

EARTH

“Do not assume.”
 “I do not even know where I am.”
 “That is not enough for any of us.”
 “I am not hearing well.”
 “Go with the flow.”
 “What does that involve?”
 “Stay with the status quo.”
 “There was a time that the planet had its motivation.”
 “Do you care about what you have?”
 “You really have something. You need to share.”
 “What is sharing about?”
 “Know who is speaking.”
 “This could be a lot worse for you.”
 “You agree to do the book.”
 “You stop down to nothing.”
 “I want to eat.”
 “Is that enough?”
 “We could have a political discussion.”
 “Who are you working with?”
 “That does not suit you.”
 “I thought that you took care of that.”
 “We are making better machines.”
 “Are you even making them?”
 “What more is there?”
 “We become one with the metal.”
 “Shut the door on alternative ways of seeing things.”
 “Is there any caring?”
 “There are flowers.”
 “That is a directed form of participation.”
 “I made you look.”
 “How else could we talk about it?”
 “What is the purse?”
 “There are no gems.”
 “Precious stones?”
 “What makes you concerned?”
 “That is not going to change a thing.”
 “There is a lot of commitment.”
 “Are you willing to make it?”

 “Nothing has been solved.”
 “There is a different body.”

“There is too much excitement.”
“You have very different goals.”
“What about the planet?”
“What about my house?”
“Are you who you say you are?”
“How does this create balance in the house?”
“There are internal accounts.”
“Collect stones.”
“Are you good with mushrooms?”
“This could be good with healing or ceiling.”
“Total silence.”
“Complete lack of concern.”
“We have taken out important parts.”
“Peel off the outer layer.”
“I dressed for the occasion.”
“You told me that it was a wedding.”
“That is memory fabric.”
“Where else could you be?”
“When do you realize that you are not going to get what you really need?”
“I could get really fucked up.”
“You do not have the look for that.”
“Do not even try.”
“You have no idea what I did.”
“A special cleaner.”
“Then you jump off the rat race.”
“Even away from the other rats, you are big rat.”
“I need to work my body.”
“You need more parts.”
“A different word.”
“I replaced the belts.”
“All the work to get to this point.”
“And all the work to get back.”
“I am in a fog.”
“You need to read it all in sitting.”
“Ask me.”
“I need some kind of distraction.”
“Are you strapped in?”
“I am supposed to look.”
“That is the beginning of the end.”
“She is in the know.”
“I hire you as a publicist.”
“You are going to need to do some shit to justify the shit.”
“You can raise the wild from the dead.”

“Take care of this.”
“I do not want to hurt.”
“We are going to start at the beginning.”
“You understand motors.”
“That is all that I needed for permission.”
“What color do I need?”
“You need followers.”
“Are you a true leader?”
“Is is time to start?”
“I do not know if it will ever be time.”
“What is happening there?”
“Nothing good.”
“And you want to leave it like that?”
“How does it get like that?”
“Do you know what is actually occurring?”
“And who will care?”
“I can turn this into a show..”
“We are going to need a better stage.”
“Is there lighting?”
“Wardrobe and makeup.”
“What are you bringing to the show?”
“Are you a bridesmaid?”
“Is that code for something.?”
“Are you mkcing me?”
“Why do you even ant to be here?”
“I see it as a springboard.”
“Where are you headed?”
“I am where I am. I think that it is difficult to explain that to people.”
“What would help?”
“Do you know who I am?”
“And you know.”
“You can’t see anything else.”
“That is what that is for.”
“How do you manage that?”
“Who puts the gas in?”
“We are getting to it.”
“It will take longer than you know.”
“What do you do during the interim?”
“You cannot hide that well.”
“Everything i pretty much the same for you.”
“Be more aggressive in asking for what you want.”
“I need a history. I need more confidence.”
“Work the hours. Get the cash.”

“I am being priced out of this market.”
“You’ve got just enough for you.”
“And I lost you.”
“And I found you.”
“I am so glad that this all worked for you.”
“I was there.”
“I didn’t care there.”
“What else can you do?”
“Collect spiders.”
“That is not going to work.”
“What do the flowers say?”
“Turn me on!”
“I am on a mission.”:
“We all are.?”
“What is this book not written very well?”
“The life is getting derailed.”
“I am the witness.”
“Is that all that it takes.”
“That does not work for either of you.”
“I am not going to stare.”
“And I show up every day.”
“What good does it do?”
“I have not worked that out.”
“We have time and work.”
“I am getting worse as the day goes on.”
“Can I touch it and make it better?”
“I am too deep into this.”
“I do not want to shut down.”
“This cannot be stopped.”
“What else could you do?”
“I could cross over the bridge.”
“What would it mean to have a publicist?”
“That is totally you.”
“What does that mean?”
“You need to last.”
“Where is that headed?”
“This is about you.”
“I am preparing you for what is coming.”
“A lot of nothing.”
“You have a performance.”
“Give me your head shots.”
“Do you think that will take you anywhere?”
“My name is Lacey, and I have one crazy story.”

