

HEAVY WATER

“What does it mean to have this concentration of energy advancing your efforts?”
 “I came dressed for this eventuality.”
 “Are we going to watch the weather report?”
 “That seems very exciting.”
 “Who are you doing this for?”
 “The people.”
 “What percentage of highly-motivated individuals are we observing?”
 “I am as good as my circumstances allow me to be.”
 “I am so excited that you are such an active participant.”
 “I do not understand what is happening in front of my eyes.”
 “Are you spiritual?”
 “This is worse than that.”
 “How is it?”
 “We share clothes.”
 “I could invest in this possibility.”
 “What else would you have?”
 “I do not want anything to invade the system.”
 “Biology can be tricky.”
 “I like games.”
 “And tomorrow will be like the next day.”
 “This is going to happen somehow.”
 “We have days.”
 “We have months.”
 “This will take me across the river.”
 “What else is here?”
 “We both need to be active in influencing the course of mighty rivers.”
 “How does that work?”
 “There are environmental consequences.”
 “Where does this originate?”
 “There are things that are going on in your head. And you need to check that stuff.”
 “Stop me before I become contagious.”
 “Everything occurs between the lines.”
 “I am all about standing up for the team.”
 “You are on notice.”
 “What do you want to know?”
 “That is not where I am headed?”
 “When did you get in on the show?”
 “Is there such a thing as smiling too much.”
 “There are some things that are not a source of amusement.”
 “This is going too fast for me.”
 “You are doing a great job at giving blood.”

“I am doing more than that. I wam giving heart.”
“How much do we have to give?”
“We keep giving until we can’t stop.”
“I am from a different school.”
“The school of hard licks.”
“I am sinking.”
“You are so much heavier than we thought.”
“And you really have no idea what is going on around you.”
“No one does.”
“I need to go deeper.”
“What more do you want?”
“What more do you not want?”
“Do you want some company?”
“That is another chapter.”
“I do not trust the manufacturer.”
“I am not good at dealing with this kind of thing.”
“No one is.”
“I trust gold.”
“Whatever does that mean?”
“Do not take me out of the equation.”
“Call that lunch.”
“What kind of meal is that?”
“I am looking for someone who escaped from the pack.”
“Another wild dog.”
“You wanted to know until it stopped making much of a difference.”
“That affects no one.”
“All the simple things seem all the more involved.”
“I did a bad thing.”
“What did you do?”
“I hate to go over old ground.”
“Roll over and over.”
“How does this work?”
“How do you want it to work?”
“Is there something that you want me to know about your history?”
“They are watching you.”
“These are things that I need to see. I need to take myself out of the action.”
“You could go back to Alabama.”
“This is not about that.”
“It is an experiment.”
“Where does it touch down?”
“I cannot figure out any of this.”
“You need to get your homework finished.”
“I have someone looking over my shoulder.”

“They call that person an angel.”
“More like a peeper.”
“I need help with math.”
“We all do.”
“I was about to reveal something important.”
“It doesn’t work that way. You have said too much already.”
“I focused all my energies.”
“That was remarkable.”
“He told me that I would be okay.”
“I got really worried.”
“I came her for a reason.”
“How does that work?”
“You could have come here sooner.”
“I came here so that I could leave.”
“Leave.”
“I have been here before.”
“I am having memory issues.”
“That is nothing to worry about. It will all pass.”
“I didn’t see you.”
“Memory offers a clearer guide.”
“Will that even affect you?”
“Probably never.”
“I am not going to get any closer.”
“What is out here? How do we account for these failures?”
“With these other successes.”
“I don’t want to get involved.”
“You need to move on.”
“What is going to get you out of this.”
“Why don’t you deal with these issues?”
“I see satisfaction in a very different way,”
“Do you even work?”
“I work a great deal. There is a point to my lasting development.”
“Why should I even identify with your situation?”
“How do you relate to any of this?”
“I am the maker.”
“I shake things up.”
“Why does none of that affect me?”
“What made you so immune from the experience of others?”
“How does any of that work?”
“Is this a company? What does it make?”
“Is it a breadbox? What is in there?”
“You could hide money.”
“Do you think that will get anyone to notice?”

