

**MAYBE**

“There is nothing here.”  
 “This is your chance.”  
 “You will never know in a million years.”  
 “I can do it in less time.”  
 “I have product and belief.”  
 “Cherie, tell me how to coren the market.”  
 “We take a little from everyone.”  
 “What do we get back?”  
 “All abdication.”  
 “You got out before I could say anything.”  
 “The firm takes care of matters like this.”  
 “How did you get involved.”  
 “I paid my debts.”  
 “Cherie, this is some deep finance shit.”  
 “What is the take home?”  
 “A lot of guilt.”  
 “There is not enough guilt to go around.”  
 “Keep it going!”  
 “We have the book, and it is chemical.”  
 “A liquid read.”  
 “Who is going leave the show?”  
 “I can make you feel wonderful.”  
 “How do you do that?”  
 “Take out what des not belong.”  
 “Do you have the flesh and blood for me?”  
 “I can tell if it is real.”  
 “At this point, all the notes are fake.”  
 “Where have you been hiding?”  
 “At the organizational headquarters”  
 “Bring me back to life.”  
 “I guess that keeps you busy.”  
 “He aims lower, and he hits less targets.”  
 “He is aimless.”  
 “Cherie, you can finsi this for me.”  
 “You got me too excited.”  
 “Am I making things worse?”  
 “Am I making things worse?”  
 “My friends love me.”  
 “I was asked to leave.”  
 “Give me a few more moments.”  
 “The company stays busy.”

“We are all working together.”  
“Figure out the interests rates.”  
“That is how the hospital works.”  
“We will get more govenement money, bt against, and make a killing.”  
“What is left?”  
“Sell the bodies to the body shop.”  
“What is next?”  
“I am losing consciousness.”  
“I won the sweepstakes.”  
“You have a big bank account. You can help your family.”  
“Something else is going on.”  
“We are going to scream at each other.”  
“Damn!”  
“I made it work.”  
“Where does that go?”  
“It was a roulette wheel.”  
“There is no other way to play this.”  
“I will give you the heart pump.”  
“That isn’t what you meant?”  
“Settle at the end.”  
“We will run it later.”  
“Who is signing for this?”  
“Cherie, are you going to pick up the bill.”  
“He is going to lead you to the river.”  
“I am not even watching this.”  
“They called on me.”  
“It is only a matter of inches.”  
“Cut it off.”  
“Cherie, why are you so happy?”  
“What do you understand about the economic system?”  
“I am on the good end.”  
“You can describe it in detail.”  
“Is it real?”  
“You are too late.”  
“Will you convert?”  
“That will work for me?”  
“I need a conversion experience.”  
“Did you recognize the toll for you inaction?”  
“I have the rates in my favor.”  
“It is always like this.”  
“I can fill it in.”  
“More bones.”  
“You are moving too fast.”

“What is left?”

“When you set off on your own to accomplish your goals, it is a feeling of profound satisfaction that motivates the overall experience. I can’t be all that critical about my own efforts. I am here to achieve success. If I questioned myself, I would show no loyalty to those who supported me along the way.”

“That is why you seem so excited.”

“I am trying to give authority to the canvas.”

“What more can a person ask. I am a worker. It really doesn’t matter what I do.”

“This is a critical development for your personal growth.”

“What else could you get me to do?”

“I have a manifesto.”

“They gave me a manual at work.”

“Who are you protecting? What do they control?”

“There is a secret.”

“We need to protect the secret.”

“This could result in something amazing.”

“You could be promoted.”

“Identity theft is a major cause of economic insecurity.”

“You can’t steal my identity if I do not have an identity. I don’t have much to work from.”

“We are committed to creating strong identities for people.”

“What is the economic concern?”

“The greatest threat to prosperity is banks manipulating interest rates to take advantage of people in need.”

“You have to create your own bank.”

“I am trying to get ahead of the market.”

“I am trying to get ahead in my life. I experience all these setbacks.”

“What would you do with green money?”

“That is not my concern. I defend a different economic philosophy at the company.”

“What do you want?”

“We sell dreams.”

“That is a good beginning.”

“They are all watching you.”

“I am too tired to think about those things.”

“I have enough money that I am not tired like other people.”

