

THE REVISION

“This is something spiritual.”
“I cannot identify the source of this feeling, but it is there.”
“My heart is beating. I feel faint.”
“The blood is rushing to my head.”
“I can barely stand.”
“Is there something that you need to tell me?”
“I need to learn how to behave.”
“What is happening to you. I have one thing to offer.”
“What is that?”
“I came dressed for this.”
“Is this something religious?”
“It very much is.”
“Do not look at me. Believe it.”
“That is all that matters.”
“Name?”
“Darienne.”
“What do you know?”
“This is the only thing that is important.”
“Things are opening up for me.”
“They never will.”
“That was a greates way to start.”
“Darienne guide me.”
“I have the moves.”
“Where are they going?”
“Interplanetary exploration.”
“You love fashion.”
“I am making myself.”
“What difference will that make?”
“This is something to consider.”
“Icing the cake.”
“Why are you here?”
“I am demonstrating my understanding of the physical world.”
“Are you strong?”
“I am masterful.”
“There is one way to know.”
“That is love.”
“That is a break up.”
“This is a very intense touch.”
“I am connected in a very deep way.”
“There is a long way to go.”
“This describes a closeness.”

“It is coming.”
“That would be easy.”
“Why do you have no idea?”
“I need to get turned on.”
“This is more than touch.”
“This is an electrical shock.”
“You will discover the right jn the way of behavior.”
“Everything stops.”
“I do not like how you are sizing me up.”
“You do want an audience.”
“It is not simply attention. It is a an understanding.”
“Where is it rooted?”
“What do you bring?”
“I am very quick.”
“You are creating value.”
“I create more.”
“The bones.”
“The flesh.”
“The bones.”
“We are all involved.”
“It is about to start.”
“I see what I need.”
“Keep talking.”
“I am not being myself.”
“You are a great self.”
“Indeed.”
“I cannot figure it out.”
“It means more than it does.”
“Darienne, what is it to you?”
“It is deeper than that.”
“You believe these things too much.”
“Then you head back home.”
“You put on clown make up.”
“I do not need it.”
“Look at my face.”
“He is looking at your face.”
“How much are you giving away.”
“I am all here.”
“We could buy a house.”
“Buy it.”
“What did you do?”
“I turned on the sound.”
“This will work.”

“I am ambitious.”
“A show of strength.”
“What else can you do?”
“You think that you are on the top. But you are way near the bottom.”
“Don’t judge me. I am hanging on.”
“There is not much room.”
“How else can you describe your life.”
“I am in the middle of cool shit.”
“Is that going to do it for you?”
“I am here.”
“Where is that?”
“I find a better side of myself.”
“Do you mind if I interfere?”
“I will get there.”
“Have you been up the tower?”
“I would chase.”
“Can you feel what she has?”
“Everyone is connected in a transcendent way to the universe.”
“How could it different?”
“I am trying to make the world a different place.”
“What are you doing for yourself?”
“I am pretending that I am part of something important.”
“Do not try to brainwash me.”
“What does the world do for you?”
“Important things.”
“You need to keep up with the show.”
“They took away those things from me.”
“This was a critical moment.”
“I am getting out of this.”
“This is not meant to convince anyone but yourself.”
“We will come to a solution.”
“Do not hurt me.”
“I already gave you everything that you need.”
“Are you on the clock?”
“I am trying to forget.”
“You bring me to life.”
“What does the body look like?”
“Here is the anatomy!”
“Put together some wires to give the form.”
“Like a stick figure.”
“Get it moving?”
“This is going somewhere.”
“Darien, what do you know about the world?”

“I am the world.”
“Send me an angel.”
“The angel is looking for vengeance.”
“This is very quiet.”
“What did she expect?”
“She is not going to acquire more consciousness.”
“Why is this important?”
“Where is this headed?”
“This is a different thing.”
“Darienne, can you explain why they are ruining things?”
“I missed my opportunity.”
“I will shape the world how I want it to be.”
“We are all energy.”
“You are missing something.”
“Everyone is looking at me.”
“Where we need to be.”
“You have had more than enough.”
“That is all that he can do.”
“I was touched.”
“I was going to answer those questions for you.”
“I couldn’t wait.”
“I need a solid version for the world.”
“I turn mercury into gold.”
“How does that work?”
“The metal is too soft.”
“The bone is cracking.”
“I am not resilient.”
“I am not ready to know.”
“That is so clear.”
“This is where you need to be smart.”
“I have worked all day.”
“And where do you go from here.”
“I will take it.”
“So will he.”
“This is the code.”
“No one will know.”
“I am on the phone with my broker.”
“All the property is under water.”
“Get it at a discount.”
“Is he really much out of the show.”
“How does that give you any kind of momentum.”
“Darienne, you are not all here.”
“I will do a better job than she can.”

