

**FIX IT AND FORGET IT**

“How do you want it to be different?”  
 “I need to do my homework.”  
 “Can you get me free drinks?”  
 “Will you stil love me tomorrow?”  
 “There is destruction in your wake.  
 “I am settling.”  
 “Can you do more?”  
 “Can you find me money?”  
 “Why do you want to keep this going?”  
 “That’s a good washing machine.”  
 “What is on the first page?”  
 “This is toxic.”  
 “You made me love you.”  
 “How does that work?”  
 “The whole story is about what you can do.”  
 “I will stop.”  
 “What kind of number are these.”  
 “I am standing in for my friend.”  
 “We have all been tagged.”  
 “Finish the meal for me.”  
 “I know what you really felt.”  
 “I need to talk.”  
 “Do it at the beginning of the month.”  
 “I will tell you what I would like.”  
 “HE TAKES ME FOR GRANTED.”  
 “What is on the next page?”  
 “What are you are holding out for.”  
 “Where did it all go to?”  
 “Peace of mind.”  
 “You need more than that.”  
 “This is everything.”  
 “You can ask.”  
 “Is that all that I am worth,?”  
 “Andi understands the worth.”  
 “There is another version.”  
 “There is so much bad will.”  
 “That is not good for me.  
 “What does the firm know?”  
 “Who lost the money.”  
 “It was a sunk cost.”  
 “I send them away.

“I take what I need.”  
“Maybe, you should stay where you need to be.”  
“This is another system of value.”  
“I work at home.”  
“I want to watch the last reel.”  
“How did I so mess up?”  
“This is more than obvious.”  
“More work required.”  
“Why is this going to work?”  
“This is some kind of torture program.”  
“What is the basic principle?”  
“You can make me do some really bad things.”  
“There is another way to see this.”  
“It can all be explained as something you eat.”  
“I guess that you hate me.”  
“The circumstances determine all of this.”  
“I can go further.”  
“I need a boost.”  
“Do you hate me?”  
“The circumstances will complete this.”  
“I only want something that moves.”  
“A salamander.”  
“I can work it.”  
“What else is there?”  
“I will take everything that you offer.”  
“Then everything will be fuck up.”  
“I am waiting to get played.”  
“I know what you are afraid of.”  
“This could blow you out of the water.”  
“That is not going to be good enough for either of us.”  
“How were you able to hypnotize me?”  
“There is not payment.”  
“Nothing can revive me.”  
“Fashion.”  
“There is a different kind of balance.”  
“Zero out all the accounts.”  
“How close do I get?”  
“Some Martian shit.”  
“You are creepy.”  
“That works.”  
“That is all that is left.”  
“That is all.”  
“I can work with you.”

“We can give you a different face and a different body.”  
“I was banned from this place. They can do some biometric shit on me.”  
“Does that work for you?”  
“That does not work for anyone.”  
“That is more than I can take.”  
“What is the other side?”  
“Where is this going?”  
“Some kind of hot house.”  
“How does that work?”  
“I was making a lot of money.”  
“What is left?”  
“Nothing connects to nothing.”  
“You shaped the bone.”  
“Why would he care?”  
“Why would he not care.”  
“This is a different kind of love.”  
“I am not all here.”  
“He is not here.”  
“The circumstances guide you.”  
“It ended just like that.”  
“Who else is looking?”  
“I want these little things to mean something more.”  
“Will you wear that?”  
“Will you do this?”  
“You are taking all my money.”  
“I am staring.”  
“You have lost a step.”  
“You have no idea.”  
“It all goes back.”  
“They are all involved.”  
“They are cleaning up.”  
“He does not understand good will.”  
“He needs to chill out.”  
“What else is in the account?”  
“It is all in the off shore.”  
“I want more.”  
“Kiss me more.”  
“I have the time.”  
“I do not have the time.”  
“I am checking out.”  
“What are you wearing?”  
“The bones.”  
“What is happening?”