“I am not the boss. I will think about that later on.”

“Bosses do not have that kind of power.”

“What kind of power do you have?”

“Bosses cannot ask those kinds of questions.”

“What can you do on your own?”

“We need to protect you?”

“By the higher rates on credit.”

“We provide a market deal.”

“And you give better rates to our landlords and our oppressors.”

“Who bit you?”  
 “It was the vampire bat.”  
 “Does anyone know?”  
 “Is anyone supposed to know?”  
 “Are you mocking me?”  
 “I have been able to buy the body that I have always wanted. I have been able to create a wonderful identity for myself.”  
 “She has.”  
 “We are all in on this together.”  
 “What was left out?”  
 “The heart.”  
 “I have a heart for sale.”  
 “The card is clued in to the heart.”  
 “You are so full of good cheer.”  
 “I want to share what you have.”  
 “I do not have big aims like others. I want to make this job work.”  
 “I need to pay for the house.”  
 “We need plans that match the needs of people.”  
 “These are the needs of people.”  
 “None of this works for anyone.”  
 “This does not even serve your needs.”  
 “Why do you keep this going?”  
 “This is the only dream that you have left from dreaming.”  
 “This keeps happening again and again.”  
 “Write something wonderful about me.”  
 “I need to be on top of this.”  
 “I have taken the steps.”  
 “Who is this person?”  
 “He has a digital identity.”  
 “This identity can reflect other needs in your world. You can enhance your profile.”  
 “She is a happy person.”  
 “Who gave me this?”  
 “This has stopped working?”  
 “When did you join in?”  
 “I have an idea.”  
 “Is that all that you want?”  
 “I cannot even comment on that.”  
 “That is a new definition of prosperity.”  
 “Add the numbers together.”  
 “What is the divisor?”  
 “What is the rate?”  
 “The con artist wants one hundred percent.”  
 “I need to be conscientious.”

“What are you bringing to the table?”  
 “What are you offering for the world?”  
 “This is a lot worse than I could have imagined.”  
 “This is not only about the imagination.”  
 “You do not need all the resources.”  
 “I want some more cole slaw.”  
 “I should have said hello.”  
 “There is no hello anymore.”  
 “Are you doing well?”  
 “None of this makes any difference.”  
 “This does not make any difference.”  
 “There is a different kind of allegiance.”  
 “What is the relation between the desire and the satisfaction?”  
 “Cherie, you are a jolly person.”  
 “Is that a mistake? Is that how things are supposed to happen?”  
 “There is only one thing that I want to do at this moment.”  
 “I could use your blessing.”  
 “I care about my needs. I am concerned about my health. I eat well. I try to reduce stress.”  
 “I am a happy person.”  
 “Where will this happiness end up?”  
 “There is work to get done.”  
 “This is too much face in my face.”  
 “Cherie, you are wonderful.”  
 “I am a trailblazer.”  
 “You are not a savior. Your guilt and suffering is not going to change the world.”  
 “I wasn’t expecting much.”  
 “Let us try this again.”  
 “I am not sure if I can get time off.”  
 “Make that a commitment.”  
 “I do not want to go anywhere else.”  
 “Come out with us.”  
 “Where are you headed?”  
 “I want a life for myself.”  
 “We could be good friends.”  
 “We are very similar.”  
 “I need someone to sit down with me and tell me what is right.”  
 “What is right?”  
 “Do not get so close to my face.”  
 “You are getting too close.”  
 “I see these numbers differently.”  
 “What do you really want?”  
 “What do you really want?”

