

RESPECT

“I am not up on this.”
“He said that he would come back with a drink.”
“That was easy.”
“I know.”
“You do not know?”
“I am jacked.”
“Jaded?”
“Too much irony.”
“What is getting you moving?”
“A way of knowing.”
“A need to get home.”
“What is left?”
“Hold it in.”
“You are special for me?”
“You will not need cash here.”
“It is about performance.”
“You folded that quickly.”
“I need to be more assertive.”
“None of these investments will work.”
“You are fucking up your future.”
“It is not that kind of story.”
“What are the other parts?”
“Besides the bones.”
“This is going to get ugly.”
“Go for it, whatever it is.”
“I have a lot more to put in the cake.”
“It will not eat it itself.”
“I hired you to do some shit for me, and it is not getting anywhere.”
“You never brought enough to the table.”
“I am giving you everything that I have.”
“You are shrill.”
“I am tough.”
“Hang in there.”
“This is going to be next to impossible.”
“What else needs to be in there?”
“I am a little nervous.”
“You do one thing well.”
“I could be a graphic designer.”
“Maybe a constant influence.”
“Someone needs to ask.”
“What would advance your career?”

“I do not want him near me.”
“Should I leave?”
“I have sworn off bullshit.””
“I cannot go along.”
“It is all pretty much the same.”
“She is a mathematician.”
“She is afraid of you.”
“She has run the equations.”
“There needs to be another way to see this.”
“There isn’t. You cannot win all the time.”
“I want to win at least once.”
“You need to make some long range choice.”
“You cannot be late to the party.”
“That is going to work for you.”
“What was I supposed to do?”
“Get out your check book.”
“That always seems to be the answer.”
“You need more authority.”
“Ask for more.”
“What am I asking for?”
“That is all that it is going to take.”
“I would get really bored.”
“I am watching all that.”
“You are a pervert.”
“This is a show.”
“There is a moment when none of it amounts to a hill of beans.”
“It is gnawing at me?”
“You care.”
“I care about something that I can care about.”
“The celebration of mediocrity.”
“Vittorio was here.”
“He is on medical rounds.”
“He is not a doctor.”
“He knows how to inflict pain.”
“No one will take the steps.”
“I can do it for myself.”
“You can describe the movement of time.”
“Should I watch?”
“You are trying to force things.”
“Who pays?”
“I am not going to ship. I will make on site.”
“I know who I am.”
“I want some one thing.”

“The cessation of hostilities.”
 “I only need to get you to another location.”
 “Should I keep watching?”
 “I am not here at all.”
 “This is work for me.”
 “You can be dismissive.”
 “We are back to faith.”
 “You could be more thorough.”
 “It needs to come to you.”
 “It is coming to me.”
 “SHE IS A DRAIN.”
 “I am trying to reverse all that energy.”
 “There is not even enough of that.”
 “I have it nailed down.”
 “What are you offering?”
 “Coordinates?”
 “That will not be enough.”
 “There is no sense of preparation.”
 “I will match your bet.”
 “We need more to deal with.”
 “That means something important to me”
 “Honestly,”
 “I am a spectator.”
 “How do you hold it together?”
 “Total devotion of the will.”
 “That is a gift.”
 “Admit your weaknesses.”
 “Go my way.”
 “I am feeling very sick.”
 “It is about the soul.”
 “I am going to win.”
 “I have a spreadsheet.”
 “Honestly?”
 “Where does that you work?”
 “And you want me to consider it.”
 “It is all over.”
 “Yes, it is.”
 “A ricochet.”
 “I cannot explain it now.”
 “What are you trying to destroy?”
 “Your composure.”
 “I want my awareness to lead me to another kind of seeing. What could provoke that sense of fulfillment?”

“This is a process that is independent from what is experience by anyone else.”
“You could be moving forward faster than anyone else.”
“Are you trying to slow me down?”
“This is about trust.”
“Do you have it? Do you not have it? What is possible?”
“I eat at the same time every day. The world refelects my zeal.”
“This is all about the role of history in our experience.”
“We go where things are happening. We make things happen.”
“We find the stray dogs.”
“What is that about?”
“I need you to be available when needed.”
“I am too close to the decay.”
“How does that go?”
“The game has to wind down.”
“Like an hour glass.”
“If there is no destruction, there is no destruction.”
“I want what you are after.”
“It is happening too slowly for you.”
“I need to make it out of here.”
“That is why you are hiring me.”
“I want you to make me look good.”
“I can help with your reputation.”
“You need to demonstrate that you are more prudent in your decision-making.”
“You do have to take a risk. Sometimes, it appears that you are holding it all in place.”
“They will not see me stopping here.”
“We have worked through all of this already.”
“We are still not seeing things clearly.”
“It is going to take a lot of negotiations.”
“You recognize where you are weak.”
“Did you decide to take some time off?”
“I need to understand where things get going.”
“Are you tempting me?”
“You are not really part of my story.”
“There are some clear actions that would motivate my efforts.”
“What does it all start with.”
“I stop crying.”
“Are you waiting for me.”
“That is no way to come in.”
“I can teach you about things like that.”
“That is all that I am thinking about.”
“Explain that!”
“I see an opening.”
“I cannot help here.”