“Some kind of ritual.”

“Maybe, I should leave,”

“Leave.”

“You cannot continue on much longer.”

“I am right in the middle of the shit.”

“That is all that you have.”

“That is all that anyone has.”

“The universe blessed me.”

“You are my invitation to death.”

“No one cares.”

“Will that be a complete gesture.”

“This is not your fault.”

“I am going to need a diagnosis.”

“That will not tell me anything.”

“There is another way to see this.”:

“I have no recollection.”

“What is the other side of this?”

“I will never get enough in return.”

“Then you settle.

“All you people are so fucking boring. Thank you for inviting me to your house. But this is not worth my time.”

“It is exciting for all of us.”

“Do not hate me.”

“What else is there?”

“I can apprentice off this shit.”

“Do I need to live with this?”

“Where did you keep me prisoner?”

“I like it.”

“I have other plans.”

“It is a time constraint.”

“Then I did something terrible.”

“Who did you hurt?”

“This is not about feeling.”

“There is a map.”

“It all is an emotion.”

“There is not just a flavor; it is an energy

“What is the energy?”

“Do not revive.”

“Joy almost got the complete description.”

“She got hung up on the time thing.”

“Everyone does.”

“She is more involved than you are.”

“This is exciting to me.”

“You need to wear the same shirt.”  
“What is that about?”  
“Smile.”  
“Don’t bump into me.”  
“I am not even trying.”  
“What do you want to tell me?”  
“I need to learn something else.”  
“Do you see how you walk?”  
“There is another way to see it.”  
“You save your money, and you take a bus.”  
“You hate the world.”  
“More venom.”  
“Wear your shoes.”  
“I do not know you.”  
“Leave the script.”  
“You have it.”  
“I am telling.”  
“I need a new wardrobe.”  
“Can you wiggle it?”  
“I do not know what I am doing.”  
“I am waiting for this to good.”  
“Why are you trying to destroy me?”  
“You have no idea.”  
“I want so much more.”  
“How much is in your account?”  
“What are you spending on?”  
“We have all seen it.”  
“We get that stuff for free.”  
“Someone is holding this together.”  
“Spend, or hold your peace.”  
“Are you that simple?”  
“You are.”  
“There is no real understanding of the origins of the origins.”  
“Where do we start?”  
“With some smiles.”  
“What moves the car?”  
“What moves the moves?”  
“That is easier than I could believe.”  
“And what do you want me do with your friends?”  
“You really think that you are fascinating.”  
“Get the fucking ring.”  
“What did they do to you?”  
“I am not going to even try.”

“Do you really know what lack of talent is?”  
 “What do you have?”  
 “That is sadder than sad.”  
 “Have some of this.”  
 “I am not going to cry.”  
 “I cannot cry.”  
 “You are so mean.”  
 “There is no remedy.”  
 “What is the plan?”  
 “Who else is left?”  
 “They locked the three of us in there.”  
 “More thriller shit.”  
 “Is this some kind of juggling routine?”  
 “You are everything to me.”  
 “There is nothing else there.”  
 “There is nothing else here.”  
 “How did that happen?”  
 “I knew it.”  
 “Then you knew it.”  
 “There really is no private time.”  
 “There is no language.”  
 “I cannot see it.”  
 “I have been waiting all this time for this.”  
 “I have been waiting.”  
 “I need to finish.”  
 “I am one step later.”  
 “That is all that it takes.”  
 “I am trying to situate it.”  
 “I am trying to stop the feeling.”  
 “I cannot answer.”  
 “This could not be worse.”  
 “It could, but it couldn’t.”  
 “None of that works. None of it will work.”  
 “If you are going to be that embarrassing, get away from me.”  
 “You are too close to the exit.”  
 “This is how a fight starts.”  
 “I am not aboard.”  
 “That never works.”  
 “I need some further supplement.”  
 “They all love you.”