“Your credit card can unlock value.”  
 “I want an advance on an advance.”  
 “I do not want to end up on the outside.”  
 “I am on the outside.”  
 “You are on the outside.”  
 “This is not a good sign.”  
 “I have been working on my happiness.”  
 “I remembered all the days.”  
 “That is very good.”  
 “Are you involved?”  
 “You always get that last word in.”  
 “Are we out of here?”  
 “Any last words.”  
 “How do we make things happen?”  
 “More money.”  
 “More money, less love.”  
 “Love and money.”  
 “Love is money.”  
 “Is that a motto at your company?”  
 “I need to be protected.”  
 “I am protected.”  
 “You are very protected.”  
 “Who is protecting you?”  
 “I have a plan.”  
 “I do not want to make the moves myself.”  
 “Let money do the talking.”  
 “Do the talking.”  
 “Is that good for you?”  
 “That is everything to me.”  
 “I have a wonderful deal.”  
 “I am your best audience.”  
 “This is your chance to say what you really feel.”  
 “We are not going to all fit in their together.”  
 “We do not need to.”  
 “What holds you together?”  
 “Belief.”  
 “I needs more than that.”  
 “This can take a while.”  
 “Who is helping you?”  
 “I could be a social director. I am a money director. I have the money to create that connection.”  
 “I am coming back.”  
 “I need to offer some posing space,”

“I take care of that at home.”  
 “I want to be involved.”  
 “I have said too much already.”  
 “What other variations are available?”  
 “Credit is part of a life plan.”  
 “Do you understand what that could mean?”  
 “These are real dreams. We do not leave you stranded.”  
 “Someone has his eyes on your identity. You need to protect yourself. You need to offer yourself a foundation for your success.”  
 “What were you thinking at when you were home?”  
 “I am having trouble achieving balance.”  
 “I have not spent a lot of time working on that.”  
 “I take vacations. I let the world fill in for my world.”  
 “See: she lives in world distinct from her job.”  
 “If she attained independence, she would create her own dreams. She would offer a different balance in her life.”  
 “I do not want a balance.”  
 “I am feeling sick.”  
 “You better leave.”  
 “Cherie is always happy. She does not get down on herself.”  
 “I go to the gym I visit my family.”  
 “This is for you.”  
 “You are understanding me well. I do not want to go backwards. I have strong skills.”  
 “That will not work for you.”  
 “I have a bee-line.”  
 “What does that mean?”  
 “Are you ready to sting?”  
 “Who are you going to hurt?”  
 “This is something totally different.”  
 “You are close enough to nothing every time.”  
 “You are everything to me.”  
 “The revelation is the hiding.”  
 “What does that mean?”  
 “You are a con artist.”  
 “I do not think like that.”  
 “I am not that precious. That is how I hold it all together.”  
 “She is brilliant.”  
 “I am brilliant.”  
 “I have found the source of the fraud.”  
 “It is people wanting things that they cannot pay for.”  
 “People declaring love.”  
 “I am declaring the body.”  
 “The body matches the feeling.”

“Perfect security.”  
“Your identity is protected.”  
“Who is doing to protecting?”  
“Someone is going to love me forever.”  
“Join with me.”  
“You are brilliant.”  
“Love is brilliant.”  
“That sounds like a great campaign for the company.”  
“What is that all about?”  
“There is too much joy and not enoug introspection.”  
“Cherie, you are perfectly clean.”  
“That is my dream.”  
“I am so finished.”  
“What else can you offer me?”  
“I need to shake it.”  
“You need to be more graceful.”  
“Cherie, you have everything that you need.”  
“That is all nonsense.”  
“I am losing it all.”  
“We can explain it all.”  
“Tell me.”  
“I have abdicated from human experience.”  
“This is utter nonsense.”  
“Look in my eyes.”  
“We all do, Cherie.”  
“The company is looking after you.”  
“Which shirt do I wear tonight?”  
“You do not understand.”  
“You are pure.”  
“That is not a positive sign.”  
“This is not about caring.”  
“Do you want a script?”  
“Take this.”  
“Take this.”  
“Contribute.”  
“Not true.”  
“Not happening.”  
“The director of the company.”  
“The company wants to take a different direction.”  
“You are the voice of the firm.”  
“Love me.”  
“It would be a different story.”  
“That could be a wonderful story.”

