

**STOP**

“Can you work this out?”  
 “I am all aboard.”  
 “Give me a glimpse.”  
 “Blinks.”  
 “Thins out.”  
 “What are you watching?”  
 “My demise.”  
 “Will I love myself?”  
 “I am becoming something that I do not like.”  
 “The power differential.”  
 “You are not happy.”  
 “You could be happier.”  
 “What does it take?”  
 “Breath control.  
 “It needs to be more than the now.”  
 “Have you lost interest?”  
 “What am I looking at?”  
 “This will not be waiting for you.”  
 “I can move before I need to move.”  
 “There is another way to see this.”  
 “That is not going to fo anything for me.”  
 “The last card has been played.”  
 “That is not what you are supposed eto say.”  
 “Are you prepared for any of this?”  
 “I will come back for seconds.”  
 “How are you moving aroud?”  
 “On a broom.”  
 “You need a better gig.”  
 “The denouement.  
 “Bingo!”  
 “Why am I this way?”  
 “Why am I this way?”  
 “We will all believe.”  
 “I can learn so much more.”  
 “I separate from the flock.”  
 “Why are you looking at me?”  
 “Did you tell her?”  
 “This is beyond something that is in the mind.”  
 “I want you to do it in all kinds of ways.”  
 “I would like to teach you theology.”  
 “I am learning knitting.”

“Can I sit with you?”  
“How does that happen?”  
“You have been scooped up.”  
“Scooped up and replaced.”  
“I only need someone to lead me to the next stage.”  
“There is dancing.”  
“There is noise.”  
“That can be a form of enmity.”  
“Wha else do you have?”  
“I do not remember you.”  
“If you give me this, I can make it work.”  
“That is all that I need.”  
“That is to be expected.”  
“You distracted me.”  
“I need to build a coherent strategy for my life.”  
“Do not trust what you have always trusted.”  
“You cannot step in the same river twice.”  
“That will work for all of us.”  
“The waters are spinning me around.”  
“You need to tell me something.”  
“How do I feel good all the time.:

“Do not be too demanding.”  
“I am looking for more coherence of personality.”  
“There is no way to provide assistance.”  
“This could not be a better place.”  
“Did they give you what you wanted?”  
“The rabbit bit the dust.”  
“You represent the moment well.”  
“Who is this?”  
“A different costume will do the trick.”  
“We are all used to things moving quickly.”  
“There is so much more to figure out.”  
“I am more than humble.”  
“He is tap dancing through the situation.”  
“It is going to require more personal commitment.”  
“Watch my shit!”  
“That will not work for either of us.”  
“We are only starting to admit that we are fucked up.”  
“I have friends in high places.”  
“They are watching me.”  
“How is this working for you?”  
“I need to get more expressive.”  
“There is this desire to finish. Then there is a contrary expectation.”

“Melt it!”

“This could not be better.”

“EXPLANATION.

“There is more to come.”

“I did some bad things today.”

“The off shore.”

“I rewarded my desires.”

“I want my own thoroughbred.”

“What is the time?”

“The particle bounced off the wall.”

“The cure is here.”

“What kind of glass is it in?”

“I am not a tool for your advancement.

“We need to use what we are made with.”

“This is not something lasting.”

“You need to write faster.”

“Do you have a guide?”

“I think that I can make it happen.”

“This is the day.”

“You are the only person who really understands.”

“THANKS FOR THE VOTE OF CONFIDENCE.”

“What else left?”

“Start small.”

“You were supposed to stop by an order.”

“I am going to fast for a few days.”

“I need the energy.”

“I am on the verge.”

“Give me a follow spot.

“I have been admiring youy all night.”

“This is waht you are good at.”

“We have shit.”

“We have shit.”

“You have loved this book to death.”

“What do you want from me?”

“Do not leave before I give you love.”

“He wants to make it.”

“Figure out how to get paid.”

“You make it work.”

“Next tower.”

“I am exhausted.

“We have been looking at you.”

“Are you going to hire me?”

“What can you do?”

