

## FOR THE GOOD TIMES

“You could complete the exercise.”  
 “This is the perfect balance between body and soul.”  
 “I could ask.”  
 “I did ask.”  
 “This is entertainment for me.”  
 “Is this meditation?”  
 “This is elemental.”  
 “Does the species consider such things?”  
 “You have this down.”  
 “I am waiting for the wedding party to dissipate.”  
 “Do you have a yoga class here?”  
 “Things are not looking good.”  
 “Did you do that”  
 “That was an accident.”  
 “That was a spontaneous expression of love.”  
 “What else is there?”  
 “You could get this fixed.”  
 “I am really foxed here.”  
 “You are on.”  
 “You are on.”  
 “There is someone at the table that will love you.”  
 “I can find someone who will give me the answer.”

 “I got everything.”  
 “These are your aspirations.”  
 “Why do I think that I am different?”  
 “This is worse than pathetic.”  
 “This is my job.”  
 “I could further break this down.”  
 “Do it.”  
 “Who are you beholden to?”  
 “Will you sign the farm over to me?”  
 “You were given a second chance, and you did it exactly the same way.”  
 “You pursed your lips.”  
 “This could be your story.”  
 “This could be your story.”  
 “This could not be your story.”

“Rescue me.”  
 “That is hardly an example of good vibrations.”  
 “Do you want me to give you the answer?”  
 “Tell him to pipe down.”  
 “Change the dosage.”  
 “It is not about the same thing.”  
 “We are about to get blasted.”  
 “That was brilliant.”  
 “Will you still love me tomorrow..”  
 “I need to be prepared.”  
 “It is coming.”  
 “I need to bounce back.”  
 “This is an art.”  
 “This is supposed to be your moment.”  
 “I am writing about you. If only for a brief moment, this is your story. Look at the spreadsheet.”  
 “I am a nurse.”  
 “You need to keep track of the dosages.”  
 “What do you really want to know?”  
 “There is a secret about you.”  
 “I see the decisions.”  
 “The nail polish. The nail polish for tonight. How the polish complements your lipstick.”

 “What does this have to do with the business climate.”  
 “You make a choice.”  
 “We are all together.”  
 “Are we really?”  
 “We adapt together.”  
 “It becomes selective.”  
 “You find other ways to select.”  
 “Do you have anything else that I need to tell you?”  
 “Do you know her?”  
 “I know the high priestess.”  
 “I want to share your high.”  
 “This is an exaggeration of the urgency for the species.”

“You can do it.”  
 “You know you have it.”  
 “I want to ask you questions. You show me that vulnerability. You are looking for a compliment.”  
 “The world is going to take you all the way.”  
 “I am too embarrassed to admit that.”  
 “I like to get a little crazy.”  
 “But you don’t.”  
 “I need some space to spread out.”  
 “What is the wingspan?”  
 “I don’t want to give you a big head.”  
 “Everything is so deliberate.”  
 “You are just the same.”  
 “A virgin Mary.”  
 “A Shirley Temple.”  
 “I am being poisoned.”  
 “You pick your poison.”  
 “You want to be dangerous.”  
 “Do you really?”  
 “I am going to have to prepare.”  
 “You will get this down.”  
 “I want to be ready for what is to come.”  
 “The next step in evolution.”  
 “Are you with me?”  
 “The body cannot bear the changes.”  
 “Are you attuned to the social connection?”  
 “You cannot do this on your own.”  
 “You have been picked out.”  
 “That will not work for me.”  
 “This is a personal expression of the exigencies of the species.”  
 “What does that mean?”  
 “How are you going to come out of it tonight?”  
 “Answer for me.”  
 “Open the box.”  
 “I want the key.”  
 “I need to clear all the circuits.”  
 “There needs to be a greater social imperative.”  
 “None of them understand.”  
 “Do you understand?”  
 “I will follow you.”  
 “I look at him in the eyes.”  
 “It was empty.”  
 “She took me all the way.”