“You just have to show up.. I cannot take it from there.”
 “That really messed with things.”
 “What do you want to say to me?”
 “It is too early to make a difference.”
 “What are you going to do when you go home?”
 “I am going to plan for my day.”
 “You have let your emotions prevent you from being a decision-maker.”
 “I do all the work.”
 “You asked for my advice.”
 “Why is this supposed to mean more than it does?”
 “That is what got the book started.”
 “Bath expressed it well. What if she did not show for work? She continues to push thing, until she can’t push them anymore.”
 “This is work. And this is not thinking about it.”
 “There is more going on in the story.”
 “Why couldn’t you achieve satisfaction?”
 “You got impatient and left.”
 “What more is there?”
 “You are going to need to be more courageous.”
 “This is going to be a different kind of courage.”
 “I am the show.”
 “What does that mean?”
 “This is the only way to cast off the problem.”
 “You failed.”
 “It is a style of being.”
 “Does being have a style?”
 “What does it smell like?”
 “Citrus and spice.”
 “We are trying to enhance our nature.”
 “This is what you should be concerned about.”
 “What are you doing now: reading book on personal responsibility.”
 “This will end soon.”
 “What more do you need to figure out?”
 “What causes my motivation to fade?”
 “I fall asleep while I am working.”
 “You do not believe me.”
 “You need to believe me.”
 “I need to understand what more that I need to commit to my life.”
 “This could be your swan song.”
 “There is a moment that you are going to succeed.”
 “I go back to work. And what do I do. I burn everything. You need to be satisfied where things are going.”
 “Turn up the heat.”

“Where are you off to?”
“Pennsylvania.”
“I am here for you.”
“Is that worth it?”
“That is never worth anything.”
“Clean up.”
“I am cleaning the floor.”
“What does that mean?”
“I am telling you what needs to get done.”
“Curse me out.”
“You are cursed.”
“I did not want it to happen like that.”
“That defines me.”
“From morning to night.”
“You are going to have to go through the process in reverse.”
“That is the worst part.”
“You cannot escape without giving more of your heart.”
“You shut down.”
“How do those two things connect?”
“They do not.”
“Your table is ready.”
“Why is it ready?”
“Read the tea leaves.”
“That is not a good way to end it.”
“You are easily convinced.”
“I did not notice.”
“You are really going back to it.”
“I am going through the awful ups and downs.”
“Give me the chance. I can do it all for you.”
“It is about more than gestures.”
“You need to work a little harder.”
“You cannot see the bigger picture.”
“I cannot see.”
“Are you kidding?”
“That is so simple for you.”
“These are two different kinds of intersecting.”
“I don’t want to think about that.”
“You are in denial.”
“You are in total affirmation.”
“What does that mean?”
“You can assume that role.”
“It is more than your story.”
“Someone sees you in that role.”

“Prayers start.”
 “What is your greater concern?”
 “Historical accuracy.”
 “Then you took your cut.”
 “You got greedy.”
 “It was not a question.”
 “Mind over matter.”
 “Mind matter over matter matter.”
 “Oh, dear, what can the matter be?”
 “You need to practice this.”
 “You need to ask why.”
 “You feel strong enough.”
 “You are trying to throw me off my game.”
 “That is a lot of driving.”
 “I am there for you.”
 “Is that all that is needed?”
 “I give this much of myself to get this much back.”
 “The stove needs to be turned on high.”
 “The furnace needs to be more than that.”
 “And that is your life.”
 “You have your accounts together.”
 “When do you take that step?”
 “I would take it.”
 “So would a lot of other people.”
 “All of this is clean.”
 “All of this is not.”
 “I wish that I could.”
 “I am shivering.”
 “I gave so much of myself in the hope that you could come through. You could offer so much more.”
 “I know the beat.”
 “It is more than that.”
 “Why is my story similar?”
 “The same benchmarks.”
 “Your dreams.”
 “Simple things. A car repair. A vacation.”
 “Where does any of that girl.”
 “You admit to what has happened.”
 “Water under the bridge.”
 “You are the bridge.”
 “I follow you.”
 “I listen to you.”
 “You have a belief.”

