

**DEEP TRANQUILITY**

“These are economies of scale, and you are losing scale.”  
 “We have good stories.”  
 “This is how the lies begin.”  
 “There is another social reality.”  
 “More stories.”  
 “I do not want to see the misery of others.”  
 “I feel that I messed with things.”  
 “What do you care about?”  
 “These are further levels of the breakdown of actual social interaction.”  
 “Read this sentence.”  
 “This is fucked.”  
 “You cannot help.”  
 “I am in the village.”  
 “I am in the country.”  
 “That is all that he has.”  
 “This is some kind ownership.”  
 “None of this is as it should be.”  
 “I do not want to hate you.”  
 “Are you making fun of me?”  
 “Do you want to fight us?”  
 “None of this is that aggressive.”  
 “We have lost the trail.”  
 “Come to me.”  
 “This is great.”  
 “Where did you find me?”  
 “What are you protecting?”  
 “I cannot love you.”  
 “Are you insulting me in some kind of subtle manner?”  
 “That will end soon. Are you going to keep on?”  
 “The drinking helps me to forget.”  
 “I forget.”  
 “I work for the machine.”  
 “What does that tell you?”  
 “It tells me who to love.”  
 “There is a secret here.”  
 “Why should that interest me?”  
 “That is an easy way to get turned on.”  
 “And what is left?”  
 “You are really doing nothing for me. You have created a society that does not have a high level of self-consciousness. You can make jokes, but you cannot read.”  
 “Where does this end up?”

“You are wearing me down?”  
“How does that maintain a world?”  
“You cannot come in to my house.”  
“These guys are protecting me.”  
“There will be a quiz.”  
“I am glad that is over.”  
“There is more to come.”  
“I know about that.”  
“What do you want to add?”  
“I was adding some really crazy stuff.”  
“Then you shut down?”  
“This is what he always loved.”  
“That is more than I can take.”  
“Take it.”  
“Take it.”  
“Shit.”  
“Can I leave?”  
“We know you.”  
“There are a lot of those types. They are snakes. They listen to what we say. They are ready to report us. They want to destroy us.”  
“Destroy us.”  
“I am destroyed.”  
“Fix this for me.”  
“Fix it.”  
“Slam it all together.”  
“Make it easier for me.”  
“It is so much easier.”  
“It is so much easier.”  
“What is that about?”  
“It says something about who I am.”  
“I want a gift.”  
“What are you protecting?”  
“When someone really knows what is going on, what will happen?”  
“Socrates or Jesus.”  
“Where does this come from?”  
“Keep it light.”  
“Is he that good to you?”  
“That is the only thing that I know.”  
“He is not that good for you.”  
“You are back.”  
“This is all about you.”  
“Where is the bouncing ball?”  
“I am good with souls.”

“Let us see what this means.”  
“We are going to give you the quiz.”  
“Will that result in a promotion?”  
“You will need to remember things.”  
“Bring me in.”  
“I am in.”  
“I am all in.”  
“Face me.”  
“I know you.”  
“This is the magic moment.”  
“What is really at play?”  
“The prsise of the praise.”  
“What do you want to tell me?”  
“My kids are here.”  
“Your gang.”  
“I am not going to give you what you want.”  
“And they all abandoned me.  
“What is really going on here?”  
“Ask me about tranquility.”  
“Is that some stupid brand?”  
“I am not here.”  
“Is that some stupid brand?”  
“When did we do this?”  
“We are doing this all the time.”  
“I wish that I had made other choices.”  
“You will.”  
“You will.”  
“I can show you where to start.”  
“You require too much thrust to escape the home planet.”  
“I will get out.”  
“You fucked so much that not you are really fucked up.”  
“That will work for me.”  
“Do not interfere.”  
“Come to me.”  
“Did you prepare for this?”  
“I am all about this.”  
“Where will this result.”  
“I can work it out at home.”  
“I have someone to help.”  
“We are going to make charts.”  
“This is some crazy shit.”  
“I am loved.”  
“I am loved.”

“BINGO.”  
“Do you know the way home?”  
“There is a lot of work ahead.”  
“We are easily satisfied.”  
“What is at the end of the rainbow.”  
“Everything is marked out.”  
“Play the game.”  
“Walk on me.”  
“Roll over me.”  
“I want to get involved.”  
“I give my body.”  
“We all do.”  
“What kind of shit is there?”  
“Fantasy lang.”  
“I thought about this.”  
“You never left the bedroom.”  
“So what.”  
“I am waiting for some shit.”  
“Show me a picture of myself.”  
“Where is any of this going?”  
“What do you need me to tell you?”  
“No tragedies.”  
“I survived this shit.”  
“I need more than that.”  
“I need a precise description.”  
“NOW, YOU ARE GOING HOME WITH THIS PSYCHO.”  
“He will protect me.”  
“I want a visit.”  
“Think about it.”  
“Is this some kind of competition with the people that you meet?”  
“What if I said no?”  
“Should I believe you? Should I believe anything that you say or do.”  
“Ask me.”  
“I am not going to move.”  
“Come to me.”  
“And you accept that.”  
“You have found new believers.”  
“I make my own rules.”  
“Like jumping off a building”  
“It never happens like that.”  
“Is this an audition?”  
“I can help with this.”  
“I made sense of it all.”