“We go back to work.”
“What does this have anything to do with something important in your life?”
“You need to accessorize.”
“You must understand more than that.”
“I need a manifesto.”
“Everyone has a press kit.”
“Press the flesh.”
“Be more faithful to an idea.”
“Did you know that this was party?”
“I have been waiting on the outside.”
“I need assistance.”
“You are making me sick.”
“Let us mime love.”
“We are all wet.”
“We need to clean up.”
“Let’s see the press release.”
“I am heading back to work.”
“I need to collect all the parts.”
“You have the motor.”
“You can swap out mtors.”
“He is better prepared.”
“That should not take a long time.”
“Five minutes.”
“As the crow flies.”
“As the robin flies.”
“We need a better map.”
“I felt rejected.”
“What about now?”
“I have all the angles filled in.”
“You are on the way to s resolution.”
“I am so much part of something bigger.”
“Do you want this?”
“I want all of this.”
“This is so random.”
“What else have you been doing?”
“Getting freaked out.”
“Doing laundry.”
“I am driving.”
“Getting really freaked out.”
“I need a reason.”
“I am dirty.”
“Do not get distracted.”
“Just make me fun.”

“I am tough. I am an expert.”
“Are you trying to fuck me?”
“A lot of people do not know.”
“Be honest.”
“How does the body give us honesty?”
“Do not exaggerate these bones.”
“What should I expect from that?”
“An avowal.”
“That is what the butterfly sees.”
“Where is that headed?”
“I wish that you would do me right.”
“You could stand somewhere else.”
“How would that work?”
“There are too many flashing lights.”
“We are very early.”
“I am being held inside.”
“The doctor is on the way.”
“I am being very attentive.”
“That is how I like it.”
“Where did you start?”
“At my house?”
“What is a secret identity?”
“How does identity work to organize all the shit in your life.”
“The shit has arrived.”
“Is true?”
“There is no secret here.”
“You need another layer of your personality.”
“I am not good at denial anymore.”
“Identity guarantees that I will not do something really stupid. Just mildly stupid.”
“You need to make a power move.”
“Where do I start?”
“With a big wish.”
“I am working on denial.”
“You do not grasp this at all.”
“Childhood dreams.”
“Bank business.”
“This will work for everything.”
“That is not my everything.”
“Is it that easy?”
“That is why you hired me.”
“I cannot clean up your shit.”
“No, detective, you cannot.”
“Make the claim.”

“Finish me off.”
“Who is leading you on?”
“Off.”
“That was a dream, and it no connection to your actual experience.”
“Stand still for me?”
“How do you cut the diamond?”
“Crush it!”
“Some pepople cleaned up .
“I am entranced.”
“When do you come in?”
“I am trying to synch it all in place.”
“What are they thinking?”
“Wedding dates.”
“What else is involved?”
“You are rushing things in my life.”
“You really have this done.”
“I have a plan.”
“Is there any doubt?”
“But this is not really part of the plan.”
“I feel distracted.”
“The wave carries me along.”
“You could give me all that I need.”
“You need to work on this.”
“How long can you hang in there?”
“What are you askung for?”
“You could convincingly arrange all teh details for a enew faith.”
“Where am I supposed to end up?”
“You cannot wait all your life for this.”
“It made me ill.”
“You are not going to receive a blessing.”
“Here, take the flowers.”
“Will this stop all the screaming?”
“You can adjust the accompaniment.”
“What is next?”
“Sleep it off.”
“There is no other way to see it.’
“My portfolio.”
“Gold will not do it.”
“What does that mean?”
“You need to know.”
“When do you throw in the towel?”
“After I get necessary acknowledgement.”
“I am trying to hold on.”

“It shakes my whole being.”
 “Where does this end up?”
 “Less pain, more life.”
 “I cannot sort out these scenarios.”
 “There is only one.”
 “That is prehistory.”
 “How does that work?”
 “Have you learned the pages.”
 “I need more help.”
 “How does that function?”
 “She is already out of here.”
 “There is not much.”
 “You need to stop before they track you.”
 “I keep trying to add more depth.”
 “You want some one thing.”
 “You are going to need more skills.”
 “What will that involve?”
 “Rescue.”
 “I am touched.”
 “I know you.”
 “Come, and see me.”
 “You deserted the cause.”
 “Is there a cause? All this seems random.”
 “Where are you hiding?”
 “I have a hospital bed reserved.”
 “A private room.”
 “I do not want any medical professionals in there. I need total isolation.”
 “That would be perfect.”
 “There is nothing else to think about.”
 “He left the field.”
 “Injury.”
 “They will discover me.”
 “Like a new planet.”
 “Gravitational pull.”
 “Follow the plan.”
 “Did you get the documentation?”
 “I do not need to be exact. There is such an emphasis on preparation. But everything will be arranged in place.”
 “You will make my life into something>”
 “I need more of a cause.”
 “You are way beyond that kind of thing.”
 “You want some one person to find you.”
 “How do we exaggerate that kind of life?”

