

COMPLETE SWEEP

“Are you trying to take my soul?”
“You are losing your ability to see.”
“We need to work at this?”
“We are.”
“I am cleaned out.”
“Ask me.”
“The power moves have changed.”
“You have to finish what you started.”
“How do I do that?”
“You need to be yourself.”
“There is a cohesion.”
“I need you to analyze me”
“I wish that this was a progression to a higher form of being.”
“There is, but it is going to require more evidence.”
“What is the foundation for personal transformation?”
“I got to work everyday. There is no other way to think about it.”
“You cannot own your soul.”
“What does that mean?”
“Where is this headed?”
“There is an architecture.”
“I am impressed.”
“What do you want”
“What everyone else wants. An understanding of the fundamental force.”
“And what would that be?”
“This is more than self-actualization.”
“There is a moment when I am not here.”
“And you return.”
“You need to lose to gain.”
“I am almost there.”
“I do not want to talk about the garage door.”
“Is this working?”
“There is no other way to escape”
“Ask me what is needed.”
“You can come closer.”
“Make your claim.”
“It started with mineral rights.”
“Now, it is only water rights.”
“How did it get to that place?”
“I had people assisting me.”
“There are different ways to get ahead.”
“I am getting the ark.”

“What version are you?”
“What are we going back to?”
“This is eternal return shit.”
“How did you get like that?”
“I got cleaned out.”
“Where else should I look?”
“We argued about vigilante justice.”
“I have one purpose in life.”
“I want to be destroyed.”
“I have a skill.”
“I cannot explain the human thing.”
“What is that about?”
“You do not see these things.”
“Where do we start?”
“How do you know that is good?”
“You have no idea what this is about?”
“Come into the snake pit.”
“There is going to be a punishment.”
“I am not getting the endgame.”
“There are different characters.”
“Make it work.”
“It works on its own.”
“I am still not home.”
“You need a miracle.”
“Scribble scribble.”
“You can stop.”
“This is for you.”
“Love what you see!”
“Use a big eraser.”
“You can never be accountable.”
“I am infiltrating.”
“The fleshy covering.”
“Like an orange rind.”
“I cannot read this.”
“I am going to peel it.”
“This is where it becomes excellent.”
“I need to get away.”
“This is a different kind of alliance.”
“What are you protecting?”
“Versions of my soul.”
“Lock in.”
“I have friends.”
“I have loads of friends.”

“Can I go back to your place, and drink all you liquor?”
“You already locked on.”
“There will be no trial.”
“Admit the problem.”
“We are looking at this from different point of view.”
“Stand back so that I can get the necessary clarity.”
“You need to take the chance.”
“We are going to rob the bank.”
“Order more money.”
“I give you my soul.”
“I know that I am going ho,e.”
“Think about me.”
“There is a social crisis.”
“Water shortage.”
“Drink blood.”
“I want to help you fill in the story.”
“We are arguing over a can of tuna.”
“Don’t tell me to be happy.”
“That is too much self-awareness for me.”
“Everything just shuts down.”
“She doesn’t want to be out when things turn nasty.”
“Human decay.”
“I dare you.”
“Just go home.”
“Why do you think that you can take advantage fo this situation?”
“I will work it out at home.”
“You put the spell on me.”
“That is how the organization works.”
“I am on my own.”
“How can individuals exdrcise a high degree of social mobility?”
“More like an awareness.”
“Human sensibility.”
“That will work.”
“I am not good with the caring thing.”
“What occurs on the farm?”
“Different principles of architecture.”
“Each a different person, but all me.”
“It all looks better from far away.”
“We are working on some seriously crazy shit.”
“This is a different kind of physics.”
“What are you doing to make it all right?”
“I would claim it if it was mine”
“That is not really an opportunity.”