“I just wanted to see the books. I realized that there was something important that I could learn. I could recognize the stress points of the organization. I could see where things had become overextended. My knowledge could show me what were bad investments.”

“How much work is involved?”  
“I am lost in this lifestyle.”  
“What about you?”  
“I have a skill. I am caught up in things.”  
“What are you on?”  
“Infatuation.”  
“A little craziness here and there.”  
“Where does this end?”  
“I am afraid. We end where we started.”  
“More eternal return.”  
“This is going to be it for me.”  
“You go out the same way that you came in.”  
“How long do I have to maintain my devotion?”  
“There will be a few nights like tonight.”  
“What else will follow?”  
“There will be a lot of recrimination.”  
“You could be the model.”  
“Look in my eyes.”  
“This will turn into some really crayz things.”  
“Don’t try public speaking.”  
“What part of no do you not understand?”  
“What is he on?”  
“This guy is very aggressive.”  
“I want you to explain this to me.”  
“Are the party favors accounted for on the books?”  
“What is being hidden?”  
“What do you do for fun?”  
“I am imitating the human entity.”  
“What have you found out?”  
“There is a lot of sunk cost.”  
“I thought that this was the process of amortization.”  
“There is something else going on.”  
“You come back to the scene of the crime.”  
“You become the crime.”  
“That is what makes me afraid.”  
“Do they keep a record of the bad time times?”  
“Read this.”  
“What is this?”  
“These are rules for the organization.”  
“I know what I need to do for my life.”  
“That is what really makes me afraid.”  
“I could get a little more graphic.”  
“This could not have been worse.”

“This is useless.”  
“Listen to me.”  
“You are only speaking to one person.”  
“It could have been me.”  
“That would have been years of therapy.”  
“Tell yourself that it never happened.”  
“The money helps you cover the shit.”  
“Look at me. I am good.”  
“You are better than good.”  
“How much is left?”  
“Look in his face.”  
“I have my own skills.”  
“How did you get here?”  
“I live in a climate-controlled world.”  
“What is being said to you?”  
“I need to breathe the fresh air.”  
“Why are you coughing?”  
“What are you doing for yourself?”  
“What are you living for?”  
“I live to get high.”  
“What are you trying to forget?”  
“You will feel important.”  
“You can make it change from here.”  
“Why would I want it to change if I am so rewarded?”  
“My moment is coming.”  
“What is that?”  
“I have an escape plan.”  
“Eternal return.”  
“I am trying to concentrate on the best moment of my life.”  
“Add a row on the spreadsheet.”  
“Are you borrowing from yourself?”  
“This is some really crazy stuff.”  
“Have I served my time?”  
“What do your lips tell me? Are you on something?”  
“I spent a long time perfecting that skill.”  
“It is all going down a hole.”  
“You have your masters.”  
“The accounting ledger.”  
“You cannot cheat the numbers.”  
“We learn ways.”  
“Where is the headquarters?”  
“The world is everywhere extensive.”  
“You know.”

“We lost her to a process.”  
 “She never understood.”  
 “There is no understanding.”  
 “Who else will listen to this guy?”  
 “Tell me, Alleluia.”  
 “You come here, and all that you talk about is work, and you ask me if I am having fun.”  
 “You are mocking me. Are you having fun?”  
 “You need to get really fucked up.”  
 “We forget the source of our problems.”  
 “Always be selling.”  
 “Are you an undertaker?”  
 “I create. I do not destroy.”  
 “We are never going to achieve social liberation.”  
 “We can get whatever we want..”  
 “Why do you not ask?”  
 “I do not want to know.”  
 “We are all fucked.”  
 “I am making notes. I can apply these on Monday.”  
 “Make love to me.”  
 “You sound as if you are a walking technical manual.”  
 “Fuck me.”  
 “Give me assistance.”  
 “What is the result?”  
 “I am comfortable in my skin.”  
 “I am heading toward a resolution.”  
 “That does not work for me.”  
 “Shut the fuck up.”  
 “I am all tied up.”  
 “That is going to turn you on.”  
 “That keeps you busy.”  
 “These accounts are a real mess.”  
 “These are different ways of dealing with stress.”  
 “Give me more than you have.”  
 “And you found what you wanted. You put it out to the universe. And you have it. You spend the rest of your time scribbling. What kind of balance is this?”  
 “We each have to do something to keep ourselves whole.”  
 “I found fulfillment.”  
 “In your boring self.”  
 “Do something for me!”  
 “Do you talk about the technical shit, or do you talk about the social benefits of the application?”  
 “I do not want to leave my room.”  
 “You are spending so much effort on the psyche.”