“I will have it all worked out.”  
“Is this your day off?”  
“I am never off.”  
“I need to figure this out quickly.”  
“This really makes no difference except to you.”  
“I thought that there was some kind of scientific foundation.”  
“There is.”  
“I do.”  
“And that is enough.”  
“Something is off.”  
“Look in my eyes.”  
“Something is off.”  
“I cannot look you in the eyes.”  
“I want to work through this more quickly.”  
“They left the show.”  
“There is some surveillance shit.”  
“They do not have to worry.”  
“Those who know fall off the truck.”  
“At this point, does anyone have to worry about what you are going to do?”  
“This is really sad.”  
“Are you going to go down for the government?”  
“I want someone to take care of the roads.”  
“The train stops here.”  
“What do you really have.”  
“Who cares?”  
“They said that they would help me.”  
“I need someone to leave the fold.”  
“You told me that is was some kind of cult.”  
“They have all been acting in a cultish way.”  
“Now, we leave.”  
“Now, it is all over.”  
“And that is all that I expected.”  
“It is all about the now.”  
“I was discovered in the now.”  
“Do you really think that I have been thinking about the now?”  
“THE NOW.”  
“Will anyone have that moment?”  
“The plan gives values to the activity.”  
“This is just beginning.”  
“There are types.”  
“And there are characters.”  
“It is not that kind of night.”  
“What do you do with your time?”

“Spread out into the biosphere.”  
“There is no region for human development.”  
“You had a chance.”  
“I am working on our memoirs.”  
“There are moments when I believe that is all impossible.”  
“These are all moments of your present life. You have passed through the same stages again and again. Doubt only begets more doubt, then certainty.”  
“What fuels this?”  
“Are you that good?”  
“I am not even looking in the rearview. I cannot, I am moving so quickly.”  
“We could change positions. I could get better advice.”  
“I need something quickly.”  
“I am consuming groups and fashions.”  
“None of this is permanent.”  
“You do not look as if you are good at this.”  
“I am. I am excellent.”  
“Someone will make me better.”  
“That is part of the operation.”  
“You quit and go home.”  
“What is being saved?”  
“What can you do?”  
“Did you learn?”  
“No one learned.”  
“I moved ahead.”  
“That is all that matters,”  
“There are only so many variations of self,”  
“And I am back in the shit.”  
“Should I believe?”  
“There is a lot to think about.”  
“I am being tortured.”  
“How are they feeding you?”  
“Things that make me want to confess.”  
“Confess.”  
“I own the moment.”  
“Can you know?”  
“I can really know.”  
“Turn on the bright lights.”  
“Are you going to interrogate me?”  
“There is an easier way to win.”  
“Give your soul.”  
“Who puts in the gasoline.”  
“We can investigate it.”  
“Where did everyone go?”

“They are waiting on the bus.”  
“Can we bring friends?”  
“We can do more than that?”  
“Catch the ball.”  
“It is in my hands.”  
“I want to know.”  
“That is too much work.”  
“What is left?”  
“Where do we start?”  
“In the cabbage patch.”  
“What dos any of that mean?”  
“This is way beyond me.”  
“We are way beyond desire.”  
“Who is watching me?”  
“You may finish, but what do you know?”  
“It all comes down to the same thing.”  
“You need to be able to find the stage.”  
“What stage?”  
“The first.”  
“Leaving the water.”  
“Then going back.”  
“How does that work?”  
“I won’t confess when others are here.”  
“I want to change things, but I do not want to mess with the flow.”  
“You are committed to the lifestyle.”  
“We all are.”  
“We can resist.”  
“Resistance is good.”  
“This will work for me.”  
“I am going down in a blaze of glory.”  
“We have found what we want.”  
“We all do.”  
“That is what worries me.”  
“We are going big.”  
“I love that.”  
“You are loved.”  
“Is this a collective?”  
“I am not into this telepathy shit.”  
“You can ask.”  
“Secret lover.”  
“That is not going anywhere.”  
“We are going to run home.”  
“I will not remember.”

“I will remember.”  
“What will you say on camera?”  
“This is exciting.”  
“I will go all the way.”  
“Believe what you will.”  
“I do not even care.”  
“This is the beginning of my life.”  
“Take the shot.”  
“What game is this?”  
“You do have a good feel of things.”  
“You pour over mountains of testimony.”  
“There are simple things.”  
“Are you innocent or guilty.”  
“This is the process.”  
“I have worked with the innocent and the guilty.”  
“We are all guilty.”  
“I am not into moral relativism.”  
“There is a possibility to move this along.”  
“Move it along.”  
“Sit at the right side.”  
“I started early.”  
“There are the guilty.”  
“What is really shitty?”  
“Those who keep the shit going.”  
“What do they really want?”  
“You tell me.”  
“I could have gone somewhere else.”  
“I did not need that.”  
“Should I care? Should I become excited?”  
“What is the end of the process?”  
“I need to get more involved.”  
“I am about revelation.”  
“Help me out here.”  
“I want to hear something from you.”  
“Do not ruin it for me.”  
“Ruin it.”  
“You are going to need to hold your breath.”  
“You need to be here.”  
“And it ended.”  
“Is this me?”  
“I live by a sewer.”  
“Where is this going?”  
“There are things that I do not want to accept.”