“She started with a simple urge.”
“The urge is the story. You will find someone who is more committed.”
“You are in.”
“I will see you soon.”
“I will see you soon.”
“That is not a very good dance to go along with the song.”
“How did you life take you to that point?”
“The circumstances are the same. You develop a process.”
“You are the process.”
“Why should I give you the money?”
“Why should I give you my money?”
“What is your objection?”
“You can be a freak.”
“That smile is pretty serious. That could be a big deal in itself”
“Did you bring the book with you?”
“I do not want to be bored.”
“The boredom is becoming more oppressive than I could have imagined.”
“You need to love yourself.”
“This was once important.”
“I got what I needed.”
“This is not going to get you any further at this company.”
“Look at me!”
“You’ve got everything that you want.”
“You cooked some items in your resume.”
“You cooked the books.”
“You need to understand how to do this well.”
“I only need to find the door”
“The door is right ahead.”
“That works for me.”
“It works for me as well?”
“You find edification.”
“You move up in the world.”
“I get over it more quickly.”
“There is another way that you can serve it to yourself.”
“Like a dog.”
“All dogs bark on cue.”
“Damn.”
“This was supposed to be dramatic.”
“Like a dog.”
“Get me another helping.”
“I do not want to stop this.”
“Give me one sentence to put an end to the process.”
“You are back where you started.”

“You could handle this better.”
 “This is good for both of us.”
 “There is a lot of story here?”
 “Beginning, middle, and end.”
 “What is your participation in this?”
 “I provide a great beginning.”
 “This is where I come in.”
 “I want better jokes.”
 “You get the jokes that you are accustomed to.”
 “I go back to work.”
 “And that is that.”
 “She has it down. But she makes a few mistakes.”
 “No one wants to hear about.”
 “No one wants to hear.”
 “Pardon.”
 “You are going to serve the full sentence.”
 “This is your moment.”
 “I have too much baggage. Too many things to wonder about.”
 “I need someone to rescue me?”
 “Hit the road.”
 “The road hits back.”
 “Make a decision.”
 “The decision is about to rush all over us.”
 “You have been pretty good at making decisions. But none of this is lasting.”
 “What period in historical development is this?”
 “The confused development.”
 “The shared awareness.”
 “The confusion”
 “That is not going anywhere.”
 “I am excited about work.”
 “What is next?”
 “You have one desire. You want to be an expert in everyone’s life. That really goes
 nowhere.”
 “Someone will adjust all this.”
 “I have been adjusted.”
 “I will take that body.”
 “There is work to go along with that.”
 “I am working on myself.”
 “There is more to it.”
 “Stay with me on this.”
 “That is not going to succeed for either of us.”
 “There is something in my eye.”
 “You are being called.”

“I was sly.”
 “You needed more information.”
 “You needed a purpose.”
 “The purpose is in the porpoise.”
 “Different animals have different needs.”
 “I do not want to go along with that.”
 “That is playing upon my mind.”
 “The screen is blank.”
 “I am recovering. Don’t bring me down.”
 “The boat arrived.”
 “What kind of animals?”
 “The only ones that mattered.”
 “Too much noise for minutes.”
 “I wish.”
 “Everyone wishes.”
 “I can tell.”
 “I have this.”
 “So do a lot of people.”
 “This seems to work.”
 “Work on me.”
 “This is already too much to think about.”
 “Wait until you get me in private.”
 “And you need a show.”
 “I need a show.”
 “That would not work for me.”
 “I was lucky.”
 “I wasted the only opportunity that made any difference.”
 “How can we develop from my experience at work to an understanding of historical experiences?”
 “That is called politics.”
 “I wish that was my life.”
 “You are going to need to develop the theory.”
 “You do not move with a profound historical understanding.”
 “One thing.”
 “Build on the one thing.”
 “I can make it happen.”
 “You have arrived.”
 “Your dinner has arrived.”
 “Where will that take you?”
 “Back to some of the worst days in my life.”
 “And then you got radical with thing.”
 “We are so different.”
 “We are so much the same.”

“You need people to lead you.”
“That could be my story.”
“I stumble.”
“I had this down.”
“There are moments.”
“This is a perfect moment for me.”
“This is perfection and more.”
“You did not succeed.”
“You saw the lights turn on.”
“You need to dump it out.”
“You missed that.”
“I was not facing the door.”
“What does that mean in a way of thinking?”
“What are you offering me? You told me that you wanted to meet to discuss the book?”
“I can exaggerate your trauma.”
“Why does anyone want to read this.”
“You can have an understanding of the social issues.”
“Where is this going to work?”
“This works better than you know.”
“I know.”
“It is nothing like that.”
“You need to connect the other moments.”
“The discussion.”
“The disagreement.”
“The agreement.”
“The shock.”
“I am truly shocked.”
“Did you prepare?”
“How did you have this down?”
“I listened to the gossip.”
“What did that say about work?”
“That is what you are like. And it getting so much worse.”
“I was not on this.”
“I was seeing this through your eyes.”
“There was a different starting point.”
“Meet me here.”
“Give me your soul.”
“That works. Which version do you want?”
“That is a strange mix.”
“I could be there.”
“There is a bit of hate here.”
“Be more sympathetic.”
“I am being totally sympathetic.”

“What did you leave in the car?”
“We could match our traumas.”
“We are going to lose the historical connection.”
“I want to feel as if I am cherished.”
“I am loved.”
“I love the story.”
“This is going to take a lot of work to pay off.”
“Work with me on this.”
“What did you want me to give you?”
“Everything.”
“That is nothing.”
“I am jolly.”
“What does that have to do with happiness?”
“Burn it off.”
