

RESERVED

“What happens when the organization cannot provide for your expectations?”
 “I am fortunate. I have been picked to provide coherence for the organization.”
 “Are we supposed to accept this social model. Can a group of individuals hijack the efforts of the society? Can this form of belief control the efforts of everyone else?”
 “In failed states, enforcers are used to guarantee the whims of war lords.
 “That tires me a great deal to think about.”
 “I do not think about it for too long.”
 “We all end up where we started.”
 “In ashes.”
 “In questions.”
 “The body say something different.”
 “What do you know? What do you want to know”
 “That is more than a lot of nothing.”
 “The game allows you one more move..”
 “The glaciers move.”
 “When does your myopia prevent you from making the next move for change.”
 “Bang on the drum.”
 “How hot does it have to get to melt iron?”
 “Like a cheese sandwich.”
 “You need to read what come before.”
 “You need to live with what comes before.”
 “We are way too deep into that.”
 “What is the celebration?”
 “Will I ever achieve sufficient consciounsess?”
 “I need to get clean.”
 “It is about to all arrive.”
 “Do not make a silly mistake.”
 “I do not know what that would be.”
 “Why does everyone give up before the understanding is achienved?
 “Ask Vittorio.”
 “Is Vittorio the villain of the piece?”
 “He follows his whims.”
 “When was the art created.”
 “He believes it more than I do.”
 “That is always my fear.”
 “Then you have to live it.”
 “Vittorio is following the lines of force.”
 “This is super-success.”
 “You have no idea.”
 “I hate that.”
 “The room is fundamentally empy. Send a Vittorio particle through. It keeps bouncing

back and forth until it has absorbed all the energy.’

“Or you get caught up in it.”

“There is a Vittorio reading.”

“And what else?”

“I noticed you.”

“The particle performed its function.”

“What would it mean for there to be values that were issued?”

“Sly could pick them up. Or people could pick them up in their self-destructiveness.”

“That is all there is.”

“What makes us like this?”

“Things that we are saving.”

“I need a more interactive model.”

“You do not. Everything is accorded.”

“I pretend to be many things.”

“You will guide me to where I need to go.”

“You are giving yourself to science.”

“That is a more insistent version of the world.”

“And you fill in for everything.”

“What do you care about?”

“Pairs.”

“The one particle can map every critical point in the path.”

“What is that about?”

“Emotional shit.”

“ARE YOU CRITICIZING ME?”

“I do not dare.”

“Do I dare tell you?”

“He is going to make it happen.”

“Make it happen for all of us.”

“I heard a calling.”

“We all heard things.”

“What do we all hear?”

“A droning noise.”

“We all seek to bypass.”

“What do I need to absorb all this?”

“She is among us.”

“I am among the truly chosen.”

“What do you know?”

“I want to clean up.”

“I want a twenty year fixed rate mortgage.”

“That is your life.”

“I know.”

“Or it may never be.”

“What is the aftermath?”

“I recognized the inability of language to change a thing.”
 “Rub my back.”
 “Sit up straight.”
 “He will not let this slip.”
 “There is a lot to explain.”
 “They got rid of the opposition.”
 “They were looking for enjoyment.”
 “They wanted maximum pleasure.”
 “I need you here to acknowledge me.”
 “This could be everything.”
 “It is not just my history. It is my personal awareness.”
 “I see what I need to see.”
 “Look good and hard.”
 “I have worked so hard trying to make everything fit into place.”
 “We are beyond ever fitting.”
 “Throwing in the towel.”
 “Why do you need Vittorio to complete the problem?”
 “He is the problem.”
 “What do you go home to? Who has the rates?”
 “He has the interest book.”
 “The disinterest.”
 “It worked for him.”
 “This is not a laughing matter.”
 “How can I take this seriously?”
 “You are so locked in.”
 “I gave much of my emotion to this.”
 “I am waiting at home for you.”
 “I will fight.”
 “This is my time.”
 “I do not see it that way.”
 “How do the seconds emerge?”
 “Where did I fail? Why do you not love me?”
 “This is not a contest.”
 “This is not contested space.”
 “I need you to leave me alone.”
 “I had one of those.”
 “This is your choice.”
 “How does this work?”
 “This is a form of temptation.”
 “You are too loose to revelation.”
 “You have been blessed.”
 “It is all moving much quicker than that.”
 “The talk of avenging angels.”