“I can be a lot of places at once.”
“He has been closing all night.”
“What kind of assets?”
“Are there planes?”
“I am only an observer.”
“I am only a reservoir.”
“The dam is leaking.”
“There is strange stuff going on in the house.”
“They are trying to resolve the gold standard”
“You do that well.”
“You should not keep your money in a piggy bank.”
“I could be earning money off of you.”
“You already are.”
“I explained this. You do not want to know.”
“That is everything that I know.”
“I want a resolution.”
“What are you promising? That could be everyting.”
“I realize what you are and what you are not.”
“I am being reminded of something.”
“You wanted things that you are not allowed to want””
“Where does that go?
“There are other ways to work that.”
“That is all that ever matters.”
“This is your show.”
“This is all you.”
“All you.”
“I am chilling out.”
“Nothing that you did worked.”
“This is mathematics.”
“Not anymore.”
“What do you want?”
“What everyone else wants.”
“A new wardrobe.”
“Strength.”
“This is all these things.”
“You will do for tonight.”
“Drop it in the bucket.”
“Where is any of this going?”
“Fill it up with high test.”
“What else could you do?”
“Really nothing.”
“You need to need to make it work.”
“There is nowhere else that you can go.”

“It is all stored in here.”
“You are all doing it one way.”
“He realized how he could soak all the roar out of every proposition.”
“And that was all that ever seemed to matter.”
“I need to escape”
“There is a reason to wait.
“We can wait together.”
“That is what you are supposed to do.”
“There is no other way to see it.”
“Get more gold.”
“I need to describe all of that together.”
“Where were you when i needed you?”
“He would love this.”
“We went a different place.
“It is happening at a snail’s pace.”
“This is all that I can say.”
“What is wrong with you people?”
“What is wrong with all of you.”
“Why would that make a difference?”
“This is something that you have to know.”
“I am working on this.”
“It is almost there.”
“She blew a circuit.”
“Are we working together?”
“I want to find out.”
“Is there anything besides meanness?”
“I see something else.”
“You do not really see.”
“Can you ever see?”
“It works.”
“Wax the truck.”
“She cannot know.”
“Where are you headed?”
“Some things are too perfect.”
“Watch the particle.”
“What is going on right here?”
“This is only because something does not work.”
“Severe.”
“I needed it at that moment.”
“That is all that you want.”
“What is in there?”
“Redemption.”
“How does that work?”

“You learn to control.”
“Possessive over something that I do not want.”
“I could come close.”
“You want to get a little closer.”
“I am willing to listen.”
“Why would you bother.”
“That does not mean anything.”
“He believes.”
“I am sorry. That will not amount to anything further. You will need perception. Now.”
“I will get it tomorrow.”
“I can help.”
“The gods want more.”
“You need to see what else is in the book.”
“None of that is sharp.”
“Who is he kidding?”
“I cannot go along.”
“You have limited talent.”
“And you are impressed.”
“That is your fantasy.”
“It pays well.”
“To whom. They have removed the incentives.”
“Keep talking.”
“That will end up in a better understanding.”
“This is the second time that it went down.”
“I held on.”
“You need to shut it down before it is busted.”
“This is consolation enough.
“Fools know no better.”
“I cannot raise the cash.”
“There are different risks here.
“I wish that I got it perfect.
“It almost was there.”
“It went differently.”
“Love could help you to feel it better.”
“What is that about?”
“I got cleaned out.”
“You risked too much.”
“It is always pretty much the same.”
“I will find a place to brrring it alll together
“I see how this works.”
“I have time.”
“I need to balance this out.”
“Do I throw this all away?”

“You put it all away.”
“How else could I make it a go?”
“I arrived.”
“That is the runner.”
“What is that about?”
“He felt as if he could communicate well to others.”
“It is not really about that.”
“How can it be explained?”
“Make me feel right with myself.”
“He expects more of that.”
“He wants to feel right.”
“All of you help me to feel as if I am myself.”
“You keep showing off.”
“You carry around that much cash, and you are going to get roused.”
“Every point matches.”
“It does.”
“Should I remember that.”
“She surely does.”
“I will bring a story.”
“I get it.”
“If you wait longer, you will be transfigured.”
“You are storing it up.”
“It will stop just in time for you.”
“What is this all about?”
“How can you make things happen?”
“This is going to be marvelous.”
“He is good at intervening.”
“I am not part of any of this.”
“Do you want to be?”
“Should I worry?”
“That was for you.”
“It is almost the end.”
“I am going to need so much more.”
“I cannot do it today.”
“This is the easy part.”
“I am facing the inevitable.”
“They are bringing much more.”
“Take a bite.”
“It is all over me.”
“You cannot shut me down.”
“I will try to reverse it.”
“I get the last day.”
“You are going to need to take this legal.”

