

GUIDANCE

“I need to take the day off.”
 “Do you mind if I follow you around? I want to document your life.”
 “I need you to work out things on my own.”
 “That will never work.”
 “Be yourself.”
 “Welcome to the pond, Frog!”
 “Good riddance!”
 “I want to learn more about you. I like how you dance.”
 “I can be a mogul.”
 “Go ahead.”
 “The Lord loves me.”
 “That will not be enough.”
 “What will make me feel better?”
 “Waffles.”
 “Do the right thing.”
 “The dance floor teaches me what is necessary.”
 “You are going to need to say it.”
 “What else is left?”
 “Where do you work?”
 “I have my own clothing line.”
 “We all become honest.”
 “Lindsay, tell me why you like it.”
 “It is all well and good.”
 “What do you need to ask me?”
 “You did a great job.”
 “I want to be paid well.”
 “I am being erased.”
 “Siobhan, does this accord with your way of seeing things?”
 “This is my work.”
 “What does that mean?”
 “Finish the book.”
 “I am going quit.”
 “If you hang in there, you will be loved.”
 “What are the words that you lack?”
 “You need to learn how to move with the waves of time.”
 “How do I do that?”
 “You need to let go of those things that do not help you grow.”
 “I have followed you along to this point.”
 “Are you willing to give that much of yourself to someone else?”
 “Siobhan, how much of yourself do you really have?”
 “What are you lacking?”

“I am totally open to you.”
 “Where can you discover those things that are absent.”
 “Give me a little of what you have.”
 “I give blood.”
 “We anticipate what comes next.”
 “What could that be?”
 “I know the beat.”
 “I have heard it at home.”
 “Do not take history lying down.”
 “The history bell rings, and you need to jump up to make things happen.”
 “I will never get left behind.”
 “We are all moved back and forth by time.”
 “You are taking me weird places.”
 “This hardly seems fair.”
 “None of this is right.”
 “I do not want to see things any differently.”
 “Show me all your charm.”
 “You are going to have to dig in there.”
 “You are here with one goal in mind.”
 “What is that supposed to mean?”
 “I am supposed to make things happen.”
 “You do have a lot of nerve.”
 “How did things like this happen?”
 “Siobhan, you are going to have to be more expressive in demonstrating who you are. Do you recognize what that could be?”
 “This will eventually be my opportunity.”
 “Lead me to the promised land.”
 “Does anyone even know that you are here?”
 “I am watching you. I see everything that you do.”
 “This is a matter of acceptance. I accept that I am here.”
 “Show me what is missing?”
 “Are we missing this together?”
 “Your body tells you where you need to go.”
 “What else is missing?”
 “How can I situate myself?”
 “What are the other entertainments that you have for me?”
 “I will accept what I have.”
 “I will accept what I want.”
 “What did you think when you left the house?”
 “I felt that there was an explanation that awaited. It was not that much different from what I had been through before.”
 “What have you been before?”
 “This is not going to work out.”

“I needed you for something. And you offered nothing.”
 “This is not your right to wait.”
 “We are here to take possession.”
 “How many promises have you made?”
 “You can’t keep making promises.”
 “Share what you want to share.”
 “Why is this going to get more complex?”
 “I sing a simple song.”
 “What does that ever mean?”
 “Who else bothers?”
 “Why should anyone bother?”
 “Nature gives me reason enough to care.”
 “Where does this end?”
 “Siobhan, where does it end?”
 “I have a journal.”
 “Do not get too excited about the music.”
 “I am excited about my life.”
 “Why do I need to listen to this?”
 “What kind of punishment is this for your past offenses?”
 “I am not that deep. I need to go to work tomorrow. I am going to open.”
 “You are making things happen for yourself.”
 “I save my money, and I save myself.”
 “What does this have to do with anything?”
 “There comes a point in your life when you realize that you are giving more than you get
 back.”
 “She is getting more of what she needs.”
 “That happens when she is not working.”
 “I work so that I can have fun. I need to enjoy myself.”
 “We all experience that level of enjoyment.”
 “Could this change things?”
 “Will I ever feel less exploited?”
 “Will I ever feel less exploited?”
 “What does that mean?”
 “So much of my energy is drained that I cannot do anything else.”
 “You do not need to take anything that seriously.”
 “Where is this going?”
 “I am not going to quit my job. If I do, things get a little better.”
 “These are world problems. They need world solutions. This is not a personal problem.”
 “It does not have a personal solution.”
 “I have heard all the variations.”
 “Which one is this?”
 “You are so good at this?”
 “I am dithering.”

