

PLANNED ECONOMY

“Where do the textiles come from?”
 “What does that matter?”
 “I am good with fabrics.”
 “Who buys that shit.”
 “Who are your clients?”
 “Is this all going to crash?”
 “I am just holding on again.”
 “Let us go home and talking about it.”
 “Speculative markets.”
 “How can you control supply?”
 “Give me what I need.”
 “The body does not need the body.”
 “Understand the fabrics.”
 “We could add to this.”
 “What would be left?”
 “More cleverness.”
 “You bore me.”
 “This is brilliant in its own way.”
 “What makes that work?”
 “I spend cash on it.”
 “Work that makes things work.”
 “Can I help you?”
 “All of this crashed.”
 “We can add to it.”
 “Most people are going to get board just hearing about this.”
 “You left your mess for someone else to clean up.”
 “I thought a great deal about this.”
 “I am dressed for success.”
 “Are you working tonight?”
 “What dos that mean?”
 “Are you shaping consciousness?”
 “Is that all that it takes to satisfy you?”
 “This is high-powered money. It is guaranteed not to lose its value.”
 “Why is the rate adjustable?”
 “It is not.”
 “What are you talking about?”
 “You cannot escape this world.”
 “What are they making in there?”
 “I found out the real source of my power?”
 “That does not say that much.”
 “This is more speculation.”

“There is nothing else here.”
“All those warehouse of money that means nothing.”
“These are two versions of the same thing.”
“You could make yourself stronger.”
“How do you define yourself?”
“Nothing has changed.”
“I gave myself.”
“You were a martyr.”
“That is a total commitment.”
“I worked a double.”
“You do not work here.”
“We are collecting the currency.”
“They will burn this stuff.”
“What is a stronger pledge.”
“I should be dead.”
“We need you to sell this stuff.”
“Am I even allowed?”
“Have a cupcake.”
“You are still making this stuff.”
“You know something tht I do not.”
“I am basic that way.”
“We start from something basic, and we make something complex.”
“What is the motivating factor?”
“Love.”
“Fast heart rates and shortness of breath.”
“What is a good remedy?”
“Oxygen.”
“I am glad that you understand.”
“There are other ways to see this.”
“You can buy off th rack.”
“I need one favor.”
“I am losing my direction.”
“We can buy the jewels.”
“Where is this actually headed?”
“This is a division of labor.”
“That is acceptable.”
“They are trying to get you to quit.”
“And what are the altrernatives.”
“Give me a meal.”
“That is filling.”
“You can eat history.”
“Is that really how you lived it?”
“Does that make any difference to anyone?”

“Life is going to have to do some serious accounting.”
 “Where did you pick up this one?”
 “At the market.”
 “Things decay.”
 “I cannot respond.”
 “And what hold it gether?”
 “A desire for something else.”
 “I am trying to be fair.”
 “This is not about fairness.”
 “Time for further confessiopns.”
 “Liquidate your portfolio.”
 “What else good is going on?”
 “I am losing faith.”
 “Hang on.”
 “Faith that the picture will transform into something pleasing.”:
 “Are you well pleased?”
 “Who understands?”
 “We understand by touch.”
 “Do you relate?”
 “The accounting problem.”
 “I have so much invested in this house. I do want to see it disappear.”
 “That is horrendous.”
 “Do you identify?”
 “I want to quit.”
 “They fix the body.”
 “This is not an investment. Where did you get that?”
 “I have a good memory.”
 “We all have that.”
 “I really dig that.”
 “That was another part of my life.”
 “There is bridge.”
 “I am not on it.”
 “We are going to have to be aware from here.”
 “What is your goal.”
 “I wanted to much further along.”
 “I am not going to put any money in this.”
 “Don’t you own a hotel?”
 “I own some blankets.”
 “What are the designs?”
 “This is complex stuff.”
 “Is this your choice?”
 “I ordered off the menu.”
 “If I cannot eat history, it does not happen.”

“What are some alternatives?”
“I need to go over this.”
“I have a few questions.”
“I am in the middle of some serious business.”
“If I had the cash, I would finish the job.”
“We can make a deal.”
“No, we cannot.”
“I will become eloquent.”
“This is an important moment.”
“I got off work.”
“And what makes you so important.”
“I never did anything offensive.”
“Is that a uniform?”
“You tell me. You are talking about textiles.”
“There was a strike.”
“What happened afterwards?”
“This was a major event in textile manufacturing.”
“Manufacturers needed to be more aware of the needs of textile workers.”
“Was the strike sold out?”
“I do not want to see it in any other way.”
“The ability to make demands evolved.”
“That is a critical part of labor history.”
“Now, what do you know?”
“You are going to have to pay for it.”
“I am in a rush.”
“We all love you.”
“Are we in good taste?”
“You never see the one that hurts you.”
“I have this.”
“Of course, you do.”
“We have worked on this.”
“We are closer to the earth.”
“And you get what you want.”
“These are my allies.”
“Where does that go?”
“A tablecloth.”
“We are protecting the wood.”
“What are some other kinds of matter?”
“Dark matter.”
“Anti-matter.”
“Oh, dear, what can the matter be?”
“I know stuff.”
“You are going to need to learn more stuff.”