“We can do this nicely.”
“I will take it as it is.”
“You are going to have a test.”
“I can pay someone to take it.”
“Who is going to play you to pay.”
“You like it like that.”
“That will not work for me.”
“I am really good at this.”
“I am almost very good.”
“What are you doing?”
“I am in the big room.”
“I am a place that you cannot come.”
“You cannot trust her to be here.”
“What if she was connected?”
“The dinner is spoiling.”
“You are better at this than you were.”
“I have been seen for what I am.”
“That was all a waste of time.”
“I can’t get in your head.”
“I am way deep in there.”
“This all works.”
“He is excellent at revealing.”
“Do not believe anything that he says!”
“It is like a gospel to me.”
“Why are you so acquiscent?”
“That is where things went off the rails.”
“I gambled on what I had.”
“We are making a deal.”
“What did I miss?”
“That is not going to work.”
“Why do you do that here?”
“That is all that is going to work.”
“You were almost there.”
“I do not want to be mean.”
“Who will make it inside?”
“This is getting more intense.”
“This will all crunch down.”
“I am faster now.”
“He had one weakness.”
“It was his only weakness.”
“That would explain everything.”
“It would explain it for all of them.”
“What is your expectation?”

“What else is at risk?”
“They are waiting for you.”
“I see it differently.”
“Of course, you do.”
“Where does it crystalize?”
“What will you get?”
“She is waiting for me.”
“That is a different reading.”
“What do you all share?”
“What can you make with gold?”
“You need to toughen it. An alloy.”
“What is that?”
“How did that ever happen?”
“There was a combination.”
“It is all combinations.”
“That makes no sense.”
“It is what it is.”
“It is more and more that.”
“And more.”
“That is the fun part.”
“A little good and a little bad.”
“Make the final play.”
“Some times, that is all that there is. At others, there is nothing else.”
“I went a different place.”
“I will be loved.”
“Why did I get misguided?”
“Hit the note.”
“Shit.”
“I have been made.”
“You are going to need to run.”
“You have a head start.”
“That is not going to do it.”
“That is making history happen.”
“You are going to need to step up.”
“Do what you can.”
“Make something of that.”
“That is all that we have to work on.”
“I can get you there.”
“Put me on the payroll.”
“Let me travel with the show.”
“I will do it for free.”
“It does not work that way.”
“Hop on board.”

“Pay the money.”
“Pretend to pay.”
“I have boiled it down to a science.”
“For the short term, this works.”
“Keep it paying out.”
“I want to get out now.”
“Lead me the way.”
“I will make it to the last reel.”
“Then what happens.”
“I take what is mine.”
“There is something more explosive.”
“I prepared for this.”
“I found it.”
“I found it for you Cassie.”
“Who are you talking to?”
“Who is anyone talking to?”
“Who is listening.”
“You have exactly what you need.”
“I was never here.”
“Take the test.”
“You have no idea.”
“You are no different.”
“They are submitting to a basic law.”
“What do you need to see.”
“Protection.”
“A candle.”
“You went much ruther than you thought that you could.”
“I am committed to making things happen.”
“In these orbits.”
“What is beyond?”
“Contrition.”
“He thinks about one thing.”
“How will he escape.”
“By feeding everyone else.”
“He has no idea.”
“I will come back with a vengeance.”
“There is not enough time left.”
“You do not realize what it is.”
“What else do you get for that?”
“This is all very basic.”
“What more do you want?”
“Do you think that that can be something creativve?”
“You do not have it. You cannot hope to have it.”

“I can learn.”
“This is not a learning thing.”
“And you are going to waste more time.”
“SAY WHAT NEEDS TO BE SAID.”
“It is all in someone’s head.”
“Someone is going to feel unhappy..”
“I did the act.”
“Where did that go?”
“I need to eat.”
“I need to hold you on.”
“Where is this headed?”
“Way beyond the chance to do anything.”
“And what is available to you.”
“Certainly.”
“That is not going to be sufficient.”
“This needs to be perfect at every single moment.”
“Do you resent what I do?”
“How did I become like this?”
“Someone infiltrated me.”
“Damn!”
“You are busted.”
“It does not go like that.”
“You need to be more precise.”