“The politics. The philosophy. Then she dropped the ball.”  
“This has to stop.”  
“This is worse than hell.”  
“Have you run out of gas?”  
“I have a full tank.”  
“I am wasting my time.”  
“I am an achiever.”  
“You are mumbling.”

“The pets would like to roam free.”  
“Did you reserve a table?”  
“Alleluiah could have brought all of this together.”  
“You are such a schmuck.”  
“It is not that bad.”  
“What kind of independence do you have?”  
“You do not want to know.”  
“You really do not want to know.”  
“You could build on this.”  
“You want more than this.”  
“I am trying not to be so negative.”  
“And what have you done?”  
“You are particularly insipid.”  
“Hats off.”  
“When will you realize that there is nothing left?”  
“That is my question.”  
“We could have bolted it down.”  
“I am showing by hiding.”  
“This is some kind of silly philosophical experiment.”  
“I am so done.”  
“I was not that confident when I left the house.”  
“We are not going to make tomorrow.”  
“I only need a little help.”  
“There could be a universal form that could collect all these ideas in one.””

“Take me shopping.”  
“I am going back in time.”  
“How is that?”  
“Does anyone learn?”  
“You learned, but now you do not.”  
“More mumbling.”  
“We do not need to speak clearly if we know what we want.”

“All those moments have come and gone.”  
“Gone.”  
“Long gone.”  
“I am getting fucked up too fast.”

“The cherry on the top.”  
“The cherry at the heart of my heart,”  
“You will never grasp the real art.”  
“You are it.”  
“Get in my mind.”  
“It is all the body.”  
“I am spreading my wings.”  
“That is too much sharing.”  
“There is way too much sharing.”  
“It is the species.”  
“They think that they have transcended.”  
“Two variations of the same shit.”  
“You need to know what I am about.”  
“If it is this bad. I want it to be bad somewhere else.”  
“What are you giving the audience?”  
“You are the audience. Tell me what you want. We go to a hair show. What do we see.”  
“I see you. I see you.”

“Sanctity.”  
“What?”  
“That is my name.”  
“Is that flattering?”  
“Are you insulting me?”  
“You got what you wanted.”  
“I did not prepare if I was not going to get what I wanted.”  
“On a school night.”  
“I am not in school. I make my own schedule.”  
“I can give you a whole lot more?”  
“What would that be?”  
“HISTORICAL SENSIBILITY.”  
“What about the species?”  
“We stretch things.”  
“What holds it together?”  
“You desire.”  
“I waited for something more.”  
“Then you leave.”  
“I am a night nurse.”  
“I am a travel nurse.”  
“I am your nurse.”  
“Open your eyes.”  
“That is togetherness.”  
“Don’t you have homework.”  
“We all give it to this half-assed shit.”  
“This is the legacy.”  
“There are loads of better variations.”  
“I know what makes you curious. I saw the curl of the lips.”  
“I am looking for some great shit.”  
“It is not going to happen.”  
“Sanctity had it all. Then it broke down.”  
“She does not want to generalize from her experience.”  
“That is the origin of the species.”  
“When do you do that on your own?”  
“Some more crunches.”  
“I hold my breath.”  
“I could be more active.”  
“I want success.”  
“I need to be loved.”  
“The species has heartburn.”  
“That would be perfect for me.”  
“Read this and weep.”  
“This shitty place.”