“I am taking it too easy on myself.”
“I had it all going right.”
“Words mean things.”
“You will not touch me.”
“You are touched.”
“You are disturbing my concentration.”
“What do you see?”
“Nothing that is good.”
“I have a new rule.”
“I cannot make this right for you.”
“Do not touch me.”
“No one lives like this.”
“They do now.”
“I have collected all the action figures.”
“We have a new set.”
“We have a new set.”
“They are all going away.”
“He is totally in control.”
“He only bites off what he can chew.”
“Vittorio is not biting.”
“How does he get away with swimming upstream?”
“He has a destination.”
“He loves humiliating others.”
“They can take out my heart.”
“There are sharks here.”
“It is the shark fan club.”
“Until you get bit.”
“Some people take those bites as a sign of love.”
“Sharks are trying to kill you.”
“If you hang out with a stud, you become studly.”
“You drown yourself deep in the deep blue sea.”
“You can be my deep blue sea.”
“Then you completely hate yourself.”
“I have a mission.”
“What is the upshot?”
“You want my body to melt into yours.”
“This is complete degradation. I am not into humiliation.”
“I am not really going out with anyone. I take what I need.”
“Who do you need?”
“I need to be completely liquid.”
“The theory says fill your life with total stimulation.”
“The liquid will take a charge.”
“What is this about?”

“Do you want me to change?”
“You are notorious.”
“There is nothing else.”
“MOTHERFUCKER, YOU MAKE ME FEEL AS IF I AM DEAD.”
“You like degradation as a form of heightened awareness.”
“This is so good!”
“You can celebrate your humiliation.”
“We are beyond that.”
“What turns you on?”
“The words.”
“The writing.”
“I am going to forget.”
“Then I will go back.”
“I need something else on my plate.”
“This is not my goal.”
“I want you to see this.”
“I am on the boat with you.”
“What is limiting you from making the change?”
“These are good places to go.”
“I end up back at your place. And it is one big shit hole.”
“Are you with me?”
“I am you.”
“That is not a happy moment.”
“We are redoing our anatomy.”
“Back to lower organisms.”
“Or industrial forms of torture and self-destruction.”
“Is this not going to work for me?”
“Vittorio, did you fuck her?”
“She was pretty coked up.”
“I assumed that this story was over.”
“She was more creative.”
“Did you take lessons?”
“You gave me absolution.”
“You are too damned for that.”
“Damn.”
“I can recommend options.”
“I reach out.”
“You thought this out.”
“YOU POSE, AND YOU EXPOSE.”
“Do you keep going down to the bone?”
“That is Vittorio’s goal.”
“I keep discovering these strange desires in myself.”
“I keep thinking about it.”

“This could be your moment.”
 “Up and down, or side to side.”
 “What else is there?”
 “Why are you still hanging on?”
 “Reveal circus.”
 “What is the level of audience participation?”
 “I want to get next to you.”
 “No shit.”

“Reveal.”

“You need something manifest before you reveal.”

“There is an obligation to show.”
 “That was everything.”
 “I will catch a fish.”
 “You will get mercury poisoning.”
 “What is wrong with the planet?”
 “We all want a little extra.”
 “Pose and expose.”
 “Variations on a theme.”
 “You can do it all.”
 “An artist in flesh and bone.”
 “What have I not seen?”
 “Human resistance.”
 “Are you dropping dollars around the house?”
 “More than that.”
 “What do you see when you look in the mirror?”
 “I see my emotions.”
 “Anyone who has to explain himself that much is not explaining himself at all.”
 “He is lying to you.”
 “I brought notes.”
 “I brought love.”
 “It almost hit you in the head.”
 “This is not about you, so you cannot explain it to yourselves.”
 “We all laughed at the same time.”
 “Where is this headed?”
 “He makes it up as he goes along.”
 “You are not enjoying this at all.”
 “Did you do that?”
 “Not intentionally.”
 “Some little thing.”
 “It became bigger.”
 “I will interrupt,”
 “I get it.”
 “Why do you not need a photograph that could express your memories?”