“Will anyone bother?”
 “Why bother?”
 “Now, the questions become evident.”
 “I serve on simple purpose.”
 “That is my greatest fear.”
 “I am pretending.”
 “WE CAN PRETEND TOGETHER.”
 “Would that be science or would that be a form of mysticism?”
 “You have no idea what I am going through.”
 “People believe things.”
 “Things have thoughts.”
 “You can help me change things.”
 “You are so excited about something.”
 “You want a savior. Why do you even trust what he is doing? He is looking for another enemy. This is not needed at this point.”
 “You can help change things.”
 “Do you even care?”
 “What is in the tent?”
 “You love rewriting the show.”
 “What do you need to convince you?”
 “More people in power who seem to go along.”
 “Turn on the power.”
 “I need you to buy me a meal.”
 “This is taking way too long.”
 “I cannot abide with that.”
 “I am going back to the drawing board.”
 “Some people want someone to explain all the nuances.”
 “I am explaining all the nuances.”
 “I cannot be somewhere else.”
 “I am a hard worker.”
 “They are working you to death.”
 “You will give them a pass.”
 “You really do not understand what is happening. You are not going to take the risk.”
 “And what are you getting for this.”
 “Are you kidding?”
 “We are going to have to slam some doors.”
 “And how does that really change things for you.”
 “Only a few people can do this.”
 “I am writing a story to go along with this.”
 “Drip, drip.”
 “What else is there?”
 “I only have so much of myself to give.”
 “I have to go along with that way for seeing things.”

“This is an obsession.”
 “This is worse than an obsession.”
 “The universe is not that smart. There are human beings with awareness and a universe with energy forces.”
 “You and I think about different things.”
 “Where is the idea?”
 “Who knows?”
 “I think that I understand.”
 “You have so many variations.”
 “This is my greatest variation.”
 “You are postponing your fall.”
 “I have it on good sources.”
 “You think that you are working with a sharper focus.”
 “I have a prophet.”
 “I am a prophet.”
 “Keep talking.”
 “I am.”
 “How can you sustain this level of concentration?”
 “You should not have done that?”
 “You upset the apple cart.”
 “I wanted one apple.”
 “That was an important memory.”
 “I don’t think like you do. You have a muddle of pop culture in that little head of yours.”
 “Give me something that I would want. Save for it. We are about to make significant changes in the motor.”
 “It does not function like that.”
 “I am in a different place now.”
 “I could call that a form of theft.”
 “You could have prepared in a a different way.”
 “There are people who love you.”
 “What brought you back?”
 “I need to get ready for work tomorrow.”
 “We see things in a very different way.”
 “Do not destroy it for me.”
 “I am waiting on another self-destructive performance.”
 “What does that mean?”
 “Here is a body. And I do something really silly like jump off a building.”
 “I am going to fly.”
 “Are you dressed for this?”
 “I live for this?”
 “Do not disturb me.”
 “Someone will ask me to stop.”
 “When will I say that this is just okay.”

“This is good for the both of us.”
“Do you really believe it?”
“Who is writing this shit down?”
“I am not. I am trying to develop a systematic form of thinking.”
“I need repairs.”
“This will not help.”
“There is a confession.”
“Shirley wants to confess.”
“She left things in the car.”
“She spelled the words differently.”
“The doctor will not solve anything.”
“He can look on the inside.”
“You can easily be satisfied.”
“So can a cat.”
“Where does this come from?”
“From deep inside.”
“There is a moment when all of this becomes important.”
“Someone got eveything that he wanted.”
“On the verge.”
“Stop before it becomes worse.”
“Where is better?”
“I am not going to give up hope.”
“There was a point when we were on the verge.”
“This is not in my control.”
“We could plan.”
“We could work with others.”
“We could advertise.”
“How will today be different from tomorrow?”
“That is a deep question.”
“We could postpone it all until tomorrow.”
“You are not living in the real work.”
“I am in the only real world.”
“Picking up dates at the Jack in the Box.”
“What is really going on at that place?”
“You are taking it literally.”
“There is a little desperation.”
“You are delaying things.”
“I got a head start on disaster.”
“I like things.”
“Follow the line.”
“How do you coordinate all of these things at the same time?”
“There is an art.”
“I told you that I was going to share.”