“There are different rules.”  
 “Is this where we are going?”  
 “I want to reserve a seat.”  
 “Be tender.”  
 “Be gentle.”  
 “I have escaped.”  
 “I do not get it at all.”  
 “I am meditating.”  
 “I am checking out.”  
 “You are seeming like your mother.”  
 “You are seeming like your father.”  
 “I barely know my parents.”  
 “You could be doing something much more fun right now.”  
 “Did you get it?”  
 “I got sent back.”  
 “I want to spend all my time looking.”  
 “I know what that is like.”  
 “The world is the addictive form of you personal perceptions.”  
 “That was not going to last.”  
 “What turns you on?”  
 “This dos not happen on its own.”  
 “What kind of passion do you have?”  
 “Why does the world hate me?”  
 “Study the accounts.”  
 “The off-shore account.”  
 “They complain that they are spending too much on labor costs. You say that rent is too high.”  
 “I will get rid of the cat piss.”  
 “Who will clean up the bullets?”  
 “The enemy is inside.”  
 “Get one for me.”  
 “I am reviewing the disposition of forces in the world.”  
 “What keeps this hollow man puffed up?”  
 “The stuffing.”  
 “I could tell you what you need to know.”  
 “I am very patient. I am very patient. Are you? Are you willing to review what is going on in your life?”  
 “There is something really wrong with this guy.”  
 “It is a shared disorder.”  
 “Machine is out of order.”  
 “Are you a funny person?”  
 “He is a walking encyclopedia.”  
 “That is why I am with him.”

“HAS ANYONE EVER TOLD YOU THAT YOUR VOICE IS GRATING ON THE HUMAN SPIRIT?”

“I love him anyway.

“Chose different shoes.”

“This is going to be an effort.”

“I need a different mix.”

“Why are you ruining things?”

“We need to do the accounts.”

“She is my nurse.”

“Where is the ailment?”

“Oh dear, what can the matter be?”

“He went double or nothing in the shit.

“Where have you been all my life?

“I have almost found a solution.”

“What does he give you? Is it all worth it so that you can remain according to plan.”

“I never thought that I was going to have to deal with this.”

“If I wanted that, I would have paid for it.”

“I am out of money.”

“I have a thirty day plan.”

“Work with me.”

“This is survival.”

“They called on me.”

“I do not have your voice.”

“I am trying to moderate it.””

“I want to keep people excited.”

“I like it naughty.”

“That is a song in itself.”

“There is a row for the naughtiness.”

“What did I do to you?”

“It is not you.”

“It is my expectation for this place.”

“I do not want to be here?”

“It doesn’t matter where you are.”

“It is all about stimulation.”

“Do you want me to love this?”

“I am going to get one over on you.”

“Hold on to my hand.”

“That is so ridiculous.”

“We are filling in history.”

“They broke the bank.”

“That was all on you.”

“How is that?”

“That is my job.”

“Who cares about you?”

“Who cares about you?”

“Next row.”

“Sum it all up.”

“No one cares.”

“They pretend to.”

“It seems as if it matters.”

“They do not like the idea.”

“I am trying to look casual. I do not want anyone to think that I spent too much time thinking about this.”

“This is your confession moment.”

“Did you bring a slide show?”