“I do not have any!”
“You better hope that I do not succeed.”
“I am bored.”
“Did you finally get the point?”
“Sardines on salt.”
“That will not satisfy.”
“What will make you perfect?”
“I have a dream for now.”
“I wanted to be the hottest person in church.”
“In the Church.”
“This is faith.”
“Faith in the body.”
“Faith in the bones.”
“That will do it.”
“Then I will stop.”
“You are not eating.”
“Be tender.”
“Did you get what you expected? Did you get what you needed?”
“He spoke to me in a degrading way. And he said that it was an act of love.”
“Give me space.”
“Watch the tail of the comet.”
“The shark slapped me.”
“They are all like that.”
“Is he equipped?”
“He has the hurting parts.”
“I do not grasp any of this.”
“We cannot even talk about work in the same way.”
“You can make so much more.”
“I pull you much closer.”
“Does that provide you with enough.”
“I left what I needed.”
“Give it time.”
“I am in need.”
“Tell me.”
“He is going to work on me.”
“Fill in the missing parts.”
“More straw.”
“I am the straw man.”
“You do not want a real argument.”
“I can live without it.”
“I survive without it.”
“There are many ways to give yourself substance.”
“Thicken the product.”

“The children are here.”
“They brought their rattles.”
“This is a form of loving.”
“This is a form of needing.”
“You need to understand the science.”
“One face, a long time.”
“When will this bear fruit?”
“I do not want to get sick.”
“You love his disease.”
“Is that how Vittorio got back in the story?”
“There are so many ways of confessing.”
“It will never be that way again.”
“A face and love.”
“I would not call it love.”
“I could bend and shape it.”
“Do not interfere.”
“There is one thing.”
“Bite me.”
“Is that how you were able to beso thorough.”
“Are you going to bother me?”
“Will you help me to fulfill the mission?”
“Where were you?”
“Is that going to fulfill you?”
“You are innocent.”
“That means that you have a simple story.”
“This is very show.”
“Then she left.”
“I have a move.”
“Does that work for the machine?”
“What are you asking me?”
“Did you just get off work?”
“I want to get zonked.”
“I want to understand history.”
“You are good at skimming the book.”
“I am not teaching this.”
“No one is here.”
“We are not doing that badly.”
“What are you going to get here?”
“Permission.”
“Now, I understand.”
“That was temporary.”
“I was there for a long time.”
“Do not report on me.”

“I have been many places.”
 “About the end of civilization.”
 “You exaggerating one form of human activity to belittle another.”
 “Hairs cuts and pattern recognition is not going to do it all.”
 “I need an interested party.”
 “You will never grasp what I am really about.”
 “Live free.”
 “What does that mean? Learn about the repercussions. ISe them to become more than you are.”
 “She understands completely, but she does not have enough resources to actualize.”
 “That is way too close.”
 “I would never have bought it under those circumstances.”
 “You both are too stupid to understand the situation.”
 “You are taking me to the point that I do not say anything at all.”
 “Follow me to the edge.”
 “I need to do it on my own.”
 “You may need a better product.”
 “A more engaging product.”
 “Where is this headed?”
 “Where will ever go?”
 “You need to accept that I can do this.”
 “I am on the road to a solution.”
 “Solute.”
 “What are you willing to accept?”
 “The way home.”
 “I wish that you were so much more.”
 “He is the official?”
 “Why does that become more than it is?”
 “I will lead you across the Red Sea.”
 “Why a sea?”
 “”What will you figure out after it is all over?”
 “If it is real, I will take it.”
 “It is all deflected.”
 “The emotions deflect me from being one with the body.”
 “Get me out of here.”
 “I am part of the vehicle.”
 “I am totally convinced.”
 “What is left out?”
 “The connecting force.”
 “Use it for what it is.”
 “Why did htey toake out the one part that we needed.”
 “They are excited.”
 “You can remain anonymous.”