“You don’t kike me.”
“You like things too much.”
“I am going to take you out to the wood shed.”
“I didn’t think that there was a shed.”
“How do I protect what I have?”
“You really don’t know the difference.”
“We are going to have to descend deep in the shit.”
“I wouldn’t say it that way.”
“How would you describe it?”
“Put a smile on your face.”
“How much is this going to cost?”
“This will be real money.”
“I want to play along.”
“I need to do this now.”
“You have no idea what I am going through.”
“This is illegak for now.”
“Do not get into this.”]
“This is going to be a big time disaster.”
“Pay it all online.”
“There is a simple story.”
“The hot dog is almost done.”
“It would taste better if it was grilled.”
“This is very important because it could be you.”
“What happens after that?”
“I am going to revive that.”
“And you started hanging out with this guy. And you forgot about the ideal.”
“Put gas in the machine.”
“You are letting your own antipathy interfere with how you see things.’
“What is going to swing thing.”
“This is a different world for us.”
“You are moving way more water.”
“YOU WILL DO! YOU WILL DO! YOU WILL DO!”
“Move quickly.
“Nothing else will change.”
“You will not do.”
“Do you feel mortified?”
“Do you evn contemplate mortification.”
“Does anyone know?”
“Where is this completed?”
“We explained it in a clearer fashion last night.”
“How does this work?”
“There is magnificence combined with devastation.”
“How does that work?”

“Ask a sustained question.”

“I do not want to think about it for very long.”

“Think about this.”

“You can complete the picture.”

“You can complete the sentence.”

“Quit the small talk.”

“This takes place in such different locations.”

“I have zeroed in.”

“This is my disagreement with Dusk. She believes in the inherent value of desire.”

“This is your chance.”

“You are not the same person anymore.”

“Can you explain that?”

“Only one person can complete the sentence.”

“Just put a word in there and move on.”

“She is one with her own oneness.”

“Come out of yourself.”

“There is too much risk to the big plan. This is the one moment that it makes any different. This one moment can fuck everything up. All this seemingly important stuff is bull shit. But you are going to devote all this effort to something that provides no light on much of anything.”

“This is supposed to stop soon.”

“Someone thinks that he knows.”

“Take a chance.”

“He will tell you what you need to hear.”

“This is not even a cult.”

“I disagree with one point.”

“There has to be agreement to create a movement.”

“None of this will take very long.”

“CALL IT AN OPERATING TABLE.”

“There could be a contrast to this.”

“Something very pleasant.”

“I can tell the heart from the stomach.”

“It all beats to the same drummer.”

“I am lost here.”

“I need to go somewhere to get something.”

“There is big money in this.”

“There is.”

“You know that.”

“He still can do it.”

“I need someone to help stop him.”

“Do you want to leave the fold?”

“What are you calling the FOLD?”

“This gets very tricky.”

“I am already beyond this place.”
 “I am way beyond you.”
 “This does not work anymore.”
 “I have lost a consistent pathway.”
“I HAVE LOST A CONSISTENT PATHWAY IN MY LIFE.”
 “What is that supposed to tell us?”
 “What does that tell you?”
 “I need to eat the ham sandwich.”
 “Someone does know?”
 “The supernatural box.”
 “Do you have one?”
 “If only you knew.”
 “It all made sense. And it was greatness.”
 “Someone is going to have to take a stand.”
 “No one has yet!”
 “Are you working with the police?”
 “Where does that come from?”
 “I can sleep it off.”
 “All the goodness needs to be balance with something that is not that good.”
 “You have a little bit of understanding.”
 “This willions of support.”
 “Where does that come from?”
 “This is where they collect all your trash. They have the trash, and they have a method to sift through it all.”
 “How can we reduce the variations?”
 “Do they ever?”
 “Someone has a method.”
 “It meant a great deal when I left the house.”
 “Ask me!”
 “You are a constant testament to bull shit.”
 “Make it happen now. Because it might not work later on. Then you will need some help adjusting.”
 “We were going to try this before.”
 “There needs to be a pattern.”
 “The blind leading the blind.”
 “Where does this end up?”
 “Why would this be any different?”
 “I have big plans.”
 “Wait until we get back to the house.”
 “Someone has to work the lights.”
 “This is a lasting description of the world.”
 “We like it in different ways?”
 “I just want to be stimulated.”

