

LET ME

“Let me take over the project from you. I have a clearer grasp what is going on. I can make it happen on my own. I am more creative. People welcome my contributions. You can’t take that from me. No one understands what you say. You do not have that voice. You do not have that right. You’ve tried to do that to me. You have tried to lessen my contribution to my own life. You have mocked me. That is hardly a right. That is hardly your right. As a writer, you are not allowed to say those things about other people. You lose your ability to speak. You do not have that voice.”

“Why would that make you a better representative of what was needed to be said? You are not unique. You are not blessed with a special kind of awareness about the world. You try to take from others. In a sense, you drain them. You get up close, and you break them down. What is this right on your part?”

“No one is granted that insight. The world does not allow for that balance. You do not see. You do not know. This is going nowhere.”

Why was I supposed to deal with this affront? I felt if someone was trying to limit my abilities. I hardly felt that this was fair. I was heading out there on my own. I was willing to take those risks.

“Who is talking?”

“How can you attain that level of social penetration. You are messing with things in your world.”

“Why do you feel slighted? How have you been actually called out?”

“It is probably your time to quit. If you haven’t figured it out by now, you will never figure it out.”

“I am a lot closer than you know. I am a lot closer than you think.”

“We get deeper. We deal with these things.”

“They will try to get in.”

“Don’t you dare touch any of this.”

“I should wash my hands of all of this encroachment.”

“Why does she actually know?”

“If you relived the experience, how would you make it different?”

“If I wanted to take a chance, I would.”

“What will make you feel better?”

“I will own these things.”

“You want more than that. You think that the words can dominate others. They can get them to surrender their integrity.”

“What kind of integrity do you have?”

“What is your object?”

“Don’t try to disturb me.”

“Is this some kind of Russian Roulette?”

“What does that mean?”

“Look at yourself.”

“I am looking too closely.”

“We all are.”
“I am losing the trail.”
“I am trying to get away from you. I do not like your judgement.”
“Do not belittle me.”
“Then you jumped the shark.”
“I never lost the plot, I am trying to understand it.”
“You need some kind of transubstantiation.”
“What are we starting with?”
“You do not want to be chosen.”
“I am coming at this from a totally different point of view.”
“This could not get any worse.”
“Go deeper.”
“Do not let any of this touch you.”
“I have been touched.”
“The world works in mysterious ways.”
“I cannot let that affect me.”
“I only let it affect me.”
“I failed.”
“There is no secret identity that can allow you to be this way.”
“I live for this.”
“How do you conduct this memoir?”
“Who is helping you?”
“You need to put this aside.”
“I am looking for the sisterhood.”
“What truth is shared?”
“Total denial.”
“Why would I bother about this at all.”
“Who can welcome you to a greater understanding?”
“My good witch.”
“What is a blessing?”
“Total acceptance.”
“It is up to you to carry on.”
“That is better than I could have imagined.”
“You still have made an effort to break me down.”
“You can’t be her. You have one goal in mind. You are trying to throw me off.”
“I fear one result.”
“What is that?”
“No one will appreciate what is lost here.”
“I need to be adept at what I do.”
“You need to be honest. Some do not appreciate that art.”
“Instantly memorable. Eventually forgettable.”
“I do not want to lose this memory.”
“You are getting to close.”

“I knew that.”
“That was not a puzzle.”
“You asked for this.”
“I wanted something else.”
“I need rest.”
“I am not going to let this get out of hand.”
“You have just enough control to tell me what is coming next.”
“I do not want to lose myself to the circumstances.”
“This is going to be a blast.”
“We are going to shape this into something.”
“Welcome to the hall of mirrors.”
“There was greater interest here.”
“I do not want to come down.”
“We all do.”
“Not in the same way.”
“We are flailing.”
“I have been here before.”
“I have let my belief take me over.”
“They need to shut you down.”
“They will.”
“I have been working on this for hours.”
“I am much better at this.”
“I am good with the numbers.”
“They are all coked up.”
“What do we really experience?”
“We cannot get to the plan without endorsing some form of conspiracy.”
“You still need to recognize your abilities.”
“Are you becoming complacent?”
“We are facing similar challenges.”
“I am knocking the door.”
“Knock it down.”
“Where are we now?”
“I do not know. I have no idea who you are.”
“Everyone is confessing.”
“I need to make up some shit.”
“You are way worse than you know.”
“The souffle fell.”
“What did it fall on?”
“The wall sucked me down. I don’t know how I walked away.”
“I was kissed by an angel.”
“That is like saying that you were bit by a mongrel.”
“How can this be any different?”
“This is all that will ever matter?”

“What is your fucking name?”

“Smith.”

“Seriously?”

“Mr. and Mrs. Smith.”

“This is the only reliability that you get.”

“This is not supposed to be retaliation.”

“What is the objection?”

“A kind of love.”

“How does that radiate?”

“You had a head start.”

“The road is stained with your blood.”

“The trouble is coming.”

“We are all aboard.”

“Peace will happen.”

