

## HYPERINFLATION

“I do not trust anyone here.”

“What is in the wheelbarrow?”

“We trust in greenbacks.”

“Call the police.”

“Who are you working for?”

“You worked me over.”

“I am part of the cult.”

“What does that mean?”

“I give more than I get back.”

“Emotional colonialism.”

“How does that work?”

“How do you get away with that shit?”

“I never leave the house.”

“Do you want me to explain.”

“I want what you cannot give me.”

“In the cult, the participant believes that she is receiving something magnificent. It is greater than anything else in the material world. The pledge needs to be physical in nature. But it functions in the symbolic realm. The individual fills in with this understanding.”

“This is all very strange for me.”

“I was almost there.”

“Kiss me.”

“The kiss is more than the kiss. It is a connection to some kind of deep understanding.”

“What do the witches do?”

“Complete the drill.”

“You excite me.”

“I am into humiliation.”

“I am out of humiliation.”

“You were supposed to do something for me.”

“I accept it”

“It will not offer me liberation.”

“I cannot deal with my physical existence.”

“The liars are all rewarded.”

“I could do more than that.”

“Get excited with a little less.”

“All of that is about certainty.”

“What more do you want?”

“Where did you find that?”

“In my alienation.”

“Explain that.”

“I do not belong in the world where I belong.”

“How did you lose that connection.”

“Open the bank account.”  
 “This is not a number thing.”  
 “You need to be more aggressive than that.”  
 “I will accept that.”  
 “These are not cultish attachments.”  
 “You know what I am talking about.”  
 “She can move mountains.”  
 “Move one for me.”  
 “I have it now. I have it in this instance.”  
 “Do you have it down.”  
 “It is simple.”  
 “Until it is not simple anymore.”  
 “We could explain it in books.”  
 “We cannot explain it in books. You have to feel it.”  
 “You are not grasping it.”  
 “This is a sculpture.”  
 “I do not want to mess with your happiness.”  
 “I do not want to be your happiness.”  
 “I cannot be happy in this world.”  
 “That is the definition of alienation.”  
 “What are you going to do about it?”  
 “We need to do something successful.”  
 “We can help with education.”  
 “What do you not want to know?”  
 “Do not be too practical.”  
 “I need to escape my conditioning.”  
 “This is a different game.”  
 “I feel safe.”  
 “I feel safer.”  
 “There is not security here. This is all about taking risks.”  
 “This could be the beginning of real change.”  
 “What does this mean?”  
 “Do not mess with my shit.”  
 “We will not have to think about it anymore.”  
 “What else do you bring to the show?”  
 “You are mistaking the general for the particular.”  
 “The change is proximate. Something in her immediate environment. Not something general or abstract. That is a different argument. What happened in her life to make things this way?”  
 “I ate the bad cookie.”  
 “You are not serious about causality.”  
 “Where do we start, and where do we end.”  
 “I am going to make something happen.”

“He touched my shoulder.”  
“And you do not know.”  
“No one knows.”  
“You do not understand a simple give and take.”  
“Do you even move.”  
“I am moving on you.”  
“This is going to be worse.”  
“At least, I never have to look at you anymore.”  
“This is a good place to start.”  
“When will I get better?”  
“You can take a risk with us.”  
“Are you kidding?”  
“Do you trust me?”  
“Do you trust me?”  
“That is the basis for fraud.”  
“There is not even a direct connection.”  
“What do you mean?”  
“Do you have a body?”  
“What am I working with?”  
“A profile.”  
“You have a bunch of numbers.”  
“They seem to monopolize a position.”  
“Buy me a drink.”  
“I will.”  
“What do you have for me?”  
“Other variations.”  
“I can never explain this.”  
“Don’t you know who I am.”  
“I am the chef.”  
“I am tending bar.”  
“I do not want to end up here.”  
“I want something more engaging.”  
“What is eating you?”  
“I can make that work.”  
“But there is alienation.”  
“I have an image in my mind what I want.”  
“See this. I want my hair to look like in this picture.”  
“This is not going to work.”  
“I am going to show you how to fuck this up.”  
“That is just enough for me.”  
“Where is that headed?”  
“What is in the basket?”  
“Bread.”

“What else?”

“Is butter needed?”

“I only need some water.”

“These are prison conditions.”

“Who are you working with?”

“He is outside.”

“We are working on an art project.”

“What brought you back here?”

“For those who know, they cannot say.”

“He is on the outside.”

“Will you ever get out?”

“I will take it.”

“You need to move.”

“I did move.”

“This is smooth.”

“What does that mean?”

“You are not going to convince me.”

“I am already convinced.”

“Give it a rest.”

“Act tough!”

“Do you know me?”

“I am here for you.”

“Of course, you are.”

“Where did this start?”

“I watched what was going on. They only wanted a touch. What would they give for that touch. Who was benefitting from it? They thought that they had the power. I could offer so much more.”

“I could offer so much more.

“What do you have in reserve?”

“I am trying to explain who else is involved.”

“All that I want is that touch.”