“That is the solution.”
 “It goes off like clockwork.”
 “You invade my body.”
 “That is part of the work experience.”
 “Siobhan, when will you take it back?”
 “There is a kind of knowing.”
 “I know it all.”
 “I need to know it all.”
 “This is a genius move.”
 “We all go back to work.”
 “We go back to work together.”
 “I stop eating, I stop breathing, I stop doing anything.”
 “Where does it go from there?”
 “We experience an electricity failure.”
 “I do not come here unless something important happens for me.”
 “I get turned on.”
 “Words do not take you anywhere.”
 “That is a tongue twister.”
 “We are all finished.”
 “What am I allowed to do?”
 “Are you prepared?”
 “Tomorrow is already yesterday.”
 “How does any of this occur?”
 “We let it happen.”
 “I need to get back to my friends.”
 “It will all get out of control.”
 “We are all out of control.”
 “You have engaged me.”
 “I did not ask for any of this.”
 “How did this happen?”
 “None of this is good for me.”
 “I am already something else.”
 “How does that happen?”
 “You ask for something that you do not have.”
 “You ask for something that you cannot be.”
 “Who else is around for the future?”
 “Do you have a better offer?”
 “I have given too much of myself to something that is not going to give anything back to
 me.”
 “That hardly serves my needs.”
 “Take out your checkbook.”
 “Are you serious?”
 “I am more than a little serious.”

“Give me something more.”
“This is not going to affect me.”
“Are you kidding?”
“We have to protect what we have.”
“I waited for you.”
“You do not even know me.”
“How do you want to be known?”
“I know what I want.”
“I cannot keep looking at you.”
“You asked me to come here.”
“I just met you.”
“This is something else.”
“This is.”
“Are you really different?”
“I am buried in the sand.”
“I have escaped the sandbox.”
“I want to mix with you.”
“What does that mean?”
“Are you on the same time zone?”
“What would that even mean?”
“That gnawing feeling that no one has anything to say.”
“Are you talking about me?”
“This is unbelievable.”
“The spell is broken.”
“How long do you last?”
“Another song.”
“I could make you happier.”
“That worked for a while.”
“That works for now.”
“What do you do when you are not doing this?”
“For all the time that you have spent at this, what kind of expert are you?”
“I am good with wax.”
“I am putting on another face.”
“Put it on.”
“Do I need to look at that?”
“I am looking.”
“Make it simple.”
“Flesh and blood.”
“We are with the movies.”
“We are with history.”
“I can show you.”
“What do you have?”
“Nothing more.”

“Nothing is going to change.”
“You are not part of the show.”
“How do I afford this?”
“I am your guest.”
“How did I get here?”
“Some things will not be forgiven.”
“I hate you.”
“Siobhan, I am not even sure who I am.”
“Do you have more to show me?”
“What do I get?”
“I cannot take this.”
“I waited for you to be mine.”
“You say the same thing night after night.”
“You like the hunt.”
“I am a carnivore.”
“You have nasty digestion problems.”
“This will not last forever.”
“You need to be ready for what is coming.”
“I was born ready.”
“You could end up in a million places.”
“I am meant to be here.”
“I need more than this.”
“What do you need?”
“Why do you keep doing this?”
“I am afraid.”
“I am looking for something more.”
“It will come here.”
“There is a place where that matters.”
“This matters.”
“So many surfaces.”
“Are you trying to count me down?”
“I am down and counting.”
“I can take over this place.”
“What is the bonus?”
“This will soon be done.”
“What is left?”
“You do not see.”
“There is a different balance.”
“Come with me.”
“I am putting it all right.”
“Siobhan, you need to do more than show up here.”
“I can go back to the way that I was yesterday.”
“Accept it for what it is.”

“What is the meat of the matter?”
“This is how I live.”
“It is too difficult to be this way.”
“I have an angle.”
“I am here.”
“We enjoy ourselves.”
“What if this could be more than it is.”
“This is exactly what we want.”
“This was important to us.”
“There could be someone else.”
“I have run out of possibilities.”
“We can all leave.”
“We have another sale.”
“You work hard.”
“Is that enough?”
“I thought that I would make so much more.”
“Did you get what you wanted?”
“We made a decision.”
“That is an improvement.”
“I have been improved.”
“You can improve me.”
“Where did this start?”
“There is somewhere else that you can hang out,”
“I could stay home.”
“I don’t want to say anything. I want someone to pick me out. He could tell me that I am right for the world.”
“I could not better for myself.”
“We have escaped that connection.”
“We have escaped that life.”
“Siobhan, where have you been all my life.”
“There is more.”
“You start a company and lose all your money.”
“You walk over to me.”
“I want someone who appreciates me for who I am.”
“That is impossible.”
“Tell me everything about yourself. Self-actualize.”
“That is assuming something that I can and cannot do.”
“I am here.”
“I am purposely not here.”
“Go somewhere I can be more than myself.”
“Are you more than that?”
“I can trust you.”
“They abandoned the program.”

“They were abandoned.”
 “I can add to your profile. We can enhance your accomplishments. We can add to your life.”

