is involved?”

“EAT ONE OF THESE!”

“Is it pure?”

“Next show.”

“I got a job as a prep cook.”

“A crime scene photographer.”

“Do you ever see the causes?”

“You are the cause?”

“Cenza could make it all happen.”

“That would work for now.”

“I know what you are looking at.”

“My investments.”

“I need to jet ahead.”

“We are almost there.”

“There is more to see.”

“Ask me.”

“You do not want to know. That is how it works.”

“I know all too well.”
“Why have we reached this point?”
“You can make more money off the poor.”
“How else does it work?”
“There is really nothing innovative here.”
“You are too deep in the performance.”
“I do not have to work as hard.”
“I can sleep longer.”
“I CAN SLEEP LONGER.”
“These dreams are important.”
“I keep coming back to this hotel.”
“What is going on there?”
“I am being interviewed.”
“What do you want to ask.”
“Give me a few minutes to come up with a good answer.”
“What else is there?”
“A career move.”
“You need to be better prepared for what is coming.”
“Did I say the wrong thing?”
“Relax.”
“I could present it in a different way.”
“And that would turn me on.”
“I am wasting my money hoping for something that is not coming back to me.”
“Schmuck.”
“We all accept.”
“Angelic.”
“Find the wings.”
“There is a wonderful opportunity.”
“He has be down.”
“I am here for you.”
“Oh fuck it. Nothing means anything.”
“Stanza is not part of this story.”
“Who else is left?”
“Some people do not want to know.”
“You cannot know.”
“And that is more appealing.”
“Appeal.”
“You like the anger.”
“Not substantial.”
“I AM MOVING PRODUCT.”
“Put it all in the box.”
“I do not care.”
“I cannot care.”

“Angelic.”
“Get the wings.”
“Bones and a heartbeat.”
“Words and nothing.”
“I am being boiled down to nothing.”
“What else is there.”
“There is nothing else.”
“I want to do the soul.”
“I was once there.”
“I have a fancy car port.”
“Do not bother waiting.”
“It gets epic.”
“Can you last with this nonsense?”
“Easily.”
“Who is that?”
“We were embarrassed. We felt exposed. We did not like it.”
“Someone has to come out of character.”
“There is Rels.”
“And there is homework.”
“What else?”
“Training.”
“So many ways to see this.”
“They knocked down the door, and they started firing.”
“They declared you the enemy.”
“What is that about?”
“You know too much.”
“We all know too much.”
“We know more than we are saying.”
“The body says as much.”
“What can you tell me?”
“I can help you to understand your creativity.”
“These guys understand.”
“They do not look like they do.”
“Who does?”
“Does this matter.”
“Does this really matter?”
“What do I get?”
“What is in the box?”
“You should have eaten it while you were at the restaurant.”
“There are secrets.”
“I need to tell you everything now.”
“I know that you do.”
“That is incredible.”

“That is really shitty.”

“Help.”

“I thought that I could control this. That I would want to control this.”

“Let us say that we could open all the doors.”

“You have no idea what you are looking for.”

“I am thinking about my Ph.D. project.”

“Do not kill the dog.”

“You need to die to be reborn.”

“How does that work?”

“Honestly, is that a conversation?”

“That is worse than embarrassing.”

“Unfriendly takeover.”

“What else could it be?”

“We want answers?”

“More than that.”

“I am beyond myself.”

“What are in the tea leaves?”

“This is not going to last beyond a couple of weeks.”

“I really want this job.”

“I took a drug test.”

“And what did that tell you?”