“I am groping my way to a solution.”
“You will need a map.”
“I was supposed to work my magic.”
“This is not an in-depth description.”
“Do not think about it.”
“I have found what I need.”
“This is permanent.”
“Perfect.”
“I only need these two participants.”
“I want you to complete.”
“Are you only looking for stimulation?”
“This is dynasty stuff?”
“How does that work?”
“An understanding of labor politics.”
“Someone stole my car.”
“I need the complete architecture.”
“Darienne, the building needs to stay up.”
“It is all done.”
“Do you understand?”
“I am the essence of understanding.”
“How can I substitute for your love?”
“I am a physicist.”
“These are personal energies.”
“The map is important.”
“I am going to explode.”
“Be nice.”
“This is a basic education.”
“I am not even involved.”
“That is brilliant.”
“I am so good at losing my soul.”
“Turn me on.”
“It takes a lot of work to explain how we got there.”
“Where do you want to go shop?”
“You need to understand the important things in life.”
“There was only one thing that that you needed to do.”
“There was only one thing hhat you were asking for.”
“I am good with chemistry.”
“There is so much more to the story.”
“It is the inner chemistry.”
“More perfume.”
“Buy me a drink.”
“You need a different chemical combination.”
“I can throw it all to you.”

“Here, catch!”
“She is going to figure it out on her own.”
“There is nothing there.”
“Is this only a preference?”
“I cannot buy everyone a drink.”
“This is much more expansive than you know,”
“Ask me.”
“This is very complex.”
“To find the blood flow.”
“I have what I need.”
“A transfusion.”
“I want to ask for more.”
“Which way will that go?”
“If you could bring all those technologies together, you would have something.”
“You would have a stronger foundation for making decisions on your own.”
“This needs to be everything.”
“We were meant to meet.”
“We need to match numbers.”
“That intersection is easy. Can you get away?”
“Rescue is much easier than you know.”
“You know.”
“What are you going to take?”
“I intend to pay.”
“You need to assert yourself for yourself.”
“It is more than a way of thinking.”
“Why do you tolerate his shit?”
“What am I supposed to tell him?”
“The world is my oyster.”
“I want you to learn from me.”
“This is going to come back to bite you.”
“This is too much stupidity in my proximity.”
“Can you explain why she is not holding it together?”
“I will find somewhere that loves me.”
“Surely, you will.”
“I need new words to describe this shit.”
“There is nothing else here.”
“The words were bubbling under.”
“What else is there?”
“Besides words.”
“A power.”
“Sean, welcome to the mansion.”
“Here me out!”
“You really are boring me.”

“I am being watched.”
 “I never thought that it would end like this.”
 “I got everything that I wanted and more.”
 “What are we talking about?”
 “The mansion.”
 “The basement.”
 “We never leave the mansion.”
 “It is a horror movie.”
 “I can save you.”
 “What are you doing? What kind of character building are you offering?”
 “It is not everything that you want it to be.”
 “Why did you change it?”
 “We will not follow up.”
 “How long will this continue for?”
 “You need to leave.”
 “We are digging deeper in your character.”
 “I am not listening for a biology lesson.”
 “Are you sure? I thought that you were a doctor.”
 “I am listening to a biochemistry lecture with a professor who is mumbling his way through the lesson.”
 “What else is missing?”
 “We have two different versions of the same biology lesson.”
 “This is the origin of the speices.”
 “The bull shit version.”
 “Darienne, now do you get this?”
 “There were things that you did well.”
 “They took you out of this.”
 “That will work for me.”
 “They are going to collect our notebooks at the end of the semester.”
 “That is everything.”
 “The bus is here.”
 “We are going to throw you in the back.”
 “I cannot get comfortable.”
 “I have that shirt.”
 “This is all replaceable.”
 “It will cost more gas.”
 “And less love.”
 “How did that happen?”
 “We replaced the bad parts.”
 “Worship followed from that.”
 “That is all that I write about.”
 “The persistence of spiritual experience.:
 “I had it.”

