

TRIPLETS

“What is the trick here?”
 “I want to find victory.”
 “This worked at home.”
 “YOU ARE A MODEL OF SUCCESS,;’
 “We could stop.”
 “That is ten minutes of pure joy.”
 “Shit!”
 “Why am I sharing this with you?”
 “What else do we have in commone?”
 “There is too much joy in one place.”
 “I could ask.”
 “That works here.”
 “Ask me.”
 “You could come back.”
 “What is in you?”
 “I have been here before.”
 ‘What is in there?’
 “Blood.”
 “That will not work.”
 “Is there a battery?”
 “I want that connection to gravity.”
 “She is waiting.”
 “I cannot move.”
 “She is waiting.”
 “Do you like to play games?”
 “That is not going to work for now.”
 “I want something that I can squeeze and love.”
 “A skunk.”
 “This only becomes more complex.”
 “I will remember.”
 “Remember.”
 “MORE FRUSTRATION THAN ANYTHING ELSE.”
 “I ADDED WHAT I NEEDED.”
 “This will work.”
 The job is done.’
 “How did I get it so wrong?”
 “I lost my chance.”
 “That is hopeless.”
 “Why are you crying?”
 “This will be my legacy.”
 “Are you kidding?”

“You are going to do more work if you want a winner.”
“Bingo.”
“Cry now!”
“Too much explanation.”
“This is all performance. And you do not perform well.”
“I can do better.”
“Can I eat off your plate?”
“The three conversations last?”
“Personal pretensions and social pretensions.”
“That will not work.”
“Please, do not.”
“You are the only one who matters.”
“The Empress used a snake to kill herself.”
“Damn.”
“Who is running this?”
“You are destroying me.”
“Destroy me.”
“FUCK.”
“The enemy is among us.”
“I did not prepare for this.”
“The roaches are descending on the corpse.”
“That is grotesque.”
“That is an interference.”
“Have I ever told you to fuck off?”
“I can smash and grab.”
“That is a terrible laugh.”
“Did you say that about me?”
“This is prepared.”
“Stuff this in your mouth.”
“That will not be tolerated.”
“What turns you on?”
“I am not a fucking game.”
“That was what you were saying to me.”
“The door is the door.”
“I do not want to ask.”
“Ask!”
“Burn.”
“I want a lot more than that.”
“The world where you are, and the world where you want to go.”
“You can forgive, but you cannot forget.”
“Do you want an historical perspective?”
“I want to be saved.”
“That is too much mised up shit.”

“Where did you end up?”
“On the final level.”
“I told you that this was not a game.”
“HELP!”
“Do you mean this, or are you just saying this?”
“I mean it for you.”
“He wants one thing.”
“You are the person who does all that graffiti in my building.”
“That is innocent scratching.”
“I do not really care.”
“Are you saying bad things about me?”
“Where did he go?”
“There is another explanation.”
“You have been called.”
“Love fades.”
“This is going to take too much work.”
“Did it break again?”
“What happened?”
“The tools were broken.”
“You can use bones.”
“I can use twigs.”
“We can get the parts.”
“That is not the same thing.”
“There is too much symbolism.”
“Will it work.”
“That makes total sense.”
“Take the steps.”
“That is not a step.”
“What are we waiting for?”
“I am convinced by this understanding.”
“There is still time.”
“She is not serious.”
“Babette already lost the threat.”
“I savored that moment.”
“These things work.”
“These things do not work.”
“How will this end?”
“With a big smile.”
“I do not lie.”
“Do you embody that kind of thinking?”
“I want to believe that kind of thing works.”
“There is too much commitment to this lifestyle.”
“I want this to work.”

“I do not want to interfere.”
“What is the interference quotient?”
“This goes totally beyond me.”
“This is going to mean so much more.”
“How is that?”
“This is a real form of economic exchange.”
“Do not reduce me to this shit.”
“Who?”
“I am in the process of untangling the universe.”
“Then you get involved with a distraction.”
“What have you been eating?”
“What has been eating you?”
“What is end game?”
“He manifested change.”
“I am contemplating it.”
“She has me convinced.”
“Then I have different thoughts about the world.”
“Take it there.”
“Are we kidding?”
“We have seriously lost the trait.”
“What trait?”
“Goodness.”
“I need to tell you.”
“I am part of you.”
“The word takes me places.”
“The world throws me off.”
“I will go along.”
“I am lost among the bears.”
“I cannot explain the best parts to you.”
“Explain away.”
“I lost the motivation.”
“You have to create your own world.”
“You remind me of someone.”
“Do you hate me?”
“I cannot love you.”
“These are basic emotions.”
“Shit.”
“I went all the way”
“I will invite you.”
“You are invited.”
“It is all an idea.”
“How do you want to present yourself?”
“Something messed up in the process.”