“Everything is not as it seems to be.” We are investing.”  
“Does it hurt?”  
“Cherie, you are too perfect.”  
“I like the money.”  
“The money shot.”  
“We are advertising prosperity to the American people. If you believe it, you can have it.  
“You know none of this is real.”  
“Where are we headed?”  
“I did not know that you had a million variations.”  
“I rode the dog to heaven.”  
“Who else is involved?”  
“This is my actual origin.”  
“Money cannot give us something that we are not in our heart.”  
“What is in the heart?”  
“The truth.”  
“I am on my knees to you.”  
“Listen closely.”  
“I am not going to belabor a bad thing.”  
“Do not exaggerate.”  
“I am living in the moment.”  
“That is so much fun.”  
“You have never tried anything that requires a real skill. You need to start early.”  
“What is in your wallet?”  
“That is called false consciousness.”  
“Fraud.”  
“Someone lifted my money.”  
“We are all laughing together.”  
“There is another way to see that.”  
“Run a tab.”  
“What else is there?”  
“I am offering you a treat.”  
“My credit is good.”  
“I pay my bills.”  
“I protect myself.”  
“We will make it happen.”  
“Money makes money.”  
“What more do you want?”  
“Do not mix with the mix.”  
“They understand something that I do not.”  
“And what is that?”  
“What makes the machine go?”  
“You need to make sure that the numbers match the person.”  
“There will be another wave.”

“I want to stop this.”  
 “Stop it.”  
 “I can be all those places and more.”  
 “There is a big plan here.”  
 “You really know who to influence people to do things that they do not want to do.”  
 “I am three sheets to the wind.”  
 “I protect my identity.”  
 “Who is trying to dose me.”  
 “What are you trying to take from me?”  
 “Do you want me to love that?”  
 “I had too much to drink.”  
 “I had too much to love.”  
 “Cherie has it all under control.”  
 “She is that kind of person.”  
 “That would be a completely different story.”  
 “We could sit down and talk about.”  
 “That would be something else.”  
 “I have just enough to get just enough.”  
 “There is a division between public and private.”  
 “I have a stronger awareness who I am. I can make decisions for myself. I can enhance my economic security.”  
 “What is that about?”  
 “I have lost my place.”  
 “I am totally lost.”  
 “That is a good place to start.”  
 “Where have you been hiding?”  
 “I do not need to hide. I have money.”  
 “I have layers of digital protection.”  
 “I have a system which gives meaning to this nonsense.”  
 “How do you have extra?”  
 “I am glad that you got what you deserved.”  
 “I would rather be here.”  
 “You are among the deranged.”  
 “The system keep everything on an even keel.”  
 “All of that is falling away.”  
 “Who is left?”  
 “I cannot get a little bit ahead.”  
 “This is brilliant.”  
 “This is brilliant.”  
 “I have discovered a security breach.”  
 “You put all our information online. But there is nothing to benefit us in the interim.”  
 “What is everyone laughing about?”  
 “I do not need that kind of personal revelation.”

“I have taken some big steps.”  
“These are thing that I do not want to thing about.”  
“Someone will figure that out for you.”  
“That still is not enough.”  
“We are at an early stage in our development.”  
“It is beginning to make sense.”  
“You will never see me again.”  
“That is the source of the breach.”  
“We went different places.”  
“I cannot give that much of myself to something that does not exist.”  
“There is a security breach. Do not deny it.”  
“What does that mean to our personal development?”  
“There is a possibility.”  
“What will you need?”  
“You need to make a report.”  
“We never found where that originated.”  
“An you speak with authority.”  
“We are all going to do this together.”  
“Do it.”  
“This is all for you.”  
“Add to my engagement.”  
“I have real dreams: a family, a house, a car.”  
“We can make this happen for you.’  
“We can protect this for you.”  
“You are nothing like us.”  
“It all blows away in the dust.”  
“Now, you care.”  
“I am not a nice person.”  
“I cannot be nice.”  
“That is all that matters.”  
“What does matter?”  
“A thousand to one might as well be a millions to one.”  
“A hundred to one.”  
“They have compromised my data.”  
“Wonderful.”  
“I am very concerned.”  
“They have you covered.”  
“We have got you covered.”  
“I cannot get in your head.”  
“Do you hate me?”  
“This is too cold for comfort.”  
“This is an ice box.”  
“And you think that is cute.’

“How can you explain that cult-like devotion. You give without getting anything back. You are only fulfilling a belief that you already have.”

“I have whatever is needed.”

“That is the drug of choice.”

“I am not extravagant like the other people here. I have a good job. I have a future. I like the progression of time.”

“Time likes the progression of Cherie.”
