

ACTION PLAN

“This tastes so good.”
 “The alarm went off.”
 “I will accept. Everything is about acceptance.”
 “How can you last?”
 “TAKE ONE OF THESE.”
 “You are going to need more focus.”
 “I am thinking of taking on a student. Would you like to be my student?”
 “That stuff does not work.”
 “It was free.”
 “I can make it work.”
 “That is how creation started.”
 “You might do it differently.”
 “What did I miss?”
 “We need to learn how to do this together?”
 “I was so on top of my vibe.”
 “What happened to her?”
 “This was a different way to approach my challenges.”
 “What the fuck does that mean? You need to scramble your brain.”
 “None of that is going to work.”
 “That is a different kind of thing.”
 “Someone needs to unscramble the eggs.”
 “How does that work?”
 “You cannot come in the clubhouse.”
 “I am going to turn you on.”
 “I know how to waste money.”
 “What do you need to survive.”
 “I need a long-term solution.”
 “What are you wearing?”
 “I need something help me breathe.”
 “Do you have any advice?”
 “Buy me a drink. Give me money.”
 “There is still time.”
 “I will sort it all out.”
 “Where is the sorting?”
 “I am trying to get out of all the shit.”
 “Turn on the meter.”
 “I am not looking to be loved.”
 “Turn me on.”
 “Turn me on. I am not like you. Basically, I do not want to be affected.”
 “I will take care of that tomorrow.”
 “I want to hit this a little later.”

“I am not sure how things work for you.”
“We can go tomorrow.”
“I need to make this a go.”
“Are you afraid?”
“You let fear govern your behavior.”
“Why is that?”
“Are you trying to indoctrinate me?”
“I do not enough available alternatives.”
“Come, and ask.”
“What do you do?”
“We manifest.”
“I want your energy to rub off on me.”
“This is a different kind of meditation.”
“Where does it lead?”
“The worm is going to get me.”
“You are going to need to be good if you want to get it all done.”
“Who are you helping?”
“I want to turn me on in the moment.”
“Send her my way.”
“I really need a lot more.”
“This means that I need a lot of nothing.”
“He looks at you, and he takes this snapshot.”
“It is not like that.”
“I want to go to the breakfast place.”
“Twenty-four hours a day.”
“Does anyone here know?”
“I am going to the center of the earth.”
“You can work at it, and this will be your story.”
“I hate it, and I love it.”
“Tag team.”
“No team.”
“We all think that you are God.”
“These are two different kinds of divine.”
“How do you hold it together?”
“I have a list. It is inscribed in my being.”
“What does that mean?”
“I need you to become like this.”
“Who is in the audience.”
“You are going to make me vomit.”
“Accept it for what it is. Do not let it get you dizzy.”
“It is not what I see It is what you see.”
“I am so lost.”
“This will help you find the way.”

“You can leave early.”
“For a brief moment.”
“I am not all here.”
“And what is your motivation.”
“I say nothing.”
“I say nothing.”
“Why do you think that I can give you what you need?”
“I am accepting.”
“Who let you back in?”
“How hard is it?”
“Difficult as hell.”
“You are going to need another job.”
“That will not do it.”
“I am on this fucking treadmill.”
“That is all that matters.”
“Stare in my eyes.”
“That will give me no knowledge.”
“I need to be convinced.”
“This will be everything.”
“Come on in.”
“I want more promise.”
“That is all that I want.”
“That is all that you get.”
“Back to the playpen.”
“This is the best popping corn.”
“There are so many fish in the sea.”
“I like the shark?”
“I will know what to say when you return.”
“You are going to ask for something that I cannot give you.”
“We can talk about shark.”
“Everything matches.”
“How much money do you have?”
“He went to the safe and found one hundred thousand.”
“I want more.”
“What are you going to show me?”
“You see what you see.”
“I see what I do not see.”
“I will give it all to you.”
“I will remember.”
“We will need more words.”
“What does he give you?”
“If I buy you a drink, I can buy you a drink later.”
“Did you get what you wanted?”