“This is how it supposed to go.”  
“How did he get in here?”  
“He rolled in.”  
“Is the door locked.”  
“She was locked in.”  
“Turn me in.”  
“Turn me on.”  
“What do I get?”  
“Get back.”  
“Not that again.”  
“Don’t you realize that?”  
“No mood will pick the lock.”  
“I have real money.”  
“You need to be strategic.”  
“He is going to be a popsicle.”  
“Let’s blow this popsicle stand.”  
“I gave you the answer.”  
“Brilliant.”  
“You see what you want.”  
“Bark, bark.”  
“I win.”  
“You are going back to the beginning.”  
“I never got an answer.”  
“They are setting me up from a transfusion.”  
“I lost that one.”  
“This is beyond me.”  
“That is all that matters.”  
“I lost that one.”  
“Just give me pictures.”  
“He is waiting for you.”  
“Join the crew.”  
“You need to tak to the counselor.”  
“He is in tower six.”  
“Does he know the method?”  
“He gets twisted up n himself.”  
“I should not be here now.”  
“Who is left?”  
“This is going to take time.”  
“Turn the camera on.”  
“Get someone who will work.”  
“You are the sup.”  
“What is this really about?”  
“You are that guy who cut me off on the 101?”

“I don’t want to be like that.”  
“I need a helper,”  
“I do not want to interrupt.”  
“This is going to be even more brilliant.”  
“Ask me what.”  
“I wear the indulgences.”  
“Is there another level?”  
“I do shit that makes no difference, and I try to turn it into something.”  
“Is there an exemplar?”  
“I need to calm down.”  
“Calm down.”  
“That works for me,”  
“There are neough alternatives.”  
“I am good at this.”  
“The full court press.”  
“You block me out.”  
“This is super-schmuck shit.”  
“Do you know the difference?”  
“Radar.”  
“I am going down.  
“Can it get better?”  
“I know the remedy.”  
“Cold medicine.”  
“Harden up.”  
“What else do you do?  
“What does that say to you?”  
“That is not how you make a deal happen.”  
“Let me look at all of you.”  
“I do not want to think of myself that way.”  
“I need to say no.”  
“Who is really needed?”  
“I am.”  
“This is where I take a break.”  
“Where is this headed?”  
“You need to put up some money.”  
“Do you have the batteries?”  
“There was another version.”  
“There was a lot money in this?”  
“What is money?”  
“The road to more money.”  
“We have a society, which is less and less productive.”  
“More to rent.”  
“More money to polishing apples.”

“I need to transform.”  
 “Why do you want me to become someone else?”  
 “I believe in a basic truth.”  
 “This is way beyond that.”  
 “You knew that I was waiting for you.”  
 “Identify yourself.”  
 “The Emperor of Hohos.”  
 “Do you eat, or do you admire?”  
 “What are you trying to forget about?”  
 “I am basically like everyone else.”  
 “A runway model.”  
 “A B-757.”  
 “Will that do?”  
 “You keep expecting something that does not exist. That never existed. That never will exist.”  
 “You can leave.”  
 “There are some important things going on in tower six.”  
 “We are looking at the tower construction.”  
 “I am talking about the talks among the faculty.”  
 “I hearing them talking about it on the elevator.”  
 “They take the stairs.”  
 “This is another level of infinite.”  
 “They are better at accounting for their errors.”  
 “There is so much to go.”  
 “Go.”  
 “We have gone there.”  
 “We have done this.”  
 “I think about one thing.”  
 “What is your goal?”  
 “I want to maximize what the faculty is doing. I want to see if there are important questions going on in the building. I want to consider if I should got to building number seven.”  
 “These are a lot of considerations.”  
 “Do you have the strength?”  
 “It has been a long week.”  
 “This has been something that you really like.”  
 “What do you have in there?”  
 “These are my beliefs.”  
 “I will take care of this.”  
 “Who are you hiding from?”  
 “They are going to send a posse.”  
 “What does that mean?”  
 “What else do you have to ask of yourself?”  
 “You could use a different mix.”