“Make this different.”  
“Do not touch me.”  
“You are not going to figure it out anytime soon.”  
“I can see all of that.”  
“I will be surprised.”  
“You will.”  
“Look me in the eye.”  
“This could be your turn for revelation.”  
“This does not help me.”  
“That really get you somewhere.”  
“And this gets me nowhere.”  
“I am at my limit.”  
“I have a request.”  
“Take care of it.”  
“That is good for me.”  
“This will not result in a friendship.”  
“That will distract me.”  
“All hands are on deck.”  
“I need a distraction.”  
“Will that take you somewhere.”  
“That is too close.”  
“It always is.”  
“Our boundaries dissolve.”  
“That is way too close.”  
“It is never like you think it is.”  
“And you think that I will love that.”  
“What else do you have?”  
“That is way too much giving.”  
“You are not having a good time.”  
“You are getting in the way of my fantasy.”  
“That says absolutely nothing to me.”  
“You too resistant to me”  
“I missed my calling.”  
“I have a lot of my own work to do.”  
“Does someone care?”  
“There is someone at home.”  
“A cat.”  
“You ask a lot of questions”  
“I am waiting for something.”  
“Something big or something small.”  
“Something something.”  
“THE BREAD BASKET ARGUMENT.”  
“SHE HAS A BREAD BASKET.”

“This is when you stop asking questions.”  
“And he gives me all that I need.”  
“Light something.”  
“Not allowed.”  
“I do not know who help me pilot the raft.”  
“It is all up to you.”  
“I was expecting more.”  
“Come to see me.”  
“You do not see.”  
“Do you get it.”  
“This is a white flag position.”  
“This will not end well.”  
“Thank you.”  
“This was a kind of prayer.”  
“But there is something bad here.”  
“Too much belief. Too little of substance.”  
“Leave me what I need.”  
“For now.”  
“That may not always work.”  
“Have you made all the corrections?”  
“You do not treat me the way that I need to be treated.”  
“This ended before it had the chance to begin.”  
“Brice knows. It may help.”  
“We were too late.”  
“I need a reset.”  
“That is all that I want to think about.”  
“Where is the broken link?”  
“In human misery.”  
“They all move on and forget this shit.”  
“Who can really help?”  
“Fantastic shit.”  
“I am not afraid.”  
“Big things are happening.”  
“In order of importance.”  
“THE SHOW ABOUND.”  
“I got better.”  
“We are going to change things.”  
“People do not realize what I can do.”  
“Do you have faith?”  
“I want to get a touch moving through the ether.”  
“What is that about?”  
“Who else is involved?”  
“This is going to be a long night.”

“I was too good.”  
 “I am terrible at this.”  
 “Clean up the shit.”  
 “I am very calm.”  
 “These are things that I do not understand.”  
 “I am clean.”  
 “I am transcendent.”  
 “I am beyond the beyond.”  
 “You are in the sights.”  
 “I am fallen.”  
 “Life me up.”  
 “What do I want to know?”  
 “Make me look good.”

You hired me to make you look good. There were a lot of black marks in your past, and I recognized how difficult it would be difficult to gloss over these faults. This was my job, and people hired me to make the bad look good. I wondered if this made me look like less of a creator. I was doing my best to make things balance. But I had trouble doing that. I was not in the redemption business. Things were just getting out of hand.

“I cannot give you the money that you need.”  
 “Then things really got out of hand.”  
 “Are you messing with me?”  
 “I am trying to find a balance in an unbalanced situation.”  
 “You could stop now.”  
 “I am eager.”  
 “That is not enough.”  
 “Sign your name here.”  
 “I need to add some more shit.”  
 “Will this change anything?”  
 “You asked.”  
 “This is where we ended up.”  
 “Who are you working with?”  
 “I did not make this up.”  
 “I love it.”  
 “KEEP REPEATING THE SAME THING OVER AND OVER AGAIN.”  
 “I am not even good at following this.”  
 “And that will work.”  
 “I can do science.”  
 “The body does it all.”  
 “And there is nothing else.”  
 “Some things do not work that way.”  
 “I am so close to saying the right thing.”  
 “Does he do it for you?”  
 “What is he doing?”

“I WANT THE WORLD TO LOVE ME ONE SORT AT A TIME.”

“Start now.”

“My head is going to explode just thinkin about it.”

“EXPLODE.”

“Will I win?”

“Did I play it wrong?”

“I say what I want.”

“DONE!”