“Where does it end?”
 “In a cardiac unit.”
 “Come back to nature.”
 “My true nature.”
 “Where does this work?”
 “The Bank of England.”
 “We all think that there is more going on?”
 “I sign the checks.”
 “I have great penmanship.”
 “You need to keep a steady hand.”
 “Where will this end up?”
 “This is where they have off-shore accounts.”
 “I am doing the business.”
 “I will never find anything more.”
 “There is nothing more.”
 “This is not a model for anything else in my life.”
 “I am a dog walker.”
 “The dogs are all wild.”
 “Spray them down.”
 “What do I get?”
 “Give the dog a bone.”
 “That is wonderful for me.”
 “I am good with the liberation of the soul.”
 “Get out while you still can?”
 “Why did you abandon me at my moment of need?”
 “Your prayers were not focused.”
 “I want to reach the higher echelons of the firm.”
 “This is code.”
 “I am tagged.”
 “My bad side.”
 “Speak faster.”
 “He wants to close.”
 “I have loads in my account.”
 “They cleaned it out.”
 “Siobhan, dance for us.”
 “What does that mean?”
 “More than you can imagine.”
 “I have loads of words on you.”
 “Where does this come from?”
 “Son of a bitch.”

“I am arising.”
“You need to know which book of prophecy this is.”
“The morning breakfast version.”
“You were going to give your life to me.”
“Who got it wrong?”
“How can a party continue under these conditions?”
“Where does that work?”
“I need to make this count for everything.”
“This could not have been worse.”
“Fix it quickly”
“All the shows crash down.”
“This is impressive.”
“He is the guy.”
“We will be drinking toilet water.”
“I gave too much of myself to this shit.”
“You smell like English soap.”
“That is getting too close for comfort.”
“I am only trying to be honest.”
“That is all that mattered to me.”
“Share something with me.”
“I want you to understand.”
“You know what I am thinking all time.”
“Gigolos for sale.”
“I love togetherness.”
“What is left?”
“NO WAY.”
“I own an island.”
“I heard about the island.”
“This is too much investment.”
“Stand still?”
“I am at a stand still.”
“Want to come to my writing club?”
“What is that shit?”
“I need to like you to do this shit.”
“Why did this happen?”
“You need the right person to start the party.”
“Show me the imprint.”
“I like what it is.”
“I am trying to confuse you.”
“You are on!”
“Munch on that.”
“You are making me sick.”
“Siobhan, you are perfect.”

“Stop me before I embarrass the world.”
“You dance so well.”
“Stop me before I’m contagious.”
“I don’t know what it’s like to lose.”
“Take a look in the mirror.”
“You are so mean.”
“That is what you get, You’re part of a Loony Tunes movie.”
“Don’t go there.”
“What emotions are left?”
“Super fake.”
“I am reacting to my job.”
“Where does this belong?”
“I dropped my wallet.”
“I am not going to pick it up.”
“Where is this going to end it up?”
“I am going to think about it all night long.”
“Then you hate me like everyone else.”
“I can give you seome good advice.”
“Keep at it, and you will make it.”
“Love me for what I am.”
“There is nothing more.”
“No good posing space.”
“Finish one thing.”
“Siobhan, tell me what to do.”
“Move to the beat.”
“I am all over it.”
“Are you ready for that?”
“Who is paying?”
“I gave all my heart.”
“What is left?”
“Total concentration.”
“Thanks for taking care of me.”
“We are doing it all on paper.”
“Learn to run it later.”
“Can I trust you?”
“That worked.”
“You are an excellent dancer.”
“Take that to the bank.”
“I have a good bank.”
“We all do.”
“I got beat by a stiff.”
“Do you know the difference?”
“I can return home and feel complete.”

“Why did I need to put up with all that?”
 “I have a place reserved for you.”
 “It is reserved for.”
 “In my nightmares, I see it.”
 “Get in line.”
 “The day started so good.”
 “Don’t bring me down, Siobhan.”
 “You’re my go-to guy.”
 “That is not working.”
 “This is good for you.”
 “You took away my life.”
 “It was not worth it.”
 “Fuck that shit.”
 “I can save you.”
 “What is going to do it for you”
 “I am going deep.”
 “Deep in the corn field.”
 “Teach me.”
 “I am not taking students.”
 “Are you serious about any of this?”
 “I am buried in oil.”
 “I want to be next.”
 “My lips are chapped.”
 “That must mean something.”
 “I fucked up so badly.”
 “Do you know what I wanted?”
 “The melody is not good.”
 “I am back for you.”
 “Use this.”
 “We do!”
 “No one will undersand me. No one wats to understand me.”
 “That could have worked in my favor.’
 “What am I looking at?”
 “I am in a parking lot again with you. This is not going to help us work through anything.”
 “I barely know you.”
 “There is no knowing.”
 “Hold my hand.”
 “That does not function for any of us.”
 “Change the starter.”
 “I am getting it done in the morning.”
 “This will end before we know it.’
 “I have letters from everyone.”

“You are here.”

“Admit it: you do not have it in you.”

“They will think that you are serious.”

“Siobhan, I am serious.

“What else is left.”

“Back for more.”

“I am good with th buttons.”

“We do not need to go anywhere.”

“Do not poison the world with bad thoughts.”

“Do not block my sight view.”