“Who is to know?”  
 “What is there to know?”  
 “Are you sisters?”  
 “We reverse the idealized projection.”  
 “What would that mean?”  
 “We reverse the idealized projection.”  
 “Would you do the same thing if you had the chance?”  
 “This is serious drinking.”  
 “Do you swallow?”  
 “This is art.”  
 “I am afraid of being poisoned. You eat the food first.”  
 “When I know it, I will know it.”  
 “Deer in the headlights.”  
 “We were thinking about winning.”  
 “What is the source of a win?”  
 “There comes a point when you need to consume.”  
 “I am consumed by the flesh.”  
 “STOP.”  
 “We are making us in a different way.”  
 “I am building a better mousetrap.”  
 “I am training a better mouse.”  
 “Calla, you are the better mouse.”  
 “Who really understands what you are up to?”  
 “That could be the germ.”  
 “Now, it will spread.”  
 “He is my reflection.”  
 “A twisted reflection.”  
 “I want to hear it all.”  
 “This is better for me.”  
 “You can make demands that cannot be met in the market.”  
 “What are you looking for?”  
 “The moment that I can tell you that I love you. I need to start with simple things like  
 planning a menu.”  
 “STOP.”  
 “We do not communicate.”  
 “That is too thin for me.”  
 “What if we were people like this?”  
 “We would have trouble communicating the simplest desires.”  
 “Where do I get a meal?”  
 “Am I working?”  
 “Am I eating?”  
 “That does not work for me.”  
 “That is the only thing that I fear.”

“Will I have a life?”  
“This could be confessional.”  
“I have to stay after work.”  
“That will not work anymore.”  
“I have been practicing what I preach for a long time.”  
“Where has that gotten you?”  
“I am the receptionist.”  
“You need to figure out all the combinations.”  
“Will that work for you?”  
“He will help.”  
“He is something like a Lord.”  
“Is it time, or is it desire?”  
“I cannot get what I want.”  
“That is a total expression of frustration.”  
“What else can you say?”  
“Does that matter?”  
“It does not.”  
“Aren’t you suppose to conduct a lecture? What do you have to talk about?”  
“I need you to do this right once.”  
“Can you develop variations based on this one behavior?”  
“Are we walking crossword puzzles.”  
“I want an emotion that lasts longer than fifteen minutes.”  
“Good luck.”  
“What do you care about?”  
“Escaping my situation.”  
“How did you get this way?”  
“We work on it together.”  
“What are you working on?”  
“How did history do me this way?”  
“I will not have to think about this all night.”  
“Where have you been?”  
“Bleeding for the cause.”  
“We work together.”  
“Different stylists.”  
“The same ideology.”  
“You are going to have to sit with the idea.”  
“I am sitting.”  
“I am a sitting duck.”  
“Perhaps someone else can tell us.”  
“I am not even trying to predict.”  
“What can help you to sustain?”  
“He can until he cannot anymore.”  
“This is going very slowly for something so important.”

“Was I there?”  
 “Were any of us?”  
 “You sure weren’t.”  
 “Why did you never achieve liberation?”  
 “There weren’t enough outlets.”  
 “I feel as if I am closer than I know.”  
 “Don’t take it out of my account.”  
 “We are getting somewhere.”  
 “The bones are our form of currency.”  
 “Do you have to die to be reborn?”  
 “She knows the answer to all those questions.”  
 “Is there a math exam on the first floor?”  
 “They cannot give a exam without the proofs.”  
 “These are good students. They might figure out the proofs on the exam.”  
 “What if they don’t?”  
 “What can Calla do? Can you do Calla?”  
 “I want to look.”  
 “We are all seen under the same light.”  
 “What do you need to know?”  
 “Are you kidding?”  
 “You lack everything that we need.”  
 “We have operations and theories.”  
 “I believe that I can achieve some kind of resolution. But I review the evidence, and my skills are limited.”  
 “What do I not have to achieve total certainty?”  
 “I believe that I have exhausted all possible situations. But there could be alternatives. Things that I know nothing about.”  
 “I need you to break into the lock box.”  
 “What is happening to me?”  
 “What is available?”  
 “Have you looked all over?”  
 “I feel good about these things.”  
 “We take a risk.”  
 “I FEEL AS IF I AM BECOMING MORE BURDENED BY THE WORLD AROUND ME.”  
 “We could have a formula for the solution.”  
 “How did you solve it?”  
 “I want somewhere that I had never been before. I opened myself.”  
 “Pay no attention to how things are.”  
 “Will he apply his theory to you?”  
 “I am beyond that.”  
 “We are all participating.”  
 “Be good.”