“I am numb to all this shit.”
“I heard the word that I needed to hear.”
“Everyone is going on in a far off world.”
“Will you take a risk?”
“They will kick me out of the cult.”
“How does all that work?”
“Some kind of cloning principle.”
“They cut off a bit of the skin.”
“Like voodoo.”
“Like modern medicine.”
“Can you walk the tightrope?”
“Where does this all come together?”
“In my bank account.”
“Are you kidding?”
“Where do you think that you are going?”
“They said that you were cool with this.”
“We are not cool. We will never be cool.”
“What would a simple life be?”
“A connection of explosions.”
“He has all this controlled.”
“Am I not good enough for you?”
“It all made sense to me.”
“You need to resolve this quickly.”
“There is no resolution.”
“You are guiding me through all the variations.”
“I assumed that it would make sense.”
“I cannot make it any simpler.”
“Guide me.”
“It is all about this place.”
“What are we on to?”
“We are moving to something important.”
“There is that second interview that is key.”
“Control your emotions.”
“Fuck you!”
“What prompted that degree of frustration.”
“This is not going to work for either of us.”
“Are you blaming me?”
“Yes, I am. You were not prepared.”
“What happens in the second interview?”
“We do not know. No one ever made it that far.”
“There could be an alternate perspective.”
“Besides the body. Besides flesh and blood.”
“Chocolate chip cookies.”

“You are doing everything that you can to sweeten the medicine.”

“LYNDA, THERE IS SOMETHING SO PERFECT HERE THAT IS JUST IMPERFECT.”

“I am creating a body.”

“The morphing of a Frankenstein monster.”

“You are not going to get away with that.”

“Wipe your chin.”

“I am not responsible.”

“You really think that is important. What does it mean?”

“I have a purpose in mind.”

“They all know that.”

“They are reviving you for more shift.”

“The picture machine is going to stop.”

“Is that all that you have to get rid of?”

“One person’s treasure.”

“I need something a little tighter.”

“Where will that go?”

“That is too much story for me.”

“I WILL AMASS ALL TIME IN ONE MOMENT.”

“You wrestle the angel.”

“What is that all about?”

“You can make this mean more.”

“I will not.”

“You look like you want to mean so much more.”

“There is a lot more to go.”

“This is the part that means very little at all. It is what keeps everything going.”

“You can enlighten me.”

“Is this even you?”

“They got shut down.”

“What happened?”

“How would you participate in free expression?”

“How do you think about things like this?”

“Did you turn your head? Did you knotice?”

“She was getting too attached.”

“There is nothing that we share in common.”

“You could abuse this situation.”

“I do not know it in any other way.”

“Fix this.”

“We are looking after you.”

“They are not going to care enough about the other stuff.”

“We have been asked to leave.”

“Who is doing the asking?”

“THIS IS ALL THAT MATTERS. THIS IS MY BODY. AND THIS DOES NOT

MATTER.”

“I should be better at this.”
 “Go home and work this out.”
 “I see it all crumble before my eyes.”
 “It is surprising to me that there is nothing else.”
 “There is something else going on.”
 “Who is collecting the money?”
 “She lacks integrity.”
 “She calls it an art?”
 “I am not seeing things that way that you do.”
 “Listen to the body.”
 “I am cracking in two.”
 “Were you here before? I think that you recognize something.”
 “A pattern for living.”
 “I am trying to explain this.”
 “This makes no difference here.”
 “I get it.”
 “Give me a follow spot.”
 “I will catch my breath.”
 “Come to me!”
 “These things are important, and they contribute to the final outcome.”
 “You are going to need to offer more script to influence the final outcome.”
 “She is feeding you lines.”
 “You are not a comedian, and you do not have an audience.”
 “The end is happening on its own.”
 “Make a move.”
 “I never thought that I was so fortunate.”
 “Answer in the negative.”
 “This is bull shit!”
 “He is leading you to water.”
 “What is that about?”
 “I am the fly on the wall.”
 “You did bite me.”
 “My brain is falling away.”
 “She made the move.”
 “They moved me to a different room in the hospital.”
 “I can make things happen.”
 “Fill all the rooms with magic.”
 “Are you believing?”
 “This is more bull shit.”
 “What does that mean?”
 “What can you tell me about tomorrow?”
 “You are working this too hard.”