“That works.”
“We have come this far.”
“You guys are like car parts.”
“All replaceable.”
“The parts are more than the original vehicle.”
“Why are you so angry.”
“He is the loveable angry person.”
“Darienne, you are going to have to create a justification of yourself.”
“He is so good at math.”
“This does not work.”
“I am a legacy.”
“We all understand you guys.”
“Will there be another version.”
“I am one part away from being you.”
“You are so mechanical about people.”
“We are modular.”
“I lose all connection to anything real.”
“Take it.”
“I want it now.”
“You are going back to where you started.”
“I am getting the business.”
“He makes it work.”
“Why does this interest you?”
“Someone needs to give you appendicitis.”
“What is that about?”
“I am infected.”
“The bus is here.”
“They brought a hears fro this guy.”
“He is telling jokes to stiffs.”
“Just us chickens.”
“You were brilliant.”
“Only us chickens.”
“The fox is hungry.”
“This gets better.”
“Buy me a drink.”
“I drink my own piss.”
“That is going nowhere.”
“Eat the whole animal.”
“She is going to join in.”
“You have no understanding.”
“The train is here.”
“Drink up.”
“This is all connected.”

“She left.”
“She left without you.”
“Close me down.”
“Don’t let me hear what you are really up to.”
“What is going on in the other room?”
“More denial of the shit.”
“I don’t want to tell you what is really happening.”
“I am going to dissect you.”
“I am not here.”
“Strip away.”
“Bring me back to life.”
“Eat this.”
“That does not cause immortality.”
“This shit keeps on forever.”
“Darienne, can you sort it out.”
“You turn me on.”
“It is all about stretching the skin.”
“You need to cover the bones.”
“Should I look at this?”
“What do you know?”
“I get it.”
“This is unbearable.”
“What are you adding to the mix?”
“This is not about caring.”
“You are on an island with me.”
“I know what he is really about.”
“Survival of the clumsiest.”
“All this garbage in one place.”
“Organize it for me.”
“Darienne wants more.”
“You are part of the excess.”
“I just puked.”
“Darienne, can you finish this up?”
“No one can.”
“I have what you need.”
“What do ew talk about next?”
“I cannot talk.”
“So why don’t you shut the fuck up?”
“I am following.”
“I need rescue.”
“Your angel left.”
“Darienne will give you everything.”
“She understands about the energiees.”

“She lost the check.”
“I can give you a house.”
“Give me the watch.”
“Give me the ring.”
“I am really losing the trail.”
“What else is in the account.”
“That is still not talent.”
“Work on it more.”
“You find what you want, then it hops like a cricket.”
“You are not going to understand.”
“Eat the cricket.”
“I am getting desperate.”
“And you have time to make it happen.”
“I am glad that you consider that a conversation.”
“You may not appreciate that.”
“I am appreciated.”
“There is nothing left.”
“What is the core?”
“We find somewhere we are appreciated,.”
“You want what everyone else wants.”
“Something brilliant in the sun.”
“Figure it out.”
“Vibrating in my hand.”
“You need to stop this.”
“He got the disease.”
“That is what he wanted.”
“He ate all the crickets.”
“What are you really trying to say?”
“Do you appreciate me?”
“We are catching up.”
“What else do you do?”
“I make things happen.”
“Let me look you in the eyes.”
“Who is the make?”
“That is all that I need.”
“You are each passing through a force field.”
“I can pick you out from a mile away.”
“Who walked into you line of vision?”
“What does he give?”
“A performance.”
“Take some time off.”
“The energy projects off the screen.”
“The scattering.”

“You are not following all of this.”
“She will emerge.”
“Darienne, you are noticed.”
“This is funny.”
“You cannot be stopped in mid course.”
“I know what is really going on.”
“I watch you crash.”
“It is such crazy shit.”
“It does not work here?”
“They all work together.”
“They have all slowed down.”
“Tiger.”
“Where is that really noticed.”
“I came to a complete stop.”
“That does not affect me.”
“You had a chance.”
“You do not want to hear about where thiws ends up.”
“I want an explanation.”
“Are you telling me that there is more than this.”
“This is nothing wto write home about.”
“That is a code.”
“I can handle it.”
“We love each other.”
“Keep on with it.”
“You will never interest me.”
“There was something that mattered.”
“It will not be important again.”
“You can pay to be heard.”
“I can make you powerful.”
“This is a good exchange.”
“I do not ant to go halfway.”
“There is a complete program.”
“You could feel as if you are blessed.”
“There is one goal here.”
“Turn on.”
“HAHA!”
“How do we fit in together.”
“What did you do to me?”
“Nothing improved.”
“He whispered in my ear.”
“What did you hear, Darienne?”
“Why are you bothering me?”
“This is committed stuff.”

“I can make my times better.”
“How would you do that?”
“This is more crap.”
“This is not leading anymore.”
“You are back to where you started.”
“I want to do this.”
“THERE ARE TWO STATES.”
“One is the pose.”
“The other is the image.”
“What is there?”
“This is entirely haphazard. Everthing after the fact.”
“I am the fact.”
“How does that work?”
“This is the possibility of something differnt?”
“I need coal.”
“What is that about?”