“She admits her weakness.”  
“War on the poor.”  
“It was war on poverty.”  
“This is the American update.”  
“They do not understand.”  
“Sanctity, do you understand.”  
“Are you saying that there is poverty of the spirit?”  
“I do not want to be mean. You own this.”  
“What do you think that I do for a living?”  
“I LOOK AT YOU.”  
“She could almost know.”  
“She has way too much vanity.”  
“Much less than her keepers.”  
“They are positively vacuous.”  
“It is much worse than that.”  
“Have you been out of the house?”  
“HAVE YOU BEEN OUT OF THE CAGE?”  
“I WANT MORE.”  
“I know what I am looking for.”  
“I am committed.”  
“I wish that I could have finished this sooner.”  
“I do not get the personal respect that I get professionally.”  
“WHO IS SAYING THAT?”  
“I will appoint someone.”  
“Do we need to change our coffee blend?”  
“I do not want to be awake all the time.”  
“There is a solution here.”  
“I threw a wrench in the machine.”  
“I have a mentor.”  
“I have a sponsor.”  
“Have one more drink.”  
“Where does that come from?”  
“That would be creepy.”  
“I need to rescue you.”  
“That would be creepy.”  
“I could swallow it.”  
“If you thought that yesterday was bad.”  
“I am a luminary.”  
“Should I stop there?”  
“What is today’s question?”  
“He does not understand.”  
“I want you to know.”  
“We need to get the message out.”

“Will you catch it in your hand?”  
“My trainer needs to talk to me.”

“We are going to pull you.”

“Was he good?”  
“Were you good?”  
“I WAS STUPENDOUS.”  
“She left on her own volition.”  
“You tell me.”  
“I want a jolt.”  
“Do you know what I want from you?”  
“Give me all your money.”  
“I have nothing more to say.”  
“What do you wonder about?”  
“We are really on the wire.”  
“Do not let me fall,”  
“You are taking my happiness.”  
“How can we generalize  
“I WANT TO BE HAPPY AND MAKE MONEY.”  
“Money is changing.”  
“Happiness is changing.”  
“We can do it all next week.”  
“He cannot succeed.”  
“I do my homework.”

“You tell me.”  
“I want to improve my memory.”  
“I want to forget uncomfortable experiences.”  
“I want you to take me to court.”  
“He had got you covered.”  
“Where do I enter expenses for jewelry.”  
“Is it known or unknown?”  
“You are tricking me.”  
“That is not my intention.”  
“What do you want to know?”  
“You tell me. Tell me what are the limits.”  
“I do not have to ask any more questions.”  
“I am working hard on this.”  
“Eventually, you will figure it out.”  
“And you will not.”  
“That will be the end.”  
“That is some crazy sparkle.”  
“What more do I enter on it?”  
“Is this mass-produced?”  
“You had a cause, and it was reduced to some crazy shit.”  
“What is your vocation?”  
“Sanctity left the fold.”  
“Who still believes?”  
“The diamond manufacturers.”  
“That is not real learning.”  
“What questions do you have?”  
“There is a massive disruption.”  
“Then we all know.”  
“Why do you embrace this?”  
“I gave you everything?”  
“What more do you want?”  
“Revelation.”  
“Loss prevention.”  
“This is only getting more intense.”

“She does know.”  
“You are acting as if it is an imposition.”  
“We can make it into something else.”  
“I will.”  
“I need more certainty.”  
“I am falling for you.”  
“The floor is too slippery.”  
“You have found your ocern.”  
“They said something about me.”  
“Do not leave yet.”  
“Come back to the source.”  
“Country cooking.”  
“How does that work?”  
“We have been summoned.”  
“These are different tricks with words.”  
“You are doing the same thing to me.”  
“That is all that you need.”  
“I only want half of you.”  
“I do not want your word.”  
“Where do you want to hide?”  
“And you think that you have got this down?”  
“What else can you know?”  
“Did I need to do more?”  
“We have not even scratched the surface.”  
“Great move,”  
“You can change your plans.”  
“What should I be looking at?”  
“The source of your inpiration.”

“No one wants to put herself out that much.”  
“We do.”

“There is nothing more here.”  
“Nothing.”

“You know”  
“Go under.”  
“Go deep.”  
“Skim the surface.”  
“I am slipping on my own life.”

“What are you reading?”

“You need to answer the third question.”

“What are you drinking’

“What are you listening to?”

“What are you wearing?”

“What kind of difference can that still make?”