“Ask me why.”
“I need to interpret this.”
“Where does this take me?”
“That is good for you.”
“There is nothing else.”
“There is nothing else.”
“Prince and princess.”
“And priceless.”
“And flawless.”
“Someone will hate me.”
“How can someone destroy you like that?”
“You gave too much of yourself.”
“They are working together.”
“They are destroyers. Some deep destroyers.”
“That is not a good look for you.”
“This is your story.”
“Why do you tolerate tishit.”
“It makes me seem as if I am more of a person.”
“That is all that you have. It will not take you close enough.”
“Pay for a meal.”
“Those who do not have it all.”
“I am distilling to the core.”
“There are real people.”
“This is what I do.”
“I dig deeply.”
“I need to dig deeper than that.”
“Step out of the shadows.”
“I am here once and for all.”
“This is moment of urgency.”
“We show it.”
“I can go deeper.”
“What is not included?”
“How do you free the tail?”
“A stronger force.”
“A commitment to free time.”
“You are not really making anything happen here.”
“This is a maze.”
“How did you get that way?”
“I was a champion.”
“That is not going to work.”
“What did you negotiate?”
“Sensibility.”
“Who is the doyen?”

“There is a treasure.”
“Lemon yellow.”
“We need to be more assertive.”
“You got what you need.”
“Instructions on instructions.”
“This is very precise.”
“We can blame the bad people.”
“You are involved.”
“I am holding myself together.”
“I will get a new personality.”
“How will that lead to social liberation.”
“You become more in contradiction with the dominant culture.”
“You are next.”
“We are not all in line.”
“There is not much there.”
“You can easily adapt.”
“Does that work?”
“I am providing form.”,
“That needs to connect with social awareness.”
“Where are you headed?”
“In a hole.”
“That is why they get mad. They can’t take it away.”
“The world is fucked.”
“What about the hope?”
“No matter how fucked up, you will be right.”
“It is starting to get weird.”
“It is not weird. It is science.”
“What is the time line?”
“What is the opposing force?”
“Work, save, get a house.”
“I hate myself.”
“You are getting a big head.”
“Then it all goes away.”
“What are you holding on to?”
“One day they will build a hospita.”
“They will have a memorial wing.”
“I will add a portrait.”
“Everyone is watching.”
“Who is this?”
“Are you using colored pencils.”
“Sign the agreement.”
“I am doing a confessional.”
“The motherfucker is here.”

“Tell me that you love me.”

“The wolves all attack.

“I suck it up.”

“This enter another phase of possessiveness.”

“Radioactivity.”

“He is good with radioactivity.”

“That is wonderful for me.”

“You are going to need a hunter to find the treasure.”

“Look in my eyes.”

“I need a stronger concentration of carbon-14.”

“What kind of history is this?”

“Who do I ask?”

“Just get it it wrong.”

“You can correct it later.”

“This will not be corrected.

“Who did that to you?”

“They put mercury in my food.”

“That will not work anymore.”

“I brought in an analyst.?”

“We can heat it up.”

“I simply do not understand thqat audience response. How are you going to complete the accounts?”

“You need to do this on your own.”

“I do not even have a lab.”

“Do this in the car.”

“The comet is rushing along.”

“You can make your own life.”

“I am getting over this destroyer.”

“Go now!”

“Reach out.”

“You lost the force diagram.”

“They have surrounded me.”

“It would not work.”

“Everyone has new editors.”

“I just want it to fuck up.”

“It has to be you.”

“I am trying to say it as it needs to be said.”

“I am going to need a check up,;”

“I am going to destroy myself.”

“What kind of doctor do you have?”

“Self-diagnosis.”

“This is chemical.”

“Hold on.”

“Why did you take me to the emergency room?”

“You were convulsing.”

“You put something in my drink.”

“You drank it.”:

“What are you giving me?”

“A run for my money.”

“A lesson.”

“This cannot be good.”

“I do not want to think about it.”

“He does not.”

[Domination]

[physical pleasure]