“I do not go down that street.”
“This is strange.”
“I spent money.”
“You will not get enough consciousness.”
“They buzzed us.”
“We are over.”
“Who owns that shit?”
“I own the engine.”
“I am disappearing in myself.”
“No one wants to know anything more.”
“And that really matters.”
“I am about to make the deal.”
“You will be successful?”
“Would you upset the universe for me?”
“I have upset everything that matters.”
“How did become organic?”
“There would be no doubt.”
“Then the doubt becomes worse than ever.”
“You need to cover the decay.”
“This is rock hard.”
“I would say it.”
“What do words say?”
“This is not going to get anywhere.”
“I did not invite you to join in.”
“It is among us.”
“Is this some kind of faith connection?”
“The twins.”
“There is another value.”
“You tried to kill that part of me.”
“I have everything that I need.”
“This is catastrophic.”
“This is part of a process.”
“I will accept that.”
“What are you doing to my body?”
“The orbit on the orbit.”
“The escape.”
“I have the ability to make things change.”
“I always want more.”
“Sure, you do,”
“Give me what I want.”
“I need you to take care of the planet.”
“Where is your head? In the stars?”
“Turn me on.”

“I do not have to go to that place ever again.”
“Pick me up for some fun.”
“We have arrive in good time.”
“Don’t you want to get closer?”
“What do really care about?”
“What are you doing about it?”
“This is my influence.”
“And you think that works for you.”
“That is more than hopeless.”
“The walls are slipping down around me.”
“I am so happy.”
“These are the after-effects of a failed method.”
“Is that a confession?”
“Different goals, different bowls.”
“This is very important for me.”
“I will give you credit.”
“I am no longer myself.”
“We have waited for that opportunity.”
“I am dancing on the ceiling.”
“Watch my life for me.”
“On your knees.”
“Why do you think that you are special?”
“I make my own rules.”
“That is the motivation of a gamer.”
“I am not going to take a nail for you.”
“That is now an institution.”
“Dinner is ready”
“And you create your own order.”
“That is your delusion.”
“It is all a question of the balance.”
“There is not that much insight.”
“You are going to be cast out of the family.”
“What comes later?”
“More than you know.”
“I am headed towards enjoyment.”
“This is an anatomy lesson.”
“Do you have a place for me?”
“Among the bones.”
“That is so rare.”
“You already showed me something that I never wanted to hear.”
“Guess what!”
“How does the universe talk back to you?”
“It is one mock-up talking to another.”

“There is a place where that will all balance.”
“We will not fall from privilege.”
“I am trying to grasp how all the parts connect.”
“This is heart to heart.”
“This is so last month.”
“This is a serious advance on my future.”
“I need to understand that.”
“You are so far in the stars.”
“Where did they learn how to do that?”
“I have enough money for you to give me an audience for a day.”
“That is such nonsense.”
“They object to the world as it is.”
“We want hope for now.”
“Thanks.”
“Swallow the spoils.”
“I still do not understand.”
“We are making new rules.”
“You all say that. Is this a new engine.”
“What else do you think about?”
“You need to do something about this shit.”
“That is not as good as you think it is.”
“My life becomes this pose. But it is all real stuff. How did I get in this engine?”
“Are you impatient?”
“What more do you want?”
“We talked about your own bank.”
“That is not going to amount to much of anything.”
“Is that what you have been looking for?”
“And you really think that you manage the price of tea.”
“What does that mean?”
“How did you get to this point? Why did you not go further?”
“You have a certainty that i do not have. I am learning.”
“Look at me.”
“This will be a forever.”
“Where does this end up?”
“Where does this end up?”
“It gets you in the heart.”
“I go away for a day.”
“You accustom yourself to this.”
“You obviously did not.”
“AND IT ALL COMES CRASHING TO THE GROUND.”
“Be smart.”
“I am trying.”
“We are heading back.”

“Get me the chicken plate.”
“How many chickens?”
“How many other animals?”
“The year of the rat.”
“I need to escape the cage
“We accept what we have.”
“It should be obvious. Then it is not obvious any more.”
“We are playing roles.”
“That is not something that I really understand.”
“I cannot make my body do new tricks.”
“You are enlisted.”
“What can you add?”
“We need to get tight”
“What do you truly believe?”
“We need to ask the artist who she is trying to please.”
“Honestly, there is this imaginary audience.”
“And you return to the cocoon.”
“Do you think that you are better than the rest of us?”
“I feel things.”
“This is your moment to break.”
“Do you feel as if you are better?”
“I barely feel.”
“I am trying to understand.”
“That is real.”
“I am checking out.”
“Which is better?”
“The rabbits trim the grass.”
“What do the goats do?”
“Are we kidding?”
“You cannot come in if you do not come in.”
“What is that about?”
“Did you really pierce the wall?”
“This is really a big deal.”
“We need a moment of silence.”
“Then a moment of constant noise.”
“I know how you are going to ask.”
“I am asking for different thing.”
“I really thought that everyone was going fantastic.”
“I will accept this.”
“This is so dull.”
“I can do dull.”
“You do not open your eyes.”
“I know television.”