“Where do I go from here?”

“To the playpen.”

“Everyone understands the same thing.”

“This is for double the points.”

“When do we finish?”

“I want to forget about this shit.”

“It is deep inside.”

“Alienation causes you to forget what you really know. This is time for motivation.”

“I am zonked out.”

“Double alienation.”

“What is the choice?”

“He loses hope.”

“We can pay you more.”  
“I am losing my dignity. I had plans.”  
“I had plans on plans.”  
“That will not do it for me.”  
“Are you buying?”  
“I am getting more zonked.”  
“Show me what you’ve got.”  
“Reap what you sow.”  
“There is more involved.”  
“Who is he?”  
“He has that same promise.”  
“I cannot put it down on the table.”  
“Hope that you have your health.”  
“He does not have everything that he needs.”  
“Can I please show you?”  
“That is the meaning for the show.”  
“They should have never been allowed.”  
“We need less zonk.”  
“Let me show you.”  
“That is still not going to be enough.”  
“Why is that?”  
“You do not understand that there have been immense economic changes.”  
“Someone will help me.”  
“I want to help you.”  
“I do not want to mess with you.”  
“Why are you so mean? I love you so much.”  
“I will always want more than you can give me??”  
“I work all the time. Do you grasp that?”  
“I do understand.”  
“That is too close to mean much of anything.”  
“Why are you so tired?”  
“I do not have enough love.”  
“And where is that going to take you?”  
“I am ready, willing, and able.”  
“Let us see what you have got.”  
“Show me!”  
“Take a stand.”  
“This was so boring.”  
“These are different levels of boring.”  
“THAT IS NOT ENOUGH. WHAT ELSE DO YOU HAVE?”  
“Just rescue me.”  
“I will take the Monday shit.”  
“It is much more desperate than you know.”

“You are still in the way.”  
“How willing are you to expose yourself to ridicule?”  
“That is not going anywhere for me.  
“There are so many elements.”  
“This is good for the both of us.”  
“You are not that brilliant.”  
“There is no other other.”  
“Look at these bills.”  
“I am not a banker.”  
“Where have you been hiding.”  
“How is that possible?  
“I cannot be faithful to something that is going to end”  
“Get charged up!”  
“END IT!”  
“It requires more than an idea.”  
“We could use a person.”  
“You are the clear representative.”  
“I saw all that was available.”  
“I want to live like that.”  
“We are sharing.”  
“I am too into this.”  
“I am giving you way more than I am getting back.”  
“This is some really boring shit.”  
“I want to get rid of what I have.”  
“I need to believe that this will work.””  
“It will work.”  
“You need to make your body stronger.”  
“That is not going anywhere.”  
“The material pledge needs to be more involved.””  
“That is the foundation of cult shit.”  
“I want to join in.”  
“Faith requires a stronger presence.”  
“I have shown too much of myself already.”  
“Explain this.”  
“Look at my fucking body..”  
“What does any of this mean?”  
“You are afraid that someone else will clue in.”  
“What do you think that I am hiding”  
“Just give me something to believe.”  
“We can share.”  
“He is bossing it out.”  
“This is all too real.”  
“I have done this before.”

“You are going to break down to something basic.”  
“I had a bad day.”  
“There was a problem with the oven.”  
“You were almost there.”  
“Then it all disappeared.”  
“It was too much symbolism.”  
“Touch the heart of the matter.”  
“I need to eat of the tree of life.”  
“What is that about?”  
“Do not turn away.”  
“We are almost there.”  
“Love is seeming like this cultish shit.”  
“This is not love. It is some kind of weird infatuation.”  
“What is left?”  
“You are a true believer.”  
“You have changed your allegiance.”  
“We have broken ranks.”  
“That will completely work for me.”  
“You do not need to fortify.”  
“What am I missing?”  
“How close are you to gratification.”  
“That is a little too close for me.”  
“I will take that.”  
“Do you want to wait.”  
“I am redesigning how I look at things.”  
“I am redesigning how I look at the design.”  
“There is still a ways to go.”  
“That is a different kind of continuity.”  
“It can never get that close.”  
“What is the allegiance?”  
“Is it like that everywhere?”  
“You want certainty.”  
“I am so done.”  
“I did not even see you go?”  
“I need the keys to the car.”  
“You do not know.”  
“That is way too much of an interruption.”  
“I recognized the array.”  
“What is blocking your way?”  
“I need to be very patient.”  
“You still have time.”  
“I am going to work this out.”  
“Take a chance.”