“I need to learn how to break a bank.”

“Find the stress point.”

“Bad loans.”

“Everyone calls loans to those in need bad loans. If I didn’t need the money, I would not make the loan.”

“Where else do you manifest?”

“He is thinking too much about shit.”

“What happens over time?”

“Time happens to us.”

“We can change our clothes.”

“What is in there?”

“A moral order.”

“I cannot relate.”

“You are going to need more.”

“We have patterns.”

“Why do I want to be like someone else?”

“We can choose other fabrics.”

“We are still going to have to fit the garment.”

“No laughs.”

“Who is the maker?”

“The one who runs the machine.”:

“You are easily satisfied.”

“I am in a wedding garment.”

“What does that mean?”

“There are other ways of linking together the human fabric.”

“There is fraying.”

“I am trying go be nice.”

“You do not want to know what I am going to say next.”

“You allowed murder.”

“Some people want it to end.”

“I am not one of those.”

“Give me extra breath.”

“I am suffocating.”

“You are next.”

“There are too many way to slice a lemon.”

“This is extra thin.”

“You have a great knife.”

“This is not a comparison. This is how we live it.”

“How is that?”

“I am in the middle of things.”

“Where were you?”

“A car pulled up for me.”

“This gets tricky.”

“Why?”
“What do you want?”
“There is a lot of decay.”
“I want to slow things before they get too far out of control.”
“When was the last time that you tried this?”
“Do you prepare?”
“You need to understand the code in order to figure out what is actually being said.”
“What about the extras?”
“This was waiting for me?”
“Was it moving?”
“This is too much for me”
“You require a theory.”
“I live in my car.”
“The electric vehicle.”
He nodded.
“Did they eventually send you the check?”
“They gave me everything that I wanted.”
“The villain arrived.”
“And what does he know?”
“Time to get it right.”
“I was trying to get away.”
“He followed you here.”
“I am alive.”
“Stay alive.”
“He will catch up with you.”
“Did you put the parts in place?”
“He is working for the syndicate.”
“Where will that end up?”
“A Fellini movie.”
“When did you arrive?”
“How much do you love that?”
“That is lyrical.”
“This works for me.”
“Does this work for you?”
“You have found the same level.”
“They will face the wrath.”
“I don’t want to see that.”
“You will. Stare in my eyes.”
“None of that stuff works with me.”
“And you are giving so much of your time to that?”
“And you think that is fun.”
“Do you think that I love that?”
“Nature will not do you well.”

“How else can you complete?”
“Give me a better pattern. Make it match my personality.”
“We will never get any further.”
“They have critical questions for you.”
“I am great at this.”
“I did it before you.”
“How did you know?”
“I was dressed for it.”
“I could not get off the stains.”
“The door is mine.”
“You are flawless.”
“There are stains on your dress.”
“I can’t get them off.”
“I know a dry cleaner.”
“We can do a replacement.”
“That is step one.”
“OOPS.”
“I am looking for haddock.”
“Do you clean them?”
“Where is this headed?”
“I want morality.”
“That is a special kind of teaching.”
“Wealth.”
“Fucking people over.”
“Canned spaghetti.”
“How do you get rid of the stain?”
“There are so many things to get rid of.”
“Do you want to know?”
“That will not work.”
“I got it for myself.”
“You need to practice.”
“I want to start from the beginning.”
“She will mess with your shit.”
“Where is it headed?”
“There are people watching.”
“What do contribute?”
“I have a map.”
“What are you doing?”
“You don’t stand a chance.”
“Do not hurt me.”
“Where did you get that shit?”
“Central casting.”
“Who is performing?”