“Try something.”  
 “You cannot use a machine.”  
 “Where did you come from?”  
 “The trail.”  
 “The gym.”  
 “The store.”  
 “Somewhere that had all the answers.”  
 “I do not want to be answered.”  
 “I AM READY FOR RESCUE.”  
 “You cannot be any clearer.”  
 “I want it too.”  
 “I want it too.”  
 “I want it too.”  
 “What did I miss?”  
 “What did you want to ask me?”  
 “I want more.”  
 “There is not enough more to want.”  
 “We have a problem. And we want to solve it. How do we get more oxygen? How do we breath? How do we make sense of things. He can’t. What does that tell you? He is an impediment to your growth.”  
 “Who are you talking with?”  
 “I am talking to you.”  
 “What is your interest?”  
 “I want the world to hear this.”  
 “And you did this when?”  
 “I am so far off base.”  
 “I am not moving.”  
 “You will have a chance to resuscitate.”  
 “I realize what this is what it is about. This is what it will always be about.”  
 “Who is running this?”  
 “It only take one.”  
 “Where are you leading me?”  
 “A garden party.”  
 “I am happy.”  
 “I cannot save the world.”  
 “You will be back.”  
 “I am not going anywhere.”  
 “What are you really after?”  
 “To make sure that no one has poisoned my food.”  
 “I am already losing place.”  
 “You have a short time.”  
 “Take the shot.”  
 “He is in back of me”

“How will you describe this experience?”  
“I got turned on.”  
“I was part of this.”  
“I was looking for something more.”  
“Then there was nothing more to want.”  
“This is bigger than the both of us.”  
“This could be a blessing.”  
“I have called it.”  
“That is how it works.”  
“Get on the grandstand.”  
“I am in the winning circle.”  
“That is all that it matters.”  
“Do you see that?”  
“It will all fuck up.”  
“I will work it out. I can be systematic.”  
“What do you call that?”  
“Who told you to come here?”  
“I was not told to stop.”  
“What is missing?”  
“Something that I can eat.”  
“That is all in the basket.”  
“That is better than I can know.”  
“There is going to be a cost.”  
“Clean it all up.”  
“There is a core of discovery.”  
“You could admit failure and leave now.”  
“I am admitting failure, and I am getting ready to leave now.”  
“What would be ideal?”  
“Admit it. You are looking at a lost cause.”  
“I am looking at a lost life.”  
“And you believe that is going to go somewhere.”  
“Keep him occupied.”  
“Those are a lot of him.”  
“That is how it works.”  
“What do you have that I need?”  
“A LOT OF DESPERATION.”  
“LEAVE NOW!”  
“I am stuck trying to evacuate.”  
“He made me feel as if I was chosen.”  
“I was chosen.”  
“I never even listened to how he described himself.”  
“What is that all about?”  
“What do you want it to be about?”

“HE CANNOT SOLVE IT. HE REALIZES THAT HE CANNOT SOLVE IT. HE SAYS WHAT THE FUCK.”

“You cannot carry on any further. Go have something to eat.”

“I ate.”

“You blessed me.”

“This balances things out, but it does not offer you what you need.”

“We could quit right now, and it would all be easy.”

“I have been with you for eight years.”

“Ten years.”

“This was arranged.”

“This was unarranged.”

“I felt free.”

“I was never going to get close to what I wanted.”

“I am in the middle of things.”

“This will work.”

“Walk away.”

“I cannot walk away from myself.”

“Take the high road.”

“Take the long road.”

“I want to get closer to the one thing that is going to liberate me.”

“It could be in powder form.”

“What is the chemical composition?”

“What is the physical composition?”

“What is the spiritual connection?”

“Shit if I know.”

“Shit if I know.”

“We have rules for not caring.”