“What are you watching?”

“Do you want me to look at you?”

“It will get inside of you.”

“I have a more committed attitude.”

“I am losing that edge.”

“You can get it back.”

“Who are you looking for?”

“She left.”

“She never even looked at me. I came here to talk to her. But she wouldn’t even look me in the eye.”

“What is the source of your sadness?”

“A heavy heart.”

“Things that happened to me.”

“A bad day at work.”

“What is valued?”

“What things in life are given value?”

“Value hold on to value.”

“I lost the trail.”

“Are you still in demand?”

“Do you have what I need?”

“Probably not.”

“What can the body do for me?”

“I see a wild reflection of myself.”

“I see myself.”

“Who is staring back?”

“Work.”

“A bad day at work.”

“He gave me a gas card”

“Take me places.”

“There is not enough to motivate my risk.”
 “What is your actual criticism?”
 “This is something that I cannot understand.”
 “It was never meant to be understood.”
 “Do you dare?”
 “Just ask.”
 “I am willing to risk that much of myself.”
 “If you are willing to risk more, you do not want to understand the occupational hazards.”
 “I am a massively accepting person.”
 “What do you get?”
 “This is the last moment.”
 “This is the first.”
 “If it was my choice, it would all happen much quicker.”
 “You are taking your time.”
 “I like it like this.”
 “What is getting in the way of my fantasies?”
 “You are going to need more power to attain lift off.”
 “I believe.”
 “This is where love is proven.”
 “What do you have?”
 “I am looking for the source of the mighty river.”
 “She left a while ago.”
 “Take it for what it is.”
 “You will truly make me feel wonderful.”
 “That is all that there ever was. You have not acquired new power.”
 “Where is this headed?”
 “I should not be here.”
 “The hands are moving.”
 “Who else is playing?”
 “I get it all. I need you to give it all to me?”
 “What have you lost in the process?”
 “I started out with such hope.”
 “They want to catch us.”
 “We remain caught.”
 “I thought that you caught a plane.”
 “Who let you act like this?”
 “I like the feel.”
 “Get in line.”
 “He is deep in the line.”
 “I can munch on it.”
 “Take it for what it is.”
 “You want to trap me.”
 “Do you have growth and development powder?”

“I have the manual. You do not need help.”
“What does that mean?”
“There are missing parts of the history.”
“This is where I need to be.”
“The Director wants to see you now.”
“It all makes sense.”
“I have not been damaged.”
“The people are trying to nullify.”
“Do you want us to be afraid?”
“You act with authority?”
“How did we get lost going down that road.”
“It is all clear.”
“You need to be purified.”
“That helps me to care.”
“What do you really care about?”
“I am learning how to work harder.”
“Turn up the next car.”
“Being towards what.”
“That is more than I need.”
“I need to disagree with myself.”
“I need to redefine the anatomy.”
“What has been accomplished?”
“You are running away from your deeds.”
“I always chose money and power.”
“Do not be mean.”
“I am trying to be honest.”
“I chose security.”
“I chose doughnuts.”
“I chose the flesh.”
“We are in imaginative spaces.”
“Be honest. Not the story that you want to hear.”
“What would you do?”
“Fuck things up.”
“Show myself.”
“This is my signature.”
“This is my signature line.”
“Swallow this.”
“You were unwilling to take a greater risk.”
“Who else is there?”
“Who else wants to be there?”
“There are other questions to ask?”
“We see the distribution of money in a different way.”
“I cannot fill it in for you.”

“This is a dollar sign.”
“Do you know where this is headed.”
“I need to find a point of leverage.”
“I did not make it that way.”
“What does the sign look like?”
“Why are you so good?”
“Where is keeping in the lie going?”
“There is so much more going on.”
“I will go back to how I have been”
“I will return to the beginning.”
“You got too close to the energysource.”
“I would like to explain this.”
“You need to read.”
“What is the real problem?”
“You are not getting this right.”
“This is a different kind of control.”
“He wants to hang in there.”
“This is a form of philosophy.”
“That is not my responsibility.”
“I am doing a clean up.”
“I am going back to the beginning.”
“I am taking what is not mine.”
“I never expected him to know.”
“You prevented me from knowing.”
“Anyone can claim authority.”
“It could be a money thing.”
“Perhaps it is not.”
“Perhaps.”
“I am working at it.”
“There is no urgency on his part.”
“You did what you could.”
“All of you could fail.”
“There are people who could make things change with the stroke of the pen.”
“That does not happen here.”
“Let it go this way.”
“Do you think that you’ve got it.”
“Do you really want to know?”
“I cannot follow these pen strokes.”
“I could feel it for you.”
“You are totally out for yourself.”
“I know where this is headed.”
“I got nothing for this.”
“What did you give?”

“This shows what you are like.”

“This is all or nothing.”

“You can exaggerate what is there?”

“I will take it.”

“What is left?”

“The stroke of the pen.”

“Nothing will change as long as you stay with that attitude.”

“What did you see? What did you say?”