“I have access to something worthwhile.”
“There is no beat here.”
“I can pretend to be different people.”
“What does that mean?”
“Should I listen to this?”
“I have more belief.”
“A higher order.”
“I am not going to go there.”
“He did not hurt me.”
“You were never here.”
“There is so much pain.”
“That is how the world works.”
“There is knowledge.”
“There is a locomotive.”
“Don’t stop this from ending.”
“What do you have?”
“Is that all there is?”
“It was not that funny.”
“Someone needs to pull her out of that.”
“There will be no knowledge beyond that point.”
“I guess that this is my soliloquy.”
“That is the alternative.”
“Time for a joke.”
“I thought that you were already laughing.”
“Who noticed?”
“I heard a calling.”
“Let it all hang out.”
“She is already involved.”
“I have loads of homework.”
“I have a machine.”
“I still have to show up.”
“Take my temperature.”
“Everyone is sick here.”
“They look healthy.”
“There is so much medicine.”
“Take it all.”
“I get what I want.”
“Is there some kind of truce going on.”
“You both need to leave.”
“They have left.”
“I am waiting for the punch line.”
“In the end, what is there?”
“I am going to work.”

“How many times do I need to do this.”
“This will have no effect.”
“This will have no effect.”
“I only need one.”
“I only need one.”
“I am running this game.”
“I can do it all.”
“That used to work.”
“You have no idea what is happening.”
“What is in there?”
“How do you keep this going?”
“Finish it off for me.”
“I have navigated through all the variations.”
“He dug his own grave.”
“That is all that there is to it.”
“Are we bringing him with us?”
“Everyone is self-destructive.”
“Join a pleasure circle.”
“There is a performance that is important. The body needs to be in motion.”
“Are you describing dance?”
“I am talking about a machine.”
“Even the lost have been found.”
“Why did you come back?”
“I got chased home.”
“Are you mocking me?”
“What are you saying about me?”
“What are you saying about me?”
“I am waiting for someone to show some genius.”
“Hold on to what you got.”
“I have money.”
“Do you know how that works?”
“That is all that matters.”
“We are digging deeper than you know.”
“That is not going to work, sir.”
“Then you get convinced by some real bull shit.”
“I am supposed to be that way.”
“There will be a battle.”
“Why did you quit?”
“I never came for this.”
“Is this a connection for life?”
“You are starting to piss me off.”
“The story is not supposed to go that way.”
“Did you clean up?”

“Did everyone clean up?”
 “This is something in me that I cannot get rid of.”
 “Where is your buddy?”
 “I could start the vacation early.”
 “What is going to be different this time?”
 “You still don’t know.”
 “I don’t want to.”
 “Work breaks me down.”
 “I have been cracked in two.”
 “That is a little different for me.”
 “I have a good doctor.”
 “There is nothing here.”
 “How do I want to look?”
 “I need to make it back before long.”
 “When is that?”
 “This place is not going to makebit any different for you.”
 “I have someone who cares.”
 “Those platitudes work well under some circumstances.”
 “That is not going to work for us.”
 “What alternative do you have?”
 “Are you working together?”
 “Why do you trust this guy?”
 “I have already been here.”
 “Don’t look this way!”
 “I cannot give you anything that you need.”
 “I knew it, you fucker!”
 “What will you do in the morning?”
 “This becomes life or death.”
 “Someone can help.”
 “This is prepared with you in mind.”
 “There will be no breaks.”
 “You only have to be willing to pay a little more than I do.”
 “That is the admission charge.”
 “I am good at this.”
 “Pick up the book.”
 “Is this geometric?”
 “I can’t stop this. There is no reason to stop this.”
 “I could be wrong.”
 “They are working together.”
 “Every great con artist has a partner.”
 “Delphi was one form of excitement.”
 “I need to mark evey victory.”
 “Who is making it work for now?”