“Does the night make a difference?”
“Do you think that I am going to give you something more?”
“Are you going to give yourself something more?”
“That is all mine.”
“That is all mind.”
“I just got off work.”
“How long do I have to wait for what is next?”
“I will come back to this.”
“He will get out.”
“That is not how it really works.”
“What happens when you get better?”
“You see this differently?”
“You are going to need to measure this.”
“What are the two end points? What is the standard of measurement?”
“What can be known?”
“Concentrations of energy.”
“You would be better at this.”
“This is not about something that I see.”
“How do you map these force fields?”
“That works on the bones.”
“I still believe that I can find it.”
“What are your plans?”
“Where is a gas station. I need to get out of here.”
“How did you get so involved?”
“I am alive.”
“Who will give you the touch?”
“I know who he is working with.”
“I can tell what the resolution is going to be.”
“Do you really like me?”
“Of course not.”
“That is the end of things.”
“It always is.”
“Why was I good?”
“You explain it to me.”
“He is here.”
“This guy is a genius. And he is so funny.”
“Come back.”
“I do not want to talk about you anymore.”
“We are already in overtime.”
“Give it a few more minutes.”
“I am giving it what it needs.”
“He found another version of the same thing.”
“I am right behind you.”

“It is completely real,”
“What else is there?”
“The printer needs ink.”
“Could I do that?”
“What are you wearing?”
“The wedding garment.”
“Do not ask me personal questions. Take the check, and go.”
“You really are bored.”
“I am a genius.”
“What does that mean?”
“What is left out?”
“I want to get high.”
“I have found the source of the problem.”
“I keep thinking that there is more than this job. I cannot give everything to this.”
“They made you corporate.”
“I am still in another place.”
“What else can you do?”
“I do impressions.”
“That is not going to work?”
“I will be right back.”
“Take this envelope.”
“I do not have to listen to this.”
“I have working on working and working on my self.”
“Where does that come together?”
“I want something more than this bull shit.”
“You really do care.”
“I do care.”
“Good.”
“I am awake when I am awake.”
“This will keep you awake longer.”
“To what end.”
“I am going to just end. They will not know where I went.”
“Did you eat that?”
“I added other flavors.”
“I am going to give you my whole life.”:
“All in one fell swoop.”
“Is that all that you know?”
“We are looking for more.”
“Honestly, don’t you have something better to do with your time?”
“What else could I be doing?”
“I think that is always a critical question for our lives.”
“I could be building a bridge.”
“We are going to take our time to build a bridge.”

“There are environmental impacts from damming a river.”
 “What are the benefits?”
 “You are fucking with my life.”
 “You are not going to help with the bridge.”
 “We keep doing the same thing.”
 “And it gets nowhere.”
 “What do you want?”
 “You are saving for a home.”
 “I am saving to escape a home.”
 “I am surprised.”
 “What were you doing before you got here?”
 “Waiting to come here. Dressing to come here.”
 “I am waiting to escape from that life.”
 “I am saving.”
 “I am investing in my future.”
 “Is the future investing in you?”
 “What does that mean?”
 “Do you love living here?”
 “Who are you with?”
 “What are the risks?”
 “I am waiting for my food.”
 “What are you wondering about long-term solutions?”
 “Why are you so motivated to make a change?”
 “Your historical understanding does not go that deep. This is not simply about a problem of adolescent development.”
 “Where does this come from?”
 “What do you want to know?”
 “Are you prepared for what is coming?”
 “How well do you understand the world and its effects?”
 “We have really forgotten the impact of historical events. We have become so preoccupied with our own history.”
 “Then you can’t do it anymore.”
 “What would you do if you realized that you were the source of devastation in the world?”
 “Are you guilt-tripping me?”
 “What does that ever mean? You believe that you are the measure of human development even as you are denying your own agency.”
 “I knew what to wear for the evening.”
 “I am glad that you made the investment.”
 “I am going to have to throw a wrench in the machine.”
 “I do not have the attention span.”
 “That is a convenient excuse for fucking up.”
 “Who else is involved?”