“You think that you are joining the story in the middle. You have already been sidelined.”

“You are an enforcer.”

“What is being enforced?”

“Save it somewhere.”

“If I had a choice, do you know what I would do.”

“What would you do?”

“I would walk.”

“I never do.”

“I never do.”

“I am glad that is so.”

“There is a moment that makes no difference.”

“What is in the heart?”

“Are we in the same room?”

“And the fantasy continues.”

“People have seen this.”

“Only a few.”

“This is the model to imitate.”

“He is the apprentice.”

“They have this devil-make-care attitude with money.”

“This is not really part of me”

“I will get around to you.”

“There is not other way to get in.”

“We are seeing clearer model of what is happening.”

“Take what you can.”

“This is where reinforcement comes in.”

“You messed up.”

“Let me by.”

“Ask me what is needed.”

“What could be more important?”

“You better tell me.”

“This happens to all of us.

“They are going to close.”

“We are going somewhere else”

“I made my point.

“Squeeze tighter.”
“There is the pledge.”
“This is getting funner.”
“This is complex.”
“The gold melts on the skin.”
“Do you grasp that?”
“I understand the opposition.”
“That is all that works.”
“Take this.”
“It is not an exaggeration.”
“When will it crash?”
“He thinks that he is an economist.”
“You are giving too much value to labor.”
“Who are you kidding?”
“That is something that you can understand in words.”
“There is nothing that is making this go.”
“Did you grasp this?”
“I did.”
“I do not want to be mean.”
“I can soak you.”
“What is your goal?”
“To smell the flowers.”
“That seems basic.”
“To know the present moment.”
“How can any of you go along with this?”
“There is an urgency.”
“We are going to need some assistance.”
“Do you think that you can teach me?”
“Do you get it?”
“Ask me.”
“Use the generics.”
“Move aside.”
“That will work.”
“That will bring it all down.”
“Do you grasp it?”
“There is scripture.”
“There is something else.”
“Did you hit it?”
“You are going to need a lot more.”
“Are you serious?”
“What are you hiding?”
“You need another level of reflection.”
“He had everything that he needs.”

“He hold on tightly.”
 “That is all that I care about.”
 “This is a state of emergency.”
 “No reply.”
 “What is in the gas tank?”
 “It is not that kind of operation.”
 “Give me time.”
 “This is a simple waste of my time.”
 “I need a conversion value.”
 “I need a single value.”
 “That will work.”
 “I have ben in this position before.”
 “Where did it go?”
 “I was already cleaned out.”
 “You will get more.”
 “What else is in there?”
 “You do have a myth.”
 “That would not have worked?”
 “None of it would have.”
 “I am glad that you pulled me out of this.”
 “You are not making power moves.”
 “You do not recognize an emergency to give in.”
 “This is something that I cannot explain.”
 “No one understands.”
 “They really do not understand. They do not have an understanding of the economic order.”
 “And you do.”
 “It is all in reserve.”
 “I will not even look.”
 “What do you have in your favor?”
 “Why did it work?”
 “There is genius.”
 “You are going to need to dig deep.”
 “I cannot even share.”
 “There is resentment.”
 “I will shut this down.”
 “There is a balance here.”
 “I am not good at sharing.”
 “Listen to this.”
 “Trite bullshit why you are going to stay like this forever.”
 “And what does it do for you.”
 “That is how my life works.”
 “I will sacrifice everything for you. I will give everything to you.”

“I will have to give my life.”
 “I give you my life.”
 “I give you everything.”
 “I explained it.”
 “This costs cash money.”
 “You play to pay.”
 “That is not my role.”
 “I know what my role is.”
 “You brought a team.”
 “Someone made money.”
 “I need to be ready for tomorrow.”
 “What is really going on?”
 “I do not have the body to make this happen.”
 “Everything is a promise.”
 “I need to go so deeply into myself.”
 “A lot of this is belief.”
 “You are not supposed to understand.”
 “You are really embarrassing.”
 “I can take you.”
 “Go for it.”
 “We got her out of there in time.”
 “What else is left?”
 “A good explanation.”
 “A solution.”
 “This is not supposed to be solved.”
 “And you will get what you want.”
 “Are you kidding?”
 “You better be good.”
 “You need to twist it around.”
 “You are all that is left.”
 “I get to tell the story.”
 “We are all captivated by the same thing.”
 “You can see it, but how can you change it.”
 “We could have found a warehouse space.”
 “I am asking deeper questions.”
 “What do you really want to know?”
 “How do I apprentice?”
 “You want answers to the questions. You are like Vittorio. He makes a woman think that he is interested. He has one interest. He wants to control things.”
 “This is coming.”
 “I need to take a breath.”
 “This needs to be perfect.”
 “It can be better.”

“We can all do better.”

“This can all be corrected.”

“The mistakes can be replaced.”

“How do you do that?”

“We are all staring in the same direction?”

“Where is the gold?”

“They all left.”

“There is another form of control.”

“How does that work?”