“I had the television on?”
 “Did you say it?”
 “For sure.”
 “You never know what is going to happen.”
 “My card was declined.”
 “That does not matter.”
 “I am dedicated.”
 “There is no room for that kind of commitment.”
 “When will anyone see that there is something different?”
 “You need an oxygen mask.”
 “That is an important cue.”
 “I am trying to escape this shit.”
 “I get up for my kid. I get up for my job. I get up for school.”
 “I want to get away from all that shit.”
 “Who will verify you?”
 “I never saw you come in.”
 “We have you on camera pissing.”
 “Did you get excited?”
 “People respond positively to all sorts of shit.”
 “What is beyond this response?”
 “I am hiding something. I do not want to be recognized in that way.”
 “You have a very disposable view of human kind.”
 “What do you have to contribute?”
 “Do I need to read that?”
 “Where did you start?”
 “Why are you so mean?”
 “That is a right.”
 “Where does that end up?”
 “Something like the end of the world.”
 “There is a chain reaction.”
 “You still want to show.”
 “I do not have it to show.”
 “Santa Fe.”
 “I cannot even hear any of it.”
 “What did they leave?”
 “Too much ego.”
 “And you have a life plan?”
 “It would take some complicated mathematics to explain how the plan can be implemented successfully.”
 “Can you figure out who the murderer is?”
 “That would be a story in itself.”
 “Why is this not imaginary?”
 “That hurts me.”

“They left something out.”
“And I put back whatever was left out.”
“You have most of the parts.”
“The speaking parts.”
“I am not looking for advice.”
“You start to decay.”
“That is all that matters.”
“She knows it.”
“Who are we talking about?”
“She is here for you.”
“How can this just be money?”
“Do you look right for the job.”
“Who emptied the ship?”
“I will take care of that tomorrow.”
“Where is that headed?”
“We could hide there.”
“I am glad that you have it done so well.”
“I am good with patterns.”
“This does nothing for me.”
“This letter is supposed to explain it all.”
“Put it in a text.”
“Fuck off.”
“Provide an explanation.”
“I do not want to talk about your childhood.”
“Try to forget it all.”
“What else is there to say?”
“I want to be free.”
“No one will be free here.”
“They will all eat together.”
“It is all done.”
“I still need to move on.”
“I am giving something that I want to save.”
“We are combining two patterns.”
“This is multi-dimensional.”
“You run the loop.”
“I am.”
“We need more starting points.”
“We have enough.”
“We are already finished.”
“You are showing that doesn’t need to be shown.”
“How is that?”
“You are not sympathetic.”
“I am going to finish this job.”

“I did you pull it together.”
“By not thinking about my worst days.”
“Combine these garments.”
“Is that a design problem?”
“This is a design problem.”
“Where is this headed?”
“I design shoes.”
“I always head back to the same place.”
“The place of return.”
“Follow these loops.”
“That is another story.”
“How does that manifest with work?”
“I am in the art of acquisition.”
“What are you really getting?”
“Deal with it.”
“I am only dealing with something that I want.”
“That is sufficient for me.”
“I have a publishing house.”
“You have to live it.”
“You memorize it and repeat it.”
“How can I know by watching you?”
“It begins by observing.”
“You find a pattern.”
“Like a circuit.”
“There is another way to see this.”
“You are in the way.”
“These patterns are not interesting.”
“We could complete the story.”
“I am not getting what I want.”
“Where did you start?”
“Who is appointed?”
“Is that how it works?”
“The pattern maker.”
“Is there a connection between the pattern and the object presented?”
“I am headed there.”
“Can you live up to the representation?”
“I am not expecting anything.”
“You need to be able to influence people in a creative manner.”
“I own a bank.”
“How do you do that?”
“You have to make that definition.”
“Be more aggressive.”
“I am seeing something else.”

“What if you took over?”
“Fly me to the moon.”
“There is the gravitational pull.”
“Tal to the medical examiner.”
“I will pretend.”
“That is last week’s pretense.”
“When do you take care of it?”
“What do you want from people?”
“A kind of caring.”
“A map of the soul.”
“I will be able to complete this on my own.”
“What did you find out about me?”
“The sign is a total abstraction from the observed object.”
“I need to make power moves.”
“You need to spend all the money tonight.”
“Is that some kind of wish?”
“Wish fulfillment.”
“You are so into representation.”
“This is the imagination of the imagination.”
“Ask me.”
“Who is running this?”
“What are you doing this for?”
“Call him a schmuck.”
“I do not move.”
“They bring it to me.”
“The outside has not connection to the inside.”
“And this is liked.”
“And you allow yourself to listen to this.”
“Who asked for this?”
“I am in limbo.”
“This is all that I want.”
“Delivery.”
“There is another spin.”
“This is where she goes all fake on you.”
“Does the organizational chart tell you something about the firm?”
“Who is on top?”
“Hope is no longer part of the story.”
“These spins have a limited opportunity to result in a positive outcome.”
“Can you predict?”
“Can you adjust?”
“I am dealing with more disruptions.”
“I work lik this.”
“It made sense.”

“There is no connection to actual events.”

“He is not here.”

“They are picking us out.”

“We are working together.”

“I need more to work from.”

“None of that makes that much of a difference to me.”

“No one bothers.”

“We are going to have to move on.”

“We are so far beyond on.”

“Are you that fast?”

“This is a new kind of work.”

“Of course it is.”