“Don’t track mud into the place.”
 “Why do you think that I am a better representatives of what is going on in the world than anyone else?”
 “You weren’t invited to the party”
 “I am living art.”
 “Do you want an immediate response?”
 “I want you be more fun.”
 “I am fun.”
 “We are connecting fun to fun.”
 “I thought so.”
 “This is getting so fucking boring.”
 “You made it wonderful. You dressed for the occasion.”
 “Something big is about to happen.”
 “You are one manifestation of that massive change.”
 “What else is happening?”
 “We will all be forgotten.”
 “Follow along the science.”
 “There is only one kind of change.”
 “Press the button.”
 “There are other kind of connection.”
 “You are so worried about forms of predetermination, but there is not much room for altering actual social situations.”
 “The machine does the talking.”
 “Someone made this shit.”
 “I want to hang out on the boat.”
 “That is the beginning and end of history.”
 “History.”
 “I came dressed from something important.”
 “I want you to love me.”
 “We joined together.”
 “WHAT DO YOU HAVE TO SHARE WITH US?”
 “Do you have dreams about missing exams?”
 “I am no longer in school.”
 “I need to be in class.”
 “Where else do you need to be?”
 “I know that I can do this. I am going to get paid.”
 “What do you want to ask?”
 “There has to be money in showing people how to live the right way.”
 “I have important friends.”
 “These are things that I used to care about.”
 “It is all about the elemental level.”
 “I could follow you down to the bone.”
 “How did you work on things?”

“It exists all in my head.”
 “That is where things get weird.”
 “I have a great memory.”
 “We have a few more days to effect a solution.”
 “What are you predicting?”
 “Watch my money?”
 “I do not want to go back home. We are going to have to face ourselves, and all the boring shit that we have to deal with.”
 “I am looking for someone specific.”
 “This is not about auto mechanics.”
 “I am sitting next to the garbage.”
 “We can’t choose where we live.”
 “We have limited choices.”
 “You cannot park your van here.”
 “I want you to be friendly to me.”
 “You were living in the Walmart parking lot.”
 “It wasn’t like that.”
 “Is history overdetermined?”
 “Where is all this going?”
 “You did not invent words.”
 “But I did put them in this order.”
 “I am trying to find the river.”
 “Follow the currents.”
 “What influences the currents.”
 “This is the relationship of contradictory forces.”
 “The right person could change all this.”
 “I want to be the right person.”
 “Are these your clothes?”
 “I am looking for a mathematician.”
 “That is all that I need to know.”
 “Where does any of that come from?”
 “What do you have for me?”
 “Where was that waiting?”
 “I need to get led back to the origin.”
 “Where did you meet?”
 “In the unemployment line.”
 “What is your line?”
 “Are you a destroyer?”
 “Do not hurt me.”
 “I am not that sort of person.”
 “What can you do?”
 “Everything stopped.”
 “This is not usually a problem.”

“How did you get to this point?”
 “We could examine the great forces that influence the world.”
 “How much money?”
 “There is money on the money”
 “We are trying to start it all from the beginning/
 “I will accept that?”
 “Is that all that I need to finish the presentation.”
 “Come out of the shadows.”
 “I am a shadow.”
 “I want more than that.”
 “That could account for so much more.”
 “There is a physics lecture.”
 “What is the relationship between what we know and what we see?”
 “You tell me.”
 “You tell me.”
 “Everything is totally under control.”
 “It is like that over and over again.”
 “And that has made all the difference.”
 “Bring me the cake.”
 “Bring me the head of John the Baptist.”
 “This is a different kind of history.”
 “This is a history to escape from our history.”
 “There are more fundamental principles of organization.”
 “Do you know me?”
 “I am trying to taste.”
 “What will happen when you truly know?”
 “I will love you.”
 “I will feel disgust.”
 “I have always been like this.”
 “Today is going to be wonderful.”
 “I want to visit your closet.”
 “You could tell me. Then you are going to describe your defeat at the hands of your enemy. Then you are going to describe how to turn your enemy into your friend.”
 “Why am I doing this?”
 “I have no choice.”
 “Give me, give me what I need.”
 “And it all want that way.”
 “Can’t you make something better happen for you?”
 “I am glad that works for you.”
 “YOU WORK FOR ME.”
 “IT IS TOO LATE TO GO BACK.”
 “YOU DO NOT SEE WHAT IS GOING ON.”
 “I AM LOCKED INTO MYSELF.”