“What did you learn?”  
“They said it was part of our personal development.”  
“That is more than beautiful”  
“Take me in for a close up.”  
“The world disappears on me.”  
“How does that work?”  
“I do not even know what I am spending my money on.”  
“I figured it out again.”  
“What makes it all work out?”  
“You have gotten out of control.”  
“What keeps that going?”  
“Not understood.”  
“And you have found what you are looking for.”  
“Investment opportunities.”  
“You are making more than you need.”  
“What do you do when you say no to everything?”  
“I like my life.”  
“Do you really?”  
“I cannot worry about this.”  
“I drive a bus.”  
“That is too much to think about.”  
“We can affect labor conditions.”  
“What would that mean?”  
“We are inner circle people.”  
“What words are you using?”  
“Million dollar words.”  
“That is all that you have left.”  
“This is more unusual.”  
“What are they looking at?”  
“Investment opportunities.”  
“That is making me upset.”  
“It has to do with how I see work.”  
“I am giving way too much of myself to this job.”  
“Does the job give you that opportunity?”  
“Touch the flesh.”  
“This is a ritual moment.”  
“I need to leave.”  
“I can smell it on you.”  
“Cheap perfume.”  
“This is the expensive stuff.”  
“Have you cornered this?”  
“They do not even make it anymore,”  
“A speculative market.”

“Are you afraid to use it?”  
“He is working you.”  
“You make me feel as if I am way more than myself.”  
“I do not want to sell myself for less.”  
“There is no less about it.”  
“This is going to be strange.”  
“What do you get for what is in the wheelbarrow?”  
“Some porridge.”  
“They believe it. It is not ironic.”  
“I spent a lot on this shit.”  
“Take the shot.”  
“This is so tragic.”  
“I feel dejected.”  
“Who else are you working with?”  
“Currency manipulators.”  
“What is the real purpose of that?”  
“Instability in the markets. The difficulty in controlling labor.”  
“I invested a lot of personal commitment in that connection.”  
“What is involved.”  
“You tell me.”  
“You need to study these currency markets.”  
“I look at my body.”  
“What makes all this work out?”  
“More speculation.”  
“This does not work in a vacuum.”  
“Failed-state shit.”  
“Look at the body.”  
“More cult shit.”  
“Take it all in.”  
“It needs to be more than that.”  
“And you have spent all that effort.”  
“And you are toast.”  
“I stopped looking?”  
“This is still not what I am looking for.”  
“It will work.”  
“Write down what you owe, and I will take it from your account. The credit card machine is down.”  
“You have the right ingredients.”  
“I could tell that story.”  
“I want to make you frustrated.”  
“I am frustrated.”  
“There are more transactions.”  
“What else?”

“I am delivering my body to this market.”

“You told him that it was going to work out.”

“They love me that way.”

“We could trade love for love. That is a fair trade.:

“Not here. I do not want to go on trios. I want to be taken into the secret room to see how money really works.”

“You exaggerate the personal expectation. Then I need to explain why you are falling all over yourself.”

“How does that work?”

“Do you understand what I am telling you?”

“Every move has to be perfect, and we are dealing with very flwaed people.”

“How does that happen?”

“It happens.”

“You are going to need to do this right.”

“Get a money order.”

“That is what I am looking for.”

“That is pure.”

“That is not pure. It reveals something else.”

“Peel away the layer.”

“We are doing brain slices.”

“What does this staining mean?”

“These are the areas infleuned by the transmitter release.”

“This is a freak whow.”

“Better believe it.”

“How can you keep this going?”

“I am keeping this going.”

“That is not enough for me.”

“Pick up a shift.”

“I am dealing in the currency market.”

“That is all about commodity speculation.”

“What happens if you do not get the edge?”

“The house of cards collapses.”

“These are industrial diamonds.”

“What are you slicing?”

“The psyche.”

“Where is this headed?”

“I never understood.”

“I was disturbed.”

“This will make you feel better.”

“How much?”

“A wheelbarrow full.”

“How many zeros is that?”

“Take me somewhere.”

“That is complete trust.”  
“Where are we?”  
“In the value.”  
“And it ended like that.”  
“What do we have here?”  
“It is not like it seems.”  
“I need to take some time off.”  
“I hate to see it like this.”  
“It is like this”  
“What made us like this?”  
“We are all just as desperate as you are.”  
“What happens after they realize who you are?”  
“I am long gone.”  
“How many zeros is that?”  
“I pretend that you are someone else.”  
“I am someone else.”  
“Everyone here is part of the same cult.”  
“I watched, and I learned. I created a manual. Now, we all act this way.”  
“We all act this way.”  
“Your desire needs to be pure.”  
“What does that mean?”  
“What else is there to your life?”  
“You just can’t jump on the controls. It need to be part of of your body.”  
“I have seen her before.”  
“No one has.”  
“That is remarkable.”  
“Are you making fun of me?”  
“I want to encourage you.”  
“Another round.”  
“That does not have to do with anyone that I can do on my own.”  
“Where are you in the process?”  
“I am deep in the program.”  
“What is in the manifesto?”  
“You get away from something that you were never a part of.”  
“You are not going to do the work.”  
“No one does. No one can.”  
“I make it happen on all fronts.”  
“That is bothersome.”  
“I know better than you do.”  
“What is the next step?”  
“Touch my hand.”  
“We genuflect.”  
“This is freaky stuff.”

“I am deflated.”

“We have different goals.”

“This is not a goal.”

“What were you thinking?”

“I was going to increase the manufacturing base.”