“You tell me!”
“I can’t read any of this. I am looking for one simple thing.”
“Super schmuck.”
“Tell me what is right.”
“This goes on for a longer time than I thought that it would.”
“What happens after this?”
“This has gone on entirely too long.”
“This is where it really becomes work.”
“What are you talking about? It takes forever to win this shit.:
“There are people, who are getting adept at attracting satellites.”
“My turn is coming soon!”
“I am going to the outer reaches of space.”
“You will no longer need a body out there.”
“What are you doing?”
“I am getting oxygen.”
“That is all that matters.”
“How can I get you to do what I need?”
“I can teach you a dance.”
“I can get you a tutor.”
“These are very short books.”
“This is what I want from you.”
“How did it reach this point?”
“The team is working together.”
“What is the mystery?”
“I hate my job.”
“Is that all?”
“You have a skill.”
“I can work a slicing machine.”
“Do not cut your fingers.”
“Thinly-sliced meat.”
“What is that about?”
“You need to make something happen.”
“He asked me if I wanted to go to a magic show.”
“He was not at all in control.”
“I just got off work.”
“I knew that it would not work.”
“It does not work.”
“There is a sequence.”
“What happens first?”
“I have body, but I do not want it like this.”
“We can fix that.”
“We are fixing that way out in space.”
“What is that about?”

“How did you crash down here.”
 “He has been looking at me all night.”
 “Do you know him?”
 “He lives with me.”
 “He works too hard.”
 “This shitty job has turned me into some kind of monster. I cannot even be nice to anyone.”
 “What are your real concerns?”
 “That is too close to me.”
 “I want to get out of here.”
 “I have no idea about this.”
 “Peel away the layers, and there is nothing but shit.”
 “Why did it take so long to see it?”
 “Who are we kidding?”
 “Is there any sanctity?”
 “I barely care.”
 “They are waiting for me.”
 “I am going to be let down easily.”
 “How easily?”
 “Where did this end up?”
 “That is working for someone.”
 “DIFFERENT VIEWS OF THE SAME PERSON.”
 “FACE ME!”
 “There is too much effort.”
 “I WILL PLAY A ROLE.”
 “Be my accountant.”
 “Your finances are a mess.”
 “You are overplayed.”
 “I need to play for the last turn.”
 “That is never good.”
 “You are assuming too much risk.”
 “It is never as bad as it seems.”
 “Make the move!”
 “You are an apprentice.”
 “How long did they waste on that shit.”
 “I have taught her things.”
 “How does that work?”
 “Now I will ask!”
 “I listened to too much of the same shit.”
 “Another drink will not do it.”
 “What is missing in this picture?”
 “Caring.”
 “You are not that good at nothing.”

“This is the new world.”
 “What is that about?”
 “Crates and crates of shit.”
 “You have a machine that holds it all together.”
 “Where do you end up?”
 “Jack of all trades.”
 “What else do you do?”
 “Master of none.”
 “Did you eat the sandwich?”
 “Every second of your existence has been mapped out.”
 “I made the map.”
 “Rip it up.”
 “I do not want to leave the house.”
 “You put yourself together in a different way.”
 “We will never reach the end of the exposition.”
 “You put on a different costume.”
 “I was there.”
 “I can’t ask you anything else.”
 “That was brilliant moment.”
 “Then you deserted the story.”
 “I am not a mind reader. And you are just some crazy fuck. And I am willing to accommodate to it.”
 “Is that brilliant?”
 “That is more than well done.”
 “I quit that.”
 “Come into the house.”
 “The basement.”
 “The book is down there.”
 “Someone is looking at the coin collection.”
 “Why is all this so difficult?”
 “We all like one thing.”
 “Fill me up.”
 “How does that make you feel?”
 “It is going to take a while to complete the operation.”
 “What is happening to you now?”
 “That did not end pretty.”
 “Fifteen minutes to complete the act.”
 “There is mathematical function.”
 “I want to matter.”
 “This is a complete function.”
 “What did you learn differently?”
 “I put in my time.”
 “There is a different result.”