“I am going to run out of options sooner than anyone else.”
“What are you waiting for?”
“You led me here.”
“More resurrection stuff.”
“We cannot bring him back.”
“Where is this going?”
“Be nice.”
“I am not the case.”
“You need to leave.”
“I tried to do it myself.”
“You blessed me when I needed it.”
“I want to be known.”
“You are chosen.”
“There is a ritual.”
“I DO NOT WANT TO BE CHOSEN BY YOU.”
“This is not going to last.”
“Make it last.”
“I have tap shoes.”
“I wore the wedding garment.”
“There needs to be more than that.”
“That was everything for me.”
“I have been released from my servitude.”
“You are invited into the inner sanctum.”
“What does that do?”
“It will get me the job.”
“There is an excess.”
“I am saving.”
“I have desires.”
“I do not need to hear that.”
“We will cover your investments.”
“It is all inside.”
“Do not disturb.”
“Are you going to sleep all night long?”
“I need to prepare.”
“Can we make history late at night?”
“I was close to making something.”
“What are the alternatives?”
“I give my time to the making.”
“There is the making of the making.”
“Who runs the machine?”
“No one loved me.”
“Pay it!”
“We are all working on it.”

“Can you take dictation?”
“This is my life.”
“When do you run out of energy?”
“I need to go home.”
“That is written for you.”
“I have no doubts about you.”
“We are getting closer to nothing.”
“What is important to you.”
“We could go over everything that has been important over the years.”
“What is down on the paper?”
“Resentment.”
“I cannot really explain this to you.”
“Call me when you need me.”
“You brought me in for some important stuff.”
“We could handle it here.”
“Wave.”
“I am going to need you to watch for me?”
“What am I looking at?”
“You are at the spot. The world wants you to tell us everything.”
“Look out for me.”
“Where are we going?”
“There are no more destinations We spin in place.”
“How is that possible?”
“There is a better explanation.”
“We understand everything.”
“That is coming.”
“TAKE THIS!”
“TAKE THIS.”
“It could have been someone else.”
“Where is this headed?”
“You made promises.”
“I am going to get shut down.”
“It is what you know.”
“I feel right.”
“You are on stage.”
“What am I supposed to say?”
“You like what you see.”
“What is next?”
“Where did we start?”
“I saw it one way.”
“Why do we see these pictures differently?”
“You need to quit.”
“You want more than you have.”

“I have a good audience.”
 “How many people do you need?”
 “Watch this for me.”
 “The night is still young.”
 “What does that tell us about social development?”
 “I only want something that you have.”
 “Did I forget something?”
 “Let me borrow a cup of sugar.”
 “There is no sweetness for you.”
 “We cannot know.”
 “That is some tired-ass version of postmodern thought.”
 “Tell them that I hate you.”
 “Where are the corn flakes?”
 “On aisle five.”
 “This has already done better than it is.”
 “Call me names.”
 “I want to distinguish the historical eras in which these ideas develop.”
 “I do not want to know/”
 “You know what I hate
 “Don’t try to make my life a mystery. Give me a dollar.”
 “Sure, we are forgotten people.”
 “I know where that all makes a difference.”
 “Is it blue or is it green?”
 “We are teaching you how to observe things.”
 “This is fun for what it is.”
 “We know the sources of oppression, and they are responsible for making people forgotten.”
 “Can you dance to that?”

 “This is how you talk.”
 “There are going to teach me to walk a straight line.”
 “You need to last longer.”
 “I am weaving all over the field.”
 “The variation on the variation is not a variation.”
 “If you knew more, there would be conviction.”
 “You are taking trauma further.”
 “Do something.”
 “You are all working for the intelligence services.”
 “He is non-threatening.”
 “All that he does is threaten.”
 “You are jumping across historical eras with much clarity.”
 “I do hate you.”
 “Be nice.”

“You stole my corn flakes.”

“What is this about?”

“The micro become the macro.”

“I am grounded.”

“I have one choice.”

“You are slammed.”

“Be free.”