“I have exit plan.”
 “There is that moment when all the preparation just goes up in smoke. None of it is worth much of anything.”
 “What else is there?”
 “That is what I am wondering?”
 “Keep embellishing.”
 “You end up back at his place.”
 “Speak but the word.”
 “What is the word?”
 “Those who know, and those who want to know.”
 “Do you want to strip away the veil?”
 “This is simple.”
 “Survival of the the dissipated.”
 “I am holding on.”
 “Say one clear thing.”
 “One clear thing.”
 “I am excited.”
 “This is further manipulation.”
 “Do not blame me.”
 “I did not come looking.”
 “Trouble stalked me.”
 “How does that work?”
 “That is not cinema.”
 “It is coming.”
 “There could be a different way of seeing the world.”:
 “Dakota, what do you want?”
 “I want to see her crawl.”
 “That is harsh.”
 “I could be harsher.”
 “You set yourself up.”
 “Someone is going to fuck with you.”
 “Drugs could help.”
 “I am already anesthetized.”
 “I am already a believer.”
 “Come prepared. Bring your cash.”
 “What did I do wrong?”
 “So much.”
 “This is your moment.”
 “Get it to me.”
 “Wing it.”
 “And what is next.”
 “You cannot get it going.”
 “Add some more parts.”

“Be more active at this.”
 “You are going to have to do more.”
 “Does that do it? When you think about what you are holding in reserve, when you think about what you need to make your life a go, what is missing?”
 “What are you up to dear?”
 “That is all that you want or need.”
 “Then you start to deal with professionals.”
 “I want you to go back in time.”
 “What does that say?”
 “What does that say to the world?”
 “You have it all.”
 “Then you do not have it.”
 “You have arrived.”
 “Am I here?”
 “There is a forgetting.”
 “I am flailing.”
 “You could not really put it all together.”
 “There is the surprise story.”
 “Yes, there is.”
 “That is what is available.”
 “I wish.”
 “That gets you on. That gets you off.”
 “I do not even think about it.”
 “That is not my doing.”
 “I need total concentration.”
 “Take it.”
 “How does that add?”
 “I cannot explain it.”
 “No one can.”
 “Are you going to accept this?”
 “This is accepted.”
 “Happiness has many different facets.”
 “Yes, I do know. You do not want me to share my notes. You do not want me to share because that would reflect on your personal development.”
 “What makes you think that you know?”
 “I am connected.”
 “That would be reason for you to leave.”
 “I need to hang in deep.”
 “Surely.”
 “I am trying to learn.”
 “What comes afterwards?”
 “Faith.”
 “I am going to get things done.”

“I can help.
 “I can also destroy you.”
 “Why would you do that?”
 “What are you hoping for?”
 “An end to irony.”
 “Speak your mind.”
 “Now, I get it.”
 “How many ways to understand?”
 “Not many. What problems can you solve?”
 “I am good with chemical solutions.”
 “Heat and a little time.”
 “Give me a sign!”
 “Stop.”
 “Some people are so good at this.”
 “Keep me safe.”
 “You came back.”
 “Now, I remember.”
 “I am not working on it.”
 “Give me a good conversation.”
 “CRAWL!”
 “You are not allowing me enough precision.”
 “You already have a PR firm. What can I offer?”
 “A moral balance.”
 “Was that all that you needed?”
 “The tide would break.”
 “I am good when I am working on my own.”
 “There is not much purpose.”
 “Did you develop this on your own.?”
 “This is strange. But there are so many strange things.”
 “I cannot keep up.”
 “You do not need to. It will all break.”
 “You have a style all your own.”
 “What did you bring to the show?”
 “Some good stuff.”
 “This is going to require a more sustained attention span.”
 “I need more than that.”
 “You could complete the drill. But it is going to take a lot of work. What resources are available for you? Do you have enough content?”
 “I have the world on a string.”
 “That is not something good to admit.”
 “What would the little bird say?”
 “Nothing worth publishing.”
 “You need to bring your heart rate down.”

“What is that about?”
“This is manual for personal enjoyment.”
“I need to sleep it off.”
“It does not work that way,.”
“This could work successfully.”
“What do you need to get rid of.”
“My soul.”
“Should I be thinking about it?”
“I will catch you if you fall.”
“That is not enough of an explanation.”
“I need to slam that.”
“Huh?”
“Add pages.”
“Now, I know.”
“I know.”
“These are points of energy concentration.”
“You could do it all yourself.”
“The production of bull shit.”
“I am going to cry.”
“There is too much interference.”
“Audience nullification.”
“I am losing my ability to be respectful.”
“Monster.”
“Be respectful.”
“This is way up in the sky.”
“I saw that.”
“If she really understands, she would turn in her assignment and leave.”