“What happened?”
“How did you lead them, Lynda?”
“Someone is going to read your journals.”
“This is all about subtraction, not addition.”
“It works the same way.”
“Add the right things at the perfect moment.”
“Why should I care?”
“WHY SHOULD I FUCKING CARE?”
“This is all about you.”
“You are hiding somewhere.”
“Find me.”
“This is close as it gets.”
“And you are staying on.”
“I am going to reveal something deep about myself.”
“I am not ready for any of this.”
“I will take it as it is.”
“I slip into delirium.”
“None of these psychological states are sustained.”
“How does that work?”
“Pinpricks.”
“How much money is left?”
“We are going to make our exit.”
“What is left?”
“I cannot explain this to you.”
“This is much further along than I could imagine it.”
“He told me what to do.”
“He told me what to do.”
“He is my mechanic.”
“This has nothing to do with anything in my life.”
“I only cared a few times for a little while.”
“How do you complete this picture?”
“I go around again and again.”
“That is more than wonderful.”
“Be nice.”
“I have one rule. Don’t mess with your business partners.”
“What did I do wrong?”
“I heard what you said about me.”
“That guy has all the gossip.”
“I am going to fuck myself up if I so desire it.”
“I have something important to talk about.”
“I cannot get in the inner circle.”
“What kind of life is this?”
“A pretty good one.”

“He will win.”
“The world has been cruel to me.”
“You are going to have to make it better tonight.”
“The show fell apart.”
“This has nothing to do with anything. I fill up time with something simple.”
“I cannot stop.”
“I cannot stop you.”
“This is the most difficult part.”
“Why does it always end this way.”
“I am not part of this.”
“We are getting some new clothes.”
“With what?”
“You are not doing it for me?”
“I could be wrong.”
“Where is this headed?”
“To a new way of talking about ourselves.”
“I am not so good at working this.”
“There is a Visagenics moment.”
“Face to face with myself.”
“Who are you?”
“How are you trying to affect me?”
“I gave up.”
“You believed something that is not possible.”
“Do you realize where this is headed?”
“You need to control the flow.”
“Who are you fighting against?”
“Yourself.”
“Who else is with us?”
“Someone else is sleeping in my bed.”
“And you call this a breakfast.”
“I am trying to handle this in a different way.”
“I call this an advertisement for myself.”
“Whatever this is, I do not want to get it wrong.”
“You dashed out of here.”
“I am running away from myself.”
“I want to fuck you up. I do not want you fucking with me.”
“What is that about?”
“That is something obvious.”
“Who is going to finish this show.”
“Schmuck.”
“He hangs on until it is another schmuck moment.”
“I need to be sure.”
“Who are you?”

“The person who has been fucking with me all this time.”
“I will take that.”
“I will not take that.”
“I have figured it out so well.”
“This is all waiting on something important.”
“And what is that?”
“If you look like her, you will act like her.”
“If you look at her, you will look like her.”
“Like she does.”
“She does.”
“I am waiting see what that is.”
“Pay now!”
“I am paying cash.”
“Do you have what I need?”
“Where is this headed?”
“I need to do a skin test.”
“What does that mean?”
“We would be much further along.”
“Where did this start?”
“Cleaning out the barn.”
“I want to start at the top.”
“It is coming my way.”
“You needed to ask.”
“Do not insult me.”
“I need to make this happen quickly.”
“Then you can come back home.”
“She is about to make her exit.”
“She is going to take her time. She needs to be coaxed.”
“I only need to be coaxed.”
“I slammed the door.”
“I only need to be coaxed.”
“This is a whole lot of nothing”
“Did you know that you would be doing this again and again?”
“This makes you feel as if you are somehow nasty.”
“I am fucked up.”
“I need to see the face.”
“How do you remember this?”
“You have too much attitude.”
“That is not going to stop me.”
“Do not try to close me down.”
“Don’t worry about me!”
“This will only take a second.”
“Did we land yet?”

“They are a tandem.”
“I already told you to watch them.”
“They are all working together.”
“One more play.”
“That is all that matters.”
“I got the rush.”
“Whoosh!”
“This feels great.”
“You are playing a role.”
“I am using my words.”
“Flipped out. And cared.”