“You will never grasp this.”
 “What is it really about?”
 “I am living someone else’s life.”
 “If it was that straight-forward, I would accept it.”
 “I accept it.”
 “The day is broken in two.’
 “Which half do you get?”
 “This is all that I have left.”
 “This is a gasp.”
 “There is an aggravation.”
 “I am professional.”
 “This is our time. This is our time. This is our time This is our time.”
 “That is something that matters to you.”
 “We think about big stuff.”
 “Like what?”
 “Who runs the show?”
 “I am seeing many examples.”
 “What comes next?”
 “There is no risk.”
 “There is no risk.”
 “That is all that matters.”
 “If I survive this, I will survive this.”
 “You need to grasp the difference.”
 “You really have nothing to say.”
 “He completes the picture.’
 “Of course, he does.”
 “There are moments like this when I truly feel as if there is nothing else here. We struggle for our lives, and nothing great happens. And we just fake it.”
 “This is way beyond that.”
 “We can bring in some help.”
 “Do you see that?”
 “The flaws are part of the success.”
 “I know how you complete the equation.”
 “I am pushing further, and it gets me nowhere.”
 “I need to talk.”
 “We have not begun to fight.”
 “There is a book that tells how to do that.”
 “There is no book for that.”
 “You are thinking about it.’
 “I made you think about it.”
 “You will not grasp this.”
 “This is the moment that they hand you the biscuit.”
 “This means different thing to different folk.’

“I just want it to work out for me.”
“Why don’t you want to be anywhere less?”
“I am here.”
“I am here when I need to be.”
“I am alive.”
“And you have not moved.”
“I have moved.”
“I step into the darkness.”
“It is very dark.”
“What else is here?”
“The miracle drug.”
“That stuff is so good.”
“The wonder weapon.”
“We need to get free.”
“That is a cartoon.”
“That is meant to stay.”
“Do you see that.”
“That is meant to last.”
“Can you take another course of action?”
“I can eat off the plate.”
“I can eat off the floor.”
“What about manners?”
“You hate it too.”
“Is that all that you can say?”
“What about hope?”
“I have seen the other side.”
“I am following the border along.”
“Where do they eat cupcakes?”
“Take the icing off, and what is left?”
“What is left?”
“I left the sugar out of the cake.”
“What else is left?”
“That is impossible.”
“The world ran ahead of me.”
“Do you love me?”
“That is what you get.”
“What happened to the closeness?”
“We are going to do more with method.”
“We have this closeness.”
“What else is there?”
“Be yourself!”
“Stay out of my garbage.”
“I want to understand.”

“We have already been there.”
“You did not notice.”
“I need one person.”
“I need one among one hundred.”
“I need one hundred and one.”
“I need mother.”
“What is this about?”
“Where do I land?”
“I know who you are.”
“Put it all back in place.”
“That is all that I can talk about.”
“Share.”
“I am no working now.”
“What gives you the privilege to work like this?”
“I am part of a societal change, and this is the first stage of this transformation.”
“The people are all parying.”
“Who is watching me?”
“This will not make sense for you.”
“If you wait, you will not have this chance again.”
“You are exaggerating the role ofof consciousness. History is thrusting a role upon you.”
“We will have anotehr chance.”
“You wish.”
“I wish for a lot of things.”
“She will wish.”
“I listen.”
“I listen.”
“I listen.”
“Nothing is being said.”
“Did you peek in?”
“I am really bored. Nothing is getting done.”
“Where else are you headed?”
“This is your doing.”
“I am not really involved.”
“What is in that?”
“Heart and soul.”
“Too much salt.”
“I am coming at it from a different direction.”
“I did not ask for this.”
“None of that works.”
“That feels very safe.”
“Why do you complain?”
“I am eating the fries.”
“What else is there?”

“All smashed together.”
“That was perfect, but it did not last.”
“That will work. That will last. That is everything.”
“We are playing a different game.”
“Is this yours. Does this have something to do with you?”
“You are a boss, and you do not understand.”
“I am not a supervisor.”
“That will work fantastically for me?”
“How do you power it?”
“I run through it.”
“I can move it more quickly.”
“I have a place to go.”
“Do you have a place to go.”
“That will work the best.”
“I am bringing two things together.”
“Are you going to be there soon?”
“I have arrived.”
“That is a stitch in time.”
“That seems impossible.”
“Will she see?”
“She already did.”
“She did not.”
“That is lovely.”
“That is perfect for us.”
“That is all that matters.”
“That is all that matters.”
“That is what matters.”
“End it now!”
“I have one thing to say.”
“That is all very safe.”
